Independent Auditors' Report

To the Participants and Trustees of
Shook Construction Co. Retirement Plan
Moraine, OH

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Shook Construction Co. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Shook Construction Co. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter - Restatement of 2024 Financial Statements

As discussed in Note I to the financial statements, the Plan determined that certain annual true-up calculations for employer matching contributions required under the Plan had not been performed for plan years 2017 through 2024. Accordingly, the accompanying statement of net assets available for benefits as of December 31, 2024 has been restated to recognize the related employer contribution receivable through that date. Our opinion is not modified with respect to this matter.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Shook Construction Co. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Shook Construction Co. Retirement Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Shook Construction Co. Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Shook Construction Co. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Shook Construction Co. Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing retirement plan sponsored by Shook Construction Co. (the Company and Plan Sponsor) and covers all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

The Plan includes three separate eligibility provisions. Each employee who is a non-highly compensated employee and has been employed for thirty calendar days with at least one hour of credited service that constitutes covered employment under the Davis-Bacon Act or any state or municipal "Prevailing Wage" law, will be eligible for prevailing wage contributions as defined under the terms of the Plan Agreement. Each employee who has been employed for thirty days and is at least eighteen years of age will be eligible for elective deferral, employer matching, and qualified non-elective contributions as defined under the terms of the Plan Agreement. Each employee who has been employed for a year with at least one thousand hours of credited service during the year and is at least eighteen years of age will be eligible for profit sharing contributions as defined under the terms of the Plan Agreement. Plan entry dates for elective deferrals, employer matching, and qualified non-elective contributions are the first day of the month coinciding with or next following the date of completion of eligibility requirements. Plan entry dates for the profit sharing contributions are January 1, April 1, July 1, and October 1 coinciding with or next following the date of completion of eligibility requirements.

Contributions

(a) *Participants' voluntary salary reductions*. Participants may elect to contribute up to 75% of their annual compensation, as defined in the Plan, subject to IRS limitations. Pre-tax elective deferrals and after-tax Roth contributions are available. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans as rollover contributions. Additionally, the Plan provides for catch-up contributions for participants age 50 or older.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

(b) *Matching contributions.* The Company shall contribute to the Plan on behalf of each participant who made a matched employee contribution in an amount equal to (i) 100% of the matched employee contributions that are not in excess of 3% of the participant's compensation, plus (ii) 50% of the amount of the matched employee contributions that exceed 3% of the participant's compensation but that do not exceed 5% of the participant's compensation. Matching contributions of $825,746 were made for the year ended December 31, 2025.

(c) *Discretionary profit sharing contributions.* The Company may, in its sole discretion, make discretionary profit sharing contributions to the Plan on behalf of each participant. The Company did not elect to make a discretionary contribution for the year ended December 31, 2025.

(d) *Qualified nonelective contributions*. The Company, in its sole discretion, may make additional qualified nonelective contributions for the benefit of all participants eligible to make elective deferrals who are non-highly compensated employees. The Company did not elect to make any qualified nonelective contributions for the year ended December 31, 2025.

(e) *Prevailing wage contributions.* The Company may, in its sole discretion, make additional prevailing wage contributions to the Plan in an amount necessary to meet the Company's requirements under an applicable prevailing wage statute. The prevailing wage allocations will offset any other discretionary company contribution allocations that would otherwise be made to a participant. No prevailing wage contributions were made for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited or charged with the above contributions, rollover contributions, transfers, Plan earnings thereon, forfeitures, and an allocation of Plan expenses. Allocations are based on participant compensation or account balances, as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

Upon enrollment in the Plan, a participant may direct employee deferrals, employer contributions, and direct rollovers in any of several different mutual funds or a common collective trust.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the present value of the participant's non-forfeitable account balance as of the date of the loan. Loan terms range from one to five years unless the loan is used to acquire or construct the participant's primary residence, and participants are limited to one outstanding loan at any given time. The loans are collateralized by the balance in the participant's account and bear interest at reasonable rates fixed by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their elective contributions and employer contributions, under the Safe Harbor Plan, and earnings thereon.

Forfeited Accounts

The non-vested portion of terminated participant accounts, plus earnings thereon, are forfeited and are used to pay plan fees and are periodically reallocated as matching or profit sharing contributions of the employer. At December 31, 2025 and 2024, there were $24,460 and $23,108 of forfeitures available, respectively, to reduce future employer matching contributions or pay future plan fees.

Payment of Benefits

After attaining the normal retirement age (65), a participant is entitled to benefits that equal the value of his or her vested interest in the account. Benefits are also paid upon death, disability, or termination. Participants receive their benefits in a lump-sum distribution, equal installment payments, or through an annuity purchase. Participants may also receive distributions from their employee deferral balance for qualified financial hardships. Benefit distributions are recorded when paid. For 2025, all persons who elected to withdraw from the Plan had withdrawn their balance prior to December 31, 2025.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements using the accrual basis of accounting.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in interest and dividends. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances. No allowance for credit losses has been recorded at December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan a distribution, the note balance is reduced and a withdrawal is recorded.

Administrative Fees

Substantially all administrative fees were paid by the Plan. Plan expenses paid by the Plan include fees for trading and investment management and advisory services. Certain administrative functions were performed by officers or employees of the Plan Sponsor. No such officer or employee received compensation from the Plan.

NOTE C - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments at fair value and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the Trustee of the Plan.

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 - Inputs to the valuation methodologies are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodologies include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodologies are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds - Valued at the closing price of the shares held by the Plan at year-end reported on the active market on which the individual securities are traded.

Common Collective Trust Funds - Valued based on the NAV of units of the common collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2025 and 2024.

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	$33,075,114	$ 0	$ 0	$33,075,114
Investments at net asset value:				
Common collective trust fund*				1,096,706
Total assets at fair value				$34,171,820

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	$27,480,192	$ 0	$ 0	$27,480,192
Investments at net asset value:				
Common collective trust fund*				1,658,740
Total assets at fair value				$29,138,932

*Investments measured at fair value using net asset value (NAV) per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Certain administrative services are provided by the Plan Sponsor at no cost to the Plan, and certain administrative costs incurred by the Plan are paid by the Plan Sponsor.

The Plan's administrative expenses result from services rendered by parties-in-interest.

Certain Plan investments are shares of a mutual fund managed by Fidelity Management Trust Company; therefore, these transactions qualify as party-in-interest transactions.

NOTE F - INCOME TAX STATUS

The prototype plan sponsor received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the restated prototype plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator timely adopted the restated prototype plan. The Plan has been amended and restated since receiving the opinion letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in accordance with the IRC. Therefore, no income taxes have been provided for in the financial statements.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - CORRECTION OF PRIOR-PERIOD EMPLOYER MATCHING CONTRIBUTIONS

Subsequent to year-end, the Plan Sponsor determined that certain annual true-up calculations for employer matching contributions required under the terms of the Plan had not been performed for plan years 2017 through 2024. As a result, required employer matching contributions totaling $151,590 had not been recognized or funded in those prior years.

The Plan Sponsor has acknowledged its obligation to fund the corrective employer matching contributions and expects to remit the corrective contributions to the Plan on or before December 31, 2026. The timing of the contribution reflects the administrative process required to validate amounts across affected participants. The Plan Sponsor is also evaluating and determining the amount of lost earnings associated with the corrective employer matching contributions in accordance with the Plan's correction procedures and applicable regulatory guidance.

The previously issued Statement of Net Assets Available for Benefits as of December 31, 2024 has been restated to recognize an employer contribution receivable of $151,590 for the corrective employer matching contributions. As a result of the correction, net assets available for benefits as of December 31, 2024 increased by $151,590.

The effect of the correction on net assets available for benefits as of December 31, 2024 was as follows:

Description	Amount
Net assets available for benefits, as previously reported	$29,170,828
Prior-period employer matching corrective contributions	151,590
Net assets available for benefits, as restated	$29,322,418

Lost earnings associated with the corrective employer matching contributions are not included in the restatement of the December 31, 2024 financial statements. Such amounts will be recognized in the Plan's 2026 financial statements when determined and funded by the Plan Sponsor.

NOTE J - SUBSEQUENT EVENTS

Subsequent events were evaluated through October 9, 2026, which is the date the financial statements were available to be issued.
