INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of

RISAS DENTAL & BRACES 401(k) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Risas Dental & Braces 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.
In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of the Plan

The following description of Risas Dental & Braces 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. **General** – The Plan is a defined contribution plan. The Plan was originally established January 1, 2018 by Risas Dental Management, LLC (the "Sponsor"). All employees that have completed one year of service, as defined by the Plan document, are eligible to participate in the elective deferral and employer contribution portions of the Plan unless such employee is (1) less than 18 years of age (2) a person classified by the Sponsor as an employee included in a collective bargaining unit or (3) a person classified by the Sponsor as a leased employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In anticipation of transferring the Plan assets to a new trustee, the participants' accounts were liquidated on December 31, 2025 using the closing values as of the end of the business day, and the resulting non-interest bearing cash was transferred to Empower Trust Company, LLC, the new trustee, on December 31, 2025, and was not allocated to participant accounts until January 2, 2026. As a result, the Plan did not hold any investments as of December 31, 2025.

B. **Contributions** – Each year, participants may elect to make pre-tax and Roth contributions from 1% to 90% of eligible compensation as defined in the Plan, subject to the Internal Revenue Code ("IRC") limitation of $23,500 for the year ended December 31, 2025. Participants may also contribute amounts representing qualified distributions from other plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $7,500 for the year ended December 31, 2025. The Sponsor has elected to make employer safe harbor matching contributions equal to 100% of the first 3% of a participant's eligible compensation that is deferred and an additional 50% on the next 2% of eligible compensation that is deferred. The Sponsor may make a discretionary matching contribution equal to a percentage of employees' 401(k) elective deferral contributions. The Sponsor may also make a non-elective contribution allocated to all employees eligible to participate in the Plan. The Sponsor did not make a discretionary matching contribution to the Plan in 2025.

C. **Participant accounts** – Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, employer safe harbor matching contributions, discretionary employer matching contributions, allocations of the Sponsor's non-elective contributions, and allocations of Plan earnings. Plan earnings are allocated and credited to the account daily based on the adjusted balance of each participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

D. **Vesting** – Participants are immediately vested in their pre-tax, Roth, rollover contributions, employer safe harbor matching contributions, and actual earnings thereon. Vesting in the Sponsor's discretionary matching contributions and non-elective contributions plus actual earnings thereon is based on years of service as follows:

Years of Vesting Service	Percent Vested
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 Years of service	100%

(1) Description of the Plan (continued)

E. **Notes receivable from participants** – The Plan document allows participants to borrow against their vested account balances up to a maximum of $50,000. The minimum loan amount is $500. Loans are secured by the vested balances in the participants' account and bear interest at a fixed rate based on the U.S. prime rate at the time the loan is distributed. Loans are expected to be repaid over a period of no more than 5 years, unless such loan is used to acquire the principal residence of the participant. Principal and interest are paid ratably through semi-monthly payroll deductions.

F. **Payment of benefits** – Participants may withdraw their vested account balances in full or partial lump sums or installments upon retirement, disability or termination. Beneficiaries may withdraw vested account balances upon the death of a Plan participant. Participants may also withdraw all or a portion of their contributed account balances for specific hardship reasons subject to approval by the Plan administrator.

G. **Forfeitures** – Forfeitures of non-vested Sponsor contributions can be used to pay Plan expenses and offset Sponsor contributions. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled approximately $7,000 and $235,000, respectively. During the year ended December 31, 2025, there were approximately $234,000 of forfeited balances used to offset employer contributions.

H. **Administrative expenses** – Recordkeeping and ancillary fees for distributions and loans are paid directly by the participant who incurs the event. Plan expenses for general administration and recordkeeping of the Plan can be charged to participant accounts, but are generally paid by the Sponsor.

I. **Plan termination** – Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting – The accompanying financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America. Accordingly, income is recognized when earned and expenses are recorded when incurred.

Management's use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein. Actual results may differ from those estimates.

Investment valuation – The Plan's investments are valued as described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(2) Significant accounting policies (continued)

Risks and uncertainties – The Plan provides for various investment fund options which in turn invest in any combination of stocks, bonds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Payment of benefits – Benefit payments to participants are recorded when paid.

Subsequent events – Plan management has evaluated subsequent events through October 2, 2026, which is the date the financial statements of the Plan were available to be issued.

(3) Fair value measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodology used for investments.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,365,911	$ -	$ -	$ 6,365,911

(4) Information certified by the trustee

The Plan administrator has elected the method of annual reporting compliance in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, for the year ended December 31, 2025, ADP Retirement Trust Services, LLC, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate. As disclosed in Note 1, the Plan did not hold any investments as of December 31, 2025 as the assets were held in a non-interest bearing cash account while the transfer from ADP to Empower was in process.

- Notes receivable from participants
- Interest income on notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividend income
- Schedule of assets (held at end of year)

As of December 31, 2024, Reliance Trust Company certified that the following information included in the accompanying financial statements is complete and accurate.

- Investments
- Notes receivable from participants

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Party-in-interest transactions

Fees for the year ended December 31, 2025 in the amount of $11,634 paid to ADP Retirement Services qualify as party-in-interest transactions and are presented as administrative expense in the statement of changes in net assets available for benefits. The remainder of administrative expenses in the statement of changes in net assets available for benefits relate to fees paid to an investment advisor.

(6) Income tax status

The Plan has adopted a prototype plan covered by an opinion letter from the Internal Revenue Service dated October 6, 2020 indicating that the prototype plan was designed in accordance with applicable regulations of the Internal Revenue Code. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.
