INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of
Ligon Industries 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Ligon Industries 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Ligon Industries 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ligon Industries 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ligon Industries 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally

accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ligon Industries 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ligon Industries 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) at December 31, 2025 and Schedule H, Line 4a – Schedule of Delinquent Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2025 AND 2024, AND FOR THE YEAR ENDED DECEMBER 31, 2025

NOTE 1 - PLAN DESCRIPTION

The following brief description of the Ligon Industries 401(k) Retirement Plan (the "Plan") is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Hampton Hydraulics, LLC 401(k) Plan was established effective January 1, 1980. Effective January 1, 2004, the Hampton Hydraulics, LLC 401(k) Plan was amended, restated, and renamed as the Ligon Industries 401(k) Retirement Plan. The Plan covers all eligible employees of Ligon Industries, LLC and affiliates as defined by the Plan document. Included in transfers to the Plan are individual participant rollovers and the transferred account balances of merged plans. The following table lists the retirement plans merged into the Ligon Industries 401(k) Retirement Plan:

Plan Name	Date Merged	Approximate Assets Merged

The administrators have selected Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the "Trustee") to be the Plan's investment trustee (Note 5).

The Consolidated Appropriations Act of 2023 was signed into law on December 29, 2022, which includes the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act") 2.0. SECURE Act 2.0 contains over 90 new provisions related to retirement, with varying effective dates through 2027. As these provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions became effective in 2024 and thereafter. There was no material impact on the Plan for the years ended December 31, 2025 and 2024.

Eligibility Requirements
All employees who are 18 years of age and have completed 90 days of service are eligible to participate in the Plan beginning on the first day of the month after becoming eligible.

Contributions
Contributions to the Plan may consist of participant elective deferral contributions, employer matching contributions, and rollover contributions. Participants may elect to contribute up to 100% of their eligible compensation, subject to certain Internal Revenue Code ("IRC") limitations as pre-tax contributions or after-tax Roth contributions.

The Plan allows for employer contributions in the form of matching contributions. Employer matching contributions shall equal a percentage of the employee deferral contributions for all divisions. The percentage is determined by each division participating in the Plan. These contributions are calculated and paid into the Plan every payroll. The Employer shall make qualified nonelective contributions (QNEC) for non-bargaining employees of Energy Manufacturing Company, Inc. in an amount equal to 3% of compensation for the payroll period for each person who is an active participant on the last day of that period. The Plan also allows the Company to make discretionary contributions which are allocated to eligible participants' accounts based on their pro rata portion of total compensation. Participants must be active in the Plan on December 31 to be eligible for these contributions. Matching, QNEC, and discretionary contributions totaled $1,371,109 in 2025.

Predecessor Employer
Each employee who was an active participant under the Plans sponsored by Fisher Hydraulics, Harmony Castings, LLC, , Inc., HDM Hydraulics, LLC, Hampton Hydraulics, LLC, Great Bend, and Seabee on December 31, 2003 became an active participant under this plan as of January 1, 2004. Each employee who was an active participant under the Plan sponsored by TPI-Arcade, Inc. became an active participant under this Plan as of February 18, 2004. Each employee who was an active participant under the Plan sponsored by RamRod Industries, LLC became an active participant under this Plan as of August 1, 2005. Each employee who was an active participant under the Plan sponsored by Hydratech, LLC became an active participant under this Plan as of March 31, 2006. Each employee who was an active participant under the Plan sponsored by Premier Aluminum, LLC became an active participant under this Plan as of August 1, 2006. Each employee who was an active participant under the Plan sponsored by Thompson Fabricating, LLC became an active participant under this Plan as of October 20, 2006. Each employee who was an active participant under the Plan sponsored by Watry Industries, LLC became an active participant under this Plan as of October 1, 2007. Each employee who was an active participant under the Plan sponsored by Stahl Specialty Company became an active participant under this Plan as of May 2, 2011. Each employee who was an active participant under the Plan sponsored by Energy Manufacturing Company became an active participant under this Plan as of January 1, 2014. Service for predecessor employers is taken into account for vesting purposes under this plan.

Investments
Participants direct the investment of their contributions as well as employer matching and discretionary contributions into various investment options offered by the Plan. As of December 31, 2025, the Plan offered pooled separate accounts, mutual funds, and common collective trusts.

Vesting
All participant contributions are fully vested and non-forfeitable. Company matching and discretionary contributions (excluding Energy Manufacturing Company QNEC's) become fully vested and nonforfeitable either upon attainment of age 65, the employee's death or disability or after six years of vesting services subject to a graded schedule. Energy Manufacturing Company QNEC's are 100% vested when made.

Participant Accounts
Each participant's account is credited with the participant's contribution and the employer's matching contribution plus an allocation of employer discretionary contributions and Plan earnings. Allocations are based on account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Distributions, withdrawals, and allocated expenses are subtracted from the account balances when paid.

Benefits
Benefits are paid as soon as administratively possible following the participant's separation from service.

Forfeitures
Forfeitures are retained in the Plan and are used to reduce Company contributions or administrative expense. Forfeited accounts used totaled $108,345 and $3,659 for the years ended December 31, 2025 and 2024, respectively.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of the participants vested account balance. Loan transactions are treated as receivables in the Plan's financial statements. Loans are secured by the participant's vested account; therefore, no allowance for credit losses is recorded. The loans bear interest at the rate commensurate with local prevailing rates as determined by the Company's management. Interest rates on existing loans range from 4.25% to 10.50% at December 31, 2025. Principal and interest are paid ratably through payroll deductions. Participant loans are valued at their outstanding balances, which approximates fair value.

Plan Termination
It is the intention of the Employer to continue the Plan indefinitely. The Employer retains the right to amend or terminate the Plan at any time. No amendment may permit any plan assets to revert to the Employer or be used for any purpose other than to provide benefits to participants and their beneficiaries. Upon termination of the Plan, all participant accounts will become fully vested.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING AND REPORTING POLICIES

Basis of Financial Statements
The accompanying financial statements of the Plan are presented on the accrual basis of accounting and have been prepared in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition
Investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are reflected as of the trade date. Dividend income is recorded on the ex-dividend date. Interest income is recorded when earned. Net appreciation and depreciation include the Plan's gains and losses on investments purchased and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for the investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

In all cases, valuations are based on the judgment of management after consideration of the above and other factors, including, but not limited to, original cost, operating results, and financial condition of the portfolio investments. The valuations do not necessarily represent amounts which might ultimately be realized from the disposition of the investments.

Realized and Unrealized Gains and Losses
The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments. Realized gains or losses on investments represent the difference between the original cost and the related market price of the investments at the time of disposition. Prior to disposition, differences between the original cost and the estimated fair value of the investments at the end of a period represent unrealized appreciation or depreciation.

Contributions
Contributions from employees are recorded in the period in which the Employer makes the deductions from the participant's payroll. Matching contributions from the Employer are recorded in the same period. Discretionary contributions from the Employer are accrued as plan contributions in the period in which they are approved by the Board. Rollover contributions are recorded as plan contributions during the period in which funds are received by the Plan.

Administrative Expenses
Administrative expenses are paid out of plan assets. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. In addition, certain investment advisory expenses are included in administrative expenses.

Payment of Benefits
Upon termination of employment, a participant or the participant's designated beneficiary, may elect various payment options. These options include, but are not limited to, a lump-sum distribution of vested benefits, various distributions through annuity contracts, and rollover of vested benefits into another qualified plan. Participants with less than $5,000 in vested benefits upon termination of employment are required to either take a lump-sum distribution or rollover of vested benefits into another qualified plan. Benefit payments are reported in the year paid.

Risks and Uncertainties
The Plan provides for various investment options, including pooled separate accounts, mutual funds, and common collective trusts. Generally, all investments are exposed to various risks, such as interest rate, credit and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances, and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for benefits.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

NOTE 3 - TAX STATUS

The Plan adopted a Non-Standardized Pre-Approved plan document approved by the Internal Revenue Service on June 30, 2020. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS audits for any tax periods in progress.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's Accounting Standards Codification, ("ASC") Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The hierarchy consists of three broad levels, described as follows:

Level 1 - Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 - Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts - Valued based on the value of the underlying assets (i.e. common stock, mutual funds, short term securities) owned by the fund. The fair value of the underlying assets do have quoted pricing inputs. While not publicly traded the quoted value is available to plan participants via the Principal website.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts - Invested in a collective trust fund as well as a variety of separate accounts and mutual funds. See valuation of the separate accounts and mutual funds above. The fair value of the underlying investments is used in determining the value of the common collective trust. While not publicly traded, the quoted value is available to plan participants via the Principal website.

The Plan's assets are reported at fair value as follows:

		Fair Value Measurement Using:		
	Fair Value	**Level 1**	**Level 2**	**Level 3**

NOTE 5 - INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

Principal Trust Company (Trustee), holds investment assets of the Plan and executes transactions therein. Financial information relating to these assets and changes in plan assets are included in the accompanying financial statements and ERISA-required supplemental schedules related to investments based upon information certified as complete and accurate by the Trustee. That information, which has not been audited by independent accountants as of December 31, 2025 and 2024 and for the year ended December 31, 2025, is summarized below. In addition, the Schedule of Assets (Held at End of Year) has been certified as complete and accurate by the Trustee.

- Investments, at fair value
- Net appreciation/depreciation in fair value of investments
- Dividend and interest income
- Schedule of Assets (Held at End of Year)
- Notes receivable from participants

NOTE 6 - ADMINISTRATIVE EXPENSES

The following is a summary of expenses paid by the Plan for the year ended December 31, 2025:

Investment advisory fees	$	357,307
Loan fees		12,885
Recordkeeper fees		14,607
	$	384,799

NOTE 7 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of pooled separate accounts and a common collective trust managed by Principal Life Insurance Company. Principal Life Insurance Company is a service provider to the Plan; therefore, these transactions qualify as party-in-interest.

NOTE 8 - PROHIBITED TRANSACTIONS

As of December 31, 2025, employee deferrals and loan repayments totaling $111,347 were withheld from certain payrolls in 2025 and 2024 and not remitted on a timely basis (as defined by the Department of Labor "DOL") by the Plan Sponsor. These transactions were prohibited according to the provisions of the DOL. The Plan Sponsor has remitted all such deferrals, loan repayments and lost earnings to the trustee. The Plan Sponsor has since implemented procedures to improve timely remittance of employee deferrals and loan repayments to the trustee.

NOTE 9 - EVALUATION OF SUBSEQUENT EVENTS

The Plan Sponsor has evaluated subsequent events through October 12, 2026, which is the date the financial statements were available to be issued and concluded no events or transactions occurred during that period requiring recognition or disclosure.
