Independent Auditors' Report

The Participants and Administrator of the
Group Insurance Plan for Active Employees and Pre-65 Union Retirees of
American Water Works Co., Inc. and Its Designated Subsidiaries and Affiliates
Camden, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Group Insurance Plan for Active Employees and Pre-65 Union Retirees of American Water Works Co., Inc. and Its Designated Subsidiaries and Affiliates (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

215-441-4600 | fax: 215-672-8224 | www.kmco.com

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter- Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4j – Schedule of Reportable Transactions as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Participants and Administrator of the
Group Insurance Plan for Active Employees and Pre-65 Union Retirees of
American Water Works Co., Inc. and Its Designated Subsidiaries and Affiliates
Camden, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Group Insurance Plan for Active Employees and Pre-65 Union Retirees of American Water Works Co., Inc. and Its Designated Subsidiaries and Affiliates (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter- Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4j – Schedule of Reportable Transactions as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of Plan

The following description of the Group Insurance Plan for Active Employees and Pre-65 Union Retirees of American Water Works Co., Inc. and its Designated Subsidiaries and Affiliates (formerly known as the Group Insurance Plan for Active Employees of American Water Works Co., Inc. and its Designated Subsidiaries and Affiliates) (the Plan) provides only general information. Participants should refer to the summary plan description or plan document for a more complete description of the Plan's provisions.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is administered by American Water Works Company, Inc.'s (the Company) Benefits Administration Committee (the Committee). The Committee was established by the Company's compensation committee, which is a committee of the board of directors of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Retirement and Benefit Plans Investment Committee (the Investment Committee) determines the appropriateness of the Plan's investments, monitors investment performance and reports to the Company's Compensation Committee.

General

The Plan provides health and other benefits to substantially all full-time employees of the Company and their dependents, and certain part-time employees of the Company working 20 or more hours per week and their dependents, subject to certain limitations. Full-time and part-time employees of the Company are eligible to participate in the Plan on the first of the month following commencement of employment.

The Company sponsors a separate group insurance plan for retired employees and their eligible dependents named the Group Insurance Plan for Retired Employees of American Water Works Co., Inc. and Its Designated Subsidiaries and Affiliates (the Retiree Plan).

Effective December 31, 2022, the Company spun-off participant coverage for Pre-65 Union Retirees and dependent coverage for Pre-65 Dependents of Pre-65 Union Retirees from the Retiree Plan (the 2022 Spin-off). In connection with the 2022 Spin-off, eligibility for the Plan was amended to include coverage for Pre-65 Union Retirees of the Company and dependent coverage for Pre-65 dependents of Pre-65 Union Retirees (Pre-65 Union Retiree/Dependent population).

Benefits

The Plan provides health benefits (medical, dental, vision, and prescription drugs), life insurance benefits (basic life and accidental death and dismemberment), and short-term and long-term disability benefits. The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act.

Benefits are provided under the Plan through a number of Benefit Programs. Participants should refer to Appendix A of the plan document for further information on these benefit programs.

Insured Benefits

The Plan fully insures the life insurance benefits and long-term disability benefits. The Company purchases annual insurance contracts for these insured benefits. Premiums for these benefits are paid out of the trust to The Hartford.

Upon a determination of a long-term disability, as described in the plan document, non-union participants and certain American Water Enterprise union employees receive a percentage of their base pay, depending on location of employment, less certain offsets including pension, social security and worker's compensation, if eligible, until maximum benefit duration has been reached.

Retirees under the age of 65 are generally enrolled in a preferred provider organization (PPO) plan. The PPO plan offered allows participants to use an out-of-network provider at increased coinsurance payments and reduced reimbursement levels. Participants enrolled in the PPO plan are automatically covered by the Plan's prescription drug program. Benefits for dental are offered under a bundled plan with the PPO plan. The bundled plan for dental is similar to the PPO plan and offers both in-network and out-of-network benefits.

Effective January 1, 2017 for non-union participants and January 1, 2019 for union participants, the Plan was amended to replace the current MSP with a company seeded Health Reimbursement Arrangement (HRA) to place a limit (or "cap") on future employer costs by passing all future medical inflation on to certain non-union retired participants under the age of 65. The annual seed for the HRA is set to allow participants to purchase comprehensive exchange coverage.

Certain retirees and their dependents may have plan provisions that differ from the benefits described above. Details concerning coverages, limitations, exclusions and deductible amounts are summarized in the Company's group insurance booklets.

(1) Description of Plan, Continued

Self-Insured Benefits

Benefits for health and short-term disability are self-insured. The Plan offers one PPO plan and one consumer directed health plan (CDHP) (collectively, the Medical plans) for medical benefits. The Medical plans offered allow participants to use an out-of-network provider at increased coinsurance payments and reduced reimbursement levels. Participants enrolled in the Medical plans are automatically covered by the Plan's prescription drug program. A prescription drug benefit covers 80% or 100% of the cost of generic drugs and 80% of the cost of preferred or non-preferred prescriptions, subject to the Medical plan elected. The dental and vision plans similar to the Medical plans offer both in-network and out-of-network benefits.

The Company has contracted with select carriers to provide certain administrative and claim payment services for these self-insured benefits. These benefits are paid to Horizon Blue Cross Blue Shield (Horizon) (medical), Aetna & Delta Dental (dental), EyeMed (vision), and CVS Caremark (CVS) (prescription drugs) and The Hartford (short-term disability). The third-party processors pay claims directly to or on behalf of participants and are then reimbursed by the trust. Despite the Plan's utilization of third-party processors, ultimate responsibility for payments to providers and participants is retained by the Plan.

Details concerning coverages, limitations, exclusions and deductible amounts are summarized in the Company's group insurance booklets.

Contributions for Active Employees

The costs of coverage for health benefits for active employees are shared by participants and the Company. Participants contribute specified amounts based on applicable monthly premiums for their respective benefit elections. Participant contributions are required and are made on a pretax or after-tax basis for employee and dependent coverage. Participant contributions are collected by the Company via payroll deductions and are remitted to the trust with employer contributions.

Plan participants pay the full cost of supplemental and dependent life insurance. The Company pays the full cost of basic life insurance and short-term and long-term disability.

Participants are also responsible for copayments, deductibles, and coinsurance amounts dependent on the level of coverage elected.

Contributions for Pre-65 Union Retirees

The costs of coverage for health benefits for Pre-65 Union Retirees are shared by participants and the Company. Pre-65 Union Retirees participants make after-tax contributions based on applicable monthly premiums for their respective benefit elections. These contributions are collected by the Company via direct bills or withholdings from pension or group annuity payments and are remitted to the trust with employer contributions.

Pre-65 Union Retirees participants are also responsible for copayments, deductibles, and coinsurance amounts dependent on the level of coverage elected.

Funding Policy

The Company's funding policy is to contribute an amount to the Voluntary Employee Beneficiary Association (VEBA), in total, which equals the postretirement welfare cost for the Plan and the current estimated claims cost. The contribution is not intended to exceed the maximum deductible contribution.

Participants are also responsible for copayments, deductibles, and coinsurance amounts dependent on the level of coverage elected. Retirees are expected to pay approximately 16% of the estimated cost of providing benefits.

Flexible Spending Arrangement

The Plan has a flexible spending arrangement (FSA) that is funded solely through employee contributions. The FSA is administered by Horizon and allows participants to redirect a portion of compensation on a pre-tax basis into a separate spending account to cover eligible expenses as determined by the Internal Revenue Service (IRS). The maximum reimbursement elections for 2025 are $3,300 for medical expenses and $5,000 for dependent care/day care expenses.

Health Savings Account

The Plan offers a health savings account (HSA) for participants in the CDHP. The HSA is administered by an unrelated third party and funded through employee and employer contributions. The HSA allows participants to redirect a portion of compensation on a pre-tax basis into a separate savings account to cover eligible expenses as determined by the IRS. The maximum employee contributions for 2025 are $4,300 for single participants and $8,500 for families with an additional $1,000 in catch-up contributions allowed for participants age 55 or older. Annual employer contributions in 2025 were $750 for single participants and $1,500 for families.

Stop Loss Coverage

The Plan has maximum stop loss coverage per individual for medical claims in amounts of $600,000. Coverage applies to active employees and retirees under the age of 65.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the modified cash basis of accounting. This basis of accounting is permitted by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

The significant differences between the Plan's basis of accounting and generally accepted accounting principles are:

- Interest income is recognized when received rather than when earned.
- Benefit expense (recovery) is recognized when paid (received) rather than when incurred.
- Contributions are recognized when received rather than when incurred.
- Unrelated business income tax expense is recorded when paid rather than when incurred.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of claims incurred but not reported, claims payable, and contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies and procedures. See Note 3 for discussion of fair value measurements.

The Plan presents, in the statements of changes in net assets available for benefits, the net appreciation in the fair value of investments which includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest and dividends are recognized when received.

(2) Summary of Significant Accounting Policies, Continued

Benefit Obligations

Plan benefits in the form of claims are paid directly by the claims administrators and insurers of the Plan.

Stop Loss

Beginning January 1, 2025, as a result of change in stop loss insurance providers, premiums for stop loss are included in administrative fees in the statements of changes in net assets available for benefits. Prior to 2025, premiums for stop loss insurance were included in insurance premiums in the statements of changes in net assets available for benefits. Stop loss refunds approximated $2,600,000 and $1,193,000 for the years ended December 31, 2025 and 2024, respectively, and are netted with claims paid in the accompanying statements of changes in net assets available for benefits.

Refunds

The Plan receives refunds related to its portion of manufacturer's volume discounts received by CVS under its formulary drug plan. These refunds are netted with claims paid in the accompanying statements of changes in net assets available for benefits. CVS refunds approximated $17,404,000 and $15,258,000 for the years ended December 31, 2025 and 2024, respectively.

Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators, the trustee, and actuary. These expenses are reported on the accompanying statements of changes in net assets available for benefits as administrative expenses. At times, the Company will make payments on behalf of the Plan.

Subsequent Events

The Plan has evaluated subsequent events through October 5, 2026, the date the financial statements were available to be issued.

(3) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

U.S. treasury and agency securities: Valued using pricing models maximizing the use of observable inputs or similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Common trust fund: Valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

(3) Fair Value Measurements, Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
U.S. treasury and agency securities	$ -	$ 33,628,557	$ -	$ 33,628,557
Investment measured at NAV as a practical expedient				18,470,729
Investments, at fair value				$ 52,099,286

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
U.S. treasury and agency securities	$ -	$ 94,201,152	$ -	$ 94,201,152
Investment measured at NAV as a practical expedient				18,047,505
Investments, at fair value				$ 112,248,657

Certain investments that are measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There were no significant transfers among investment levels during the years ended December 31, 2025 and 2024.

The following table summarized investments measured at fair value based on NAV per share as a practical expedient as of December 31:

Investment	Fair Value at December 31, 2025	Fair Value at December 31, 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Northern Trust Common Short Term Investment Fund	$ 18,470,729	$ 18,047,505	None	Daily	None

(4) Financial Information Certified by a Qualified Institution

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4j – Schedule of Reportable Transactions, including investments at fair value held at December 31, 2025 and 2024, net appreciation in fair value of investments and interest income for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by The Northern Trust Company (Northern), a qualified institution.

(5) Benefits Obligations

The actuarial present value of accumulated plan benefits is as follows as of January 1:

	2025	2024
Postretirement benefit obligations for:		
Retired participants, including their beneficiaries and covered dependents	$ 9,913,976	$ 10,876,687
Active or terminated participants who are fully eligible to receive benefits	3,379,301	4,061,412
Active participants not yet fully eligible to receive benefits	11,826,849	14,559,421
	$ 25,120,126	$ 29,497,520

The change in the actuarial present value of accumulated plan benefits is as follows for the years ended January 1:

	2025	2024
IBNR claims reserve for retired participants:		
Balance at beginning of year	$ 500,000	$ 600,000
Reserve adjustment	-	(100,000)
Balance at end of year	$ 500,000	$ 500,000

(5) Benefits Obligations, Continued

	2025	2024
Postretirement benefit obligations:		
Balance at beginning of year	$ 28,997,520	$ 34,072,426
Benefits earned	510,385	589,146
Benefits reclassified to amounts currently payable	(4,581,819)	(6,103,382)
Interest	1,235,720	1,447,576
Change in actuarial assumptions	(1,454,759)	(872,497)
Acquisitions	285,033	-
Actuarial gains	(371,954)	(35,749)
Reserve adjustment	-	(100,000)
Balance at end of year	24,620,126	28,997,520
Total benefit obligations at end of year	$ 25,120,126	$ 29,497,520

The change in assumptions for the year ended January 1, 2025, was due to an increase in the discount rate from 5.22% to 5.69%. The change in assumptions for the year ended January 1, 2024, was due to a decrease in the discount rate from 5.60% to 5.22%.

The amount reported as the postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employees' service rendered through the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current plan participants.

Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with participating employers. The postretirement obligation represents the amount that is to be funded by contributions from the Plan's participating employers from existing plan assets. Prior to an active employee's full eligibility date, the postretirement obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service in the industry rendered to the valuation date.

The present value of benefits is determined using the projected unit credit actuarial cost method. The actuarial present value of the expected postretirement benefit obligation is determined by an actuary from Willis Towers Watson and is the amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Continued…

(5) Benefits Obligations, Continued

The actuarial present value of postretirement benefit obligations is determined as of January 1, 2025 and 2024. Significant actuarial assumptions used to determine the Plan's actuarial present value of postretirement benefit obligations are as follows for the years beginning January 1:

Assumptions	2025	2024
Discount rate	5.69%	5.22%
Rate of return on assets	5.00%	5.00%
Health care cost trend rate - comprehensive and managed choice plans:		
First year	6.50%	6.75%
Ultimate	5.00%	5.00%
Year ultimate reached	2031	2031
Mortality table	Pri-2012 Headcount Weighted Disabled Retiree Tables projected generationally with Scale MP-2021	Pri-2012 Headcount Weighted Disabled Retiree Tables projected generationally with Scale MP-2021

The weighted-average health care cost trend rate assumption has a significant effect on the amounts reported as postretirement benefit obligations. If the assumed rates increased by 1 percentage point in each year, it would increase the obligation as of January 1, 2025 by $98,200.

The foregoing assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

(6) Related Party Transactions and Party-In-Interest

Certain investments are held in a common trust fund managed by Northern. Northern is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA. As described in Note 1, the Plan has several arrangements with service providers. These transactions are party-in-interest transactions under ERISA. Fees paid by the Plan for the investment management services are included in administrative fees and other payments in the statements of changes in net assets available for benefits.

(7) Tax Status

The Plan is funded by a VEBA established by the Company. The Internal Revenue Service (IRS) has recognized the tax exempt status of the VEBAs under section 501(c)(9) of the Internal Revenue Code (IRC). The Company believes that the VEBA is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that VEBA is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Although tax-exempt health and welfare benefit plans are not generally subject to taxation, certain activities of the Plan may be taxable. A VEBA is subject to unrelated business income tax (UBIT) to the extent that assets exceed certain account limits for health, disability, life, supplemental unemployment, and severance benefits. Additionally, unrelated business taxable income (UBTI) of a tax-exempt entity is subject to taxation. For health and welfare benefit plans, UBTI may be generated from certain plan investment types (for example, non-leveraged investments, which may generate UBTI, include partnerships, real estate partnerships or other real estate trusts that are not real estate investment trusts (REITs), loans or mortgages, and options to buy or sell securities, such as short sales or repurchase agreements). UBIT amounting to $1,305,826 was paid during 2025 and is included in administrative expenses. Estimated payments and amounts due in the amounts of $370,800, $419,940 and $515,106 were submitted for the years ended December 31, 2025, 2024 and 2023, respectively.

(8) Termination of the Plan

Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of, participants to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets shall be subject to the applicable provisions of the Plan, then in effect, and shall be used until exhausted to pay benefits to participants and their dependents in the order of their entitlement.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Continued…

(9) Risks and Uncertainties, Continued

The actuarial present value of the postretirement benefit obligations as well as claims incurred but not reported are reported based on certain assumptions pertaining to interest rates, health care inflation rates, employee demographics and historical claims-cost data, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

(10) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 52,099,286	$ 112,248,657
Claims incurred but not reported	(9,584,348)	(10,040,621)
Net assets available for benefits per the Form 5500	$ 42,514,938	$ 102,208,036

The following is a reconciliation of claims paid per the financial statements to the Form 5500 for the year ended December 31, 2025:

Net claims paid, per the financial statements	$ 136,424,868
Claims payable current year	9,584,348
Claims payable prior year	(10,040,621)
Claims paid per the Form 5500	$ 135,968,595
