INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Distribution Technology, Inc. 401(k) Retirement Plan
Charlotte, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of **Distribution Technology, Inc. 401(k) Retirement Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the **Distribution Technology, Inc. 401(k) Retirement Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Ascensus Trust Company as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Distribution Technology, Inc. 401(k) Retirement Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Distribution Technology, Inc. 401(k) Retirement Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Distribution Technology, Inc. 401(k) Retirement Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Distribution Technology, Inc. 401(k) Retirement Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DISTRIBUTION TECHNOLOGY, INC.
401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF THE PLAN:

The following description of the Distribution Technology, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan is sponsored solely by Distribution Technology, Inc. (the Employer).

General - The Plan is a defined contribution retirement savings plan under Section 401(k) of the Internal Revenue Code and covers all employees who have at least three months of service at the plan entry date. It is subject to the provisions of the Employee Retirement Income Security Act of 1974. The Plan is not covered by the Pension Benefit Guarantee Corporation. Additionally, the Plan assets have no other form of insurance. The Plan provides several investment options, all of which are participant directed. The employer allows eligible employees to enter the Plan on January 1, April 1, July 1, and October 1.

Contributions - Salary deferral contributions may be made by all eligible employees. Salary deferral contributions shall not exceed the amounts prescribed by the Secretary of the Treasury. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they have affirmatively elected not to participate in the Plan. Automatically enrolled participants have their rate set at 4% of eligible compensation unless changes by the participant. Employer matching contributions equal a percentage as determined annually by the Employer. In 2025 and 2024, this was 25 percent of the employees' contributions that did not exceed 6 percent of the employees' compensation. All Employer contributions are subject to the vesting percentage. Voluntary contributions by plan participants in excess of salary deferral contributions are not permitted.

Participant accounts - Each participant's account is credited with the participant's contributions, the Employer's matching contributions and the net earnings or losses of the participant's investment account. Allocated earnings are based on participant account balances as defined in the Plan. The benefits to which a participant is entitled are the benefits that can be provided from the participant's account. Changes in the underlying value of investments selected by participants will affect the benefits to which a participant is entitled.

Vesting - A participant is 100 percent vested in Employer contributions and related earnings upon the occurrence of any of the following:

- Attaining normal retirement age.
- Employment terminates as a result of death or disability.

If a participant's employment terminates prior to retirement for any reason other than death or disability, then vesting is based on a six-year schedule, with increments of 20 percent vesting beginning in the second year and continuing until the participant is 100 percent vested after the sixth year. Each participant is immediately 100 percent vested in his or her salary deferred contribution and related earnings. Forfeitures are used to pay reasonable Plan expenses.

Payment of benefits - Participants are eligible for the payment of benefits in the event of separation of service, death or disability, retirement, and severe financial hardship, as well as for in-service disbursements once the participant has achieved the age of 59 and 1/2 and is fully vested. Upon termination of employment with the Employer, any participant account with a vested account balance that is less than $5,000 will automatically be paid to the participant as a lump sum distribution unless otherwise directed by the terminated employee/participant.

N**otes receivable from participants** - The Plan allows for loans to participants. The minimum amount for each loan is $1,000, and the maximum is the lesser of 50 percent of the participant's vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at market rates. Participants may borrow from their fund accounts up to a maximum equal to the lessor of $50,000 or fifty percent of their account balance. The loans are repaid ratably through monthly payroll deductions over the terms of the loan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates - The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments - The Plan's investment securities are stated at fair value, based on quoted market prices. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded as earned.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits - Benefits are recorded when paid.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES:

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the trustees have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

Years ended December 31,	2025	2024
Assets:		
Cash investment in life insurance	$71,240	$71,240
Common and collective trust	4,621,857	4,165,269
Mutual funds	5,633,657	4,959,321
Notes receivable from participants	315,853	292,275
	$10,642,607	$9,488,105

Years ended December 31,	2025	2024
Investment income:		
Income on mutual funds and and common and collective trust	$51,445	$49,516
Net realized gain on common collective trust	151,266	638,596
Net realized gain on mutual funds	61,706	85,436
Net appreciation on mutual funds	949,487	342,536
Capital gains	150,029	88,154
Other	(7,391)	(8,031)
Interest on notes receivable from participants	21,333	21,795
Total of all investment income	$1,377,875	$1,218,002
Investment loss:		
Net depreciation on common collective trust	($54,058)	($195,484)
Total of all investment losses	($54,058)	($195,484)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS:

The Fair Value Measurements Topic of the Financial Accounting Standards Board ("FASB") Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in active markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liabilities have a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Common and collective trust: Valued at NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table shows all the Plan's investments, at fair value, as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$5,633,657	$ -	$ -	$5,633,657
Investments measured at NAV				4,621,857
Total investments at fair value				$10,255,514

The following table shows all the Plan's investments, at fair value, as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$4,959,321	$ -	$ -	$4,959,321
Investments measured at NAV				4,165,269
Total investments at fair value				$9,124,590

The following summarizes investments measured at fair value based on NAV per share as of December 31:

	Fair Value at December 31, 2025	Fair Value at December 31, 2024	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Union Bond & Trust Company	$743,631	$727,512	n/a	Daily	30 days
Alta Trust, International Equity	$554,180	$493,974	n/a	Daily	30 days
Alta Trust, Income	$471,027	$394,970	n/a	Daily	30 days

Alta Trust, Resources Diversified Fixed Income Class 1	$830,096	$724,066	n/a	Daily	30 days

5. INCOME TAX STATUS:

The Plan administrator has chosen to rely on an opinion letter from the third-party administrator that the Plan is qualified under Internal Revenue Code Section 401. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more than likely would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations prior to 2021.

The differences between the 2025 financial statements and the 2025 Form 5500 consist of the following:

	Statement of Net Assets Available For Benefits	Form 5500	Difference
Common and collective trust	$4,621,857	$6,482,656	($1,860,799)

Benefits paid to participants	($1,469,262)	($1,460,722)	($8,540)
			$984

6. PLAN TERMINATION:

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

7. FORFEITURES:

During the year ended December 31, 2025, the Employer used $3,740 in forfeitures to reduce its matching contribution. There were no forfeitures used to reduce matching contributions during the year ended December 31, 2024.

8. PARTIES-IN-INTEREST:

Party-in-interest transactions occurred with the Plan's auditors and investment advisors. The Employer pays the auditor's fees and the plan pays the investment advisor fees.

9. RISKS AND UNCERTAINTIES:

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. SUBSEQUENT EVENTS:

Events and transactions occurring after December 31, 2025 have been evaluated to determine proper recognition and disclosure in the financial statements. Subsequent events and transactions were evaluated through October 6, 2026, which represents the date the financial statements were available to be issued.
