Report of Independent Auditor

To the Plan Administrator
Uebelhor and Sons Chevrolet 401(k) Plan
Jasper, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Uebelhor and Sons Chevrolet 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1—Description of the Plan

The following brief description of the Uebelhor and Sons Chevrolet 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established for the benefit of the employees of Uebelhor and Sons Chevrolet (the "Company" or "Plan Sponsor"). The Plan was originally established effective May 15, 1976. The Plan's most recent amended and restated Plan document became effective March 4, 2021. Employees become eligible to participate in the Plan after three months of service and attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective December 31, 2025, the assets and participant account balances of the Uebelhor Automotive Jasper, Inc. 401(k) Plan were merged into the Uebelhor and Sons Chevrolet 401(k) Plan. As a result of the merger, net assets of $5,688,991 were transferred into the Plan during the year ended December 31, 2025. Following the merger, participants in the Uebelhor Automotive Jasper, Inc. 401(k) Plan became participants in the Plan and their account balances were transferred into the respective participant accounts. The transfer has been reported as "Transfer to plan" in the accompanying statement of changes in net assets available for benefits.

Administrative – Overall responsibility for administering the Plan rests with the Company. The Benefits Committee of the Company controls and manages the operation and administration of the Plan. The Plan Sponsor has designated certain employees, who serve without additional compensation, to administer the Plan. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. Empower Trust Company, LLC (the "Qualified Institution") serves as trustee of the Plan.

Participant Contributions – Each year, participants may elect to contribute up to the maximum compensation permissible under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan provides for automatic enrollment of all newly eligible employees. For eligible employees who are automatically enrolled, a pre-tax deferral in the amount of 3% of eligible compensation will be contributed to the Plan unless the employee elects a different percentage or elects to not contribute to the Plan. This percentage is increased by 1% each Plan year until the 6% maximum percentage under the Plan's provision has been achieved. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. Contributions are subject to certain limitations.

Employer Contributions – The Company makes a safe harbor matching contribution equal to 100% of a participant's elective deferrals that do not exceed 1% of eligible compensation, plus 50% of the next 5% of eligible compensation deferred (maximum matching contribution of 3.5% of eligible compensation). In addition, the Company may also make an additional non-elective contribution to the Plan at the discretion of the Company's Board of Directors. No such discretionary non-elective contributions were made during the year ended December 31, 2025.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and Company safe harbor matching contributions, as well as an allocation of Company discretionary contributions and Plan investment earnings, as applicable. Participant accounts are charged with withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, specific transaction costs or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1—Description of the Plan (continued)

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant becomes 100% vested in Company safe harbor matching contributions, plus actual earnings thereon, after two years of credited service. Vesting in the Company's discretionary non-elective contributions, plus actual earnings thereon, is based on years of continuous service. No such discretionary non-elective contributions were made during the year ended December 31, 2025. A participant is 100% vested after six years of credited service in these contributions as follows:

Years of Service	Vesting Percentage
0	0%
1	10%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options – Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. Participants may change their investment options among those investments provided at any time during the Plan year.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Generally, the term of the loan may not exceed five years. However, if the loan is for the purchase of a participant's principal residence, the Plan administrator may permit a longer term. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. At December 31, 2025, the interest rates ranged from 4.25% to 9.50% on outstanding loans. Principal and interest are repaid ratably through payroll deductions.

Benefits Paid to Participants – Upon termination of service or attaining normal retirement age, a participant may elect to receive a lump sum amount or installments equal to the value of the participant's vested interest in his or her account. In-service and hardship withdrawals are also allowed as defined in the Plan document.

Forfeited Accounts – The nonvested portion of former participants' accounts may be used to pay administrative expenses of the Plan or to reduce the amount of Company contributions. Forfeited accounts totaled $51 and $-0- at December 31, 2025 and 2024, respectively. During the year ended December 31, 2025, forfeitures totaling $3,063 were used to reduce Company safe harbor matching contributions.

Excess Contribution Payable – Amounts payable to participants for contributions in excess amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2025 excess contributions prior to March 15, 2026. There were no such contributions payable as of December 31, 2024.

Administrative Expenses – The Plan is administered by the Plan Sponsor. The Plan Sponsor has designated certain employees, who serve without additional compensation, to administer the Plan. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. Administrative expenses are paid by the Plan Sponsor, charged directly to participant accounts, or paid by the Plan.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefits Paid to Participants – Benefits paid to participants are recorded when paid.

Risks and Uncertainties – The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in values of the investment securities in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Fair Value Measurement – U.S. GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability, including assumptions regarding risk.

Note 2—Summary of significant accounting policies (continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes to the valuation methodologies used as of December 31, 2025 and 2024.

Mutual Funds – These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

Common Collective Trust Funds – These investments are collective trusts valued using NAV as a practical expedient to estimate fair value provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. In accordance with Subtopic 820-10, these investments have not been classified under the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3—Information prepared and certified by the qualified institution

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Qualified Institution has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule:

- Investments at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

Note 4—Fair value measurements

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels described in Note 2 as of December 31:

2025	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,124,871	$ -	$ -	$ 2,124,871
Total assets in the fair value hierarchy	$ 2,124,871	$ -	$ -	2,124,871
Investments measured at NAV[(a)]				17,210,153
Investments, at fair value				$ 19,335,024

2024	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,456,335	$ -	$ -	$ 1,456,335
Total assets in the fair value hierarchy	$ 1,456,335	$ -	$ -	1,456,335
Investments measured at NAV[(a)]				9,922,470
Investments, at fair value				$ 11,378,805

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan. These investments are considered direct filing entities.

	As of December 31, 2025			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust funds	$ 17,210,153	N/A	Daily	None

	As of December 31, 2024			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust funds	$ 9,922,470	N/A	Daily	None

Note 5—Parties-in-interest transactions

Certain Plan assets are invested in funds sponsored by the Qualified Institution. Transactions involving these investments are considered party-in-interest transactions for which statutory exemption exists under DOL Regulations. For the year ended December 31, 2025, fees paid by the Plan to the Qualified Institution totaled $37,232 and fees paid to investment advisors that would also qualify as party-in-interest transactions totaled $7,971. These fees are included in administrative expenses on the accompanying statement of changes in net assets available for benefits. Notes receivables from participants also qualify as party-in-interest transactions.

Note 6—Income tax status

The Plan utilizes a prototype Volume Submitter plan document sponsored by Great-West Trust Company, LLC which received an opinion letter on November 14, 2022, in which the Internal Revenue Service ("IRS") stated the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to business income tax and, therefore, the Plan continues to be tax-exempt.

U.S. GAAP requires the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event such discontinuance results in termination of the Plan, the Plan provides that the assets be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination. In the event of Plan termination, participants will become 100% vested in their account balances.

Note 8—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as filed by the Company as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 19,421,979	$ 11,403,727
Excess contribution payable	24,692	-
Net assets available for benefits per Form 5500	$ 19,446,671	$ 11,403,727

Net increase in net assets available for benefits per the financial statements	$ 2,329,261
Change in excess contribution payable	24,692
Net increase in net assets available for benefits per Form 5500	$ 2,353,953

Note 9—Subsequent events

The Plan has evaluated all subsequent events through October 9, 2026, in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.

Cherry Bekaert LLP
Your Guide Forward

To the Plan Administrator
Uebelhor and Sons Chevrolet 401(k) Plan
Jasper, Indiana

We have audited the financial statements of Uebelhor and Sons Chevrolet 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2025, and we have issued our report thereon dated October 9, 2025. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan ("investment information") by Empower Trust Company (the "qualified institution"), which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America ("U.S. GAAP"). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 10, 2026. Professional standards also require that we communicate to you the following information related to our audit.

SIGNIFICANT AUDIT MATTERS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

> Management's assessment of the valuation inputs for each Plan investment under Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures.* ASC 820 requires the Plan to assess and disclose in the financial statements the valuation input for each Plan investment. We evaluated the key factors and assumptions used to make the assessments for each Plan investment in determining it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosure of fair value measurements in Note 2 to the financial statements, which describes the valuation techniques used to measure each classification of the investments.

The disclosure in Note 3 regarding information certified by the qualified institution which the Plan's independent accountants did not perform auditing procedures, except for comparing such information to the related information included in the financial statements and supplemental Schedule of Assets (Held at End of Year).

The disclosure of parties-in-interest transactions in Note 5 which describes the relationship between the Plan and its third party service providers.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no corrected or uncorrected misstatements identified during the audit.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings that are considered significant and relevant to those charged with governance but are not considered deficiencies in internal controls:

Retention of Personnel Files - During our testing of participant data, we noted there was one instance where employee personnel files did not contain adequate support for the employees' date of birth and/or date of hire. Improper record retention could lead to incorrect eligibility determinations or withdrawal calculations. We recommend the Plan enhance its controls over the retention of employee personnel files for all participants. The files should be retained in a secure location and filed centrally, if necessary.

Formal Documentation Over Reviews - Plan management conducts informal reviews over payroll, bonuses, and production hours. However, formal documentation of these reviews is not maintained. We recommend that Plan management establish formal procedures for documenting these reviews. Without adequate documentation, there is an increased risk that payroll errors, inaccurate participant compensation, or incorrect employee and employer contribution amounts may not be identified and corrected timely.

Internal Control Communications

In planning and performing our ERISA Section 103(a)(3)(C) audit we considered the Plan's system of internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control, nor did we include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain reportable findings that we consider to be deficiencies in internal controls.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

We consider the following reportable findings to be deficiencies in the Plan's internal controls:

> *Participant Deferral Elections* - During audit testing relating to participant contributions, we noted that one (1) participant's deferral election made directly with the Plan's third-party administrator was not properly updated in the Company payroll system resulting in a mis-funding of contributions. We recommend the Plan Sponsor review its processes surrounding participant deferral elections to ensure that all deferral elections and changes thereof are properly executed in accordance with the Plan document. We also recommend that Plan management perform periodic tests of these processes to ensure controls are in place and operating effectively. Further, we recommend the Plan Sponsor consult with its third-party administrator or ERISA specialist to determine if corrective action is required.
>
> *Supplemental Pay* - During audit testing relating to participant contributions, we noted that five (5) participants did not have deferrals withheld on their supplemental pay for one paycheck during the year. We recommend the Plan Sponsor review its processes surrounding participant deferral elections to ensure that all deferral elections and changes thereof are properly executed in accordance with the Plan document. We also recommend that Plan management perform periodic tests of these processes to ensure controls are in place and operating effectively. Further, we recommend the Plan Sponsor consult with its third-party administrator or ERISA specialist to determine if corrective action is required.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 9, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

OTHER MATTERS

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Plan administrator and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.
