Independent Auditor's Report

To the Participants and Administrator of
The Canandaigua National Bank and Trust Company
Employee Stock Ownership Plan:

Opinion on the 2025 Financial Statements

We have audited the financial statements of The Canandaigua National Bank and Trust Company Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of The Canandaigua National Bank and Trust Company Employee Stock Ownership Plan as of December 31, 2025, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of The Canandaigua National Bank and Trust Company Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Canandaigua National Bank and Trust Company Employee Stock Ownership Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Canandaigua National Bank and Trust Company Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Canandaigua National Bank and Trust Company Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2025 Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Auditor's Report on the 2024 Financial Statements

The financial statements of The Canandaigua National Bank and Trust Company Employee Stock Ownership Plan as of and for the year ended December 31, 2024, were audited by Freed Maxick P.C. On August 1, 2025, Freed Maxick P.C. joined with WithumSmith+Brown, P.C. Freed Maxick P.C. expressed an unmodified opinion on those statements dated October 3, 2025.

1. Description of Plan

The following description of The Canandaigua National Bank and Trust Company Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

Canandaigua National Bank and Trust Company (the "Plan Sponsor"), a wholly owned subsidiary of Canandaigua National Corporation (the "Corporation"), established the Plan effective January 1, 1988, as restated January 1, 2025, for the employees of the Corporation, and its affiliates. The plan operates as an Employee Stock Ownership Plan ("ESOP") and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended ("IRC"), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is administered by the Retirement Plan Committee appointed by the Corporation's Board of Directors. TI-Trust, Inc. was appointed trustee of the Plan as of September 2024.

Eligibility

The Plan covers all non-union and non-leased employees on the first day of the calendar month coinciding with or next following their first day of employment. Participants who do not have at least 1,000 hours of service during a Plan year or who are not employed on the last working day of the Plan year are generally not eligible for an allocation of Plan Sponsor contributions for that Plan year.

Contributions

The Plan Sponsor contributes to the Plan at the discretion of the Board of Directors in either cash or common stock of the Corporation. Contributions for each year are never less than the amount required to enable the Plan to meet its current distribution requirements, as defined by the Plan. Contributions for the 2025 plan year was made in cash. Employee contributions are not permitted.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of the each Plan year with an allocation of the cash contribution, and with an allocation of cash or common stock released from the forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Plan Sponsor as of the last date of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation.

Unrealized appreciation of employer securities is allocated to participants based upon the shares included in the participant's account balance. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of year account balance to all participants' beginning of year account balances.

Vesting

Participants in the Plan become 20% vested in the value of their participant accounts after two years of service, 40% vested after three years of service, 67% vested after four years of service, and 100% vested after five years of service. Participants become 100% vested in the event of plan termination, permanent disability, death, or attainment of normal retirement age.

Withdrawals and Distributions

Upon termination of service, a participant may elect to receive either a lump-sum cash amount equal to the value of his or her account, or whole shares of stock of the Corporation plus cash in lieu of any fractional shares. All distributions are made as of the plan year end using the applicable year end fair value. Shares distributed to a participant are subject to a "put" option whereby the participant may cause the Corporation to purchase the shares at fair value. Normal retirement age is the later of age 65 or the participant's fifth anniversary of plan participation. A participant who ceases to be an employee after attaining his normal retirement age, or after attaining age 60 if they have earned 5 years of vesting service, may elect to defer distribution of their account balance until they attain age 73. If a terminated participant's vested balance is less than or equal to $7,000, the amount may be automatically distributed in the form of a lump sum cash payment or direct rollover to an IRA, depending on the balance.

Forfeited Accounts
Upon incurring five consecutive one-year breaks in service, the nonvested portion of a participant's account is forfeited and if not used by the Plan to pay expenses it is reallocated among the accounts of other participants in the same manner as Plan Sponsor's contribution. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $12,800 and $22,224, respectively. During 2025, 36.87308 of forfeited shares and $2,638 of cash were reallocated to participant accounts from forfeited nonvested accounts, in accordance with plan provisions.

Put Option
Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Corporation buy any shares of its stock distributed to participants for which there is a limited or no market. The put price is representative of the current appraised value of the stock. The Corporation can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification
Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Corporation stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify will have the portion of their account subject to the election transferred to the Plan Sponsor's 401(k) Plan within ninety days after the end of the election period. The election to diversify is made subsequent to year-end based upon the shares of employer stock in the participant's account at year-end.

Voting Rights
Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by TI-Trust, Inc, the trustee, prior to the time that such rights are to be exercised. The trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries. The Plan's shares were all allocated at December 31, 2025 and 2024.

Pass-through Dividends
Participants are given the right to take a distribution of such dividends in cash or leave the funds in the Plan to be invested in employer stock, as provided by the plan document.

Administrative Expenses
As provided in the Plan Agreement, administrative expenses may be paid by either the Plan or the Plan Sponsor. There were no expenses paid by the Plan for the year ended December 31, 2025.

2. Summary of Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The common shares of the Corporation are valued at fair value. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividend income is accrued on the ex-dividend date. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Subsequent Events
Subsequent events were evaluated through October 7, 2026, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Board ("ASC") 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Investment in common stock of Canandaigua National Corporation	$ -	$ -	$ 8,129,000	$ 8,129,000

	December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Investment in common stock of Canandaigua National Corporation	$ -	$ -	$ 7,537,800	$ 7,537,800

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used as of December 31, 2025 and 2024.

Canandaigua National Corporation common stock held by the Plan is reported at fair value based upon an independent appraisal. This appraisal was based upon a combination of the price/core earnings, tangible book multiple and discounted cash flow valuation techniques as illustrated in the following table.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs
Canandaigua National Corporation common stock	$ 8,129,000	Tangible Book Multiple - 40%	Market comparables, Valuation premium, Company specific equity to assets ratio
		Price/Core Earnings - 40%	Market comparables, Valuation premium, Price-to-core earnings multiples
		Discounted Cash Flow - 20%	Discounted cash flows for marketability

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Corporation Dividends

The Corporation paid two dividends to the Plan of $4.60 per share and $4.90 per share or $135,976 and $144,844, respectively, during the year ended December 31, 2025. Dividends are distributed annually to participants in the form of cash or reinvested into participants' accounts at their election.

5. Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of the Corporation common stock and an interest-bearing account held by the Corporation. These are related party and party-in-interest transactions. As described in Note 1, the Plan Sponsor may pay the Plan’s expenses at its discretion and has the right to request reimbursement from the Plan. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA.

6. Risks and Uncertainties

The Plan investments consist primarily of the Corporation's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Plan Termination

The Plan Sponsor reserves the right to terminate the Plan at any time, subject to the Plan provisions. Upon termination of the Plan or permanent discontinuance of contributions thereunder, the accounts of all participants automatically become 100% vested. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

8. Tax Status

The IRS has determined and informed the Plan Sponsor by a letter dated April 14, 2006, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving this letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
