Independent Auditor's Report

To the Plan Administrator
MicroCare, LLC Salary Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MicroCare, LLC Salary Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of MicroCare, LLC Salary Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering all eligible employees of MicroCare, LLC (the "Company"). Employees aged 21 or older are eligible to participant in the Plan as of the first day of the month coinciding with or following the completion of one month of service. Leased employees and residents of Puerto Rico are excluded from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Directors is responsible for oversight of the Plan. The Plan's Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

On August 8, 2025, MicroCare, LLC was acquired by Seawolf Topco, LLC pursuant to a stock purchase agreement. Under the terms of the agreement, Seawolf Topco, LLC acquired 100% controlling interest of the Company's outstanding equity interest. Seawolf Topco, LLC is now the holding company for MicroCare, LLC. There were no significant changes to the Plan as a result of this transaction.

Contributions

Each year, participants may make salary deferral contributions to the Plan up to 100% of their pre-tax compensation, as defined by the Plan. Participants may designate all or a portion of their salary deferral contributions as Roth deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have attained age 60, 61, 62 or 63 on or after January 1, 2025, are eligible to make greater super catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover). The Plan contains an auto-enrollment provision whereby all employees with no affirmative deferral election are automatically enrolled in the Plan unless they elect not to participate. Automatically enrolled participants have their pre-tax deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Each subsequent Plan year, this automatic deferral rate will be increased by 1% up to a maximum deferral rate of 6%.

The Company will make a safe harbor matching contribution to the Plan equal to 100% of the first 4% of compensation that a participant contributes to the Plan. The Company may make additional discretionary matching contributions to the Plan. However, the Company elected not to make any additional discretionary matching contributions to the Plan for the year ended December 31, 2025.

The Company may also make discretionary nonelective contributions to the Plan. The Company will decide each year whether to make a discretionary nonelective contribution on behalf of eligible participants. Participants must have completed at least 1,000 hours of service during the Plan year and be actively employed on the last day of the Plan year to receive an allocation of any discretionary nonelective contributions. However, the Company elected not to make any discretionary nonelective contributions to the Plan for the year ended December 31, 2025. Participants direct the investment of all contributions. The Plan currently offers a variety of mutual funds, a money market fund and a common collective trust as investment options for participants. All contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant accounts
Each participant's account is credited with the participant's contributions, Company safe harbor matching contributions and any discretionary matching contributions, as well as allocations of any discretionary nonelective contributions and Plan earnings. Participant accounts are also charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their contributions and Company contributions plus actual earnings thereon.

Notes receivable from participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account. The loan interest is set at 1% above the prime rate on the first business day of the month, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of benefits
Upon termination of service for any reason, participants with an account balance of $7,000 or less will receive a lump-sum amount equal to the value of the vested interest in their account. For participants with an account balance greater than $1,000, but less than $7,000, the Plan administrator will make a direct rollover of the participant's account to an individual retirement account designated by the Plan administrator, unless otherwise directed by the participant. Participants with an account balance greater than $7,000 will have the option to receive their vested benefit in the form of a lump-sum distribution, as installments, or defer payment of benefits until a later date.

Participants who are at least 59½ years of age may withdraw all or a portion of their vested account balances prior to termination. Participants may withdraw all or a portion of the rollover portion of their account at any time.

Note 2 - Summary of accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, distribution fees and certain asset-based recordkeeping and investment management fees are charged directly to the participant's account and are included in administrative expenses. Other indirect investment related expenses are included in the net appreciation in fair value of investments.

Contributions
Contributions from Plan participants and the Company's safe harbor matching contributions and any discretionary matching contributions are recorded in the year in which the employee contributions are withheld from compensation. Any nonelective contributions from the Company are recorded in the year in which the contributions are earned.

Subsequent events
The Plan has evaluated subsequent events through October 8, 2026, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board issued Accounting Standards Codification Topic 820, *Fair Value Measurement*, are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2: Inputs to the valuation methodology include:

  - Quoted prices for similar assets or liabilities in active markets;

  - Quoted prices for identical or similar assets or liabilities in inactive markets;

  - Inputs other than quoted prices that are observable for the asset or liability; and

  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds and money market fund: Valued at the daily closing price as reported by the funds. The mutual funds and money market fund held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the trustee reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at fair value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investments measured in the fair value hierarchy				
Mutual funds	$ 12,990,193	$ -	$ -	$ 12,990,193
Money market fund	5,563	-	-	5,563
	$ 12,995,756	$ -	$ -	12,995,756
Investments measured at NAV (a)				210,304
Total investments, at fair value				$ 13,206,060

	Assets at fair value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments measured in the fair value hierarchy				
Mutual funds	$ 11,051,569	$ -	$ -	$ 11,051,569
Money market fund	3,480	-	-	3,480
	$ 11,055,049	$ -	$ -	11,055,049
Investments measured at NAV (a)				228,267
Total investments, at fair value				$ 11,283,316

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value of investments in entities that use NAV

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2025			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice
Common collective trust	$ 210,304	None	Daily	12 months

	December 31, 2024			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice
Common collective trust	$ 228,267	None	Daily	12 months

Note 4 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2025 and 2024, and investment income and interest income on notes receivable from participants for the year ended December 31, 2025, that are disclosed in the accompanying financial statements and Schedule of Assets (Held at End of Year) (Schedule H, Line 4i), were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

Note 5 - Related-party transactions and party-in-interest transactions

Plan investments include shares of mutual funds and a money market fund managed by Fidelity Investments and a common collective trust managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and Fidelity Investments is an affiliate of Fidelity Management Trust Company, therefore, these transactions qualify as party-in-interest transactions. Indirect expenses incurred by the Plan for certain investment management services are included in the net appreciation in fair value of investments. Direct expenses paid by the Plan to the trustee for certain administrative and recordkeeping services totaled $23,926 for the year ended December 31, 2025. Direct expenses paid by the Plan to the investment advisors, also parties-in-interest, for certain investment advisory services totaled $20,051 for the year ended December 31, 2025. The Plan sponsor pays directly any other fees related to the Plan's operations. The Plan allows participants to take loans against their account balances, which are also considered party-in-interest transactions.

The Plan has entered into a revenue sharing arrangement with Fidelity Management Trust Company. The Plan's revenue sharing account balance was $5,563 and $3,480 as of December 31, 2025 and 2024, respectively. The Plan received revenue sharing credits from Fidelity Management Trust Company in the amount of $8,499 for the year ended December 31, 2025, which is presented as other income in the accompanying financial statements. These amounts may be re-allocated to participant accounts or used to pay Plan expenses. For the year ended December 31, 2025, the Plan utilized $6,604 from the revenue sharing account to pay Plan administrative expenses directly to the trustee.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 - Tax status

The Plan has been designed using a non-standardized pre-approved defined contribution plan document sponsored by FMR, LLC. FMR, LLC received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (the "IRS") stated that the non-standardized pre-approved defined contribution plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan itself has not received a determination letter from the IRS, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Subsequent events

Effective January 1, 2026, the Plan was amended to allow participants to take a hardship distribution from their account, in accordance with the provisions specified by the Plan.
