Independent Auditor's Report

To the Plan Administrator of
STAR, Inc., Lighting the Way 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of STAR, Inc., Lighting the Way 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the STAR, Inc., Lighting the Way 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, adopted by STAR, Inc., Lighting the Way (the "Organization") on March 1, 2011, is a defined contribution retirement plan created to provide retirement benefits to the Organization's employees. Eligible employees are allowed to make salary deferral contributions to the Plan provided they are at least 21 years old. Residents of Puerto Rico and employees classified as Relief Staff, as defined, are generally excluded from participation in the Plan; however, Relief Staff may become eligible to participate if they subsequently complete at least 1,000 hours of service during the year or 500 hours of service during previous two years. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors is responsible for oversight of the Plan. The Pension Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Organization's Board of Directors.

Contributions

Each year, participants may make salary deferral contributions to the Plan equal to a specified dollar amount or percentage up to 75% of their pre-tax annual compensation, as defined by the Plan. Participants may designate all or a portion of their contributions as Roth deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have attained age 60, 61, 62 or 63 on or after January 1, 2025 are eligible to make greater catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover). The Plan contains an automatic enrollment provision where all participants will have 3% of their pre-tax eligible compensation withheld and remitted to the Plan on their behalf unless the participant affirmatively elects otherwise. The Plan also contains an automatic escalation provision, where automatically enrolled participants will have their deferral percentage increase by 1% each year up to a maximum automatic deferral percentage of 10%. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds, a money market fund and a common collective trust as investment options for participants.

The Organization will make a nonelective contribution to the Plan equal to 1% of each participant's eligible compensation, as defined by the Plan. Employees are eligible to receive an employer nonelective contribution provided they are at least 21 years old and have completed one year of service, as defined by the Plan, with a minimum of 1,000 hours. Additional discretionary nonelective contributions may also be contributed quarterly at the option of the Organization. For the year ended December 31, 2025, the Organization's total nonelective contributions to the Plan were $367,753. Participants also direct the investment of the Organization's contributions. All contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant accounts
Each participant's account is credited with the participant's contributions and the Organization's nonelective contributions, as well as an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their salary deferral and rollover contributions plus actual earnings thereon. In the event of termination due to death, disability, normal retirement or early retirement, participants shall become 100% vested in the employer contribution portion of their account. All other participants become fully vested in the employer contribution portion of their account following the completion of three years of credited service, as defined.

Notes receivable from participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined daily, is set at 2% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions. Terms range up to five years or greater for the purchase of a primary residence.

Payment of benefits
On termination of service due to death, disability, early retirement or normal retirement, a participant may elect to receive the value of the participant's vested account as a lump-sum, a partial withdrawal, installment payments for a specified term or through the purchase of an annuity contract available under the terms of the Plan. A participant or beneficiary with a vested account balance less than $1,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For a participant or beneficiary with a vested account balance greater than $1,000, but less than $7,000, who elect not to receive a lump-sum distribution, the Plan administrator will make a direct rollover of the participant's account to an individual retirement account designated by the Plan administrator. For termination of service due to other reasons, a participant may receive all or a part of their vested account balance in the form of a lump-sum distribution.

Withdrawals from the salary deferral portion of a participant's account may be made in the event of a financial hardship, in accordance with the provisions specified in the Plan. In-service withdrawals are also allowed from the salary deferral portion of accounts of participants who have attained age 59½, in accordance with the provisions specified in the Plan. Participants may withdraw all or a portion of the rollover portion of their accounts at any time.

Forfeited accounts
At December 31, 2025 and 2024, forfeited nonvested accounts totaled $119,187 and $69,992, respectively. These accounts will be used to reduce future employer contributions or to pay Plan administrative expenses. Forfeited nonvested accounts of $2,806 were utilized to pay Plan administrative expenses for the year ended December 31, 2025.

2. Summary of accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee and investment advisor. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions
Contributions from participants are recorded in the year in which the related participant contributions are withheld from compensation. The nonelective contributions from the Organization are recorded in the Plan year quarter in which the contributions are earned.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Certain investment management fees are paid by the Plan directly to the investment advisor and are also included in administrative expenses. Indirect investment related expenses are included in the net appreciation in fair value of investments.

Subsequent events
Subsequent events were evaluated through October 12, 2026, the date the financial statements were available to be issued.

3. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board issued Accounting Standards Codification Topic 820, *Fair Value Measurement*, are described as follows:

- Level 1: Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation technique include:

  - Quoted prices for similar assets or liabilities in active markets;

  - Quoted prices for identical or similar assets or liabilities in inactive markets;

  - Inputs other than quoted prices that are observable for the asset or liability; and

  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the quoted NAV of shares held by the Plan at year end.

Investments measured at net asset value: Consisting of common collective trusts valued at NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 10,383,994	$ -	$ -	$ 10,383,994
Money market fund	267,743	-	-	267,743
Total assets in the fair value hierarchy	10,651,737	-	-	10,651,737
Investments measured at NAV (a)	-	-	-	264,083
Total investments at fair value	$ 10,651,737	$ -	$ -	$ 10,915,820

Assets at Fair Value as of December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 9,140,200	$ -	$ -	$ 9,140,200
Money market fund	501,156	-	-	501,156
Total assets in the fair value hierarchy	9,641,356	-	-	9,641,356
Investments measured at NAV (a)	-	-	-	248,288
Total investments at fair value	$ 9,641,356	$ -	$ -	$ 9,889,644

(a) In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value of investments that calculate NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (if currently eligible)**	**Redemption Notice Period**
Common collective trust	$ 264,083	None	Daily	60-days

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective trust	$ 248,288	None	Daily	60-days

4. Information certified by trustee

The Plan administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan's financial statements and supplemental schedule was agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the Plan's trustee and a qualified institution. The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, and the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation, interest, and dividends) and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.

5. Related-party and party-in-interest transactions

Plan investments include shares of mutual funds, a common collective trust and a money market fund managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Indirect fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Total administrative fees paid by the Plan directly to the trustee were $25,033 for the year ended December 31, 2025. Total investment management fees paid by the Plan directly to the investment advisor, also a party-in-interest, were $25,306 for the year ended December 31, 2025. The Plan allows participants to take loans against their account balances, which also qualify as party-in-interest transactions.

The Plan has entered into a revenue sharing arrangement with Fidelity Management Trust Company. The Plan's revenue sharing account balance as of December 31, 2025 and 2024, was $606 and $315 respectively. The Plan received revenue sharing credits from Fidelity Management Trust Company in the amount of $18,414 for the year ended December 31, 2025, which is shown as other income in the accompanying financial statements, and these amounts were credited back to the applicable participant accounts related to the revenue sharing investments. For the year ended December 31, 2025, the Plan also utilized $18,142 to pay certain Plan expenses.

6. Plan termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Tax status

The Organization has adopted a non-standardized pre-approved plan document offered by FMR, LLC that has received an IRS Opinion Letter dated June 30, 2020, stating that the form of the non-standardized pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the IRS Opinion Letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

9. Delinquent participant contributions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain salary deferral contributions were not remitted to the Plan within the time frame specified by DOL Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Organization for the year ended December 31, 2025. These delinquent participant contributions pertain to salary deferral contributions and loan repayments for the years end December 31, 2025, 2023 and 2022. The Company is currently working with its third-party administrator to correct these delinquent participant contributions. The Organization believes that these transactions should not affect the tax-qualified status of the Plan.
