Independent Auditor's Report

To the Plan Administrator of the
Sihle Insurance Group, Inc. Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sihle Insurance Group, Inc. Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Sihle Insurance Group, Inc. Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held and certified by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Plan Administrator of the
Sihle Insurance Group, Inc. Savings Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sihle Insurance Group, Inc. Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sihle Insurance Group, Inc. Savings Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

Independent Auditor's Report (Continued)

To the Plan Administrator of the
Sihle Insurance Group, Inc. Savings Plan

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sihle Insurance Group, Inc. Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sihle Insurance Group, Inc. Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditor's Report (Continued)

To the Plan Administrator of the
Sihle Insurance Group, Inc. Savings Plan

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 Description of Plan

The following description of Sihle Insurance Group, Inc. (the "Company" or "Employer") Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on January 1, 1996, is a defined contribution 401(k) plan covering all employees of the Company who have completed six months of service. Eligible employees enter the Plan on the first day of the month coinciding with or next following the date the eligibility requirements are met. The Plan uses a non-standardized pre-approved plan document and has been amended and restated over the years to comply with changes in tax legislation. It was most recently amended and restated effective January 1, 2024. Effective July 1, 2024, the Plan was amended to change the interest rate charged on new participant loans from 1% above the prime rate to the prime rate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company is the Plan administrator. An officer of the Company oversees the Plan, with assistance from Carpenter Morse Group, the Plan's third-party administrator ("TPA"). Capital Bank and Trust Company (the "Trustee") serves as the Plan's trustee and custodian. It holds the Plan's assets and invests contributions as directed by participants. The Trustee's affiliate, Capital Group (American Funds), provides recordkeeping services to the Plan.

As of December 31, 2025 and 2024, the Plan had 159 and 161 participants with account balances, respectively.

There were no amendments to the Plan during the year ended December 31, 2025.

Contributions to the Plan

The Plan allows participants to make pre-tax or Roth contributions up to 100% of annual compensation, subject to the Internal Revenue Code ("IRC") Section 401(k) annual limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to 100% pretax annual compensation. Participants may also roll over amounts representing distributions from other qualified retirement plans. The Plan includes an automatic enrollment feature. Unless they elect otherwise, employees are automatically enrolled at a 2% deferral rate of eligible compensation. Employees may stop or change this election at any time, and automatic deferrals are treated the same as participant-elected deferrals. The Employer may make a discretionary contribution of up to 2% of each participant's eligible compensation, as determined annually by the Employer.

Participant contributions are remitted to the Plan by the Company in accordance with Department of Labor requirements. There were no delinquent participant contributions during the year ended December 31, 2025 requiring disclosure under Department of Labor regulations.

Rollovers

The Plan permits participant-designated rollover contributions into the Plan. For the year ended December 31, 2025 and 2024, participant directed rollovers totaled $86,517 and $66,392 respectively.

Note 1 Description of Plan (Continued)

Participant Accounts

Plan participants are offered a choice of various investment options and allowed to change their investment options daily. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of participant accounts is based on years of continued service.

All employer matching contributions are vested as follows:

Years of Service	Vested %
Less than 1 year	0%
1 year	25%
2 years	50%
3 years	75%
4 years	100%

Participants become fully vested upon attainment of normal retirement age, death, disability, or Plan termination.

Forfeited Accounts

Forfeitures of nonvested participant account balances may be used to pay Plan administrative expenses or to reduce employer contributions. The Plan also holds revenue-sharing credits received from service providers, which may be used to pay Plan expenses. Forfeitures and revenue-sharing credits are held in unallocated accounts that are included in the Plan's net assets available for benefits. At December 31, 2024, these accounts totaled $47,248. During 2025, forfeitures of $9,607 arose and the accounts earned net investment income of $553. During 2025, $26,033 of forfeitures was used to reduce employer contributions, and $30,635 was used to pay Plan expenses, consisting of $24,668 of revenue-sharing credits and $5,967 of forfeitures. At December 31, 2025, the accounts totaled $781, of which $[7] was unused forfeitures and $[774] was revenue-sharing credits. At December 31, 2025 and 2024, the unallocated accounts were invested in the Reliance MetLife Series 25053 (the "Fund") (see Note 6).

Distribution of Benefits

Participants are eligible to receive a distribution of their vested account balance upon retirement, death, disability or termination of employment. Normal retirement age is the later of age 65 or the fifth anniversary of plan participation. Early retirement is available at age 55 with six years of service. Distributions are generally paid in cash as a lump sum. Participants may also take in-service withdrawals after age 59½ from fully vested accounts, and hardship withdrawals from their elective deferral accounts. Terminated participants with small vested balances may have their accounts distributed automatically without their consent.

Note 1 Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%, which is commensurate with prevailing market rates established in accordance with Plan provisions. The plan allows participants to have no more than one loan outstanding at a point in time. Loan terms range from 12 to 60 months, with principal and interest repaid through payroll deduction on a semi-monthly basis. Delinquent loans are treated as deemed distributions in accordance with Plan provisions. Notes receivable from participants are considered parties-in-interest transactions.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses, as well as related disclosures. Because these estimates are inherently subjective and based on currently available information, actual results could differ materially from these estimates.

Management regularly evaluates these estimates and makes adjustments as necessary to reflect current conditions. Changes in these estimates are recognized in the period in which they become known.

Investment Valuation

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value (see Note 7). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers, Trustees and insurance company. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are not measured at fair value. They are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis of accounting. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses was considered necessary as of December 31, 2025 and 2024. At December 31, 2025 and 2024, notes receivable from participants had a balance of $64,120 and $144,569, respectively.

Note 2 Summary of Significant Accounting Policies (Continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments on the accompanying Statement of Changes in Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid.

Note 3 Information Prepared and Certified by Trustee

The Plan's investment information has been certified by qualified institutions as permitted under ERISA Section 103(a)(3)(C) and 29 CFR 2520.103-5. Accordingly, the auditor's procedures did not extend to this information beyond those described in the auditor's report. The certified information, which management has determined meets the requirements of ERISA Section 103(a)(3)(C), covers the following:

- December 31, 2025 and 2024, and the years then ended (Capital Bank and Trust Company): Capital Bank and Trust Company ("Capital Bank") certified the investments and notes receivable from participants held at December 31, 2025. It also certified net appreciation in fair value of investments, interest and dividends, and interest on notes receivable from participants for the year then ended. This includes the transfer into the Reliance MetLife Stable Value Series 25053 on May 7, 2025.

- January 1, 2025 through May 7, 2025 (Empower): Empower certified the Plan's guaranteed investment contract (see Note 7) through its termination on May 7, 2025. This covers the contract value, the interest credited, participant withdrawals, administrative expenses, and the transfer of the remaining balance of $51,272.

Note 4 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their entire plan balance.

(This space has been intentionally left blank)

Note 5 Tax Status

The Plan has adopted a pre-approved plan document for which the plan document provider received a favorable opinion letter from the Internal Revenue Service (IRS) dated November 14, 2022, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC). Although the Plan has been amended since the issuance of the opinion letter, the Plan Administrator believes that the Plan is designed and operated in compliance with the applicable requirements of the IRC. Accordingly, the Plan Administrator believes that the Plan remains qualified and the related trust remains tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions as of December 31, 2025 and 2024 and concluded the Plan had no uncertain tax positions requiring recognition or disclosure.

Note 6 Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: * quoted prices for similar assets or liabilities in active markets; * quoted prices for identical or similar assets or liabilities in inactive markets; * inputs other than quoted prices that are observable for the asset or liability; * inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used during the years ended December 31, 2025 and 2024.

Note 6 Fair Value Measurements (Continued)

Mutual funds: Mutual funds are open-end funds registered with the SEC and are valued at the daily net asset value per share published by each fund, which is the price at which the fund transacts. They are classified as Level 1.

Collective investment trust: The Plan's investment in Reliance MetLife Series 25053 (the "Fund"), a collective investment trust for which Reliance Trust Company serves as trustee, is valued at the net asset value per unit reported by the trustee as a practical expedient and is not classified in the fair value hierarchy. The Fund seeks to preserve principal while generating earnings at rates competitive over time with short-term high-quality fixed income investments, while maintaining sufficient liquidity to provide participant-directed withdrawals at their proportionate share of contract value, as defined in the Fund's Declaration of Trust. The Fund invests in a group annuity contract issued by Metropolitan Life Insurance Company that holds separately managed investment portfolios. Plan-initiated withdrawals are subject to 30 day notice. There are no unfunded commitments.

The preceding methods described, may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan's investments measured at fair value on a recurring basis as of December 31, 2025 and 2024 as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice is applicable only to the Plan.

Note 7 Guaranteed Investment Contract with Insurance Company

Through May 7, 2025, the Plan allowed participants to invest in a traditional fully benefit-responsive guaranteed investment contract ("GIC") with Empower Annuity Insurance Company of America ("Empower"). The contract was terminated on May 7, 2025, and the remaining balance of $51,272 was transferred to the Reliance MetLife Stable Value Fund. Accordingly, there was no GIC at December 31, 2025. At December 31, 2024, the GIC totaled $55,414. Empower maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Empower was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The crediting rate was based on a formula established by Empower but could not be less than 1%, and was reviewed on an annual basis for resetting. The average yield earned by the GIC for the year ended December 31, 2024 was approximately 2.2%. The GIC generally did not permit Empower to terminate the agreement prior to the scheduled maturity date, except under certain circumstances described below.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Trust, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation and (4) a material amendment to the agreement without the consent of the issuer.

Note 8 Risks and Uncertainties

The Plan's investments are exposed to various risks, including interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in these risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Capital Research and Management Company, an affiliate of Capital Bank and Trust Company (“Capital Bank”), the custodian of the Plan. Notes receivable from participants also qualify as parties-in-interest transactions under ERISA. So do fees paid by the Plan to service providers, including the custodian, the third-party administrator and the independent auditor. These transactions qualify as exempt parties-in-interest transactions under ERISA.

Capital Bank and Trust Company provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA") between the Company and Capital Bank.

Capital Bank receives revenue from mutual fund service providers for services it provides to the funds. This revenue is used to offset amounts otherwise payable by the Plan for administrative services.

Fees paid by the Plan from the revenue-sharing account in 2025 included $22,000 to the Plan's independent auditor and $2,668 to the third-party administrator.

Note 10 Subsequent Events

The Plan has evaluated subsequent events through October 9, 2026, the date the financial statements were available to be issued. On August 11, 2026, the Company amended the Plan to conform to the SECURE 2.0 Act of 2022 and related legislation. Certain provisions apply retroactively, including a $7,000 mandatory cash-out limit effective January 1, 2024, and additional catch-up contributions for participants aged 60 through 63 effective January 1, 2025. The amendment had no effect on the Plan's net assets available for benefits as of December 31, 2025. No other subsequent events required recognition or disclosure.
