# INDEPENDENT AUDITOR'S REPORT

To the Participants and the Plan Administrator of the
Constellation PECO Energy Company Retiree Medical Plan

## *Opinion*

We have audited the financial statements of the Constellation PECO Energy Company Retiree Medical Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of plan benefit obligations as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits and of changes in plan benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, information regarding the net assets available for benefits and of plan benefit obligations of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits and changes in its plan benefit obligations for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

## *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

MITCHELL TITUS

***Other Matter – Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## NOTES TO FINANCIAL STATEMENTS
## (Dollars in thousands, unless otherwise noted)

### 1. Plan Description

The following description of the Constellation PECO Energy Company Retiree Medical Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan documents for a more complete description of the Plan's provisions, including eligibility requirements.

**General**

The Plan is an employee welfare benefit plan, established and sponsored by Constellation Energy Generation, LLC ("Constellation" or the "Company"), a subsidiary of Constellation Energy Corporation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan provides medical and dental benefits to certain eligible retirees.

The Administrator of the Plan ("Plan Administrator") is the Company, acting through its Director, Employee Benefit Plans and Programs, or such other person or committee appointed by the Chief Human Resource Officer of the Company. The Plan Administrator has general responsibility for the administration of the Plan and the determination of benefits payable under the Plan.

**Eligibility and Participation**

The Plan provides for participation by eligible retirees of the Company. A fuller description and additional eligibility requirements are set forth in the Plan document. Eligible former employees who were hired before January 1, 2004 and who (a) retire under the early, normal or postponed retirement provisions of the Service Annuity Plan of Constellation PECO Energy Company under the Constellation Retirement Program, or (b) retire immediately after employment with PECO Energy Company ("PECO") or from a facility owned by PECO or certain affiliated companies determined as of October 19, 2000, are eligible for retiree medical and dental benefits.

Eligible former employees hired on or after January 1, 2004 and before January 1, 2018 (January 1, 2023 for non-represented craft employees) and hired at a facility owned by PECO or certain affiliated companies determined as of October 19, 2000 are eligible for health care access and a Retiree Medical Savings Account ("RMSA"), a notional account established to help pay for eligible health care expenses during retirement under the Constellation PECO Energy Company Retiree Medical Savings Account Plan, which is a sub-plan of the Plan.

Eligible retirees under age 65 who are not eligible for a RMSA and were hired before January 1, 2004 may choose between various PPO and EPO/HMO medical and dental plan options, as well as prescription drug coverage options. These plans require retirees to share in the cost of the options through contributions, a deductible, and a portion of claims costs, depending upon which medical option is selected.

Most retirees who are age 65 or older and Medicare-eligible ("Medicare-Eligible Retirees") and were hired before January 1, 2004 are not eligible to participate in the Plan, and instead, receive a fixed annual dollar stipend from the Company under the Constellation Health Reimbursement Arrangement Plan ("HRA Plan") which may be used to purchase health care coverage under a private exchange and pay for certain out-of-pocket medical expenses. Medicare-Eligible Retirees who are eligible for the Plan may choose

among Medicare Supplement and Medicare Advantage medical plan options and are offered an Employer Group Waiver Plan ("EGWP"), a Medicare Part D prescription drug plan.

Current medical and dental claims of retired participants and their covered dependents are provided through self-insured plans and fully insured HMOs. The Company contracts with third-party administrators to pay benefits and administer the Plan according to its provisions.

**Contributions and Funding Policy**

The Plan is funded through a Voluntary Employees' Beneficiary Association, the Constellation PECO Retiree Medical Trust ("Retiree Medical Trust"). The trustee of the Plan is Northern Trust Company (the "Trustee"). The Retiree Medical Trust is used to fund both the Plan and the HRA Plan. Each participating plan will have an undivided interest in the Retiree Medical Trust. The benefit and administrative expenses funded by the Retiree Medical Trust on behalf of participants of the HRA Plan are reflected as net assets used to fund benefits for the HRA Plan on the Statement of Changes in Net Assets Available for Benefits.

The Company and/or retirees contribute funds to the Retiree Medical Trust to pay for current and future claims of retired employees. The Plan's funding policy is subject to the Company's discretion, considering tax-deductible amounts and other factors.

Retiree contributions are established annually, based on the Plan's estimated claims and on the Company's cost-sharing policy. Under the current cost-sharing policy, the portion of estimated Plan costs funded by retirees in any year depends on the retirement date and age at retirement of the retiree population. For employees eligible for an RMSA, starting at age 45, (or in the event an employee begins employment with Constellation after attaining age 45, beginning in the month following the month the employee commences employment with the Company), a notional RMSA is credited with a notional amount for each calendar month the employee is actively employed by the Company. For certain employees, the RMSA also earns notional interest based on the 1-year T-bill rate determined annually as of November 1 of the previous year, subject to a minimum annual interest rate of 4%. Upon retirement, eligible retirees pay the full cost of coverage and can use the RMSA to pay for eligible medical expenses under the Plan for themselves and their eligible dependents.

## 2. Summary of Significant Accounting Policies

**General**

The Plan follows the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

**Benefit Payments**

Benefit payments are recorded upon distribution.

**Administrative Expenses**

Administrative expenses recorded as deductions on the accompanying Statement of Changes in Net Assets Available for Benefits represent expenses incurred in connection with the general administration of the Plan that are specifically identifiable to the Plan but are paid by the Retiree Medical Trust. Certain

investment-related expenses are included in the Plan's interest in the net investment income (loss) of the Retiree Medical Trust and the net appreciation (depreciation) in the fair value of investments presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

**Prescription Rebate Receivable**

Rebates due as of the financial statement date have been reported as a receivable, with the offset being netted against hospital and medical benefit payments in the Statement of Changes in Net Assets Available for Benefits.

**Use of Estimates**

The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of the benefit plan obligations at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

**Recent Accounting Pronouncements**

As of December 31, 2025, there were no recently issued accounting standards not yet adopted which are expected to have a material effect on the Plan's financial statements.

## 3. Retiree Medical Trust

The Retiree Medical Trust became a master trust effective February 1, 2022. The Company established and maintains a trust agreement with the Trustee for the purpose of holding assets of the Plan and the HRA Plan. The Plan and the HRA Plan each have a varying interest in the net assets and net investment income of the Retiree Medical Trust. The Retiree Medical Trust's net assets and net investment income are reported 100% on the Plan's Statements of Net Assets Available for Benefits and Statement of Changes in Net Assets Available for Benefits, respectively. The HRA Plan reports the Retiree Medical Trust's net assets and net investment income in the notes to the financial statements.

## 4. Fair Value Investments

**Recurring Fair Value Measurements**

The plan measures and classifies fair value measurements in accordance with the hierarchy as defined by U.S. GAAP. The hierarchy prioritizes inputs to the valuation techniques used to measure fair value into three levels as follows:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities for which the Master Trust has the ability to liquidate as of the reporting date.

- Level 2 - Inputs other than quoted prices included within Level 1 that are directly observable for the asset or liability or indirectly observable through corroboration with observable market data.

- Level 3 - Unobservable inputs, such as internally developed pricing models or third-party valuations for the asset or liability due to little or no market activity for the asset or liability.

The valuation methods for each investment category are described below.

*Interest-bearing cash.* Investments with original maturities of three months or less when purchased, including certain short-term fixed-income securities and money market funds, are considered interest-bearing cash. The fair values are based on observable market prices and, therefore, have been categorized in Level 1 in the fair value hierarchy.

*Preferred and common corporate stock.* Stock investments are primarily traded on exchanges that contain only actively traded securities due to the volume trading requirements imposed by these exchanges. Preferred and common corporate stocks, including rights and warrants, are valued daily based on quoted market prices in active markets and are categorized as Level 1.

*Real estate.* Income-producing real estate funds are held in a separate account with liquid securities and are valued by the fund managers on a periodic basis. Fund values are based on valuation of the underlying investments which may include inputs such as operating results, discounted future cash flows and market-based comparable data. The valuation inputs are unobservable. Certain real estate investments are redeemable from the investment vehicle quarterly. The fair value is determined using net asset value (NAV) or its equivalent as a practical expedient are not classified within the fair value hierarchy. There are no unfunded commitments with respect to these funds.

*U.S. Government securities.* U.S. Government securities are valued daily based on quoted prices in active markets. Investments in U.S. Treasury notes and bonds trade in highly liquid and transparent markets and are categorized as Level 1. Investments in U.S. Government affiliates are based on evaluated prices that reflect observable market information, such as actual trade information of similar securities, adjusted for observable differences and are categorized as Level 2.

***Retiree Medical Trust Investments***

The following tables present assets measured and recorded at fair value in the Retiree Medical Trust's net assets on a recurring basis as of December 31, 2025 and 2024, and their level within the fair value hierarchy.

**As of December 31, 2025**

(a) - Includes investments in real estate.

## 5. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in these risks in the near term could materially affect investment account balances reported in the Statements of Net Assets Available for Benefits and the amounts reported in the Statement of Changes in Net Assets Available for Benefits.

Plan contributions and benefit obligations are calculated based on certain assumptions pertaining to interest rates and employee demographics, both of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to amounts reported in the Statements of Benefit Obligations or Statement of Changes in Benefit Obligations.

The Plan and the Master Trust invest in certain funds and engage some investment managers that may use derivative financial instruments including futures, forward foreign exchange, and swap contracts. Derivative instruments may be used to mitigate exposure to foreign exchange rate and interest rate fluctuations as well as manage the investment mix in the portfolio. The Plan's exposure is limited to the fund(s) utilizing such derivative investments. Risks of entering into derivatives include the risk of an illiquid market, the inability of a counterparty to perform, or unfavorable movement in foreign currency exchange rates, interest rates, or the underlying securities.

Some investment managers may engage in securities lending programs in which the funds lend securities to borrowers, with the objective of generating additional income. The borrowers of the fund securities deliver collateral to secure each loan in the form of cash, securities or letters of credit and are required to maintain the collateral at a level no less than 100% of the market value of the loaned securities. Cash collateral is invested in common/collective trust funds or collateral pools. Lenders of securities also face the risk that invested cash collateral may become impaired or that the interest paid on loans may exceed the amount earned on the invested collateral. The Plan's exposure is limited to the funds that lend securities.

## 6. Benefit Obligations

Benefit obligations as of December 31, 2025 and 2024, for accrued health care claims and estimated health care claims incurred but not reported at those dates are estimated by the Plan's management based on the Plan's historical claim experience. Because these claims are typically paid within one year of the date incurred, such estimated amounts reported in the accompanying statements of benefit obligations are not discounted.

The postretirement benefit obligations represent the actuarial present value of estimated future benefits that are attributed to employees' service rendered up to the reporting date. Postretirement benefits include future benefits expected to be paid to or for (i) currently retired employees and their eligible beneficiaries and dependents, and (ii) active employees and their eligible dependents and beneficiaries after their retirement from service with the Companies. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the present value of that portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered from attainment of age 45 to the reporting date.

### Actuarial Methods

The actuarial present values of the postretirement benefit obligations were determined by consulting actuaries, Willis Towers Watson, in a valuation as of December 31, 2025 and 2024, and were the amounts that resulted from applying actuarial assumptions to historical claims-cost data to estimate future annual

payments taking into account the time value of money (through use of a discount rate) and the probability of payment (by means of decrements, such as those for death, disability, withdrawal, or retirement) between the date of the actuarial valuation and the expected date of payment. It also reflects the portion of those costs expected to be borne by Medicare, the retired participants, and other providers, and is presented net of the present value of expected future retiree contributions.

The significant actuarial assumptions used in the valuation as of December 31, 2025 and 2024, are as follows:

**As of December 31, 2025**

| | |
|---|---|
| Discount Rate | 5.30% |
| Health Care Cost Trend Rate | Trend rate for all medical benefits is 9.00% for 2026 and 2027, then grading down 0.50% per year for 8 years to an ultimate rate of 5.00% in 2035 and beyond. Trend rate for dental and vision benefits is 4.00% in all years |
| Retirement | Varying rates (between ages 55 and 70) |
| Postretirement mortality basis | The Pri-2012 Mortality Table projected with the MP-2021 improvement scale with ultimate mortality improvement rate converging to Proxy SSA mortality |

**As of December 31, 2024**

| | |
|---|---|
| Discount Rate | 5.63% |
| Health Care Cost Trend Rate | Trend rate for all medical benefits is 7.00% for 2025, grading down 0.25% per year for 8 years to an ultimate rate of 5.00% in 2033 and beyond. Trend rate for dental and vision benefits is 4.00% in all years |
| Retirement | Varying rates (between ages 55 and 70) |
| Postretirement mortality basis | The Pri-2012 Mortality Table projected with the MP-2021 improvement scale with ultimate mortality improvement rate converging to Proxy SSA mortality |

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

## 7. Plan Termination

The Plan may be amended, modified or terminated by the Company at any time, subject to requirements set forth by ERISA. In the event of termination of the Plan, all assets held in the Retiree Medical Trust would be used to provide benefits contemplated in the Plan and the HRA Plan.

## 8. Income Tax Status

The Internal Revenue Service ("IRS") has issued a determination letter dated May 22, 2024 that the Trust is exempt from federal income tax under the provisions of Section 501(c)(9) of the Internal Revenue Code. Certain investment income of a Section 501(c)(9) trust is subject to federal and state income tax as "unrelated business income" if the funds held by the trust are in excess of prescribed limits and such income is earned on funds set aside to pay benefits of participants who are not covered by a collective bargaining agreement. The Plan Administrator believes that the Trust and the Plan, as amended, are being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the Trust remain tax exempt.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that would more-likely-than-not be sustained upon examination by the applicable authorities. The Company has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there were no uncertain tax positions taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 9. Related-Party and Party-in-Interest Transactions

Investment options in the Plan are managed by the Trustee or its affiliates. The Company provides certain administrative services, which includes administration, investment, and accounting services to the Plan. These payments qualify as exempt party-in-interest transactions, in accordance with ERISA. There have been no known prohibited transactions with a party-in-interest.

## 10. Reconciliation of Financial Statements to Form 5500

Accrued health claims payable and health claims incurred but not reported are recorded as benefits payable to participants in the Plan's Form 5500, but are recorded as an obligation in the Plan's financial statements in accordance with U.S. GAAP. As of December 31, 2025 and 2024, the Plan had total benefit obligations of $161,682 and $154,533, respectively. These amounts are not recorded as a Plan liability on the Plan's Form 5500.

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

| | December 31, | |
|---|---|---|
| *(in thousands of dollars)* | **2025** | **2024** |
| Net assets available for benefits per the financial statements | $ 62,851 | $ 94,226 |
| *Less:* Accrued health claims payable | (961) | (739) |
| *Less:* Health claims incurred but not reported | (1,571) | (1,583) |
| Net assets available for benefits per Form 5500 | $ 60,319 | $ 91,904 |

The following is a reconciliation of medical and dental benefits paid to participants per the financial statements to Form 5500:

| *(in thousands of dollars)* | December 31, 2025 |
|---|---|
| Benefit payments per the financial statements | $ 20,398 |
| *Add:* Health claims payable, end of year | 961 |
| *Add:* Health claims incurred but not reported, end of year | 1,571 |
| *Less:* Health claims payable, beginning of year | (739) |
| *Less:* Health claims incurred but not reported, beginning of year | (1,583) |
| Benefit payments per the Form 5500 | $ 20,608 |

## 11. Subsequent Events

The Plan's management evaluated subsequent events through September 25, 2026, the date the financial statements were available to be issued, and determined that there were no additional subsequent events to be recognized or disclosed in the financial statements.

**(1)** Name: **(2)** EIN:

**d** The opinion of an independent qualified public accountant is **not attached** because:

**(1)** ☐ This form is filed for a CCT, PSA, or MTIA. **(2)** ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

## Part IV Compliance Questions

**4** CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

| | | Yes | No | Amount |
|---|---|---|---|---|
| **a** Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.) | **4a** | | | |
| **b** Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible?
