INDEPENDENT AUDITORS' REPORT

TO THE RETIREMENT PLAN FIDUCIARY COMMITTEE OF
CHANGE.ORG 401(k) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of CHANGE.ORG 401(k) PLAN ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H – Line 4a: Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CHANGE.ORG 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Change.org Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on August 1, 2015 by Change.org Inc. (the "Company"). The Plan is a defined contribution plan covering all active employees who have met certain eligibility requirements, except for non-resident aliens receiving no income from U.S. sources, members of a collective bargaining agreement, interns, and leased employees. Employees become participants of the Plan immediately on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC"). The Investment Committee is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Participants may voluntarily contribute any combination of pre-tax and post-tax ("Roth") elective deferrals from 1% to 100% of their eligible earnings, as defined in the Plan document, subject to a maximum contribution of $23,500 for the year ended December 31, 2025. Participants who are 50 years of age or older by the end of the calendar year and who are making contributions to the Plan may make a catch-up contribution of up to $7,500 for 2025. Effective January 1, 2025, an optional provision of SECURE 2.0 Act was adopted to increase catch-up contribution limits for participants aged 60 through 63 to $11,250. Participants may also contribute amounts representing rollovers from other eligible retirement plans.

The plan includes an automatic enrollment feature with a default deferral rate of 5% for participants hired on or after January 1, 2020, subject to the participant's right to opt out or contribute at a different rate.

Employer Contributions – The Company may make qualified non-elective contributions subject to limitations imposed by applicable provisions of the IRC. These contributions will be allocated to all participants, if the participant is an employee of the Company on the last day of the Plan year. For the year ended December 31, 2025, there were no qualified non-elective contributions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts – Each participant's account is credited with the participant's contributions and qualified non-elective contributions, as applicable, and an allocation of Plan investment earnings. Participant accounts are charged with an allocation of investment losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and qualified non-elective contributions, as applicable, plus actual earnings thereon.

Investment Options – The Plan currently offers various mutual funds as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

Notes Receivables from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum loan amount is equal to the lesser of one-half of the participant's vested account balance or $50,000. The term of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear fixed interest at rates commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions. Notes are due immediately upon termination of employment, and the loan will be considered in default after 60 days from their date of termination after which the Participant's individual account will be reduced by the outstanding amount of the loan.

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant may receive a lump-sum distribution, a direct rollover distribution, or a combination of cash and direct rollover distribution equal to the value of the participant's vested interest in his or her account. A participant may also be eligible for withdrawals due to financial hardship in certain circumstances. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum cash distribution or a direct rollover distribution. If a terminated participant's account is $1,000 or less, the balance will be distributed to the participant in a lump sum. Account balances between $1,000 and $7,000 will be directly rolled over into an individual retirement account ("IRA") unless other specific instructions are received from the participant. Benefit payments to the participant generally must begin no later than April 1st following the later of the end of the year after the participant attains age 73 or the year in which the participant terminates employment.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Forfeitures – Forfeited accounts arise when there are excess employer contributions. Forfeitures can be used to pay for expenses of the Plan and to reduce employer's discretionary matching contribution, if any. Forfeited non-vested accounts amounted to $24,249 and $20,088 at December 31, 2025 and 2024, respectively. No forfeitures were used for the year ended December 31, 2025.

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year, and is reflected in the statement of changes in net assets available for benefits.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions – Contributions from Plan participants and the contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain administrative expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable and distributions from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 15,387,285	$ -	$ -	$ 15,387,285

	2024			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 12,905,424	$ -	$ -	$ 12,905,424

Concentrations – As of December 31, 2025 and 2024, four individual investments accounted for approximately 68% and 66% of total investments, respectively. In addition, as of December 31, 2025 and 2024, the target date funds taken as a whole accounted for 80% and 77% of total investments, respectively.

NOTE 4 – CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, LLC., the agent for Ascensus Trust Company ("Ascensus"), trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants presented on the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment income or loss, dividend income and interest income on notes receivable from participants presented on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 – TAX STATUS

The Plan adopted the Ascensus Prototype Non-standardized Profit Sharing Plan with CODA, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on January 1, 2018 stating that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has not filed for a separate determination letter from the IRS; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 8 – RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

The Company has entered into a service agreement with Vanguard Group Inc. ("Vanguard") for certain recordkeeping and administrative services for the Plan. Vanguard has an arrangement with Ascensus to provide some of the services on its behalf. Certain Plan investments are shares of mutual funds managed by Vanguard and therefore, these transactions qualify as party-in-interest transactions.

Vanguard provides certain administrative services to the Plan pursuant to a Retirement Plan Recordkeeping Service Agreement. Vanguard receives revenue from certain of the mutual fund service providers for services Vanguard provides to these funds. This revenue is used to offset certain amounts owed to Vanguard for its administrative services to the Plan. Because these expenses are paid through this revenue sharing arrangement, they are included in net appreciation/depreciation in fair value of investments.

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2024, there were unintentional delays by the Company in remitting participant deferrals in the amount of $42,837 to the trustee. These transactions constitute prohibited transactions as defined by ERISA. The Company has remitted these delinquent employee contributions, including any lost earnings to the affected participants in 2025.

NOTE 10 – SUBSEQUENT EVENTS

Effective January 1, 2026, the SECURE 2.0 Act requires that catch-up contributions made by participants aged 50 or older with prior-year compensation exceeding $150,000 be designated as Roth contributions.

The Company has evaluated subsequent events through October 7, 2026, the date of the financial statements were available to be issued.
