INDEPENDENT AUDITOR'S REPORT

To the Trustees
Collegium Pharmaceutical, Inc. 401(k) and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **Collegium Pharmaceutical, Inc. 401(k) and Profit Sharing Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **Collegium Pharmaceutical, Inc. 401(k) and Profit Sharing Plan**'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Collegium Pharmaceutical, Inc. 401(k) and Profit Sharing Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Collegium Pharmaceutical, Inc. 401(k) and Profit Sharing Plan**'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Collegium Pharmaceutical, Inc. 401(k) and Profit Sharing Plan**'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Collegium Pharmaceutical, Inc. 401(k) and Profit Sharing Plan**'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF PLAN

The following description of the Collegium Pharmaceutical, Inc. 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined-contribution plan established on January 1, 2005, to provide retirement and other related benefits to all employees of Collegium Pharmaceutical, Inc. (the "Company"). An employee, other than an excluded employee, who is aged 18 or older becomes eligible to participate for purposes of salary reduction contributions upon hiring. An employee is an excluded employee if they are a leased employee or if they are covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective April 1, 2025, the Ironshore Pharmaceuticals Inc. 401k and Profit Sharing Plan ("Ironshore") was merged into the Plan.

Participant Contributions: Each year, participants may contribute an amount up to a certain percentage of their pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions as prescribed by Treasury regulations.

Effective January 1, 2025, the Plan adopted the "super catch-up" contribution provisions of the SECURE 2.0 Act of 2022. Participants between the ages of 60 and 63 are permitted to make elevated catch-up contributions up to the statutory limit of $11,250 for the year ended December 31, 2025.

Participants, with the consent of the Plan Administrator, may deposit amounts received from any other retirement plan which satisfies the tax rules for rollovers. Participants may designate a portion, or all, of their deferred contributions as Roth contributions, which are includable in the participant's gross income.

Employer Contributions: The Company has elected to make safe harbor employer matching contributions in an amount equal to 100% on the first 5% of eligible compensation that a participant contributes to the Plan. These contributions satisfy certain Internal Revenue Code ("IRC") requirements and eliminate the need for the Plan to perform certain annual non-discrimination tests. Participants are 100% vested in these contributions when made. The Company made safe harbor employer matching contributions in the amount of $3,515,207 during the year ended December 31, 2025.

The Company may also make a discretionary non-elective profit-sharing contribution to the Plan. A participant must be employed on the last day of the year to be eligible to receive a profit-sharing contribution. There were no profit-sharing contributions made for the year ended December 31, 2025.

Participant Accounts: Each participant's account is credited with the participant's contributions, Plan earnings or losses, and charged with an allocation of administrative expenses, if any. Allocations of participant earnings (losses) are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Investment Options: Participants direct the investment of contributions into various investment options offered by the Plan.

Vesting: Participants are immediately vested in their voluntary contributions, safe harbor matching contributions, and any actual earnings thereon. Vesting in profit sharing contributions is currently based on the number of years of service as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year but less than 2	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

As an exception to the general vesting provisions described above, employees who were eligible participants in the Ironshore plan and became participants in the Plan in connection with the April 1, 2025 plan merger are 100% vested in all employer contributions.

Forfeited Accounts: As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $63 and $42,136, respectively. These accounts are used to reduce future employer contributions and administrative expenses.

Notes Receivable from Participants: Participants may borrow from their account balance up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable fund. Notes receivable terms cannot exceed five years unless for the purchase of a primary residence. Loans are secured by the balances in the participants' accounts and are supported by a promissory note. Loans bear interest at rates based on the prevailing interest rates (range from 4.25% to 10.50% at December 31, 2025). Principal and interest are paid ratably usually through payroll deductions. If the participant terminates employment or retires, the outstanding loan balance is due immediately unless the participant remains a party-in-interest. If the participant qualifies as a party-in-interest, the participant may continue to pay the loan after termination. Failure to repay will result in the loan being offset from the participant's account. The offset loan amount will be considered a taxable distribution to the participant. Participants can prepay an outstanding loan at any time without a penalty.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits: Benefits may be distributed to participants upon termination of employment by reason of retirement (65 year or older), disability, death, or other separation from service. Participants who terminate employment and have an account balance less than $7,000 will receive a lump sum distribution of their benefits. Participants who have an account balance between $1,000 and $7,000 will have their funds transferred to an individual retirement account on their behalf. Participants who have an account balance in excess of $7,000 may leave their funds investment in the Plan or may elect to receive their vested account balance as a lump sum payment.

A participant may also request a withdrawal upon attainment of age 59½, or upon demonstration by the participant to the Plan Administrator that the participant is suffering from a hardship, as defined in the Plan document. The hardship withdrawals are subject to a minimum of $500.

Blackout Period: In connection with the merger of Ironshore into the Plan, participants whose accounts were transferred from the Ironshore plan were subject to a blackout period from March 25, 2025 through approximately April 30, 2025. During the blackout period, affected participants had temporary limitations on certain account transactions and access to Plan information. Participant contributions and loan repayments continued during the blackout period.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting. The financial statements and supplementary schedule have been prepared to satisfy the reporting and disclosure requirements of ERISA.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees, and other parties involved with the Plan. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses: Certain expenses for maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Risks and Uncertainties: The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Payment of Benefits: Benefit payments to participants are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Uncertain Tax Positions: GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 3: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate it at any time subject to the provisions of ERISA.

NOTE 4: TAX STATUS

On June 30, 2020, the IRS stated that the prototype adopted by the Plan, as then designed, was in compliance with the applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believed that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5: CERTIFICATION OF TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) are complete and accurate.

	December 31, 2025	December 31, 2024
Mutual funds	**$ 60,549,227**	$ 33,469,683
Money market account	**$ 1,198,875**	$ 1,145,324
Notes receivable from participants	**$ 333,727**	$ 182,095

	Year Ended December 31, 2025
Net appreciation in fair value of investments	**$ 7,310,561**
Interest and dividends	**$ 1,770,150**
Interest earned on notes receivable from participants	**$ 24,170**

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 6: FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB"), Accounting Standards Codification ("ASC") 820, "Fair Value Measurement and Disclosures," provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 6: FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2025 and 2024.

Mutual funds and Money market account: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6: FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 60,549,227**	**$ -**	**$ -**	**$ 60,549,227**
Money market account	**1,198,875**	**-**	**-**	**1,198,875**
Total investments, at fair value	**$ 61,748,102**	**$ -**	**$ -**	**$ 61,748,102**

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 33,469,683	$ -	$ -	$ 33,469,683
Money market account	1,145,324	-	-	1,145,324
Total investments, at fair value	$ 34,615,007	$ -	$ -	$ 34,615,007

NOTE 7: RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan engages in investment transactions with funds managed by Fidelity Management Trust Company, the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to the trustee are reported as administrative expenses in the statement of changes in net assets available for benefits.

NOTE 8: RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2025	2024
Net assets available for benefits per the financial statements	**$ 62,430,504**	$ 34,965,515
Less: employer contributions receivable	**(348,675)**	(168,413)
Net assets available for benefits per Form 5500	**$ 62,081,829**	$ 34,797,102

The following is a reconciliation of the net increase per the financial statements to net income reported in the Form 5500 for the year ended December 31, 2025:

Net increase per the financial statements	**$ 15,825,548**
Change in employer contributions receivable	**(180,262)**
Net income per Form 5500	**$ 15,645,286**

NOTE 9: SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2025, have been evaluated for possible adjustment to the financial statements or disclosure is October 8, 2026, which is the date the financial statements were available to be issued.

The Plan entered into a new adoption agreement effective January 1, 2026, providing for the automatic enrollment of eligible employees in the Plan. Under the new adoption agreement, eligible employees who do not affirmatively elect a contribution rate will be automatically enrolled at an initial contribution rate of 5% of eligible compensation. Participants may subsequently modify or discontinue their contribution and investment elections in accordance with the terms of the Plan.
