Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of North American Signs, Inc. Deferred Compensation Plan and Trust 1 (f/k/a North American Signs, Inc. Deferred Compensation Plan and Trust) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the North American Signs, Inc. Deferred Compensation Plan and Trust 1 (f/k/a North American Signs, Inc. Deferred Compensation Plan and Trust) (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan sponsored by North American Signs, Inc. (the "Company" or "Employer"). Effective December 31, 2025, the Plan generally covers eligible non-manufacturing and non-installation employees who have attained age 18 and completed three months of service and whose last name as of December 31, 2025, or original date of hire, if later, begins with a letter from A through M. The N-through-Z employee class was designated for Plan 2 as described below. Other Plan eligibility requirements and exclusions continue to apply. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective December 31, 2025, the Plan was renamed North American Signs, Inc. Deferred Compensation Plan and Trust 1 in connection with an amendment that divided the existing plan into two separate qualified defined contribution plans.

Contributions: Participants are allowed to contribute up to 100% of their eligible compensation, as defined by the Plan, limited to the maximum amount established by the Internal Revenue Service (“IRS”). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan allows elective catch-up contributions of amounts established by the IRS for those participants who have attained age 50 by the close of the Plan year. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to contribute to the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company makes discretionary matching contributions of 100% on the first 1% of compensation plus a graduating scale of up to 50% on the next 4% of compensation that employees contribute to the Plan. The Company may also make discretionary profit-sharing contributions. The Company contributed $78,743 in discretionary matching contributions and $74,425 in discretionary profit-sharing contributions to the Plan for the year ended December 31, 2025. The Company contributed $134,636 in discretionary matching contributions and $144,130 in discretionary profit-sharing contributions to the Plan for the year ended December 31, 2024.

Participant Accounts: Each participant’s account is credited with the participant’s contributions and an allocation of Employer contributions and Plan earnings (losses) and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants direct the investment of their contributions and Company contributions into various investment options available under the Plan.

Vesting: Participants are immediately vested in their contributions and discretionary matching contributions plus actual earnings thereon. Vesting in discretionary profit-sharing contributions is based on years of continuous service. Participants are 20% vested in profit-sharing contributions after two years of credited service and vest at a rate of 20% per year thereafter and become 100% vested after six years of credited service. In addition, profit-sharing contributions become 100% vested upon a participant’s attainment of age 65, death or disability, in each case while still employed with the Company.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits: Upon termination of service, a participant (or their beneficiaries upon death of the participant) is eligible to receive an amount equal to the vested interest of his or her account in a lump-sum payment or in various installment annuities. In-service withdrawals are also permitted for active participants who have attained age 59½. In addition, participants may make "hardship withdrawals," as defined by the Plan.

Notes Receivable from Participants: Participants may borrow from their account a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account, bear interest at prevailing interest rates, and cannot exceed five years unless the loan is for the purchase of a principal residence. Principal and interest are paid through payroll deductions.

Forfeitures: Forfeitures of nonvested account balances of terminated participants are used to pay administrative expenses of the Plan or to reduce Employer contributions. During the year ended December 31, 2025 and 2024, forfeitures of $7,406 and $6,653, respectively, were used to reduce administrative expenses. There were no balances in the forfeited nonvested accounts at December 31, 2025 and 2024.

Transfers: Effective December 31, 2025, the Company amended the Plan and adopted North American Signs, Inc. Deferred Compensation Plan and Trust 2 ("Plan 2"). N-through-Z participant account balances totaling $4,720,068 were transferred to Plan 2 on that date. The Plan's TPA, trustee, and recordkeeper confirmed that the accounts belonged to Plan 2 at year-end and subsequent activity followed them. Accordingly, Plan 1 derecognized the transferred assets as of December 31, 2025. The custodian completed the physical transfer in January 2026.

Administrative and Investment Management Expenses: Plan recordkeeping and custodial fees are paid by the Plan and reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in investment income reported by the Plan. All other expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of investments are reflected on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties for Investments: The Plan provides for various investment options. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest.

Transfers Between Plans: Transfers of participant account balances to other qualified defined contribution plans are recognized when the transfer is authorized under the applicable plan documents and the participants' account balances become payable to the receiving plan. Amounts pending transfer at year-end are reported as transfer payables within the statement of net assets available for benefits. Transfers between qualified plans are reported separately from benefit payments in the statement of changes in net assets available for benefits.

Benefit Payments: Benefits are recorded when paid.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through September 30, 2026, the date the financial statements were available to be issued.

NOTE 3 - CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by 1st Source Bank, the trustee of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Investment Account: The Plan holds an investment in an American Trust Custody Deposit Management Program (referred to as "DepositxChange"), which is a multi-bank cash deposit option for participants that functions like a daily accrual money market mutual fund but with the added benefit of FDIC insurance eligibility. All balances managed through the program are in bank deposit accounts with a group of participating banks and earn interest at a blended rate, with rates reset either monthly or quarterly as provided by the participating banks. As a practical expedient, the fair value of this investment is based on the net asset value per unit as provided by the fund manager. The investment provides for redemptions at a daily price of $1 per unit, with no advance notification requirement or redemption restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value as of December 31, 2025 on a recurring basis are summarized below:

	Level 1	Total
Mutual funds	$ 2,801,866	$ 2,801,866
Collective investment account *	-	494,494
	$ 2,801,866	$ 3,296,360

Investments measured at fair value as of December 31, 2024 on a recurring basis are summarized below:

	Level 1	Total
Mutual funds	$ 6,801,236	$ 6,801,236
Collective investment account *	-	728,848
	$ 6,801,236	$ 7,530,084

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company profit-sharing contributions and earnings thereon.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others. Investment management fees paid by the Plan to investment managers, which are parties-in-interest, are reflected in the financial statements as a reduction of the return on the Plan's investments. Recordkeeping and custodial fees also qualify as parties-in-interest transactions. The Company provides certain accounting, recordkeeping and administrative services to the Plan for which it receives no compensation. Certain fees are paid by the Company for administration of the Plan. Notes receivable from participants are also considered party-in-interest transactions.

NOTE 7 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating the prototype plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. The Plan was amended effective December 31, 2025. Plan management believes that the Plan, as amended, is currently being operated in accordance with the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500
