Report of Independent Auditors

To the Plan Administrator and Participants of the
Elements International Group, LLC 40l(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the financial statements of Elements International Group, LLC 40l(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Elements International Group, LLC 401(k) Plan' s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified instituti on).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audit and on the procedures performed as described tn the Auditors' Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment in formation, are presented fairly , in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects , the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Elements International Group, LLC 40l(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

THE CJ GROUP
CPAs AND ADVISORS

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America , and for the design, implemen tation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Elements International Group, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan in strument , including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audi tor' s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentatio ns, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit **in** accordance with GAAS, we -

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Elements International Group, LLC 40l(k) Plan' s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management , as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Elements International Group, LLC 40l(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment informat ion, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit , significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedule Required** by **ERISA

The supplemental schedule, including the Schedule H, Line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedu le , we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THE CJ GROUP
CPAs AND ADVISORS-

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

General

The following description of the Elements International Group, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provision.

The Plan is a safe harbor defined contribution plan established January 1,2010, for the benefit of employees of Elements International Group, LLC (the "Company" or "Plan Sponsor") and any other affiliated entities making an adopting employer election. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

SECURE 2.0 Act

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023, which included the Setting Every Community Up for Retirement Enhancement ("SECURE") 2.0 Act. The SECURE 2.0 Act contains over 90 new retirement provisions, with varying effective dates through 2033. Since the provisions of the SECURE 2.0 Act include both required and optional elements, applicable provisions will be evaluated and implemented in accordance with accompanying regulations and guidance prior to the deadline, December 31, 2026. Effective January 1, 2025, the Plan implemented increased catch-up limits for participants who attain ages 60 through 63 during the calendar year. The adoption of these provisions had no material effect on the Plan' s 2025 financial statements.

Significant Current Year Events

Effective May 14, 2025, in connection with the 2024 sale of Elements Sleep, LLC ("Ele ments Sleep"), the employees associated with the Elements Sleep division experienced a termination of employment with the Company. Because the purchaser had not established a qualified retirement plan to accept a plan-to-plan transfer of the participants' account balances, the affected participants had distributions from the Plan. Substantially all remaining account balances of the affected participants, totaling approximately $45,000, were distributed and rolled over to individual retirement accounts maintained through Milliman Inc. as outlined in the purchaser's instructions.

Eligibility

Employees are eligible to participate in the Plan upon reaching the age of 18 and completing 30 days of service. Eligible employees may enter the Plan on the first day of the month following the date they first become eligible. Participation is voluntary and must be requested by the employee.

Contributions

Participant Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined by the Plan, subject to Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants have the option of designating a portion of their elective deferral contributions as after-tax "Roth" contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

1. Description of Plan (continued)

Contributions (continued)

Employer Safe-Harbor Matching Contributions

The Company makes safe-harbor matching contributions equal to 100% of each participant's elective deferrals that do not exceed 3% of the partic ip ant' s compensation, plus 50% of deferrals between 3% and 5% of the participant's compensation. Matching contributions are determined on a payroll period basis.

Employer Discretionary Contributions

At the discretion of plan management, the Company may contribute on behalf of each participant a matching contribution equal to a discretionary percentage of the participant's elective deferrals. No discretionary matching contribution was made during the year ended December 31, 2025.

Employer Nonelective Contributions

At the discretion of plan management, the Company may contribute and credit employer nonelective contributions to eligible participant accounts. No employer nonelective contribution was made during the year ended December 31, 2025.

Contributions from Plan participants and the associated matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company' s contributions, and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance , reduced by the highest outstanding loan balance in their account during the preceding 12-month period. The loans are secured by the balance in the participant's account. The loan interest rate is set at 2% above the prime rate, as defined. Participants may only have one loan outstanding at one time. Loan terms may not exceed five years, unless for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions .

Payment of Benefits

Upon termination of service due to death , disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the partici pant' s vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A participant may withdraw part of the vested interest in his or her account upon attainment of age 59 1/2, subject to Plan provisions. The Plan also permits hardship distributions to participants that can demonstrate an immediate and heavy financial need. Upon separation with the Company, participants with account balances less than $5,000, a single lump sum payment will be made automatically into an individual retirement account of the plan administrator's choosing. Effective January 1, 2024, the involuntary cash-out limit increased from $5,000 to $7,000. The Plan document further stipulates that account balances less than $1,000 are to be automatically paid to the participant in cash, without consent.

1. Description of Plan (continued)

Vesting
Participants are vested immediately in their contributions and the Company's safe-harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary employer matching contribution and discretionary employer non-elective contribution portion of their accounts is based on years of continuous service. A participant vests in 20% increments annually after their second year of service, until l 00% vested after six years of continuous service.

Forfeited and Unallocated Accounts
As of December 31, 2025 and 2024, unallocated forfeited non-vested accounts totaling $392 and $387, respectively , were available to offset future administrative expenses or Company contributions. During the year ended December 31, 2025, no amounts were forfeited from participant accounts and no forfeiture amounts were used to reduce employer contributions or plan expenses.

2. Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes there i n, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The Plan's retirement committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee , and insurance company. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's investment in the Key Guaranteed Portfolio Fund , a fully benefit responsive investment contract, is reported at contract value.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Significant Accounting Policies(continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when in curred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced , and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits
Benefit payments are recorded when paid.

Expenses
The Company pays certain administrative expenses incurred by the Plan. Certain investment and administration fees are deducted directly from participant's investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the partici pant' s account balance.

Subsequent Events
Subsequent events have been evaluated through the date of the report of independent auditors, which is the date these financial statements were available to be issued. Other than the matters discussed in Note 10, there were no other material subsequent events that required recognition or additional disclosure in these financial statements.

3. Information Prepared and Certified by Trustee (unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of invest ments , interest and dividend inc ome, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, collectively , the trustee of the Plan.

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair val ue , giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurements (continued)

Level2 Inputs to the valuation methodology include :

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets ;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or li abili ty.

Leve13 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair va lu e.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchan ge Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore , while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date .

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level3	Total
Mutual funds	$ **8,570,060**	$	$	$ **8,570,060**
Total assets in fair value hierarchy	$ **8,570,060**	$	$	$ **8,570,060**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level3	Total
Mutual funds	$ 7,149,723	$	$	$ 7,149,723
Total assets in fair value hierarchy	$ 7,149,723	$	$	$ 7,149,723

5. Guaranteed Investment Contract

The Plan offers a guaranteed investment contract, the Key Guaranteed Portfolio Fund , with Empower Annuity Insurance Company of America. The trustee maintains the contributions in a general accoun t, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by the trustee. Contract value is equal to contributions received plus interest credited, less payments withdrawal or transfers. The interest rate credited on the unallocated annuity contract varies based on a formula determined by the trustee but will not be less than a guaranteed floor interest rate determined annually. Participants may ordinarily direct the withdrawal or transfer of all or portion of their investment at contract value. The trustee may not terminate the contract at any amount less than contract value. The following represents the disaggregation of contract value between types of investment contract held by the Plan. In a traditional investment contract, the Plan owns only the contract itself, not the underlying assets.

Certain events limit the ability to the Plan to transact at contract value with the issuer . Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan' s prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

As of December 31,	**2025**	2024
Traditional investment contract	$ **270,139**	$ 174,321
Total	$ **270,139**	$ 74,321

6. Related-Party and Party in Interest Transactions

Certain Plan investments are shares of the guaranteed investment contract fund provided through or managed by Empower Annuity Insurance Company of America and Empower Trust Company, LLC. Empower Annuity Insurance Company of America and Empower Trust Company, LLC, collectively, are the recordkeeper and trustee for the Plan and, therefore, these transactions qualify as party-in-interest transactions. All investment fund earnings or losses posted to each Plan partici pant' s account are net of investment management fees charged by each investment fund under the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciat10n (depreciation) in fair value of the in vestment , as they are paid through revenue sharing, rather than a direct payment. During the year ended December 31, 2025, the Plan also made direct payments to the investment advisor and recordkeeper totaling $18,518. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The Plan Sponsor pays directly any other fees related to the Plan' s o perations .

7. Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions. Refer to Note 10.

8. Income Tax Status

The Plan adopted a non-standardized pre-approved profit-sharing plan offered by NOVA 401k Associates Inc. ("NOV A"). NOV A received an IRS Opinion Letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is designed , and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

9. Risks and Uncertainties

The Plan provides for investments in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility risks. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances , and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events

Effective January 1, 2026, in accordance with Section 603 of the SECURE 2.0 Act and Section 414(v)(7) of the Internal Revenue Code, catch-up contributions made by participants whose Social Security wages from the Plan Sponsor for the preceding calendar year exceeded $150,000 (as indexed) must be designated as Roth contributions. The Plan Sponsor has implemented the required change with the Plan's recordkeeper effective January 1, 2026, and intends to adopt a conforming plan amendment within the remedial amendment period. The change is not expected to have a material effect on the Plan's financial statements.

Effective May 1, 2026, the Company sold Style-Line Furniture, Inc. ("Style-Line Division"). In connection with the sale, the participants of the Style-Line Division were terminated from employment with the Company. Following termination, certain participant account balances were distributed in accordance with the terms of the Plan and at the direction of the affected participants. As of the date of the report of independent auditors, approximately $470,000 has been distributed to participants in connection with the termination of their employment.

10. Subsequent Events (continued)

Partial Plan Termination
As a result of sustained declines in operating results and in connection with the sale of certain business divisions occurring from June 2024 through May 2026, the Company terminated employees at various times throughout this period. The aggregate number of participants whose employment was terminated during this period exceeded 20% of the Plan's participants. Based on these circumstances, the Company is evaluating whether a partial termination of the Plan has occurred.

The Company is in the process of completing its analysis to identify all participants potentially affected by a partial plan termination and to determine the appropriate vesting of their account balances. If a partial plan termination is determined to have occurred, affected participants will be fully vested in their account balances in accordance with the terms of the Plan and applicable requirements. Based on management's assessment, any additional vesting resulting from a partial plan termination would not have a significant impact on Plan's financial statements as of December 31, 2025.
