INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
The Retirement Benefits Plan
Columbia, MD

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The Retirement Benefits Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Retirement Benefits Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Retirement Benefits Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Retirement Benefits Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Retirement Benefits Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Retirement Benefits Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of The Retirement Benefits Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) adopted on September 7, 2021. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2025, ADP Retirement Trust Services, LLC replaced Reliance Trust Company as Plan trustee.

In July 2025, the plan document was amended to include Specialty Powders LLC, as a participating employer effective September 1, 2025.

The *Setting Every Community Up for Retirement Enhancement Act 2.0 of 2022* (SECURE Act 2.0), signed into law December 29, 2022, among other things, includes several required and optional provisions that will impact employee benefit plans and go into effect at various times through 2027. The provision that was required to be implemented during the year ended December 31, 2025 was that long-term part-time employees with 2-consecutive 12-month periods of at least 500 hours of service must be eligible to participate in the Plan. The optional provisions that could be implemented during the year ended December 31, 2025, are: 1) an increase of catch-up contributions ("super catch-up" provision), which allows Plan participants aged 60 to 63 to make larger catch-up contributions to the Plan equal to the greater of $10,000 or 150% of the standard catch-up limit ($11,250 for 2025) and 2) allow employers to treat student loan payments as elective deferrals for purpose of receiving matching contributions. The Plan has elected to adopt the "super catch-up" provision of the SECURE Act 2.0 during the 2025 plan year. The Plan will be amended for any provisions elected in accordance with applicable law and IRS guidance

Eligibility

The Plan covers all eligible employees of Niche Polymer LLC, Jobs in USA LLC, Westchester Plastics LLC, and Specialty Powders LLC (collectively the "Company"), except certain nonresident aliens who have no earned income from sources within the U.S., leased employees and union employees whose employment is governed by a collective bargaining agreement. Employees who have attained age 21 and completed 12 consecutive months of service were eligible to participate in the Plan through August 31, 2025. Effective September 1, 2025, the Plan was amended to reduce the service requirement from 12 months to 6 months. Accordingly, employees hired prior to September 1, 2025, who had not yet satisfied the former 12-month service requirement became eligible to participate upon completion of the revised 6-month service requirement. Eligible employees may enter the Plan as of the date the applicable eligibility requirements are met. The service and age requirements were waived for all employees of Specialty Powders LLC who became employees of Niche Polymer LLC on September 1, 2025.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Contributions

Participants may contribute, on either a pre-tax or Roth after-tax basis, up to 75% of eligible compensation, as defined by the Plan, subject to the statutory limitations established by the Internal Revenue Code (IRC). The "Roth" contributions are subject to federal income taxes in the year of deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans referred to as rollover contributions.

Effective September 1, 2025, the Plan was amended to allow after-tax employee contributions up to 90% of compensation.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and common collective trusts as investment options for participants.

The Plan includes an auto-enrollment provision whereby newly eligible employees are auto-enrolled in the Plan with a default deferral rate set at 3% of eligible compensation, unless they affirmatively elect not to participate. Unless otherwise directed by the employees, contributions are automatically invested in accordance with the default investment alternatives established under the Plan. Currently the default investment alternatives include Fidelity Investments target date funds based on the participants' expected retirement age.

The Company may make a discretionary matching contribution for all eligible employees equal to a percentage of participants' salary deferrals. Effective September 1, 2025, the Plan was amended to modify the fixed matching contributions equal to 50% of participant pre-tax or after-tax deferrals up to 6% of eligible compensation into flexible discretionary matching contributions, and to allow for employer discretionary nonelective contributions to the Plan determined annually.

During 2025 and 2024, the Company made the following contributions on behalf of eligible participants:

- Matching contributions equal to 50% of participant pre-tax or after-tax deferrals up to 6% of eligible compensation, totaling $346,166 and $144,325, respectively, net of forfeitures.

- Discretionary nonelective contributions totaling $127,471 and $-0-, respectively.

- Corrective contributions totaling $39,800 required for noncompliance during 2025 with the plan provisions regarding the definition of eligible compensation for the purpose of calculating the discretionary nonelective contributions made to the Plan during 2025. The amount is reflected as employer corrective contributions receivable on the statements of net assets available for benefits. The associated lost earnings will be calculated at the time the corrective contributions are deposited in the Plan and would be allocated to the affected participants' accounts at that time.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is participant-directed and is credited with the participant's contributions and allocations of the Company's contributions, investment earnings and losses and any administrative expenses paid by the Plan. Allocations are based on participant investments held, account balances, or specific participant transactions, as defined. Plan participants have daily access to their account via phone or internet and may change the allocation of their investments to any of the investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals and rollover plus actual earnings thereon. Vesting in the company's matching contributions portion of their account is based on years of continuous service. After three years of service, a participant becomes 100% vested in the Company contributions to the Plan.

Employees who were employed on July 1, 2022, and were active participants as of that date are 100% vested. Participants in the Jobs In USA, LLC 401(k) Profit Sharing Plan & Trust who were not actively employed by Jobs in USA LLC on July 1, 2022, and had an account balance in the merged plan would continue to vest on a 6 year graded vesting schedule as follows: after two years of service, a participant becomes 20% vested in employer contributions in the Plan; the vesting percentage increases by 20% each year until the participant becomes fully vested in his or her account after six years of service. Former employees of Specialty Powders LLC who become Plan participants on or after September 1, 2025 are 100% vested in all employer contributions in their accounts.

Notes Receivable from Participants

Participants in the Plan may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their eligible account balance, reduced by any outstanding note balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. The maximum duration of a loan is not to exceed five years, except in cases where funds are used to purchase a principal residence. Participants are permitted to have only two loan outstanding at any time. Principal and interest are paid ratably through payroll deductions. The interest rates of the outstanding loans at December 31, 2025 and 2024 ranged from 5.00% to 9.50%.

Payment of Benefits

Upon termination of service due to retirement, death, full and permanent disability or attaining age 65, participants may elect to receive either a lump-sum amount equal to the value of their account, a direct rollover into a qualified retirement plan, or a combination of cash and direct rollover distribution. For termination of service due to other reasons, participants may receive their benefits in the form of a distribution equal to the value of the vested interest in their account.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits (Continued)

The Plan allows in-service withdrawals at age 59½ and hardship withdrawals under certain circumstances, as defined in the Plan document. Withdrawals from rollover contributions are permitted at any time. The Plan also provides for automatic cash-out and/or rollover distributions into an individual retirement account for terminated participants whose balance does not exceed certain limits as prescribed by the Plan document and IRC.

Forfeitures

Forfeitures of nonvested balances of terminated participants may be used to reduce future employer contributions to the Plan or to pay plan administrative expenses.

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $32 and $396, respectively. During the years ended December 31, 2025 and 2024, the Plan used $5,936 and 23,323, respectively, of forfeiture funds to reduce employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting standards generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Contributions

Contributions from Plan participants and the associated Company contributions are recorded in the year in which the employee contributions are withheld from compensation.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses may be paid either by the Plan or directly by the Company. The Plan is not required to reimburse the Company for expenses paid on behalf of the Plan. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant’s account and are included in administrative expenses.

NOTE 3 - CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified by ADP Retirement Trust Services (“ADP”), the trustee of the Plan for 2025, and Reliance Trust Company (“Reliance”) for 2024, as complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4 - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds

Mutual Funds represent investments with various investment managers, valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts (CCT)

The common collective trusts (CCT) are issued and managed by State Street Global Advisors Trust Company. The CCT are valued at the NAV of units of the trust, which is based on the fair value of the underlying investments held by the trust less its liabilities and is available to plan participants on the plan recordkeeper website. The CCT invest primarily in equity securities valued daily. Participant transactions (purchases and sales) may occur daily. The NAV is the basis for current transactions and the CCT can be redeemed at NAV as of the measurement date. Therefore, those investments are considered to have a readily determinable fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Level 1	Level 2	Level 3	Total
December 31, 2025				
Mutual Funds	$ 7,503,329	$ -	$ -	$ 7,503,329
Common Collective Trusts	-	120,835	-	120,835
Totals	$ 7,503,329	$ 120,835	$ -	$ 7,624,164
December 31, 2024				
Mutual Funds	$ 3,175,682	$ -	$ -	$ 3,175,682
Common Collective Trusts	-	60,787	-	60,787
Totals	$ 3,175,682	$ 60,787	$ -	$ 3,236,469

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 6 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Plan investments are managed by ADP Retirement Trust Services (ADPRTS), the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the plan. There were no financial transactions recorded between the Company and the Plan other than contributions made. Notes receivable from participants also qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

The Plan's assets include investments in funds managed by ADP and Reliance. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Participants pay loan and distribution processing fees to the Plan trustees. The Plan also pays fees to the Plan trustees and other service providers for recordkeeping, custodial, and other services related to Plan operations and investment activities. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the plan. There were no financial transactions recorded between the Company and the Plan other than contributions made. These transactions are party-in-interest transactions that are exempt from the prohibited transaction rules of ERISA.

NOTE 7 - TAX STATUS

The Plan adopted a prototype profit-sharing plan sponsored by ADP, LLC. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated October 6, 2020, which states that the prototype plan, as then designed, is in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions for the statutory period; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - LATE REMITTANCE

During the year ended December 31, 2025, the Company failed to remit participant contributions for one pay period totaling $8,331 to the recordkeeper within the period prescribed by Department of Labor regulations. These contributions are considered nonexempt party-in-interest transactions. The Plan trustee calculated the lost earnings on the delinquent remittances and the Plan corrected them at the beginning of October 2026.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Schedule H of Form 5500:
