Independent Auditor's Report

To the Plan Administrator
Honigman LLP Income Deferral and
Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Honigman LLP Income Deferral and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

PRAXITY™
Empowering Business Globally

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Profit Sharing Plan

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of Honigman LLP Income Deferral and Profit Sharing Plan (the "Plan") provides only general information. A comprehensive outline of plan provisions, eligibility requirements, termination, and other information is included in the plan document and should be consulted for more details.

The Plan was established under provisions of Section 401(k) of the Internal Revenue Code on November 18, 1983 and was amended and restated effective November 3, 2008. The most recent amendment to the restated plan document effective January 1, 2024 provides eligibility to Professional Track Attorneys to participate in the Plan, reduces the years of service required to be eligible for the profit-sharing component of the Plan from two years to one year for covered employees, and removes certain requirements allowing prior service in the legal industry to count toward the Plan's years of service requirements. The amendment and any applicable changes in law were not significant to the Plan. The Plan is administered by a committee of partners of Honigman LLP (the “Firm” or the “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General

For participation in the income deferral component of the Plan, 90 days of service are required. For participation in the profit-sharing component of the Plan, two years or more of service completed on or after January 1, 1991 are required. The plan amendment effective January 1, 2024 allows eligible employees to participate in the profit-sharing component after one year of service. Employees and partners (excluding partners who have, at any time, held more than a 10 percent interest in capital or profits of the Firm) become participants in the Plan as soon as participation requirements are met and necessary applications are submitted.

Contributions

The Plan provides for employee deferral contributions up to a maximum of 50 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Matching contributions are made to the Plan by the Firm and are allocated to the accounts of eligible participants, as defined and limited by the Plan. The Plan provides for employer matching contributions of 25 percent of the participant's contribution, not to exceed 5 percent of the employee's creditable compensation, as defined by the Plan. All contributions are invested in the Plan, as directed by the Plan's participants. Participants' accounts are 100 percent vested and nonforfeitable at all times.

For the profit-sharing component of the Plan, contributions are made by the Firm in each plan year. In 2025, annual contributions per participant were equal to 5 percent of creditable compensation, as defined by the Plan, up to the 2025 Social Security wage base of $176,100 plus 8 percent to 22 percent of creditable compensation in excess of $176,100 to a maximum contribution of $46,500. Contributions to the Plan are required and are without regard to the Firm's actual profits. The profit-sharing component is paid subsequent to the Plan's year end and is shown as contributions receivable on the accompanying statement of net assets available for benefits. Participants' accounts are 100 percent vested and nonforfeitable at all times. Participants' accounts are participant directed. Participants can also elect to direct their investments among the various investment options offered by the Plan.

Participant Distributions

Upon termination of employment, attainment of age 59½, or death, participants (or their beneficiaries) are entitled to payment of all or a portion of their plan account balances. Distributions are payable in a lump sum or in fixed periodic payments, as limited by the Plan and elected by the participant.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document.

Note 1 - Plan Description (Continued)

Participant Accounts

Each participant's account is adjusted on a daily basis to reflect net earnings, including realized and unrealized gains or losses of the Plan, and investment appreciation or depreciation. Adjustments are allocated based on each participant's proportionate share of the aggregate account balances. Each participant's account is credited with the participant's contribution and allocations of the Firm's contributions. Administrative expenses are related to transactions initiated by participants and are charged to individual participant accounts.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Additions, Deductions, and Changes in Net Assets

The accounting records of the Plan are maintained on the accrual basis. Assets of the Plan are recorded at fair value; accordingly, unrealized appreciation or depreciation of plan assets is included in the statement of changes in net assets available for benefits. Contributions, including contributions receivable, are recorded on the accrual basis in the plan year to which the contribution applies. Distributions to beneficiaries are recorded when distributed by the Plan. Administrative expenses are recorded when incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Transfers

During January 2025, the Plan received a transfer of $202,930 of excess (overfunded) assets from the Honigman LLP Pension Plan (the "Pension Plan"), which was terminated effective June 30, 2023. The Firm elected to transfer the surplus to the Plan as a qualified replacement plan to reduce the excise tax on the reversion, with the transferred amount intended to fund a portion of the Firm's profit-sharing contribution for the 2024 plan year. The transfer is presented within transfers in on the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 9, 2026, which is the date the financial statements were available to be issued.

Note 3 - Certified Information

Charles Schwab Trust Bank (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Note 5 - Fair Value Measurements (Continued)

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan’s assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds

Mutual funds are valued at quoted prices reported in active markets.

Common/Collective Trust Funds

The common/collective trust funds are valued at net asset value per share (NAV) or its equivalent of the funds, which is based on the fair value of the funds' underlying net assets. There were no unfunded commitments or redemption restrictions on the common collective trust funds.

Self-directed Brokerage Accounts

The Plan allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include cash; certificates of deposit; and various investments, such as corporate stock, money market accounts, U.S. government securities, corporate debt securities, and mutual funds. The U.S. government securities and corporate debt securities are valued using quoted market prices and/or other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry-standard models that consider various assumptions, including time value and yield curve, as well as other relevant economic measures. The cash and certificates of deposit accounts are valued at fair value based on their outstanding balances. All other investments are valued based on quoted market prices.

Note 5 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2025 and 2024:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2025		
	Investments (at Fair Value)	Level 1	Level 2
Mutual funds	$ 79,239,624	$ 79,239,624	$ -

Total	161,585,718	$ 157,079,374	$ 4,506,344
Investments measured at NAV - Common/collective trust funds	274,811,287		
Total investments at fair value	$ 436,397,005		

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2024		
	Investments (at Fair Value)	Level 1	Level 2
Mutual funds	$ 170,245,083	$ 170,245,083	$ -
Self-directed brokerage accounts	79,601,790	75,359,403	4,242,387
Total	249,846,873	$ 245,604,486	$ 4,242,387
Investments measured at NAV - Common/collective trust funds	141,124,900		
Total investments at fair value	$ 390,971,773		

Note 6 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Note 7 - Plan Modification, Amendment, and Termination

The Firm may modify, amend, or terminate the Plan at any time at its sole discretion by a duly authorized representative. In the event of complete termination of the Plan, the balance in each participant's account will be distributed in cash if no successor plan, as defined in the plan agreement, exists within 12 months of the Plan's termination. The Firm periodically considers modifications and amendments to the Plan, but no such modifications or amendments have been formally recommended at present, nor is the Firm currently contemplating termination of the Plan.

Note 8 - Party-in-interest Transactions

Certain of the Plan's common/collective trust fund investments are sponsored by an affiliate of the Trustee; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. In addition, the Firm paid certain administrative expenses of the Plan during the year ended December 31, 2025. These expenses are not significant to the Plan's net assets.
