INDEPENDENT AUDITOR'S REPORT

To the Bank Forward Audit Committee
Bank Forward 401k Plan and Trust
Fargo, North Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bank Forward 401k Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bank Forward 401k Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bank Forward 401k Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bank Forward 401k Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Make Every Day Count | www.bradymartz.com

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bank Forward 401k Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bank Forward 401k Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 PLAN DESCRIPTION

The following brief description of the Bank Forward 401K Plan and Trust ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Bank Forward, Inc. who have attained 21 years of age. Effective January 1, 2025 the Plan was amended to include automatic enrollment provisions. Newly eligible participants will be automatically enrolled in the plan with a six percent pre-tax deferral rate at the earliest subsequent entry date.

The following employers also participate in the Plan: Insure Forward, Invest Forward, and Tax Forward (collectively, with Bank Forward, Inc., "the Company"). Plan participants receive credit for years of service performed for the following predecessor employers for eligibility, vesting and contribution allocation purposes: IPS, Inc., FPM Insurance Agency, Inc. and Harold J. Rene & Associates, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Bank Forward, Inc. is wholly owned by Security State Bank Holding Company.

The Plan is administered by a committee appointed by the Company. The third party administrator serves as the provider of the Plan, maintain the records of the participant data, and holds the Plan assets.

Contributions

Each year, participants may contribute up to 100 percent of their annual compensation to the Plan, subject to IRS limits. The plan permits Roth and pretax participant deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows for a discretionary employer match contribution up to a specified percentage of the participants' total compensation for the Plan year. For the years ended December 31, 2025 and 2024, the employer made a matching contribution of fifty percent of an employee's contribution up to six percent of eligible compensation, for a maximum contribution of three percent of eligible compensation.

The plan also allows for a discretionary employer contribution that is allocated to participants based on the participant's eligible compensation as a percentage of total eligible participant compensation. In order to receive the discretionary employer match contribution and the discretionary employer contribution, an employee must have completed one year of service. A year of service for purposes of eligibility is a consecutive 12-month period during which the employee has 1,000 or more hours of service. No additional discretionary employer contributions were made for the years ended December 31, 2025 and 2024.

The plan also allows for qualified nonelective employer contributions to certain non-highly paid employees, as defined by the plan document.

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer's contributions, an allocation of the Plan earnings and is charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan allows for participant-directed investment programs for which separate funds are maintained.

Participants' Investment Options

Participants must direct their salary deferral contributions and Company contributions to selected investments as offered by the Plan. Participants may change their investment options throughout the year by contacting the Plan's third-party advisor.

Plan Entry Dates

Employees may enter the Plan on the first day of each month for elective deferrals. Entry dates for employer contributions are the first day of January or July, coincident with or following the date a participant satisfies the Plan's eligibility requirements.

Vesting

Participants are immediately vested in their elective deferral contributions and rollover contributions, plus actual earnings thereon. Vesting for discretionary employer match contributions and discretionary employer contributions is based on years and hours of service. After five years of completed service, the participant is one hundred percent vested.

Payment of Benefits

A participant is eligible to request a distribution of their vested account balance based on any of the following events: death, disability, attainment of age 59 ½, and termination of employment. Generally, certain minimum distributions are required for participants who have separated from service and have reached the required minimum distribution age. On termination of service, if the participant's vested account balance exceeds $7,000 a participant may elect to receive either a lump-sum amount equal to the total vested value of their account, rollover the balance into an IRA or another plan, or receive installment payments. If the participant's vested account balance does not exceed $7,000, a distribution will be made as soon as administratively feasible following termination of employment. If the amount of the distribution exceeds $1,000 and an election is not made for a lump sum distribution, the distribution will be directly rolled over to an IRA.

The plan permits hardship distributions from participants' vested account balances subject to certain IRS limitations.

Forfeitures

Forfeitures can be used to pay administrative expenses of the Plan or to reduce the employer match contribution. No forfeitures were used to pay administrative expenses during 2025 and 2024. Forfeitures in the amount of $8,673 and $6,588 were used to reduce the employer match contribution during 2025 and 2024, respectively. As of December 31, 2025 and 2024, forfeited balances totaled $14 and $-0-, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America, (“GAAP”), as codified by the Financial Accounting Standards Board.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s management determines the Plan’s valuation policies utilizing information provided by the providers. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year and is reflected in the statement of changes in net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Certain administrative fees were paid from Plan assets. Certain other administrative expenses were paid by the Company. Expenses paid by the Company are excluded from these financial statements.

Income Taxes

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

NOTE 3 INFORMATION PREPARED AND CERTIFIED BY PLAN PROVIDERS

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments held as of December 31, 2025 and 2024, and investment income for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company and Principal Life Insurance Company, qualified institutions.

NOTE 4 FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the NAV of units of the collective trust. The NAV, as provided by the provider, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled Separate Accounts: Valued at NAV of units held by the Plan at year end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the insurance company. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment advisor reserves the right to temporarily delay withdrawal in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 20,092,671	$ -	$ -	$ 20,092,671
Total Assets in the Fair Value Hierarchy	$ 20,092,671	$ -	$ -	20,092,671
Investments Measured at Net Asset Value (a)				16,803,879
Investments at Fair Value				$ 36,896,550

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 20,154,396	$ -	$ -	$ 20,154,396
Total Assets in the Fair Value Hierarchy	$ 20,154,396	$ -	$ -	20,154,396
Investments Measured at Net Asset Value (a)				11,714,627
Investments at Fair Value				$ 31,869,023

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2025	2024			Redemption
Investment Type	Fair Market Value	Fair Market Value	Unfunded Commitments	Redemption Frequency	Notice Period
Collective Trust Funds	$ 13,195,316	$ 11,714,627	N/A	Daily	N/A
Pooled Separate Accounts	3,608,563	-	N/A	Daily	N/A
	$ 16,803,879	$ 11,714,627			

NOTE 5 FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Plan participates in Principal's Fixed Income Guaranteed Option, which by definition is considered to be a guaranteed investment contract, or GIC. The contract is an insurance company issued general account backed group annuity contract. There are not any specific securities in the general account which back the investments in this account. All transactions are at contract value, including discontinuance of the contract.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees.

The Fixed Income Guaranteed Option is a group annuity insurance product issued by Principal Life Insurance Company and is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of Principal Life Insurance Company and not on the value of the securities within the issuer's general account. The credit rating of the issuer at December 31, 2025 and 2024 was A1 as reported by Moody's Investors Service. Deposits made to the Fixed Income Guaranteed Option are deposited in Principal Life Insurance Company's general account. Payment obligations under the Fixed Income Guaranteed Option represent an insurance claim supported by all general account assets. The Fixed Income Guaranteed Option does not operate like a mutual fund, variable annuity product or conventional fixed rate individual annuity product. Expenses related to the Fixed Income Guaranteed Option are calculated by Principal Life Insurance Company and incorporated in the crediting rate. Past interest rates are not indicative of future interest rates.

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting.

The methodology used to calculate the interest credit rate for the guaranteed interest account is discretionary to Principal Life Insurance Company. The crediting rates are set to be at least as high as the guaranteed minimum interest rate, which are communicated to the plan sponsor before they go into effect, and are guaranteed for six months. The average crediting rate is set by the issuer and as of December 31, 2025 and 2024, was guaranteed at a rate of 4.68 percent and 4.90 percent, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6 INCOME TAX STATUS

The Plan is a pre-approved plan sponsored by the Provider and adopted by the Plan. The Internal Revenue Service informed the Trustee by an opinion letter dated June 30, 2020, that the pre-approved plan is acceptable under Section 401(a) of the Internal Revenue Code. The Company and plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 7 RECONCILATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

Prior Year	30,971	24,876
Net Income per Form 5500	$ 4,437,572	$ 4,904,702

NOTE 8 EXEMPT TRANSACTIONS WITH PARTIES-IN-INTEREST

Principal Trust Company and Principal Life Insurance Company are the providers of the Plan and, therefore, are parties-in-interest. They provide certain administrative services to the Plan pursuant to the service agreements between the Company and the providers. Certain Plan investments are units of pooled separate accounts and guaranteed investment contracts that are managed by Principal Life Insurance Company and, therefore, these transactions qualify as party-in-interest.

Principal Life Insurance Company receives revenue from investment providers for services Principal Life Insurance Company provides to the funds. This revenue is passed along to the Plan and used to offset certain amounts owed for administrative fees. Any revenue sharing generated by the Plan in excess of the fees is credited back to the Plan as earnings.

NOTE 9 RISKS AND UNCERTAINTIES

Participants direct the investment of their accounts into various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 AMENDMENT AND TERMINATION OF THE PLAN

The Board of Directors has the right to amend the Plan if it determines that it is necessary or desirable to do so. Further, although the Company intends to continue the Plan, it reserves the right to terminate it. Any termination of the Plan is subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 11 SUBSEQUENT EVENTS

No significant events occurred subsequent to the Plan’s year end. Subsequent events have been evaluated through October 8, 2026, which is the date these financial statements were available to be issued.
