The Plan Administrator
Animal Health Partners, LLC 401(k) Plan
Las Vegas, Nevada

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Animal Health Partners, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the period from February 1, 2025 (Plan inception) to December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the period from February 1, 2025 (Plan inception), to December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report:

- **The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).**
- **The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management has determined meets the requirements of ERISA Section 103(a)(3)(C).**

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- **Exercise professional judgment and maintain professional skepticism throughout the audit.**
- **Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.**
- **Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.**
- **Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.**
- **Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.**

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- **the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.**
- **the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).**

(1) Description of plan

The following description of the Animal Health Partners, LLC 401(k) Plan (the"Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on February 1, 2025, to provide retirement benefits for employees of Animal Health Partners, LLC (the "Plan Sponsor"). The Plan covers substantially all employees who are 21 years of age and have completed two months of service. As of February 1, 2025, the Plan waived the age eligibility requirement for employees employed on that date. Employees hired thereafter remain subject to the Plan's age eligibility requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code (IRC) or may be made after-tax in the form of a Roth contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participant contributions are permitted up to 100% of compensation, subject to certain IRC limitations.

Eligible employees are automatically enrolled to defer 5% of compensation unless they elect a different percentage. The automatic deferral percentage increases by 1% each January 1, up to a maximum of 10%. Participants who are automatically enrolled may be permitted to withdraw their automatic deferrals as provided by the Plan.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Additionally, participants who have attained ages 60 to 63 before the end of the plan year may elect to make additional "super catch-up" contributions as permitted under the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022.

The Plan Sponsor makes a matching contribution equal to 100% of elective deferral contributions up to 3% of compensation, plus 50% of elective deferral contributions over 3% up to 5% of compensation. Participant and Plan Sponsor contributions may not exceed the maximum amount allowable for federal income tax purposes.

The Plan also provides that the Plan Sponsor may make a discretionary profit sharing contribution. The Plan Sponsor is not required to contribute to the Plan every year or to contribute in accordance with the same ratio every year. Plan Sponsor contributions are allocated to each participant who is an active participant on the last day of the Plan year, based on the participant's pro rata share of compensation in relation to all compensation paid during the year, as defined by the plan agreement. No discretionary profit sharing contribution was made for the period ended December 31, 2025.

(c) Participant accounts

Each participant's account is credited or charged with the participant's contributions and allocations of Plan Sponsor contributions, investment earnings (losses) of the investment options selected by the participant, and an allocation of administrative expenses. Allocations are based on the participant's compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Payment of benefits

On termination of service, including due to death, permanent disability, or retirement, a participant may elect to receive his or her vested account as a lump-sum payment or in partial payments. A participant whose vested account is $7,000 or less receives an automatic distribution; if the account is more than $1,000 and the participant makes no election, it is rolled over to an individual retirement account. Participants who have attained age 59½ may withdraw all or part of their vested account. Participants may also withdraw amounts attributable to rollover contributions (up to two withdrawals in any 12-month period), and certain qualified reservists called to active duty may withdraw elective deferrals.

(e) Vesting

Participants are immediately vested in their elective salary deferral and Plan Sponsor safe harbor matching contributions plus actual earnings thereon. Vesting in the Plan Sponsor's discretionary profit sharing contributions and related earnings is based on continuous service. Participants vest 20% after one year of service and continue vesting 20% each year until five years of service have been completed and the participants are fully vested. Participants also become 100% vested upon attaining normal retirement age (age 65) or upon death or total disability while employed by the Plan Sponsor.

(f) Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the highest outstanding loan balance (if any) in the participant's account during the one year period ending on the day before the new loan is issued, or 50% of their vested account balance. The notes receivable are secured by the balance in the participant's vested account. Principal and interest are collected ratably through payroll deductions. There were no notes receivable from participants issued during the period from February 1, 2025 (Plan inception), to December 31, 2025, and there were no outstanding notes receivable from participants as of December 31, 2025.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor discretionary profit sharing contribution portion of their accounts. Such forfeitures are used at the Plan Sponsor's discretion to (1) allocate to participants based on eligible compensation, (2) reduce Plan Sponsor contributions, or (3) offset administrative expenses of the Plan. There were no forfeited non-vested accounts as of December 31, 2025. No forfeitures were utilized to offset administrative expenses or reduce Plan Sponsor contributions during the period from February 1, 2025 (Plan inception), to December 31, 2025.

(h) Hardship withdrawals

The Plan permits distributions from a participant's elective deferral, matching and discretionary contribution accounts in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's vested account.

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the processing of distributions and recordkeeping services are included in administrative expenses and charged directly to the participant's account. Investment related expenses are included in net appreciation in fair value of investments.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

(b) Investment valuation and income recognition

Investments are reported at fair value as reported by Principal Trust Company ("Principal"), except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and Principal. See Notes 4 and 5 for discussion of fair value and contract value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

(c) Payment of benefits

Benefits are recorded when paid.

(d) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

(e) Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2025, and October 7, 2026, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments reported and disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including the fair value and contract value of investments held at December 31, 2025, and net appreciation in the fair value of investments, dividend income, and other income, as applicable, for the period from February 1, 2025 (Plan inception) to December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal.

(4) Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- **Quoted prices for similar assets or liabilities in active markets;**
- **Quoted prices for identical or similar assets or liabilities in inactive markets;**
- **Inputs other than quoted prices that are observable for the asset or liability;**
- **Inputs that are derived principally from or corroborated by observable market data by correlation or other means.**

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value at December 31, 2025.

(i) ***Mutual funds*****: Valued based on the funds' reported closing net asset value (NAV) of shares held by the Plan as of the last business day of the plan year. The mutual funds are deemed to be actively traded.**

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Fair Value Measurements as of December 31, 2025 Using the Following Inputs			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 76,338	$ -	$ -	$ 76,338
Investment measured at NAV as a practical expedient (a)				655,187
Investments at fair value				$ 731,525

(a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy.

The following table presents the investment measured at fair value based on NAV per share as of December 31, 2025. There are no participant redemption restrictions for these investments.

Description	Fair Value 12/31/2025	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled separate accounts	$ 16,057	N/A	Daily	N/A
Collective investment trust funds	$ 639,130	N/A	Daily	N/A

(5) Investment contract with insurance company

The Plan holds an investment option with Principal, the Principal Guaranteed Option. The contract underlying this investment option is considered to be fully benefit-responsive. The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract was $9,455 as of December 31, 2025.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the plan documents (including a complete or partial plan merger with another plan); (ii) changes to the Plan's prohibition on competing investment options; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The Guaranteed Option does not permit Principal to terminate the agreement prior to the scheduled maturity date.

(6) Income tax status

The Plan Sponsor adopted a non-standardized pre-approved plan which received a favorable opinion letter from the IRS on June 30, 2020, that stated that the non-standardized pre-approved plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. The Plan has been amended since adopting the non-standardized pre-approved plan. However, the plan administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable provisions of the IRC and is, therefore, qualified and exempt from taxation.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Related party and party-in-interest transactions

Plan investments include units of pooled separate accounts and collective investment trust funds managed by Principal and an investment contract managed by Principal, therefore, these transactions qualify as party-in-interest transactions. As described in Note 1, the Plan paid expenses to various service providers which also qualify as party-in-interest transactions.

(8) Risks and uncertainties

The Plan utilizes various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and market risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Plan amendment

Effective January 1, 2026, the Plan was amended (Amendment No.2, signed December 17, 2025) to become a qualified automatic contribution arrangement (QACA) safe harbor plan. Under the amendment, eligible employees who have not made an election are automatically enrolled at 3% of compensation, increasing 1% each year to a maximum of 10%. The Plan Sponsor's safe harbor matching contribution is 100% of elective deferrals up to 1% of compensation plus 50% of elective deferrals over 1% but not over 6% of compensation, and it vests 100% after two years of service. The requirement to be employed on the last day of the Plan year to receive a discretionary contribution was eliminated. The amendment had no effect on net assets available for benefits at December 31, 2025.
