Independent Auditor's Report

To the Administrative Committee of
PPG Health 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of PPG Health 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter: Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of PPG Health, (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to of the Company who have one (1) year of service and are age nineteen (19) or older. The Plan was formed on January 1, 2017 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is defined by Section 401(k) of the Internal Revenue Code (IRC).

Eligibility

Any employee who is nineteen (19) years of age is eligible to become a participant in the Plan on the first day of the Plan year quarter coinciding with or the next following date he or she completes one (1) year of service.

Employee Salary Reduction Election

A participant may elect to defer up to ninety percent (90%) of his or her compensation each year instead of receiving that amount in cash. However, total deferred compensation may not exceed the limits set by Internal Revenue Code Sections 401(k), 404, and 415. In addition, participants who are age fifty (50) or over before the close of the plan year are eligible to make catch-up contributions subject to the limitations imposed by the IRC.

Contributions

Elective Contributions
Participants may elect to make pre-tax and, where permitted, Roth salary deferral contributions to the Plan. Plan sponsor remits participant contributions to the Plan in accordance with the Plan provisions and applicable Department of Labor regulations. Participant contributions withheld from employees' compensation become Plan assets as of the earliest date on which such amounts can reasonably be segregated from the plan sponsor general assets and are remitted to the Plan's trust as soon as administratively practicable.

Employer Safe Harbor Matching Contributions
The Company makes a safe harbor matching contribution in an amount equal to one hundred percent (100%) of the participant's deferred compensation not in excess of four percent (4%). This safe harbor matching contribution is one hundred percent (100%) vested. The Company may make a discretionary matching contribution in amounts to be determined by the Company.

1. Description of Plan (continued)

Contributions (continued)

Employer Matching Contributions
The employer makes a matching contribution equal to a discretionary percentage, to be determined by the participating employer, of the participant's deferred compensation. The participating employer may determine a separate discretionary matching contribution for Participants working in different business units or locations. The matching contributions are not immediately fully vested and are subject to a six-year vesting schedule described below under Vesting section.

Rollover Contributions
The Plan may accept a rollover contribution on behalf of all participants as well as any employee, regardless of whether such employee has met the age and service requirements of the Plan.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are 100% vested in their individual deferral, rollover contributions, employer matching contributions, employer nonelective contributions and the allocated earnings thereon.

Forfeited Accounts
Forfeitures represent the portion of non-vested employer matching contributions remaining in the Plan for terminated employees and may be used to reduce the employer matching contribution and to cover the costs of administration of the Plan. There were $0 forfeitures applied toward employer contributions for the year ended December 31, 2025.

Distribution of Benefits

Upon Retirement
Distributions may be made to a participant who has not separated from service when he or she attains age fifty-nine and one-half (59 ½). Distributions may be deferred until a participant reaches age sixty-five (65) if that participant continues to be employed by the Company. Payment may be in the form of a single lump-sum payment or partial withdrawals.

Upon Termination of Employment
A participant may elect to have his or her account balance distributed as soon as administratively feasible following termination of employment. However, if the value of the vested account balance does not exceed $7,000, then a distribution will be made regardless of whether a consent was obtained or not.

1. Description of Plan (continued)

Distributions (continued)

Hardship Distributions
A participant may withdraw money for financial hardship if he or she satisfies certain conditions. Hardship distributions can only be made from salary deferral and rollover accounts which are 100% vested and a participant must be employed with the Employer at the time of the hardship distribution.

Upon disability
A participant's account is distributable upon a participant's disability. Payment may be in the form of a lump-sum distribution or partial withdrawal.

Upon Death
Distributions upon the death of a participant shall be made to his or her designated beneficiary in a single lump-sum payment or partial withdrawals.

Administrative Fees

Distribution and loan fees are charged directly to the requesting participant's account. The Company absorbs the majority of all other administrative fees of the Plan. If expenses paid by the Plan are allocated to participants, expenses are either proportionately based on the value of the account balances or as an equal dollar amount based on the number of the participants in the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her elective deferrals to a variety of investment. If a participant does not direct his or her investment, then his or her account will be invested in accordance with the default investment alternatives established under the Plan. Participant accounts are segregated for purpose of determining the earnings or losses on his or her investment options.

Participant Loans

Participants may borrow from his or her account with a maximum loan amount not to exceed the lesser of (a) $50,000 reduced by the excess, if any, of the participant's highest outstanding balance of loans from the Plan during the one-year period or (b) one-half (½) of a participant's vested account balance. The minimum amount of a loan is $1,000. A participant may only have one (1) loan outstanding at any time. Principal and interest are repaid by the participant's payroll deductions or checks (only for prepayments). Loans are secured by the balance in the participant's account and bear interest at two percent (2%) over the prime interest rate.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions

Participant contributions are recognized in the period during which payroll deductions are made. Employer matching and safe harbor contributions are recognized in accordance with the provisions of the Plan and are accrued when the related obligation is incurred. Contributions receivable represent amounts due to the Plan that have not been remitted as of year-end.

Benefit Payments

Benefit payments to participants are recorded when paid.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Account
The Plan invests in pooled separate accounts for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV of units, as determined by Custodian, as the estimated fair value. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics. The pooled separate accounts are not required to be classified within a level at the Fair Value hierarchy.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2025	Fair Value at December 31, 2024	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Pooled separate accounts	$ 14,006,370	$ 12,370,585	None	Daily	None

3. Fair Value Measurements (continued)

Pooled separate accounts are comprised of allocation funds, income funds, and growth funds. Allocation funds seek long term capital growth by diversifying investments while managing asset allocation on an ongoing basis. Income funds seek current income consistent with preservation of capital by investing primarily in a diversified pool of fixed-income securities. Growth funds seek long term capital appreciation and income by investing in stocks of various sizes and mixed characteristics.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Information Prepared and Certified by Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company ("John Hancock"), a qualified institution, has certified the following cash, investments and notes receivable information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Cash, investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.

- Investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

- Investments and notes receivable from participants information included in the accompanying Schedule of Assets (Held at End of Year) as of December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Investment at Contract Value

The Plan's stable value investment is invested in the John Hancock Stable Value Fund Collective Investment Trust, which invests primarily in benefit-responsive investment contracts ("investment contracts" or "stabilizing agreements"). The Fund is managed by John Hancock and is designed to preserve principal, provide liquidity for participant-directed withdrawals at book value, and earn current income over the long term.

Investments in the Fund accrue interest at the applicable monthly crediting rate, which is established using a formula agreed upon by the stability providers and John Hancock Life Insurance Company (U.S.A.). Because the crediting rate is based on book value accounting, the market value of the underlying assets may be greater than or less than the book value of the Fund, and such differences are considered when establishing future crediting rates. Participant withdrawals and transfers are generally paid at book value; however, withdrawals resulting from certain plan sponsor actions may be subject to a market value adjustment or delayed payment provisions.

These contracts are designed to provide principal stability and support participant-directed transactions at contract value. Investment contract balances at December 31, 2025 and 2024 were $43,564 and $35,938, respectively. The Fund credited participants at a net crediting rate of approximately 2.50% for 2025 and approximately 3.00% for 2024.

6. Related-Party Transactions and Party in Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Plan paid $29,968 of recordkeeping fees to John Hancock Life Insurance Company, $2,300 of third-party administrator fees to NOVA 401k Associates and $34,992 of investment advisory fees to USI Securities, Inc. during the year ended December 31, 2025. The Company provides certain administrative services at no cost to the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances, and the amounts reported in the statement of net assets available for benefits.

9. Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Company and Plan Administrator believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Reclassifications

Certain accounts in the 2024 financial statements have been reclassified for comparative purposes to conform with presentation in the 2025 financial statements.

11. Date of Management's Review

Subsequent events have been evaluated through September 21, 2026, the report issuance date.
