INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of the
403(b) Thrift Plan for Employees of Taconic Innovations, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the 403(b) Thrift Plan for Employees of Taconic Innovations, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(A)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedule that is agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that is agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the 403(b) Thrift Plan For Employees of Taconic Innovations, Inc. (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

The Plan was effective on June 1, 2006 (original effective date of the Plan), and subsequently amended on January 1, 2010 and December 31, 2010. The retirement benefits provided by this Plan are funded through a Group Annuity Contract between the Organization and Mutual of America Life Insurance Company (“Mutual”), the custodian.

General

The Plan is a defined contribution plan covering substantially all employees of Taconic Innovations, Inc. (the "Organization" or "Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility and Service Rules for Participation

All employees are eligible to participate in the Plan and make salary reduction contributions upon hire. There is no minimum age requirement or service requirement to participate. Employer based contributions are also permitted under the Plan. However, employees must be at least twenty-one years of age and complete two years of service. Employees who are excluded include non-residential aliens with no U.S. source income.

Contributions

Salary reduction contributions are permitted under the Plan. Each year, participants may contribute up to the maximum allowed by law of annual pretax compensation, as defined in the Plan. Participants who attained age 50 before the plan yearend are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently provides multiple mutual funds and an insurance investment contract as investment options for participants. The Plan accepts rollover contributions. Contributions to the Plan are subject to certain limitations.

Employer matching contributions are permitted under the Plan. Employees must be twenty-one years old and complete two years of service. Each participant who satisfies the requirements for a Plan year will receive a matching contribution of 100% of his salary reduction contribution and it will not exceed one percent of his compensation received during the year. For the purpose of determining allocations of Employer matching contributions under this Plan, age 50 catch-up contributions will not be considered salary reduction contributions.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Employer based contributions are permitted under this Plan. The Employer shall have the sole discretionary right to determine the amount of any contribution made for the Plan year. Employees must be at least 21 years of age, complete two years of service to be eligible, and be an employee at the end of the Plan year. Highly compensated employees are excluded.

Eligible employees who have not enrolled in the salary reduction contribution plan are automatic enrollment at a one percent salary reduction contribution limit. Any contributions made on behalf of a participant for which no investment directions is in effect will be allocated to Mutual of America retirement fund appropriate for his age at the time of allocation.

Employer discretionary contributions are made on a pro-rata basis. Eligible participant receive an allocation equal to his pro-rata share of any employer-based contribution made for the plan year, whether or not he has made a salary reduction contribution. Each Participant's pro-rata share for a plan year shall be determined by multiplying any employer-based contribution made for the year by a fraction (the number of which is the Participant's compensation received during the plan year and the denominator of which is the total compensation of eligible participants).

The Plan also allows rollover contributions. For the year ended December 31, 2025 and 2024, participant contributions totaled $244,050 and $293,392, respectively. Employer-based contributions for December 31, 2025 and 2024 totaled $43,266 and $48,699, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant is 100% vested in his employee contribution account or any rollover account. The amounts in a participant's employer contribution account are also 100% vested immediately.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or annual installments over ten years. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. A participant may withdraw any amounts allocated to his employer contribution accounts and employee accounts due to hardship, or has attained age 59 ½. Payment of benefits is recorded when paid.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Loans

Loans are permitted under this Plan. The Plan permits participants to obtain loans in accordance with ERISA and the Plan's loan policy. Loans are issued by Mutual, which provides the loan proceeds directly to participants (outside of the Plan). Loan amounts must be at least $1,000 and may not exceed the lesser of $50,000 or 50 percent of the participant's vested account balance. There is no limit on the number of loans that a borrower may have outstanding under this plan at one time. Loan balances issued by Mutual totaled $81,953 and $143,748, in December 31 2025, and 2024 respectively. These amounts are included in the investments in the accompanying statements of net assets available for benefits. Participant investments held under the plan serve as collateral for the loans. Loans that do not comply with repayment terms are treated as deemed distributions under the Internal Revenue Code and are taxable to the participant. As of December 31, 2025 and 2024, there were no defaulted loans.

Expenses

Certain expenses of maintaining the Plan are paid by the Organization and are excluded from these financial statements. Expenses paid by the Plan's participants consist of investment advisory services and transactional processing fees. Investment-related costs are included in net appreciation in the value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance companies. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the value of investments includes Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continue)

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and recognition in the financial statement through September 27, 2026, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN AS COMPLETE AND ACCURATE

Certain information related to investments disclosed in the accompanying financial statements and ERISA required Schedule H, part IV, Line 4i – Schedule of Assets (Held at End of Year), including investments held at December 31, 2025 and 2024, and net appreciation (depreciation) in the value of investments, interest on investments for the year ended December 31, 2025, was obtained by management and agreed to, or derived from information certified as complete and accurate by Mutual of America, qualified institution.

Mutual, the Plan's custodian, certified the following information as complete and accurate. It was not subject to any auditing procedures performed by the independent auditors except for comparing such information to information included in the Plan's financial statements.

As of December 31, 2025, and 2024, investments consist of the following:

	2025	2024
Investment at contract value		
Mutual Interest Accumulated Accounts	$ 620,237	$ 880,580
Investment at fair value:		
Mutual Funds	2,909,100	2,780,901
Total Investments	$ 3,529,337	$3,661,481

Investment activity consists of the following for the year ended December 31, 2025:

Interest income	$ 20,368
Net appreciation in fair value of investments	383,175
Total Investment income	$ 403,543

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan follows U.S. GAAP guidance on Fair Value Measurements, which defines fair value and establishes a fair value hierarchy organized into three levels based on the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets, which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are observable and are used to the extent that observable inputs do not exist. The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual of America Interest Accumulation Account

The Mutual of America Interest Accumulation Account is credited with interest at a rate determined by Mutual of America. Mutual of America reserves the right to change the interest rate applicable to amounts held in the interest accumulation account at its discretion. If funds are transferred to another funding vehicle or investment, they may be subject to market value adjustments. The interest accumulation account is carried at contract value.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. We evaluated the significance of transfers between levels based on the nature of the financial instrument and the size of the transfer relative to total net assets available for benefits. There were no transfers for the years ended December 31, 2025 and 2024.

Mutual funds carried at fair value as December 31, 2025 and 2024 were classified as Level 1 and amounted to $2,909,100 and $2,780,901, respectively.

NOTE 5 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Mutual of America. Mutual of America is the Custodian defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions under ERISA. The sponsor paid certain fees relating to administrative expenses outside of the Plan.

Participants who are active employees may borrow from their accounts, and such loans qualify as exempt party-in-interest transactions under ERISA.

Certain administrative functions are performed by officers or employees of the Employer who may also be participants in the Plan. No such officer or employee receives compensation from the Plan.

Fees incurred by the Plan for investment management services are reflected as administrative fees in the accompanying financial statements and amounted to approximately $2,681 for the year ended December 31, 2025.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100% vested in their employer contributions.

NOTE 7 - TAX STATUS

The Plan has adopted an approved prototype plan document which received Internal Revenue Service ("IRS") approval. The Employer believes that the Plan is designed and operating according to applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to multiple risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amount reported in the statement of net assets available for benefits.
