INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Neurealm 401 (K) Plan
Princeton NJ

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Neurealm 401 (K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), in accordance with the audit method permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Neurealm 401 (K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Neurealm 401 (K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Neurealm 401 (K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Neurealm 401 (K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Neurealm 401 (K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agrees with or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NEUREALM 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

General - The Neurealm 401(k) Plan (the "Plan"), formerly known as the GAVS Technologies NA Inc. 401(k) Plan, is a defined contribution plan sponsored by Neurealm Inc. (the "Company"), formerly known as GAVS Technologies NA Inc. The Company changed its name during 2025. The Plan covers eligible employees of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Contributions - Participants may make pretax and Roth elective deferrals, subject to limits prescribed by the Internal Revenue Code. Participants who meet applicable age requirements may also make catch-up contributions. Participants may also make eligible rollover contributions. The Company may make discretionary matching and profit-sharing contributions in accordance with the provisions of the Plan. Participants direct the investment of their accounts among the investment options offered by the Plan.

Top-Heavy Provisions - If the Plan becomes top-heavy, as defined by the Internal Revenue Code, the Company may be required to make minimum contributions and certain other provisions may apply in accordance with the terms of the Plan and applicable law.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of Company contributions and Plan earnings or losses and is charged with applicable administrative expenses. Allocations are made in accordance with the provisions of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting - Participants are immediately vested in their elective deferral, safe harbor matching, and rollover contribution accounts, if applicable. Employer contributions are subject to the vesting schedules specified in the Plan.

Employer matching contributions are subject to the following vesting schedule:

At least 1 year, but less than 2	25%
At least 2 years, but less than 3	50%
At least 3 years, but less than 4	75%

Employer profit-sharing contributions are subject to the following vesting schedule:

NEUREALM 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $500 up to the lesser of $50,000 or 50% of their vested account balance, subject to applicable Plan and Internal Revenue Code limitations. Participants may have up to three outstanding loans at one time, only one of which may be a principal residence loan. Loans are secured by the participant's vested account balance and bear interest at rates determined in accordance with the Plan's loan policy. Principal and interest are generally repaid through payroll deductions. Loans generally must be repaid within five years, except that loans used to acquire a participant's principal residence may provide for a longer repayment period. Participant loans are subject to the terms and conditions of the Plan and applicable law.

Distributions - Participants may receive distributions upon the occurrence of events specified by the Plan, including retirement, termination of employment, death, disability, financial hardship, attainment of the applicable age for in-service withdrawals, and certain military service events. Participant account balances that do not exceed $7,000 may be subject to mandatory distribution in accordance with the provisions of the Plan. Certain mandatory distributions may be automatically rolled over to an individual retirement account unless the participant makes an affirmative distribution election. Distributions are subject to the required minimum distribution provisions of the Internal Revenue Code and the terms of the Plan.

Forfeited Accounts - Forfeited nonvested account balances may be used to reduce future employer contributions and/or pay eligible Plan expenses in accordance with the provisions of the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition - The Plan's investments in mutual funds are stated at fair value. The Plan's investment in fully benefit-responsive investment contracts held through a stable value fund is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes D and E for additional information regarding fair value measurements and the Plan's investment in fully benefit-responsive investment contracts, respectively.

NEUREALM 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued) - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits - Benefits are recorded when paid, except for any excess contributions payable to participants, which are recorded as they become payable.

Risks and Uncertainties - The Plan provides for various investment options in a combination of different investment securities. The Plan's investments are exposed to various risks, including, but not limited to, interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are not reflected within the financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation/(depreciation) of the fair value of investments.

Subsequent Events – The Plan evaluated subsequent events through October 8, 2026, the date the financial statements were available to be issued.

NOTE C– INVESTMENT CERTIFICATION BY TRUSTEE

The Plan administrator elected the audit method permitted by ERISA Section 103(a)(3)(C). ADP Retirement Trust Services, LLC ("ADPRTS"), as Trustee and/or Custodian, certified the completeness and accuracy of the information furnished to the Plan administrator pursuant to 29 CFR 2520.103-5(c) with respect to assets of the Plan held by ADPRTS in a separate trust or custodial account. Accordingly, the auditors did not perform auditing procedures with respect to the certified investment information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Supplemental Schedule: All investment balances and information included in the supplemental schedule of assets (held at the end of the year).

NOTE D - INVESTMENTS AND FAIR-VALUE MEASUREMENT

The Plan accounts for certain assets and liabilities at fair value. The hierarchy below lists three levels of fair value based on the extent to which inputs used in measuring fair value are observable in the market. The Plan categorizes each of its fair value measurements in one of these three levels based on the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1 - Quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs include quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-derived valuations for which significant inputs are observable.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability, including assumptions regarding risk.

Mutual funds are valued at quoted net asset values of the shares held by the Plan at year-end and are classified within Level 1 of the fair value hierarchy.

	Level 1	**Total**
2025: Mutual funds, at fair value	$ 9,133,638	$ 9,133,638
2024: Mutual funds, at fair value	$ 6,488,365	$ 6,488,365

NEUREALM 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE E – INVESTMENT IN FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (FBRIC) – STABLE VALUE FUND

The Plan invests in a stable value fund that holds fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts are reported at contract value, which represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Contract value is the relevant measurement attribute for the portion of net assets attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the stable value fund was $143,507 and $167,456 at December 31, 2025 and 2024, respectively.

NOTE F – TAX STATUS

During 2023, the Plan adopted an ADP, LLC non-standardized pre-approved defined contribution plan document. ADP, LLC received an opinion letter from the Internal Revenue Service ("IRS") dated October 6, 2020, stating that the form of the pre-approved plan document was designed in accordance with applicable provisions of the Internal Revenue Code ("IRC").

U.S. generally accepted accounting principles require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain parties that provide services to the Plan and certain persons or entities having relationships with the Plan are considered parties in interest under ERISA. Neurealm Inc. (the "Company"), as Plan sponsor, is a party in interest. ADP Retirement Trust Services, LLC ("ADPRTS") serves as trustee and/or custodian of certain Plan assets, and ADP Retirement Services provides recordkeeping and administrative services to the Plan.

Certain Plan investments are managed or held by parties in interest or their affiliates. Transactions involving these investments qualify as party-in-interest transactions.

Notes receivable from participants totaled $112,864 and $50,679 at December 31, 2025 and 2024, respectively. Such loans to participants constitute party-in-interest transactions.

The Company pays certain administrative expenses on behalf of the Plan. The Plan may also pay fees to service providers in connection with the administration and operation of the Plan.

These transactions are exempt from the prohibited transaction provisions of ERISA to the extent they meet the applicable statutory or administrative exemption requirements.
