INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
Appen AI, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Appen AI, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audits"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier ("qualified institution") in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedules Required by ERISA

1. Description of the Plan

The following description of the Appen AI, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted by Appen AI, Inc. (the "Company," "Plan Administrator," and "Plan Sponsor") on January 1, 2003, and was most recently amended January 1, 2026 (see Note 9). The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC"). All employees of the Company, except union employees and nonresident aliens, are eligible to participate in the Plan provided they are at least age 21 and have completed six months of service. Certain classes of employees, as defined by the Plan document, are excluded from participating in the Plan. Participants may enter the Plan on the first day of the calendar quarter following the date of hire.

Plan Administration

The Company is the administrator of the Plan. As Plan Administrator, the Company has exclusive authority and responsibility for all matters relating to the operation and administration of the Plan, including the authority to direct the investment, management, and control of Plan assets. ADP Retirement Trust Services, LLC ("RTS") serves as the trustee of the Plan and holds Plan assets in a fiduciary capacity at the direction of the Plan Administrator. ADP Retirement Services serves as the Plan's third-party administrator and recordkeeper.

SECURE 2.0 Act

On December 29, 2022, the SECURE 2.0 Act of 2022 ("SECURE 2.0") was enacted as part of the Consolidated Appropriations Act of 2023. The provisions include additional increases to required minimum distribution age, changes to long-term and part-time eligibility, new annual funding notice requirements, increased catch-up limits for some participants, a mandatory Roth catch-up requirement for high-income participants, and other provisions. The United States Department of the Treasury and the Internal Revenue Service ("IRS") continue to issue guidance and regulations implementing provisions of SECURE 2.0. The deadline for amending Plan documents was extended to December 31, 2026 and, accordingly, the Plan Sponsor is currently evaluating the provisions of SECURE 2.0 and related guidance to determine the full impact to the Plan and participants (see Note 9).

Contributions

Participants may contribute up to the maximum amount allowed by law of their pre-tax annual eligible compensation up to the limits imposed by Section 402(g) of the IRC. The Plan allows for Roth 401(k) contributions, which are included in the participants' gross income at the time deferred. The Plan allows participants who have attained age 50 before the end of the Plan year to make catch-up contributions. Effective January 1, 2025, participants who attain ages 60 through 63 during the year are eligible to make an enhanced catch-up contribution consistent with SECURE 2.0 and applicable IRS limits. For the year ended December 31, 2025, the Company made a safe harbor matching contribution of 100% of employees' deferrals that do not exceed 3% of eligible compensation, plus 50% of employees' deferrals that do not exceed 5% of eligible compensation. The 401(k) safe harbor match amounted to $398,356 for the year ended December 31, 2025.

1. Description of the Plan, continued

Contributions, continued

The Plan Sponsor may also make discretionary matching employer contributions based on a discretionary percentage of a participant's compensation or a discretionary dollar amount as determined by the Plan Sponsor. The Plan also allows for non-elective profit-sharing contributions at the discretion of the Plan Sponsor. Participants must be employed at the end of the Plan year in order to receive any qualified non-elective profit-sharing contributions. For the year ended December 31, 2025, the Company did not make or approve any discretionary matching employer or non-elective profit-sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, any employer contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participant contributions, rollovers, and net earnings on these contributions are fully vested when made or earned.

Safe harbor contributions, discretionary employer matching contributions, and non-elective profit-sharing contributions, as well as all earnings on these contributions, are fully vested when made or earned.

Prior to January 31, 2023, discretionary employer matching contributions and non-elective profit-sharing contributions, if any, as well as all earnings on these contributions, vest 20% per year after the second year of service and are fully vested after six years.

In April 2024, the Company underwent some restructuring that resulted in some participants being terminated, which triggered a partial Plan termination. Participants who were terminated as a result of the restructuring became 100% vested.

Forfeitures

Forfeitures that occur during a Plan year may be used to pay administrative expenses and to reduce future employer contributions. As of December 31, 2025 and 2024, the forfeiture account totaled $10,904 and $1,862, respectively. For the year ended December 31, 2025, no forfeitures were used.

Notes Receivable from Participants

Participants are allowed to borrow from their accounts up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Notes receivable terms shall be no more than five years, except for notes receivable used to purchase a primary residence, which may be longer than five years. Notes receivable shall bear a reasonable rate of interest, commensurate with what would be charged by a lending institution providing similar loans, as determined by the Plan Administrator at the time the note receivable originates. Payments on notes receivable shall be repaid through automatic deductions through regular payroll. Interest rates on notes receivable ranged from 4.25% to 9.50% per annum as of December 31, 2025.

1. Description of the Plan, continued

Payments of Benefits

When participants leave the Company upon retirement or for any other reason, those participants (or their beneficiaries) may receive their benefits in a single lump-sum amount equal to the value of the participant's vested interest in their accounts.

The Plan allows for in-service withdrawals at age 59½ and for certain heavy financial needs (hardships), as defined by the Plan document.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the Plan Administrator. Account values will be determined as of the day the distribution is made.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, death, or termination of employment. The participant may elect, at the time, to have all or a portion paid directly to an eligible retirement plan specified by the participant. The Plan allows for automatic lump-sum distributions of participants' vested account balances that do not exceed $1,000. In the event of a mandatory distribution greater than $1,000 but less than $7,000, for which the participant does not elect to have such a distribution directly, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan Administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions in percentage increments into a series of mutual funds and a common/collective trust offered by the Plan. Participants may change their investment options as of the first day of each month.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

All investments are recorded at fair value based upon active market values determined by investment advisors as required under ERISA regulations. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See Note 4 for discussion of fair value.

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the valuation period. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation for the year are reflected in the statement of changes in net assets available for benefits. Purchases and sales of securities are reflected on a trade-date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make notes receivable repayments and the Plan Administrator considers the participant notes receivable to be in default, the notes receivable balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefit payments are recorded when paid.

Information Certified by the Trustee

Investment information certified for the year ended December 31, 2025 was provided by RTS. Investment information certified for the year ended December 31, 2024 was provided by Reliance Trust Company. The change in certifying institution resulted from an internal transition of trustee services within the ADP Retirement Services platform and did not result in a change in the Plan's investment options, participant account balances, or the custody of Plan assets.

3. Certified Information

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the trustee as of December 31, 2025 and 2024 and for the year ended December 31, 2025:

	2025	2024
Mutual funds	$ 18,665,530	$ 18,533,040
Common collective trust	$ 122,574	$ 67,128
Notes receivable from participants	$ 26,355	$ 58,573
Interest and dividends	$ 573,362	
Interest on notes receivable from participants	$ 5,113	
Net appreciation in fair value of mutual funds	$ 2,677,933	
Net investment gain from common collective trust	$ 4,085	

4. Fair Value Measurements

Accounting standards for fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual term), the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. Fair Value Measurements, continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 18,665,530	$ -	$ -	$ 18,665,530
Common collective trust:				
NAV				122,574
Total investments at fair value				$ 18,788,104

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 18,533,040	$ -	$ -	$ 18,533,040
Common collective trust:				
NAV				67,128
Total investments at fair value				$ 18,600,168

The Plan invests in a common collective trust fund, which is measured at fair value using the NAV per share practical expedient. This investment is not categorized within the fair value hierarchy.

4. Fair Value Measurements, continued

Fair Value of Investments in Entities That Use NAV

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2025 and 2024:

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if Eligible)	Redemption Notice Period
Invesco Stable Asset Fund	$ 122,574	N/A	Daily	30 Days

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if Eligible)	Redemption Notice Period
Invesco Stable Asset Fund	$ 67,128	N/A	Daily	30 Days

5. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan has a revenue sharing account provided by RTS. Fees incurred by the Plan for the investment management services are paid through revenue sharing, rather than a direct payment. Excess revenue sharing received is deposited into the Plan in a revenue credit account to offset future Plan expenses. As of December 31, 2025, the balance of the revenue credit account amounted to $11. For the year ended December 31, 2025, $47,063 was used to reduce advisor-related fees.

6. Tax Status

The Plan has adopted a prototype plan document that has received an opinion letter from the Internal Revenue Service dated October 6, 2020. The Plan document has been amended since receiving that opinion letter. However, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC, and that the trust, which forms a part of the Plan, is exempt from income tax. Accordingly, no provision has been made for federal and state income taxes.

7. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any non-vested employer contributions. Distributions will be made to participants as outlined in the Plan's provisions.

8. Risks and Uncertainties

The Plan provides for various investment securities, which are exposed to various risks such as interest rate, market fluctuation, and credit risks. The fair value of investments and securities are sensitive to changes in economic conditions, delinquencies, and defaults, and may be adversely affected by shifts in the market perception of the issuers. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

As of December 31, 2025 and 2024, approximately 60% and 67%, respectively, of net assets were held in four funds.

9. Subsequent Events

Effective January 1, 2026, under SECURE 2.0, 401(k) catch-up contributions must be made on a Roth (post-tax) basis for participants age 50 and older whose prior year Federal Insurance Contributions Act wages exceed an applicable threshold.

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 8, 2026, the date these financial statements were available to be issued. Management concluded that, other than noted above, no material subsequent events have occurred since December 31, 2025 that require recognition or disclosure in such financial statements.
