INDEPENDENT AUDITOR'S REPORT

To the Trustee and Plan Administrator of the
Van Zyverden, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Van Zyverden, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Van Zyverden, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Van Zyverden, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Van Zyverden, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Van Zyverden, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Van Zyverden, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at End of Year as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. PLAN DESCRIPTION

The Van Zyverden, Inc. 401(k) Retirement Plan (the Plan) adopted the provisions of the Burleigh Consulting Group Volume Submitter Profit Sharing Plan with CODA. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan, adopted January 1, 1997, is a defined contribution plan with participant deferral options under Section 401(k) of the Internal Revenue Code (IRC). Substantially all employees of Van Zyverden, Inc. (the Employer) who have attained age 19 become eligible to make salary reduction contributions upon the completion of 1,000 hours of service during a twelve-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions – Participants may elect to defer from 1% to 100% of their annual eligible compensation from the Employer, subject to regulatory limitations, as contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to regulatory limitations. Participants may also contribute amounts representing rollovers from other qualified plans after meeting the eligibility requirements for participation in the Plan. The Employer may make matching contributions equal to a discretionary percentage, to be determined by the Employer, of the Participant's elective deferrals. Matching contributions are subject to certain IRC limitations.

Participant Accounts – Each participant's account is credited with the participant's contributions, amounts contributed by the Employer on behalf of the participant, and investment earnings (losses) thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. **PLAN DESCRIPTION (Continued)**

Vesting – Participants are immediately 100% vested in their elective deferral contributions, the Employer 401(k) safe harbor contributions, and earnings thereon. Vesting in other Employer matching and Employer non-elective contributions, if any, are based on years of continuous service. A participant is 100% vested in Employer matching and non-elective contributions and earnings thereon after six years of service.

Payment of Benefits – Upon termination of service, a participant will normally receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant may elect to receive his or her benefit in installment payments over a period not to exceed the life expectancy of the participant. Rollovers are permitted. A participant's account is also available for distribution prior to termination of employment with the Employer in the following circumstances: in the event of hardship or after the participant reaches the age of 59 ½.

Investment Options – Participants direct the investment of their contributions into variable investment options offered under John Hancock's group annuity contract. The contract offers a number of variable investment options under the John Hancock Pooled Separate Account (PSA). The PSA is not designed for short-term trading. Participants are allowed a maximum of two exchanges per calendar month. John Hancock will allow a participant to move 100% of their assets to a Money Market or Stable Value Fund (as available under the contract after the exchange limit has been reached; no subsequent exchanges may be made for 30 days). These restrictions do not apply to regular allocations or withdrawals.

Forfeitures – At December 31, 2025 and 2024, forfeited nonvested accounts totaled approximately $0 and $0 accordingly. In accordance with the Plan's provisions, forfeited balances may be used to offset Employer matching and discretionary contributions or used to pay plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Each participant account is valued on a daily basis for all funds invested with John Hancock. See Note 3 for further discussion of fair value. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Units of interest for the variable investment options are revalued daily to reflect the performance of the underlying mutual fund minus any applicable fees and charges.

Payment of Benefits – Benefits are recorded when paid.

Plan Expenses – Substantially all expenses associated with the administration of the Plan are paid by the Participants, assessed on an individual basis. These expenses include investment fund transaction fees or expenses associated with the investments held by a participant, distribution charges and other fees, as applicable. Administrative fees assessed to the Plan as a whole, such as report processing fees, are also paid by the Participants.

Subsequent Events – In preparing the financial statements, plan management has reviewed all known events that have occurred after December 31, 2025, and through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued, for inclusion in the financial statements and footnotes.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) No. 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC No. 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- quoted market prices for similar assets in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

3. **FAIR VALUE MEASUREMENTS (Continued)**

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Pooled separate account – The John Hancock Pooled Separate Account (PSA) invest in open-ended mutual funds that are valued at the daily closing price as reported by the fund. The funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

3. FAIR VALUE MEASUREMENTS (Continued)

Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Pooled separate account	$ 0	$20,351,511	$ 0	$20,351,511
Total assets at fair value	$ 0	$20,351,511	$ 0	$20,351,511

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Pooled separate account	$ 0	$18,417,308	$ 0	$18,417,308
Total assets at fair value	$ 0	$18,417,308	$ 0	$18,417,308

4. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Employer has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the amounts for investments and investment income included in the accompanying financial statements and supplemental schedule were obtained and derived from data that has been prepared and certified to as complete and accurate by John Hancock Life Insurance Company and has not been audited by the Plan's independent auditors:

	12/31/2025	12/31/2024
Investments:		
Pooled separate account	$ 20,351,511	$ 18,417,308

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as changes in interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's accompanying financial statements and supplemental schedule.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right to discontinue its contributions and terminate the Plan at any time, subject to the provisions of ERISA
In the event of Plan termination, the accounts of all participants become fully vested and the assets of the Plan, after payment of expenses, become distributable to the participants.

7. TAX STATUS

The Burleigh Consulting Group Volume Submitter Profit Sharing Plan with CODA obtained its latest determination letter dated June 30, 2020, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PARTY-IN-INTEREST TRANSACTIONS

At December 31, 2025, certain investment options of the Plan are invested in a pooled separate account managed by John Hancock, the Plan's custodian. Therefore, these transactions qualify as exempt party-in-interest transactions. During 2025, the only expenses paid to John Hancock by the Plan were related to recordkeeping and administrative services and totaled $34,609.

9. DESCRIPTION OF PLAN AMENDMENT

During the year ended December 31, 2025, the Plan was amended, effective July 15, 2025, to add Associated Growers as a participating employer in the Plan. Eligible employees of Associated Growers may participate in the Plan in accordance with the Plan's eligibility, contribution, vesting and other provisions.

Management has determined that the amendment did not have a significant effect on net assets available for benefits, contributions, or transfers during the year ended December 31, 2025.
