INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of

AMERICAN AIRLINES, INC. NON-PILOT VARIABLE PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of ***American Airlines, Inc. Non-Pilot Variable Plan*** ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditors' Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the "Auditors' Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2025 and schedule of Reportable Transactions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of the Plan

American Airlines, Inc. ("American" or the "Plan Sponsor"), a wholly-owned subsidiary of American Airlines Group Inc., is the Plan administrator of the ***American Airlines, Inc. Non-Pilot Variable Plan*** (the "Plan"). The following brief description of the Plan, a non-participant directed money purchase pension plan, is provided for general information purposes only. Participants should refer to the Plan document for complete information.

General

The Plan consists of the assets of a variety of non-pilot team member workgroups from various money purchase pension plans previously offered by American, which were subsequently merged into the Plan. Contributions were discontinued in 1978 and the Plan was closed to new members.

Fidelity Investments Institutional Operations Company LLC provides actuarial services, pension administration and recordkeeping services for the Plan. State Street Bank and Trust Company (the "Trustee") serves as the Plan's trustee. American Beacon Advisors, Inc. ("American Beacon Advisors") serves as the Plan's investment advisor.

Units of participation

Units of participation are affected by units of contribution and units of liability. Units of contribution represent the interest of Plan participants who have not received the value of their accounts and their units remain in the Plan. The value of the units is determined by the market value of the assets in the Plan, adjusted for any outstanding charges, expenses and other liabilities incurred by the Plan and divided by the number of units credited to the accounts of all Plan participants as of the valuation date. Units of contribution are accumulated in individual participants' accounts and are increased four percent annually. The benefit to which a participant is entitled to is the benefit that can be provided from the value of the participant's vested units.

Units of liability represent the interests of retired Plan participants who elected to receive their benefits in the form of an annuity as opposed to a lump-sum settlement. The value of the units of liability is the actuarial present value of the units to be paid over the expected remaining lives of retired participants and is discounted at four percent as of December 31, 2025 and 2024. At December 31, 2025 and 2024, the value of future benefits to be paid related to the units of liability, as defined above, was approximately $1,577,000 and $1,681,000, respectively.

Benefits

Retirement benefits are payable upon the participant's attainment of the normal retirement age, or upon attainment of an early retirement age, both as defined in the Plan document. A survivor's benefit is payable upon death of a participant prior to commencing benefit payments. Upon termination of employment with American, each participant may elect an immediate distribution or may defer receipt of their Plan benefit, in accordance with the terms of the Plan. In addition, a participant or a surviving eligible spouse may, at any time, elect a distribution of units attributable to Optional Employee Contributions, as defined in the Plan document. Benefits are based on the number and value of accumulated units of participation.

Income tax status

The Plan has received a determination letter from the Internal Revenue Service ("IRS") stating that the Plan, as amended, is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation.

The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator has indicated that it will take the necessary steps to maintain the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Plan termination

While American has not expressed any intent to terminate the Plan prior to payment of the value of each participant's account in accordance with the Plan, it is free to do so at any time, subject to the requirements of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). If the Plan is terminated, the assets of the Plan's trust will be allocated, subject to provision for expense of administration and liquidation, to each participant based on the value of the units credited to his or her account, in accordance with the terms of the Plan.

(2) Summary of significant accounting policies

Basis of accounting

The Plan's financial statements have been prepared on the accrual basis of accounting, except for benefit payments, in accordance with accounting principles generally accepted in the United States of America.

Investments

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis.

Dividend and interest income

Dividends are recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis.

Net appreciation in fair value of investments

Net appreciation in fair value of investments includes realized and unrealized investment gains and losses as well as capital gain distributions. Realized gains and losses on the disposal of securities are determined based on the average cost of securities sold, while unrealized gains and losses are determined on the basis of the average cost of securities held at the end of the year.

Benefit payments

Benefit payments are recorded when paid.

Administrative expenses

Administrative expenses are paid by the Plan and are recorded on the accrual basis.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements, accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events

The Plan's management has evaluated subsequent events through October 6, 2026, the date the financial statements were available to be issued and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.

(3) Fair value measurements

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to observable inputs in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1	Observable inputs such as quoted prices available in active markets for identical assets or liabilities;
Level 2	Inputs other than quoted prices in active markets for similar assets or liabilities, that are observable either directly or indirectly; and
Level 3	Unobservable inputs for the asset or liability that are supported by little or no market activity, which require the reporting entity to develop its own assumptions.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Assets measured at fair value on a recurring basis are as follows:

	Fair Value Measurements at December 31, 2025			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 127,441	$ —	$ —	$ 127,441
Mutual funds – AAL Class	—	5,448,132	—	5,448,132
Total	$ 127,441	$ 5,448,132	$ —	$ 5,575,573

	Fair Value Measurements at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 225,000	$ —	$ —	$ 225,000
Mutual funds – AAL Class	—	5,084,769	—	5,084,769
Total	$ 225,000	$ 5,084,769	$ —	$ 5,309,769

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Investments of the Plan include shares of a money market fund managed by JPMorgan Asset Management and AAL Class shares of American Beacon Funds mutual fund, managed by American Beacon Advisors.

Investments in shares of money market funds are stated at net asset value, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions, and are classified as Level 1 investments.

Investments in the mutual funds are valued by quoted prices on the active market, which is fair value and represents the net asset value of the shares of such funds as of the close of business at the end of the period. At December 31, 2025 and 2024, these funds were invested in an AAL Class mutual fund. The AAL Class mutual funds are offered only to benefit plans of American; therefore, trading is restricted only to American, resulting in a fair value classification of Level 2.

(4) Information certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Fair value of investments
- Dividend and interest income
- Net appreciation in fair value of investments
- Schedule of assets (held at end of year)
- Schedule of reportable transactions

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(5) Parties-in-interest

Certain Plan investments are managed by the investment advisor. All investment transactions with the investment advisor including the investments of $5,448,132 and $5,084,769 at December 31, 2025 and 2024, respectively, qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

(6) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 5,548,594	$ 5,293,987
Benefits payable	(27,369)	(68,954)
Net assets per Form 5500	$ 5,521,225	$ 5,225,033

The following is a reconciliation of benefit payments per the financial statements to the Form 5500 for the year ended December 31, 2025:

Benefit payments per the financial statements	$ 363,419
Add: Benefits payable at end of year	27,369
Less: Benefits payable at beginning of year	(68,954)
Benefit payments per the Form 5500	$ 321,834

Benefits payable are recorded on the Form 5500 for payments requested prior to December 31, but which have not been paid as of that date.
