The Trustees of
Rémy Cointreau USA, Inc. 401(k) Safe Harbor Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rémy Cointreau USA, Inc. 401(k) Safe Harbor Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Rémy Cointreau USA, Inc. 401(k) Safe Harbor Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan adopted for the benefit of the employees of Rémy Cointreau USA, Inc., its subsidiary and related companies (collectively, the "Companies"). The Plan is administered by the Companies and all Plan assets are held with Empower Trust Company, LLC and Empower Annuity Insurance Company of America, who exercise responsibility over the administration and investment of Plan assets.

Plan Termination: Although they have not expressed any intent to do so, the Companies have the right to terminate the Plan at any time. If the Plan is terminated, the account of each participant shall be 100% vested and non-forfeitable as of the effective date of the complete termination of the Plan.

Eligibility: To be eligible for participation in the Plan and participate in employer matching contributions, an employee must be at least 21 years old and have completed three months of service with the Companies. Certain employees are excluded from the Plan due to their employment classification, as defined in the Plan. To be eligible for participation in employer discretionary profit-sharing contributions, an employee must be employed for seven months, have completed 1,000 hours during the plan year and be employed as of the last day of the plan year.

Contributions: Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan and subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. When participants meet the eligibility requirements, they will be automatically enrolled to defer 4% of their compensation unless they elect to change this automatic election. Participants who are automatically enrolled will have their balances automatically increased by 1% each year up to 10% unless they go online to change this automatic increase. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, subject to legal limits of $7,500 in 2025. Contributions are made to the Plan in several ways. The Companies contribute a dollar for dollar match for the employees' elective deferral contributions, up to a maximum of 4% of the employees' compensation. The participant is fully vested in these contributions and earnings thereon. The Companies may also elect to make discretionary contributions in each plan year, which are non-elective. The discretionary contribution for 2025 was 5% of employees' compensation. Discretionary contributions for 2025 totaled $1,635,830 and the amount is included in the employer contribution receivable. The participants are to be vested in the Companies' discretionary contributions as follows:

Years of Service	Vesting Percentage
Less than one	0%
One	33 ⅓%
Two	66 ⅔%
Three or more	100%

The Internal Revenue Code (the "IRC") limits the amounts of contributions which may be credited to a participant's account for any plan year as follows: (i) $23,500 of pretax contributions for 2025, (ii) total annual additions (the sum of employer and employee contributions) may not exceed the lesser of $70,000 in contributions per employee or 100% of compensation and (iii) no participant's earnings in excess of $350,000 for 2025 may be used in calculating contributions.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Excess contributions occur when elective contributions on behalf of highly compensated employees exceed those permitted under the non-discrimination rule under IRC Section 401(k). A plan is not disqualified provided that the excess contributions are distributed to the highly compensated employees.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocation of (a) the Companies' contribution, (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures: Forfeitures may be applied to pay expenses under the Plan which would otherwise be paid by the Companies. Forfeitures not used to pay expenses would be applied to reduce the Companies' contributions.

Notes Receivable from Participants: Generally, participants are permitted to borrow up to 50% against their vested account balances, up to a maximum loan amount of $50,000. Employees are permitted to take one loan in any twelve-month period. Loan terms range from one to five years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of interest for the duration of the loan which is the prime rate as published in the Wall Street Journal plus 1% on the date the loan originates.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. All other expenses of the Plan are paid by the Companies.

Investment Options: Contributions to the Plan are invested at the participant's direction in one or more investment options offered by the Plan. Participants should refer to the Plan agreement and related materials for more information about the Plan's investment options.

If no election is made, contributions will be invested in the Target Retirement Portfolio based on age and the definition of normal retirement date under the Plan.

Benefit Payments: Upon normal retirement at age 65, participants may elect one of the following methods of benefit payment equal to the value of the participant's account:

(a) Lump sum;

(b) Joint and survivor annuity;

(c) Survivorship life annuities; or

(d) A series of installments chosen by the participant for a fixed period of years.

The Plan also provides for payment of the participant's account upon disability, death, or termination of service with the Companies. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation: Mutual funds are valued at quoted market prices on nationally recognized securities exchanges (Level 1 inputs).

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contract, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Income Recognition: Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent gains and losses at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Contributions: Contributions from employees are recorded in the pay period the Companies process payroll deductions from Plan participants. Contributions from the Companies are accrued by the Plan in the period they become obligations of the Companies. Amounts contributed by the employer are invested in the same funds as the employees elect to invest their own contributions.

Rollover Contributions: Participants may transfer to their Plan accounts part or all of an eligible rollover distribution received from a qualified plan. Rollovers are recorded when processed.

Payment of Benefits: Benefits are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

NOTE 3 – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC (the trustee of the Plan) and Massachusetts Mutual Life Insurance Company (MassMutual) as of December 31, 2025 and 2024 and for the year ended December 31, 2025.

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The methods described in Note 2 may produce a fair value calculation that may not be indicative of the net realizable value or reflective of the future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value:

	Fair Value Measurements at December 31, 2025 Using			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Investments, at fair value	$ 79,884,651	$ 79,884,651	$ -	$ -

	Fair Value Measurements at December 31, 2024 Using

(Continued)

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

Traditional Guaranteed Investment Contract: The Plan holds a fully benefit-responsive investment contract with MassMutual (or "Issuer"). MassMutual maintains the contributions in its general account. MassMutual guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is updated semi-annually based upon contract provisions. The minimum crediting interest rate is 2.7%. MassMutual's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, and premature contract termination initiated by the Companies. The contract limits the circumstances under which the Issuer may terminate the contract. Examples of circumstances which would allow the Issuer to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Issuer could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

NOTE 6 – INCOME TAX STATUS

Effective February 1, 2022, the Plan was restated on a prototype document that has received an opinion letter from the Internal Revenue Service dated April 7, 2021. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan. The Plan holds units of a guaranteed interest account and a mutual fund issued by MML Investments, LLC, an affiliate of Empower Trust Company, a service provider to the plan. As such this transaction qualifies as a party-in-interest transaction. Notes receivable from participants as well as any direct and indirect expenses paid for by the Plan, including investment advisory fees, also reflect party-in-interest transactions.

(Continued)

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, liquidity, credit, and overall market risk, including global events. Due to the level of risk associated with certain investment securities, and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 12, 2026, which is the date the financial statements were available to be issued.
