Independent Auditor's Report

Plan Administrator
Orbus Retirement Plan
Woodridge, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Orbus Retirement Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Orbus Retirement Plan's financial statements, performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Orbus Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Orbus Retirement Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Orbus Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Orbus Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following brief description of the Orbus Retirement Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General

Effective January 1, 2023, the Plan name was changed from the Nimlok Company 401(k) Profit Sharing Plan to the Orbus HoldCo 401(k) Plan and on June 1, 2025, the Plan name was changed to Orbus Retirement Plan. The Plan is a defined contribution plan covering all full-time employees of Orbus, LLC, SEG Systems, LLC, SEG Services, LLC, and Creo Industrial Arts LLC (collectively, the Company) who have completed three months of service. The service requirement is waived for retained employees of SEG Systems, LLC employed on December 31, 2022. Any such eligible employees entered the Plan on January 1, 2023. The service requirement is waived for retained employees of Creo Industrial Arts LLC employed on December 31, 2024. Any such eligible employees entered the Plan on January 1, 2025, which included transfers of participant account and loan balances into the plan of $5,779,242. It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Contributions

Subject to Internal Revenue Service limitations, each year participants may contribute a percentage of compensation, as defined in the Plan. In addition, all active participants who are eligible to make pre-tax contributions and who have attained the age of 50 before the close of the year shall be eligible to make employee catch-up contributions of up to $7,500 in 2025 and 2024, respectively. A participant's account may include after-tax contributions made to another plan and transferred to the Plan as part of a rollover contribution.

Effective January 1, 2022, newly eligible employees are automatically enrolled at a 3% pretax contribution rate, unless the employee elects otherwise. Automatic deferral amounts will increase by 1% of compensation as of the beginning of each subsequent February, up to a maximum of 6% of compensation. Effective January 1, 2023, the Plan was amended to no longer include automatic deferral provision.

During 2020, the Company suspended their employer-match contribution and safe harbor contributions. Effective January 1, 2022, the Company adopted a qualified automatic contribution arrangement (QACA) safe harbor match and matches 100% of the first 1% of compensation deferral amounts plus 50% of compensation deferrals between 1% and 6% of compensation. Participants direct the investment of contributions into various investment options offered by the Plan. Effective January 1, 2023, the Company froze the QACA safe-harbor match and adopted to make traditional matching safe-harbor contributions equal to the sum of 100% of the amount the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the Participant's Elective Deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are immediately vested in the Company's 3% safe-harbor contribution plus actual earnings thereon. Vesting in the

Company's matching contribution plus actual earnings thereon is based on years of continuous service. A participant vests 20% beginning after the second year of service and an additional 20% after each additional year of service and is 100% vested in matching contributions after six years of credited service. In the event of death, disability or retirement at designated ages, participants become fully vested. Effective January 1, 2022, participants fully vest after two years in QACA safe harbor contributions.

Notes Receivable from Participants

Participants may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from one to five years except for those loans utilized for the purchase of a primary residence, which could exceed five years. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50% at December 31, 2025, which are commensurate with local prevailing rates as determined by the Plan Administrator. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Principal and interest is paid ratably through weekly payroll deductions so there is no allowance for credit losses.

Payment of Benefits

Upon termination of employment or attainment of normal retirement age, the participant, or in the case of death, the surviving spouse, can elect to receive the participant's account balance in a single lump-sum or in various installment annuities.

If a participant terminates prior to retirement, death or disability, the vested benefit will be distributed as soon as administratively feasible if it totals less than $5,000. If the benefits are greater than $5,000, the participant may elect a lump-sum distribution directly after their termination or may defer payment until their normal retirement date.

Hardship Withdrawals

Participants may elect to withdraw all or a portion of their elective or employer contribution accounts in the case of severe financial hardship, as defined in the Plan Document. The Company must approve any such hardship withdrawals.

Forfeitures

At December 31, 2025 and 2024, forfeited nonvested accounts available for use totaled $2 and $113,411, respectively. Such forfeitures may be used to reduce administrative expenses and employer contributions. During 2025 and 2024, forfeitures of $25,477 and $16,312, respectively, were used to reduce administrative expenses. Effective July 1, 2025, forfeitures of amounts attributable to Employer contributions will be used to reduce any Employer contribution on an annual basis or used to reduce any Employer matching contribution and allocated as an additional matching contribution. During 2025, forfeitures of $94,161 were used to reduce employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. The Plan's investments in shares of registered investment companies are valued at quoted market prices. The money market fund is valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses incurred in administering the Plan are paid by the Company and not reimbursed by the Plan. Administrative expenses paid by the Plan are recognized as paid. Certain investment fees are netted in the net appreciation (depreciation) in fair value of investments.

Revenue Sharing

The Plan recognizes income from revenue sharing agreements with its recordkeeper when received. Amounts received are utilized to pay qualified plan expenses. During the years ended December 31, 2025 and 2024, the plan received revenue sharing income of $22,485 and $22,515, respectively, which was used to pay qualified plan expenses.

Note 3. Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The money market fund is valued at amortized cost, which approximates fair value (Level 1).

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
		Fair Value Measurements at Reporting Date Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets/ Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Registered investment companies	29,433,667	29,433,667	-	-
Total	$ 30,446,383	$ 30,446,383	$ -	$ -

Note 4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 5. Information Certified by the Trustees

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ADP Retirement Trust Services, LLC, as of December 31, 2025 and for the year then ended, and Reliance Trust Company, as of December 31, 2024 and for the year then ended, qualified institutions, have certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024
- Investment income components and interest income from notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024
- Investment information and notes receivable from participants included in the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status

The Plan operates under a non-standardized pre-approved profit sharing/money purchase/CODA plan sponsored by ADP, LLC. This non-standardized Plan Document has been filed with the appropriate agency, and the sponsor has obtained an opinion letter dated October 6, 2020, from the Internal Revenue Service stating that the non-standardized plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter. The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Party-in-Interest Transactions

Expenses paid by the plan sponsor and the Plan for services rendered by the trustee and other parties-in-interest were for services required by the Plan. Expenses of $86,453 and $81,596 were paid by the Plan during 2025 and 2024, respectively before the effect of revenue sharing of $22,485 and $22,515 in 2025 and 2024, for professional services rendered by parties-in-interest. The Company provides certain administrative services at no cost to the Plan.
