Independent Auditors' Report

The Plan Administrator
Utilities International, Inc. 401(k) Retirement Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Utilities International, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (collectively, the 2025 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the 2025 Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2025 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the 2025 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2025 Supplemental Schedules Required by ERISA

The ERISA-required Supplemental Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 and the ERISA-required Supplemental Schedule H, line 4a- Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2025 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying

accounting and other records used to prepare the 2025 financial statements or to the 2025 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Utilities International, Inc. 401(k) Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated August 15, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Utilities International, Inc. 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan Document for a more complete description of the Plan's provision.

General

The Plan became effective on January 1, 1995. The Plan is a defined-contribution plan covering all employees of Utilities International, Inc. (the Company), as defined below. The Company (the Plan Administrator) controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Any employee of the Company, who is at least 21 years old, shall become eligible to participate in the Plan after one month of employment. Non-resident aliens and residents of Puerto Rico are not eligible to participate in the Plan. Entry dates for employees are on the first day of each month.

Employee Contributions

Employees can contribute funds to the Plan equal to 100% of eligible compensation, as defined by the Plan. Salary deferral agreements are made, terminated, or changed according to procedures and limitations set up by the Plan Administrator and the Plan Document. Contributions are limited in accordance with Internal Revenue Service (IRS) regulations.

The Plan also allows for Roth and after-tax contributions.

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Employer Contributions

The Plan permits discretionary matching contribution by the Company. Effective January 1, 2024, the Plan was amended updating the employer discretionary matching contributions in an amount equal to $1.00 for every $1.00 contributed by the participant, up to $5,000 contributed by the participant. The maximum employer discretionary contribution per participant per year is $5,000. The discretionary matching contribution is contributed on an annual basis, and participants must have performed 500 hours of service during the Plan year to be eligible to receive the discretionary matching contribution.

The Plan may also make a non-elective discretionary contribution. Participants must have performed one year of service (defined as 1,000 hours of service during the Plan year) and be employed on the last day of the Plan year, except in the event of death, disability, or retirement during the year, to be eligible for the profit-sharing contribution. No non-elective discretionary contribution was made during the year ended December 31, 2025.

Participant Accounts

The Plan maintains a separate account for each participant. Participants self-direct their contributions and their share of the Company's matching contribution among the investment options offered by the Plan. Employees can manage their individual accounts online. Each participant's account is credited with participant contributions, the Company's matching contributions, and allocations of Plan earnings and losses. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are 100% vested in their individual deferral, Roth, after-tax, and rollover contributions and the allocated earnings thereon.

Vesting in the Company's discretionary matching contributions and earnings thereon is based on participants' years of credited service. The vested portion is determined in accordance with the following schedule:

Years of Service	Vested Portion (%)
Less than 1	-
At least 1 but less than 2	20
At least 2 but less than 3	40
At least 3 but less than 4	60
At least 4 but less than 5	80
5 or more	100

Participants become fully vested in the event of retirement, death, and disability, as defined by the Plan.

Participant Loans

Participants are permitted to borrow a minimum of $1,000 of their vested benefits under the Plan. Participants may borrow from their fund account up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one to five years or up to 15 years for the purpose of purchasing a primary residence. The loans are secured by the balances in the participants' accounts and bear interest at Prime plus 2.00% at the time of issuance. Principal and interest are paid ratably through payroll deductions. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC. Each participant may not have more than two loans outstanding at any time.

Payment of Benefits

A participant becomes entitled to benefits under the Plan upon reaching normal retirement age (as defined by the Plan), death, permanent disability or resignation from the Company. Upon death, disability or retirement at age 65, a participant's account balance becomes fully vested. Upon resignation, participants are entitled to receive the vested portion of their account balance. A participant whose vested account balance exceeds $7,000 may elect to postpone distribution of his account until his statutorily required beginning date.

The Plan also allows in-service withdrawals from all vested account balances upon attaining age 59 ½. Additionally, the Plan allows in-service withdrawals due to financial hardship.

Forfeitures

Upon termination of employment, any amounts not vested are forfeited. Forfeitures and earnings thereon may be used to reduce future Company discretionary matching contributions or to pay administrative expenses of the Plan. Forfeiture account balances totaled $40,254 and $63,021 at December 31, 2025 and 2024, respectively. Approximately $42,000 and $75,000 of the forfeited funds were used to fund 2025 and 2024 employer contributions, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for the fully benefit-responsive group annuity contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's

compensation. Non-elective contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments, the Plan Administrator deems the participant loan to be in default. Once a distributable event occurs, such as employment termination, the participant loan balance is reduced, and a benefit payment is recorded.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan Administrator has reviewed and evaluated subsequent events through October 8, 2026, the date the financial statements were available to be issued.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Certified Investment Information

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company and Empower Annuity Insurance Company of America (Empower) on behalf of Massachusetts Mutual Life Insurance Company (MassMutual), qualified institutions.

5. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds - Mutual funds are valued at the market value of shares held by the Plan at year-end.

Common Collective Trusts (CCTs) - Common collective trusts are valued at the net asset value (NAV) of the units held by the Plan at year-end. NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund. NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the CCTs will sell for an amount different than the reported NAV. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes that the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement. There are no Level 2 or Level 3 investments as of December 31, 2025 and 2024.

December 31, 2025	Level 1	Total
Mutual funds	$ 17,676,060	$ 17,676,060
Common collective trusts, measured at NAV	-	7,173,882
Total Investments, at fair value	$ 17,676,060	$ 24,849,942

December 31, 2024	Level 1	Total
Mutual funds	$ 18,419,248	$ 18,419,248
Common collective trust, measured at NAV	-	3,943,283
Total Investments, at fair value	$ 18,419,248	$ 22,362,531

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient:

6. Group Annuity Contract

The Plan entered into a fully benefit-responsive group annuity contract with MassMutual, which is called the MassMutual Guaranteed Interest Account. MassMutual maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, and (6) early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

MassMutual may not terminate the contract at any amount less than the contract value. MassMutual is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with MassMutual. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The actual average yield earned by the Plan for the group annuity contract is derived by averaging the Plan's quarterly interest rates.

7. Party-in-Interest Transactions

The Plan holds a group annuity contract with MassMutual, an affiliate of Empower. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Empower for investment management and recordkeeping services amounted to $45,093 for the year ended December 31, 2025. The Plan also contracts with an investment advisor. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for these investment services totaled $63,134 for the year ended December 31, 2025.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. Tax Status

The Plan, adopted a pre-approved defined contribution plan document from Empower Retirement, LLC, which has received an opinion letter from the IRS on November 14, 2022, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the requirements of the Code and continues to be tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

10. Reconciliation of Financial Statements to Form 5500

The Form 5500 has been prepared on the cash basis instead of the accrual basis, thus omitting employer and participant receivables. The following is a reconciliation of the net assets available for benefits per the financial statements to net assets per Schedule H of Form 5500:

December 31,	**2025**	2024
Net Assets Available for Benefits, per the financial statements	**$ 27,658,727**	$ 26,138,467
Less: employer contributions receivable	**(701,357)**	(743,756)
Net Assets, per Form 5500	**$ 26,957,370**	$ 25,394,711

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per Form 5500:

Year ended December 31, 2025	
Net Increase in Net Assets Available for Benefits, per the financial statements	$ 1,520,260
Less: current year employer contributions receivable	(701,357)
Add: prior year employer contributions receivable	743,756
Net Income, per Form 5500	$ 1,562,659

11. Delinquent Participant Contributions

During the Plan year ended December 31, 2023, participant contributions and loan repayments totaling $117,311 were not remitted to the Plan within the period prescribed by Department of Labor (DOL) regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The related lost earnings were remitted to the Plan during 2025.
