Independent Auditor's Report

To the Illuminate USA LLC Retirement Committee and
Plan Participants of the Illuminate USA LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the financial statements of the Illuminate USA LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements (2025 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Illuminate USA LLC 401(k) Plan's 2025 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- the amounts and disclosures in the accompanying 2025 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Illuminate USA LLC 401(k) Plan and to meet our other ethical responsibilities, in

accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the 2025 Financial Statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2025 Financial Statements.

In preparing the 2025 Financial Statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Illuminate USA LLC 401(k) Plan's ability to continue as a going concern for one year after the date the 2025 Financial Statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2025 Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2025 Financial Statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2025 Financial Statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Illuminate USA LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Illuminate USA LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the 2025 Financial Statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2025 Financial Statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2025 Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2025 Financial Statements or to the 2025 Financial Statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Accountant's Compilation Report on 2024 Financial Statement

Management is responsible for the accompanying 2024 Financial Statements of the Illuminate USA LLC 401(k) Plan, which comprise the statement of net assets available for benefits, and the related notes to the 2024 Financial Statements, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2024 Financial Statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any assurance on the 2024 Financial Statements.

1. Description of the Plan

The following description of the Illuminate USA LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide retirement benefits for eligible employees of Illuminate USA LLC (the "Company"), as defined by the Plan. The Plan was adopted effective January 1, 2023. Eligible employees may enter the Plan immediately upon their date of hire; there is no age or service requirement.

The Plan is a participant-directed defined contribution plan under Sections 401(a) and 401(k), and related provisions, of the Internal Revenue Code (the "Code"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Company is the Plan sponsor and Plan administrator. The Illuminate USA LLC Retirement Committee ("Committee"), consisting of Company employees, administers the Plan and is responsible for selecting the investment options offered under the Plan. An individual employee of the Company serves as the Plan's trustee. Voya Retirement Insurance and Annuity Company ("VRIAC") serves as the Plan's custodian and certifying qualified institution. VRIAC and Voya Institutional Plan Services, LLC ("VIPS") provide recordkeeping and related administrative services to the Plan.

Contributions

Participants may elect to contribute either a percentage or a flat dollar amount of their pre-tax and after-tax ("Roth") annual compensation, as defined by the Plan. These elective deferrals are subject to the maximum contribution limits permitted under the Code. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions, and participants who attain ages 60 through 63 before the end of the Plan year may be eligible for an increased catch-up contribution limit, in each case as permitted under the Code. Participants may also contribute amounts representing eligible rollover distributions from other tax-qualified retirement plans, in accordance with the Code.

If a participant makes salary deferrals to the Plan, the participant is eligible to receive a Company safe harbor matching contribution equal to 100% of salary deferrals for each payroll period up to the first 3% of Plan compensation, plus 50% of salary deferrals between 3% and 5% of Plan compensation, subject to applicable limits under the Code.

The Plan also provides for discretionary Company contributions, which may be allocated in accordance with the Plan document and applicable limits under the Code. To receive a discretionary contribution, participants generally must be employed on the last day of the Plan year, as defined by the Plan's last-day employment requirement. No discretionary Company contributions were made for the Plan year ended December 31, 2025.

Participant Accounts

Participant accounts are credited with the participant contributions, Company contributions, rollovers, an allocation of the Plan's net earnings or losses and administrative expenses. Allocations are based on participant earnings or account balances, in accordance with Plan

provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investment Options
Participants may invest their account balances in a variety of participant-directed investment options offered by the Plan that are designed to provide a broad range of investment alternatives. Participants may change their investment elections and reallocate their existing account balances among the available options, subject to Plan provisions.

Vesting
Participants are 100% vested immediately in their own contributions (including pre-tax, Roth, and rollover contributions), Company safe harbor matching contributions, and actual earnings thereon. Vesting in discretionary Company contributions, including related earnings, is based on years of service in accordance with the following graded schedule:

Years of Service	Vesting
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants also become fully vested upon termination due to retirement, death, or disability, or if the Plan is terminated. Non-vested benefits are forfeited upon termination for reasons other than normal retirement, death, or disability.

Payment of Benefits
Upon termination of service due to death, separation, disability, or retirement, a participant may elect to receive a distribution of their vested account balance either as a lump sum or in annual installments, in accordance with the terms of the Plan. In the event of a participant's death, the designated beneficiary will receive a lump-sum distribution equal to the participant's account balance, which becomes fully vested upon the participant's death.

The Plan also permits in-service withdrawals and hardship withdrawals, subject to the conditions and limitations specified in the Plan document. In-service withdrawals may be made while a participant is still employed, and hardship withdrawals are available if the participant experiences an immediate and heavy financial need, as defined by the Plan and applicable law.

Amounts Allocated to Participants Withdrawn from the Plan
As of December 31, 2025 and 2024, amounts allocated to participants who elected to withdraw from the Plan but had not yet been paid totaled $9,000 and $0, respectively.

Plan Termination
Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time. The Company has the right at any time, by action of its Board of Directors, to terminate the Plan subject to provisions of ERISA. Upon Plan termination or partial termination, participants will become fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect (1) the reported amounts of assets and liabilities and changes therein, (2) the disclosure of contingent assets and liabilities at the date of the financial statements, and (3) the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties
Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities and level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Net Appreciation/Depreciation in Fair Value of Investments
Net realized and unrealized appreciation/depreciation are recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Investment Valuation and Income Recognition
Plan Investments are reported at fair value, except for the Plan's fully benefit-responsive investment contract, which is reported at contract value, the amount participants would receive if they were to initiate permitted transactions under the terms of the ongoing Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments measured at fair value include pooled separate accounts, which are valued using information provided by the investment managers, custodians, and insurance companies, in accordance with the Plan's valuation policies. See Note 3 for additional information about fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes realized gains and losses on investments bought and sold during the year and unrealized appreciation (depreciation) on investments held at year-end.

Contributions
Contributions from Plan participant and the related Company safe harbor matching contributions are recorded in the year in which the participant contributions are withheld from compensation.

Administrative Expenses
Certain administrative expenses of maintaining the Plan are paid directly by the Company and are therefore excluded from these financial statements. Investment-related expenses, such as management fees, transfer taxes, and other costs incurred in connection with the purchase or sale of the Plan's investments, are netted against investment income or reflected in the cost of the investments, as appropriate. Other allowable administrative expenses of the Plan, including recordkeeping, custodial, distribution-related, and certain professional fees, may be paid either by the Company or from Plan assets, in accordance with the terms of the Plan document.

Benefit Payments
Benefits are recorded when paid.

3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for investments measured at fair value using the net asset value practical expedient. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled separate accounts are carried at fair value. Fair value is estimated using the net asset value ("NAV") per unit reported by the account managers as a practical expedient. NAV is based on the fair value of the underlying investments held by the accounts less their liabilities at the Plan's

measurement date, and the Plan's interests are valued at the NAV of units held by the Plan at year-end. Plan management considers NAV to be the best estimate of fair value for these investments. Participant transactions (purchases and sales) may occur daily. The Plan does not have any contractual obligations to further invest in these accounts, and there are no significant restrictions on the Plan's ability to redeem its interests in these accounts at NAV.

The pooled separate accounts invest in mutual funds and target-date collective investment trusts. The underlying investments include domestic and international equity, fixed-income, balanced, real estate, and money market strategies. The target-date investments offer aggressive, moderate, and conservative strategies across various target retirement dates, including retirement funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments consist of pooled separate accounts measured at fair value using the NAV practical expedient and a fully benefit-responsive investment contract measured at contract value. Investments measured using the NAV practical expedient are not classified within the fair value hierarchy. Fully benefit-responsive investment contracts are measured at contract value rather than fair value and, therefore, are also not classified within the fair value hierarchy. Accordingly, the Plan had no investments classified within Levels 1, 2, or 3 of the fair value hierarchy as of December 31, 2025 and 2024.

4. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional fully benefit-responsive guaranteed investment contract issued by VRIAC. Contributions are maintained in VRIAC's general account and are credited with interest at a rate guaranteed under the contract, which is based on a formula agreed with the issuer and reset periodically, but not less than 1%. The contract is charged for participant withdrawals and administrative expenses, and the issuer is contractually obligated to repay principal and interest credited to the Plan. Because the contract meets the criteria for a fully benefit-responsive investment contract, it is reported at contract value, which represents contributions plus credited interest, less participant withdrawals and administrative expenses—the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's ability to receive amounts due under the contract is dependent on Voya's ability to meet its financial obligations, which may be affected by future economic and regulatory developments. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the contract at contract value. Certain events could limit the Plan's ability to transact at contract value with the issuer, such as plan termination or merger, significant layoffs or other employer events that cause substantial withdrawals, changes in provisions relating to competing investment options, failure of the Plan or trust to maintain tax qualification, or premature termination of the contract. The Plan administrator believes that the occurrence of such events that would limit the Plan's ability to transact at contract value with participants is not probable.

Certain events could also allow Voya to terminate the contract and settle with the Plan at an amount different from contract value, including an uncured violation of the Plan's investment guidelines, a material breach of contractual obligations, a material misrepresentation, or a material amendment to the agreement without the issuer's consent. At December 31, 2025 and 2024, the contract value of the guaranteed investment contract was $531,479 and $148,825, respectively.

5. Unaudited Information Certified by a Qualified Institution

All information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025 and 2024 and net appreciation in fair value of investments, interest, and dividends for the year ended December 31, 2025, was prepared by or derived from information supplied to the Plan administrator and certified as complete and accurate by VRIAC, a qualified institution. The Plan administrator has obtained certifications from the qualified institution that such information is complete and accurate within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

6. Tax Status

The Plan sponsor adopted a non-standardized pre-approved plan document. The Internal Revenue Service ("IRS") has determined and informed the pre-approved plan sponsor, by an opinion letter dated on March 22, 2021, that the pre-approved plan is designed in accordance with applicable sections of the Code. The Plan has not received a determination letter specific to the Plan itself. The Plan sponsor has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effect of a tax position is recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Parties-in-interest Transactions

Certain Plan investments are maintained by VRIAC, which serves as the Plan's custodian and is a party in interest to the Plan. VRIAC and VIPS also provide recordkeeping and plan administration services to the Plan and are parties in interest. In addition, certain employees of the Company who participate in the Plan perform administrative services for the Plan at no cost to the Plan. These party-in-interest transactions are exempt from ERISA's prohibited-transaction provisions.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Plan's Form 5500 as of December 31:

	2025 (Audited)	2024 (Compiled)
Net assets available for benefits per the financial statements	$ 9,704,602	$ 2,797,025
Less: Amounts allocated to withdrawing participants	(9,000)	-
Net assets available for benefits per Form 5500	$ 9,695,602	$ 2,797,025

The following is a reconciliation of benefit payments per the financial statements to the Plan's Form 5500 for the year ended December 31, 2025:

Benefit payments per the financial statements	$ 691,357
Amounts allocated to withdrawing participants:	
At December 31, 2024	-
At December 31, 2025	9,000
Benefits paid to participants per Form 5500	$ 700,357

The following is a reconciliation of the increase in net assets available for benefits per the financial statements to the Plan's Form 5500 for the year ended December 31, 2025:

Net increase in net assets per the financial statements:	$ 6,907,577
Change in amounts allocated to withdrawing participants	(9,000)
Net increase in net assets per Form 5500	$ 6,898,577

9. Subsequent Events

Subsequent events have been evaluated through October 1, 2026, the date the financial statements were available to be issued.
