Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Risk Management Programs, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Risk Management Programs, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Risk Management Programs, Inc. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Risk Management Programs, Inc. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Risk Management Programs, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Risk Management Programs, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Risk Management Programs, Inc. Retirement Plan

December 31, 2025 and 2024

Note A - Description of the Plan

The following description of the Risk Management Programs, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Risk Management Programs, Inc. (the "Company") who have attained age 18, except excluded employees such as employees covered by a collective bargaining agreement and other job titles specified in the Plan agreement. The Plan also covers full-time, non-union employees of its sister company Metis Services, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established effective July 1, 2004. Effective December 1, 2025, T. Rowe Price Trust Company became the directed trustee of the Plan, and T. Rowe Price Retirement Plan Services, Inc. became the Plan's recordkeeper. Prior to the conversion, Capital Bank and Trust Company served as trustee. The Plan Administrator is responsible for the administration and oversight of the Plan in accordance with the Plan document.

Contributions

Each year, participants may elect to contribute a percentage of their eligible compensation, as defined in the Plan, on a pre-tax and/or Roth basis, up to $23,500 and $23,000 for 2025 and 2024, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants elect the investment options in which contributions are invested and may change their investment elections daily. Participants may also make rollover contributions from other eligible retirement plans.

Under the Safe Harbor Election, the Company contributes a matching contribution equal to 200% of employee deferrals up to 6% of eligible compensation. Employees are eligible to receive the Safe Harbor matching contribution after completing six months of service. In addition, the Company may, at its discretion, make nonelective contributions to the Plan. The Company did not make any nonelective contributions in 2025 or 2024. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company Safe Harbor matching contributions, as well as allocations of Plan earnings (losses) and charged with participant distributions and an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and employer safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's standard nonelective plus actual earnings thereon is based on years of service. A participant is 100% vested after six years of credited service.

Note A - Description of the Plan - Continued

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their account balance. Loans bear interest at the current prime lending rate plus 1% and must be repaid over a period not to exceed five years unless used to purchase the participant's primary residence. Loans are secured by the participant's account balance. Loans are repaid through payroll deductions including principal and interest. The principal portion reduces the receivable from participants and both principal and interest are transferred to the participant's investment options as repayments are received.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may receive the vested balance of his or her account in accordance with the Plan's distribution provisions. Certain in-service withdrawals are permitted after a participant attains age 59½. Hardship withdrawals are permitted to satisfy an immediate and heavy financial need in accordance with the provisions of the Plan. Required minimum distributions are made in accordance with applicable Plan and Internal Revenue Code requirements.

Forfeitures

During the years ended December 31, 2025 and 2024, forfeitures totaling $2 and $58, respectively, were added to the Plan's forfeiture account. In accordance with the provisions of the Plan, forfeitures may be used to reduce future employer contributions or to pay allowable plan expenses.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses have been recorded at December 31, 2025 and 2024. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Note B - Summary of Significant Accounting Policies - Continued

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid by the Plan.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/reduction of fair value of investments.

Note C - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investment and participant-loan balances, investment income, and net appreciation in fair value of investments, was obtained by management and agreed to or derived from reports certified as complete and accurate by qualified institutions pursuant to 29 CFR 2520.103-5(c).

Capital Bank and Trust Company, which served as the Plan's trustee prior to T. Rowe Price, certified the Plan information for the period January 1, 2025 through November 28, 2025. November 29 and 30, 2025 represented a transition period associated with the conversion of the Plan's recordkeeping and trustee services to T. Rowe Price, as further described in Note J. T. Rowe Price Retirement Plan Services, Inc. became the Plan's recordkeeper and T. Rowe Price Trust Company became the Plan's directed trustee effective December 1, 2025. T. Rowe Price certified the Plan information for the period December 1, 2025 through December 31, 2025.

The following was certified to the completeness and accuracy by the Trustee:

	December 31,	
	2025	2024
Investments at fair value	$ 17,372,379	$ 18,604,760

Note C - Certified Investments - Continued

During 2025, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated as follows:

Interest and dividends	$	110,537
Net appreciation in fair value of investments		3,045,578
	$	3,156,115

Note D - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in methodologies used at December 31, 2025 and 2024. The Plan's investment options changed during 2025 in connection with the conversion to T. Rowe Price.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed actively traded.

Note D - Fair Value Measurements - Continued

Common Collective Trust Funds: The fair values of the Plan's interests in common collective trust funds are based on the net asset value per unit reported by the trustee of each fund. Net asset value is used as a practical expedient to estimate fair value. Investments measured using the net asset value practical expedient are not classified within the fair value hierarchy.

Stable Value Collective Trust Fund: The Plan's interest in the Galliard Stable Return Fund E is a common collective trust fund and is valued based on net asset value per unit as reported by the fund. Net asset value is used as a practical expedient to estimate fair value. Accordingly, this investment is not classified within the fair value hierarchy. Galliard Stable Return Fund E invests in the Galliard Stable Return Fund Core, a collective investment trust that holds fully benefit-responsive investment contracts.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the Plan's assets at fair value as of:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 231,226	$ -	$ -	$ 231,226
Investments measured at NAV				17,141,153
Total investments at fair value				$ 17,372,379

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 18,604,760	$ -	$ -	$ 18,604,760
Total investments at fair value				$ 18,604,760

Investments measured using NAV as a practical expedient as of December 31, 2025:

Investment Class	Fair Value	Redemption Terms	Unfunded Commitments
Common collective trust funds	$ 16,633,700	N/A	N/A
Stable value common collective trust fund	507,453	Redeemable at NAV with 12 months' notice	
Total investments measured at NAV	$ 17,141,153		

Note E - Party-in-Interest Transactions

T. Rowe Price Trust Company serves as the directed trustee of the Plan, and T. Rowe Price Retirement Plan Services, Inc. serves as the Plan's recordkeeper. Certain Plan investments are managed by T. Rowe Price or its affiliates. Accordingly, transactions involving those investments qualify as party-in-interest transactions. Notes receivable from participants also constitute party-in-interest transactions because they are transactions with Plan participants. Capital Bank and Trust Company served as the Plan's trustee prior to the December 1, 2025 conversion.

Note F - Tax Status

The Plan has adopted a pre-approved defined contribution plan document for which the document provider has received a favorable opinion letter from the Internal Revenue Service. The Plan has not received a determination letter specific to the Plan. Plan management believes the Plan is designed and is being operated in compliance with applicable requirements of the Internal Revenue Code and that the related trust continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note G - Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the terms of the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and amounts reported in the financial statements.

Note I - Subsequent Events

The Plan management has evaluated all subsequent events through October 8, 2026, which is the date these financial statements were available to be issued. In September 2026, the Plan Sponsor adopted a SECURE CARES Amendment incorporating certain provisions of the SECURE 2.0 Act. Among other provisions, the amendment formalized the increased catch-up contribution limit for eligible participants ages 60 through 63, effective November 19, 2025, and increased the Plan's cash-out threshold to $7,000, effective December 10, 2025.

Note J - Plan Conversion

Effective December 1, 2025, the Plan was amended and restated and transitioned its recordkeeping, trustee, and investment platform from American Funds and Capital Bank and Trust Company to T. Rowe Price. In connection with the conversion, approximately $17.0 million of investment assets and $225,000 of participant loan principal were transferred to the T. Rowe Price platform. Participant account balances were mapped to investment options available under the new platform.

The transfer represented a change in service providers and investment arrangements and did not constitute a plan termination or affect participants' vested benefits. Transfers between the recordkeepers were excluded from additions and deductions in the accompanying statement of changes in net assets available for benefits because they represented transfers of existing Plan assets.

Note K - SECURE 2.0 Age 60-63 Catch-Up Contributions

Effective November 19, 2025, the Plan implemented the increased catch-up contribution limit for eligible participants who attain ages 60, 61, 62, or 63 during the taxable year, as permitted under the SECURE 2.0 Act of 2022 and related IRS guidance. The signed amendment specifically identifies November 19, 2025 as the effective date for this provision. In September 2026, the Plan Sponsor adopted a formal written amendment incorporating this provision into the Plan document. The amendment was executed September 11, 2026.

Note L - Concentration of Investment Risk

The Plan's investments are participant-directed and are held in various investment options made available under the Plan. As of December 31, 2025, the Plan had an investment in TRP Retirement HYB 2035 TR-T14 totaling approximately 30% of net assets available for benefits. Investments representing a significant concentration expose the Plan to market risk related to changes in the fair value of that investment. The value of this investment is subject to fluctuations based on changes in market conditions and the performance of the underlying investments. Management monitors the Plan's investment options and believes the available investment alternatives provide participants with the ability to diversify their accounts in accordance with the Plan's provisions and applicable ERISA requirements.
