Freeport LNG 401(k) Plan
333 Clay Street, Suite 5050
Houston, TX 77002

Date: Sep 29, 2026

Weinstein Spira & Company, P.C.
3773 Richmond Avenue, Suite 900
Houston, TX 77046

This representation letter is provided in connection with your audits of the financial statements of the Freeport LNG 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (collectively, the financial statements).

We elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audits did not extend to any statements or information related to assets held for investment of the Plan (the investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised, and subject to periodic examination by a state or federal agency (a qualified institution) that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certifications meet the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. GAAP and that the information regarding assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Certain representations in this letter are described as being limited to matters that are material. Items are considered to be material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of the date above, the following representations made to you during your audits.

Financial Statements

1. We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated March 10, 2026, including our responsibility for the preparation and fair presentation of the financial statements.

2. The financial statements referred to above are fairly presented in conformity with U.S. GAAP, and the notes include all disclosures required by laws and regulations to which the Plan is subject, including the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

3. We acknowledge our responsibility for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

4. We acknowledge our election to have an ERISA Section 103(a)(3)(C) audit does not affect our responsibility for the financial statements and for determining the following:

    a. The circumstances permit an ERISA Section 103(a)(3)(C) audit.

    b. A qualified institution has prepared and certified the investment information as described in 29 CFR 2520.103-8.

    c. The certifications meet the 29 CFR 2520.103-5 requirements.

    d. The certified investment information is appropriately measured, presented, and disclosed in accordance with U.S. GAAP.

5. We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

6. We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.

7. The methods, significant assumptions, and data used in making accounting estimates and their related disclosures are appropriate to achieve recognition, measurement, or disclosure that is reasonable in accordance with U.S. GAAP.

8. Related-party relationships and transactions and relationships and transactions with parties-in-interest, as defined in ERISA Section 3(14) and regulations thereunder, have been appropriately accounted for and disclosed in accordance with U.S. GAAP and ERISA Section 3(14) and regulations thereunder.

9. We are in agreement with the adjusting journal entries you have proposed, and they have been properly reflected in the financial statements.

10. We are not aware of any pending or threatened litigation, claims, or assessments or unasserted claims or assessments that are required to be accrued or disclosed in the financial statements in accordance with U.S. GAAP, and we have not consulted an attorney concerning litigation, claims, or assessments.

11. We have not consulted legal counsel and there are no other matters (e.g., breach of fiduciary responsibilities, nonexempt transactions, loans or leases in default, or events that may jeopardize the tax status) that must be disclosed in the Plan's financial statements.

12. Material concentrations, if any, have been properly disclosed in accordance with U.S. GAAP.

13. Financial instruments with concentrations of credit risk, if any, have been properly recorded or disclosed in the financial statements.

14. Guarantees, whether written or oral, under which the Plan is contingently liable, if any, have been properly recorded or disclosed in accordance with U.S. GAAP.

15. Plan receivables, if any, have been properly recorded in the financial statements and related allowances, if any, are adequate.

16. The supplemental schedule or financial statements disclose the following, as applicable:

    a. All non-exempt party-in-interest transactions (as defined in ERISA Section 3(14) and regulations thereunder).

    b. Investments or loans in default or considered to be uncollectible.

    c. Reportable transactions (as defined in ERISA Section 103(b)(3)(H) and regulations thereunder).

Information Provided

17. We have provided you with:

    a. Access to all information, of which we are aware, that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters.

    b. A substantially complete draft of Form 5500.

    c. All minutes of the meetings of the Plan's committee or similar governing body for the period from January 1, 2025 through the date of this letter or summaries of actions of recent meetings for which minutes have not yet been prepared.

d. Unrestricted access to persons within the Plan from whom you determined it necessary to obtain audit evidence.

e. Current plan instruments, trust agreements, insurance contracts, or investment contracts and amendments to such documents entered into during the year, including amendments to comply with applicable laws, etc., as applicable.

f. Additional information that you have requested from us for the purpose of the audits.

18. All material transactions have been recorded in the accounting records and are reflected in the financial statements.

19. We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.

20. We have no knowledge of any fraud or suspected fraud that affects the Plan and involves:

    a. Management,

    b. Employees who have significant roles in internal control, or

    c. Others where the fraud could have a material effect on the financial statements.

21. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan's financial statements communicated by employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators, or others.

22. We have no knowledge of any instances of noncompliance or suspected noncompliance with laws and regulations (including ERISA, DOL, and IRS regulations) whose effects should be considered when preparing financial statements.

23. We are not aware of any pending or threatened litigation, claims, or assessments or unasserted claims or assessments that are required to be accrued or disclosed in the financial statements in accordance with U.S. GAAP, and we have not consulted an attorney concerning litigation, claims, or assessments.

24. We have disclosed to you the names of all of the Plan's related parties and parties in interest and all the related-party and party-in-interest relationships and transactions, including any side agreements.

25. The Plan has satisfactory title to all owned assets, which are recorded at fair value and all liens, encumbrances, or security interests requiring disclosure in the financial statements have been properly disclosed.

26. We have no—

    a. Plans or intentions that may materially affect the carrying value or classification of assets and liabilities.

    b. Intentions to terminate the Plan.

27. Amendments to the Plan instrument, if any, have been properly recorded or disclosed in the financial statements.

28. The Plan has complied with all aspects of contractual agreements that would have a material effect on the financial statements in the event of noncompliance.

29. Management has determined the fair value of financial instruments, including non-readily marketable securities. Significant assumptions we used in making accounting estimates, including those measured at fair value, are reasonable and appropriate. The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes. No subsequent events have occurred that would require adjustment to the fair value accounting estimates or disclosures included in the financial statements.

30. We are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services, or other third parties. Our valuation methodologies have been consistently applied from period to period. The fair value measurements reported or disclosed represent our best estimate of fair value as of the measurement date in accordance with the requirements of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. In addition, our disclosures related to fair value measurements are consistent with the objectives outlined in FASB ASC 820.

31. All required amendments to and filings of the Plan's documents with the appropriate agencies have been made.

32. The Plan and the trust established under the Plan is qualified under the appropriate section of the Internal Revenue Code, and we intend to continue them as a qualified plan and trust. The Plan sponsor has operated the Plan and trust in a manner that did not jeopardize this tax status. Required nondiscrimination testing related to Code Section 401(k) and 401(m) arrangements, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations.

33. The pre-approved plan document adopted by the Plan received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that it was in compliance with the applicable requirements of the IRC. The pre-approved plan document has since been amended; however, the plan administrator believes that the Plan, through its adoption of the pre-approved plan document, is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

34. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

35. U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

36. The Plan has complied with the DOL's regulations concerning the timely remittance of participant contributions and loan repayments to trusts containing assets for the Plan.

37. The Plan has complied with the fidelity bonding requirements of ERISA.

38. There have been no written and/or oral communications with regulatory agencies concerning the operation of the Plan.

39. We have obtained appropriate fee disclosures from covered service providers and have concluded the fees are reasonable. The Plan is in compliance with DOL regulations regarding ERISA Section 408(b)(2).

40. We acknowledge our responsibility for presenting the Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2025, in accordance with U.S. GAAP and in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We believe the form and content of the supplemental schedule are fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The methods of measurement and presentation of the supplemental schedule have not changed from those used in the prior period, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplemental schedule.

41. Plan management has obtained and reviewed the SOC 1 report for the Plan's recordkeeper and plan sponsor's payroll provider, as applicable. We have implemented the relevant user controls and they were in operation for the year ended December 31, 2025. With respect to the exceptions identified in the payroll SOC 1 reports, we are not aware of any such issues relating to our payroll processing for the year ended December 31, 2025.

42. Pursuant to Accounting Standards Update 2014-15, *Presentation of Financial Statements—Going Concern (Subtopic 205-40) Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern,* management has assessed the Plan's ability to continue as a going concern and believes the Plan has the ability to continue as a going concern for at least one year from the date of this letter.

43. Discretionary nonelective employer contributions may be made by the Partnership on behalf of eligible employees. The Partnership elected not to make discretionary nonelective employer contributions for the year ended December 31, 2025.

ERISA Required Supplemental Schedule

44. We believe the form and content of the supplemental schedule are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other

45. In regard to the nonattest services performed by you which may include financial statement preparation, cash to accrual adjustments and other services, as applicable, we have:

    a. Assumed all management responsibilities.

    b. Overseen the services by designating individuals who possess suitable skill, knowledge, and/or expertise.

    c. Evaluated the adequacy and results of the services performed.

    d. Accepted responsibility for the results of the services.

    e. Ensured that the Plan's data and records are complete and that we received sufficient information to oversee the services.

To the best of our knowledge and belief, no events have occurred subsequent to the date of the Plan's financial statements and through the date of this letter that would require adjustment to or disclosure in the aforementioned financial statements.

Independent Auditor's Report

September 29, 2026

Plan Administrator
Freeport LNG 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Freeport LNG 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following brief description of the Freeport LNG 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Freeport LNG Development, L.P. (the Partnership). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was adopted by the Partnership on October 1, 2015 and has been amended and restated from time to time.

Plan Administration

The Partnership designates an employee to serve as the plan administrator. The Plan is overseen by the 401(k) Plan Administration and Investment Committee (the Committee). The Committee determines the diversification and appropriateness of the Plan's investment offerings and monitors investment performance. Fidelity Management Trust Company (Fidelity) serves as the Plan's trustee.

Eligibility

The Plan is provided for all eligible employees of the Partnership, as defined. Eligible employees may elect to participate in the Plan on the first day of employment. The Plan includes a savings feature designed to permit the employee and the Partnership to contribute to the Plan, as allowable under Section 401(k) of the Internal Revenue Code (IRC).

Contributions

Participants may elect to contribute up to 80% of their compensation, as defined, subject to certain IRC limitations. All newly eligible employees automatically begin deferring 6% of their compensation unless an affirmative election not to contribute or to contribute at a different percentage is made by the employee. The contributions are made on a pre-tax basis unless the employee affirmatively designates that any portion or all of the contributions be treated as Roth or after-tax contributions. Eligible employees who have attained age 50 before the end of the plan year are eligible to make catch-up contributions subject to limitations of the IRC. The Plan also accepts participant rollover contributions from other qualified plans or individual retirement accounts.

The Plan operates as a safe harbor plan. The Partnership makes safe harbor matching contributions equal to 100% of the participant's contributions, including catch-up contributions, not to exceed 6% of the participant's compensation.

Discretionary nonelective employer contributions may be made by the Partnership on behalf of eligible employees. The Partnership elected not to make discretionary nonelective employer contributions for the year ended December 31, 2025.

Participant Accounts

Upon enrollment in the Plan, participants may direct the trustee with regard to the investment of their account balances into the various investment options offered by the Plan, or act as their own asset manager and elect to invest up to 95% of their account balances in a self-directed brokerage account. Participants may change their investment elections at any time.

Under the Plan, earnings and losses are allocated to the participants' accounts daily based on their respective balances in the investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions, including rollovers, the safe harbor matching contributions and the nonelective contributions, plus actual earnings thereon.

Notes Receivable from Participants

Notes receivable from participants are loans to participants secured by the vested portion of their accounts. Participants may borrow a minimum of $1,000 from their account balance. The respective note may not be more than 50% of the participant's account balance or $50,000 reduced by the highest outstanding note balance, if any, during the previous 12 months. A participant may take only one loan during a one-year period but may have two loans outstanding at any time. Loans bear a reasonable rate of interest as determined by the plan administrator based on prevailing interest rates under similar circumstances. Principal and interest are repaid ratably through payroll deductions. Note terms are limited to five years unless for the purchase of a primary residence, in which case terms could then be extended to 15 years.

Benefit Payments

Distributions may be made to participants upon termination of employment, retirement, disability, or death. Withdrawals may be made by active participants upon attainment of age 59½, as a qualified reservist, due to financial hardship as well as for other permitted reasons as provided for in the plan document. All distributions from the Plan are in the form of a lump sum distribution. Upon termination of employment, participant account balances below specified thresholds may be distributed automatically or rolled over into an individual retirement account in accordance with the Plan's provisions. Withdrawals from the Plan may be subject to income tax on contributions and income earned.

Note 2 - Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes realized gains or losses on investments bought and sold during the year as well as unrealized gains or losses on the investments held at the end of the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. In general, notes receivable from participants are considered in default in the calendar quarter following the quarter in which no payment is made. Defaulted loans are treated as distributions based upon the terms of the plan document.

Contributions

Contributions from participants and the safe harbor matching contributions from the Partnership are recorded in the year in which the employee contributions are withheld from compensation. The Partnership’s discretionary nonelective contributions are recognized in the same plan year of the compensation used to determine the contributions earned.

Benefit Payments

Benefits paid to participants or beneficiaries are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Plan. Fees related to the administration of notes receivable from participants and certain other administrative and transactional fees are charged directly to the participant’s account. Certain other costs and expenses incurred in connection with the operation of the Plan are paid by the Plan, unless paid by the Partnership at its discretion. Investment related expenses are included in net appreciation or depreciation in the fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with the Plan's investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and may impact participants' account balances and the amounts reported in the financial statements.

Subsequent Events

Management of the Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 29, 2026, which is the date the financial statements were available to be issued.

Note 3 - Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Fidelity as of December 31, 2025 and 2024, and for the year ended December 31, 2025, that all of the information provided is complete and accurate. Information included in the financial statements and accompanying notes to the financial statements as to investments, notes receivable from participants, investment income, interest income on notes receivable from participants, and all of the related information in the supplemental schedule is presented in reliance solely upon these certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, the accompanying notes and the supplemental schedule.

Note 4 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: These funds are valued daily based upon their quoted market prices.

Collective Investment Trust Funds: These funds are valued at their net asset value (NAV) as reported by the issuer based on quoted market prices of the underlying investments, when available. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Self-Directed Brokerage Accounts: These accounts consist primarily of common stocks, mutual funds and exchange traded funds that are valued daily based on their quoted market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 84,055,144**	**$ -**	**$ -**	**$ 84,055,144**

Note 5 - Federal Income Tax

The pre-approved plan document adopted by the Plan received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that it was in compliance with the applicable requirements of the IRC. The pre-approved plan document has since been amended; however, the plan administrator believes that the Plan, through its adoption of the pre-approved plan document, is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 - Party-in-Interest Transactions

Certain investments offered by the Plan are issued by affiliates of Fidelity, and therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.
