INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
AQUATECH INTERNATIONAL LLC 401(k) PROFIT SHARING PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **AQUATECH INTERNATIONAL LLC 401(k) PROFIT SHARING PLAN**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **AQUATECH INTERNATIONAL LLC 401(k) PROFIT SHARING PLAN** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

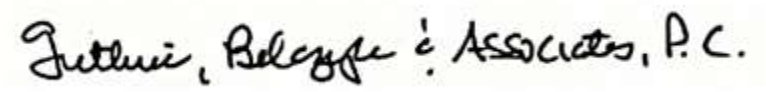

Supplemental Schedules Required by ERISA

The supplemental schedules of Assets (Held at End of Year) and Delinquent Participant Contributions as of or for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the **AQUATECH INTERNATIONAL LLC 401(k) PROFIT SHARING PLAN** (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company who have completed the required months of service time and are age twenty or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute a percentage of their annual compensation to the Plan, subject to certain limitations, as described in the Plan and imposed by law. Participants direct the investment of their contributions into various investment options offered by the Plan.

Fluid Recovery Services LLC

Employees of Fluid Recovery Services LLC with balances in their 401(k) accounts prior to May 2013 received a 6% matching contribution. These employees were not eligible to participate in the safe harbor portion of the Plan.

Effective January 1, 2024, all employees of Fluid Recovery Services became employees of Aquatech International LLC. This in turn, eliminated all eligibility to receive a 6% matching contribution. All employees are now eligible to participate in the safe harbor portion of the Plan as described below.

Employees of Fluid Recovery Services LLC who did not have a pre-May 2013 balance are eligible to participate in the Aquatech International LLC part of the Plan.

Aquatech International LLC

For employees of Aquatech International LLC (and those who were excluded under the Fluid Recovery Services LLC plan above), the Plan provides a safe harbor provision for the 401(k) portion of the plan, allowing for a matching contribution of 100% of deferrals up to 3% of compensation, and a 50% matching contribution for deferrals between 3% and 5% of compensation.

The Plan also permits discretionary profit sharing contributions (for all employees) to be made by the Company, not limited to current or accumulated net profits. There were no profit sharing contributions made for the plan years ended December 31, 2025 and 2024.

Note 1 - Description of Plan (continued)

Participant Accounts

Each participant's account is credited with (a) the participant's elective deferral contributions, (b) employer matching and discretionary (if any) contributions, (c) any employee rollover contributions, and (d) an allocation of plan income or loss, and is charged with an allocation of plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Vesting in the various components of the Plan occurs as follows:

Fluid Recovery Services LLC

Employees in the Fluid Recovery Services LLC portion of the Plan (with balances in their accounts prior to May 2013) became fully vested after the completion of three years of service under a Cliff Vesting Schedule.

Aquatech International LLC

Participants are immediately vested in all voluntary, safe harbor (if any), and rollover contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Vesting schedule for Employer Contributions:

Years of Service	Vested Percentage
1	0%
2	25%
3	50%
4	75%
5	100%

Investment Options

Upon enrollment in the Plan, participants may direct their contributions, the Company's matching contribution, and the Company's qualified non-elective contributions, if any, in a variety of investment options as more fully described in the Plan's literature. Participants may change their investment options at any time.

Note 1 - Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts for hardship or general purposes subject to certain limitations as outlined in the plan document and loan policy. Participants may not receive a loan of less than $1,000.

Type of Loan	Purpose Limitation	Loan Limitation
Hardship	up to 50% of vested balance	up to 50% of vested balance
General	up to 25% of vested balance	up to 25% of vested balance

Loan transactions are treated as a transfer to (from) the investment funds from (to) the Participant Loan fund. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Interest rates range from 4.25% to 9.50%. Principal and interest are repaid ratably through payroll deductions.

All loans are secured by the balance in the participant's account.

Payment of Benefits

Benefit payments to separated participants (when requested) are paid in the form of a single lump sum payment.

In-service distributions are permitted under the Plan to participants who have attained the age of 59½ or who have reached normal retirement age (65 years of age). Distributions can only be made from accounts in which the participant is 100% vested.

Qualified Reservist distributions are available in accordance with specific Plan provisions.

Hardship distributions are permitted from all accounts in which the participant is fully vested.

Plan Fiduciary

Ameritas Life Insurance Corporation is the current Plan investment fiduciary and has served in that capacity since September 1, 2011.

Plan Amendment

Effective May 22, 2025, the Plan was amended to: (a) update the name of the plan from **AQUATECH INTERNATIONAL LLC / FLUID RECOVERY SERVICES LLC EMPLOYEES' 401(k) PROFIT SHARING PLAN** to **AQUATECH INTERNATIONAL LLC 401(k) PROFIT SHARING PLAN**; (b) remove Fluid Recovery Services LLC and Aquatech Energy Services LLC as participating employers; and (c) permit In-Plan Roth Rollovers and In-Plan Roth Transfers.

Note 1 - Description of Plan (continued)

Forfeited Accounts

Forfeited nonvested accounts are applied to reduce future Employer contributions. During each of the years ended December 31, 2025 and 2024, there were $0 of forfeited participant accounts used to reduce the Company's contributions.

Forfeited nonvested accounts available for use at each of the years ended December 31, 2025 and 2024, totaled $34 and $1, respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Net Appreciation (Depreciation)

The Plan presents, in the statement of changes in net assets available for plan benefits, the net appreciation (depreciation) in the value of its investments, reported at fair value, which consists of the realized gains and losses and the unrealized appreciation and depreciation on those investments.

Investment Valuation

Investments (other than the Guaranteed Investment Account) are reported at Fair Value in accordance with Financial Accounting Standards Board Codification (ASC) 820-10, *Fair Value Measurements*. Fair Value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, and establishes a framework for measuring fair value.

Guaranteed Investment Account

Plan assets invested in fully benefit-responsive contracts are reported at contract value in accordance with Accounting Standards Codification (ASC) 962, Plan Accounting-Defined Contribution Pension Plans, as updated by ASU 2015-12.

Note 2 - Summary of Significant Accounting Policies (continued)

Income Recognition

Purchases and sales of investments are recorded on a trade-date basis. Interest and dividend income are recorded on the accrual basis.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Excess Contributions Payable

Amounts refundable by the Plan to participants for contributions made in excess of limits prescribed by the Internal Revenue Service are recorded as liabilities. These amounts are captioned as "Corrective distributions" on the statements of net assets available for plan benefits and are used to reduce contributions in the respective year. There were no excess contributions for either of the years ended December 31, 2025 and 2024.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Statement Reclassifications

Certain reclassifications may have been made in the prior year's amounts to conform with current year statement presentation.

Subsequent Events

Subsequent events have been evaluated through October 9, 2026, which is the date the financial statements were available to be issued.

Note 3 – Guaranteed Investment Account

The Guaranteed Investment Account is a fully benefit-responsive investment contract with Ameritas Life Insurance Corporation. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute.

The Ameritas Guaranteed Account earns a declared interest rate for new deposits in each calendar quarter. Subsequent to the initial guaranteed period, a renewal guarantee is applied for deposits made in the calendar quarter in all prior years. Subsequent annual renewal rates will continue in future years.

Interest rate guarantees of the Ameritas Guaranteed Account are backed by assets held by the Ameritas general account. Credited rates are set based on yields earned on new purchases of fixed income securities for the general account for new deposits each quarter. Subsequent renewal rates are based on the investment performance of the general account at the time of renewal. Credited rates are guaranteed for the duration of the guaranteed period, and do not vary with the subsequent performance of assets of the general account which back these guarantees.

The contract value of funds held in the Ameritas Guaranteed Account generally represents principal plus accrued interest.

The average yield in the plan is the percentage earnings credited in the Guaranteed Account for the period January 1st to December 31st of the applicable year, based on the end of year value of Guaranteed Account assets. These earnings represent the entire investment return of the Guaranteed Account within this contract.

The weighted average interest crediting rate is the weighted average of all new and renewal rates of the contract for each calendar quarter. These rates are guaranteed for the entire duration of the guaranteed period and do not vary with the subsequent performance of assets of the Ameritas general account which back these guarantees.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, certain events may limit the ability of the plan sponsor and/or plan participants to transact at contract value with Ameritas. Examples of these events would include (but would not be limited to) premature termination of this contract and termination of the retirement plan.

In these examples, the contract value could be reduced by any applicable surrender charges upon distribution of contract funds. Under no event may Ameritas terminate this contract and settle at an amount different from contract value.

Note 3 – Guaranteed Investment Account (continued)

Information relative to the Ameritas Guaranteed Account at December 31:

	2025	2024
Contract value	$ 4,254,816	$ 4,059,606
Average yield	3.44%	3.55%
Weighted average interest crediting rate	3.48%	3.53%

Note 4 - Fair Value Measurement

The Plan has adopted the provisions of Fair Value Measurement, Accounting Standards Codification (ASC) 820-10. This topic requires disclosures about fair value measurements in financial statements based on hierarchical levels directly related to the amount of subjectivity associated with the inputs used to determine the fair value of financial instruments. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

In determining fair value, the Plan utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated or generally unobservable inputs and minimize the use of unobservable inputs. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs.

The inputs or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

Accounting Standards Codification (ASC) 820-10 establishes a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

- **Level 1** - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2** - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 - Fair Value Measurement (continued)

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value:

> **Pooled Separate Accounts** – Pooled separate accounts are valued at the net asset value of the shares held by the plan at year end and are classified in Level 1.

These funds are considered open-end mutual funds, meaning that the fund is ready to redeem its shares at any time and offers its shares for sale to the public, either through retail outlets or through institutional investors continuously. For institutional funds, NAV's are received daily from fund managers, and the managers stand ready to transact at these quoted amounts.

Were the plan to initiate a full redemption of the trust, the insurance company custodian (Ameritas Life) reserves the right to temporarily delay payment from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The insurance company custodian (Ameritas Life) transacts in these funds on a daily basis as part of the separate account trading activity.

The calculation of the NAV for funds composed of other funds (e.g., retirement target date funds) is essentially the same as the calculation of the NAV for any other fund: the total market value of assets across all underlying funds less any liabilities is divided by the outstanding shares. Again, this resulting NAV is published and/or the fund managers are ready to transact at the quoted prices.

The following tables present the Plan's investments carried at fair value as of December 31, 2025 and 2024, in accordance with ASC 820-10 valuation hierarchy defined above:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 47,437,192	$ 0	$ 0	$ 47,437,192

December 31, 2024

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 40,302,240	$ 0	$ 0	$ 40,302,240

For the years ended December 31, 2025 and 2024, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Note 5 - Information Prepared and Certified by the Custodian (Unaudited)

The following information included in the accompanying financial statements and supplemental schedule (assets held at end of year) was obtained from data that has been prepared and certified to as complete and accurate by Ameritas Life Insurance Corp:

1. Investments by fund group, at fair value
2. Fully benefit-responsive contracts
3. Dividend income
4. Interest income
5. Net appreciation in fair value of investments
6. Reportable transactions
7. Participant loans

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7 - Risk and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Loans are granted to Plan participants that meet certain criteria. See Notes 1 and 2. The market value of the account used to collateralize each loan is subject to fluctuations based on market conditions.

Note 8 – Party-In-Interest Transactions

Ameritas Life Insurance Company provides various investment options. These transactions qualify as exempt party-in-interest transactions. There were no fees paid by the Plan for investment management services for the years ended December 31, 2025 and 2024.

Note 9 - Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for plan benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statement of changes in net assets available for plan benefits.

Note 10 - Income Tax Status

The Plan obtained its latest determination letter dated March 31, 2014, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving that determination letter. However, the plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

The Plan has adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740-10, *Accounting for Uncertainty in Income Taxes*, which clarifies the accounting for uncertainty in income taxes by prescribing the recognition threshold a tax position is required to meet before being recognized in the financial statements. The standard also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition.

Management has reviewed the impact of ASC 740-10 on the accompanying financial statements and has determined that there are no material uncertain tax positions or unrecognized tax benefits and there is no material impact on the financial statements. In addition, there were no penalties or interest recognized on the statement of changes in net assets available for plan benefits.

The Plan's ASC 740-10 evaluation was performed for the tax years 2022 through 2025. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 11 - Concentration of Credit Risk

Plan assets are afforded certain protection under the Securities Investor Protection Corporation in the amount of $500,000 per account type. Plan assets exceeded this amount at times during the years ended December 31, 2025 and 2024.

Note 12 – Delinquent Participant Contributions

During the plan year ended December 31, 2024, the Company failed to remit to the Plan's trustee, in a timely manner, certain contributions and repayments totaling $1,474. Contributions and repayments for the affected pay period were considered prohibited transactions.

The Company prepared the necessary documents and calculated and remitted applicable accrued interest due plus penalties. These corrections were made outside the EBSA Voluntary Fiduciary Correction Program (VFCP) during the December 31, 2025 plan year.
