Independent Auditor's Report

To The Fox Cluss Glass Company, Inc.
401(k) Profit Sharing Plan
1205 Connellsville Road

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the accompanying financial statements of Fox Cluss Glass Company, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Fox Cluss Glass Company, Inc. 401(k) Profit Sharing Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

MEMBERS AMERICAN AND PENNSYLVANIA INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fox Cluss Glass Company, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fox Cluss Glass Company, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fox Cluss Glass Company, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt of Fox Cluss Glass Company, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets held at year end are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FOX CLUSS GLASS COMPANY, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

BASIS OF ACCOUNTING:

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with generally accepted accounting principles.

USE OF ESTIMATES:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION:

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices as of the last trading day of the year. Fixed and variable annuities are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider. Common Collective Trust funds (CCT) are measured using the NAV practical expedient of the CCT as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, less its liabilities, and divided by the number of units outstanding. Participant loans are valued at their outstanding balances, which approximate fair value. The fair value of shares of an underlying fund equals the number of shares of the respective fund multiplied by the closing net asset value per share quoted by that fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Gains and losses are calculated on the participant specific historical cost basis.

Net realized gains or losses on investment sales represent the difference between the sale proceeds and cost of the investments, or the adjusted market price. Net unrealizable appreciation or depreciation on investments held at the end of the Plan year represents the net change in the fair value of investments during the year. The Statement of Changes in Net Assets Available for Benefits presents the net appreciation or depreciation in fair value of investments, which consist of realized and unrealized gains and losses.

The December 31, 2025 and 2024 Statement of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2025 and 2024, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $937,134 and $14,680,858 at December 31, 2025 and 2024, respectively, and the gains (losses) of ($320,165) and $1,678,999 for the years ended December 31, 2025 and 2024, respectively.

NOTES RECEIVABLES FROM PARTCIPANT:

Participant loans are included in notes receivable from participants on the Statement of Net Assets Available for Benefits and are measured at their unpaid balance plus any accrued unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

BENEFIT PAYMENTS:

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES:

All reasonable expenses of administration, including recordkeeping, trustee, audit and other fees, may be paid by the Plan. If expenses are paid using the Plan's assets then the expenses will be allocated among the accounts of all participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan.

2. INFORMATION REGARDING THE PLAN:

Description of the Plan (tax status) - The Fox Cluss Glass Company, Inc. 401(k) Profit Sharing Plan (the Plan) is a prototype defined contribution plan first established January 1, 1988 and restated effective January 1, 2010 to incorporate the cash or deferral arrangement provisions of the Internal Revenue Service Code 401(k). The profit-sharing provision of this plan was adopted July 1, 2003. The Plan provides employees eligible to participate an opportunity to accumulate funds for retirement, death, and disability benefits. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan received a favorable determination letter from the Internal Revenue Service. The most recent determination letter is dated March 31, 2014.

Amendment - The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Administration and Recordkeeping - Dunbar, Bender & Zapf, Inc. is the current administrator. Empower Annuity Insurance Company of America is the current recordkeeper.

Participation - Generally, all employees of the Company who have attained the age of 21 and have completed one year of service, as defined by the Plan, are eligible to participate in the Plan. There were 13 and 110 active participants at December 31, 2025 and 2024, respectively.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Employees are always vested in their contributions plus actual earnings thereon. Vesting in the Company's Profit Sharing Contributions and Matching contributions are as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Funding Policy -

Employee Contributions:
Amount of deferred compensation up to the maximum percentage of compensation and dollar amounts permissible under Section 402(g) of the Internal Revenue Code not to exceed the limits of Code Sections 401(k), 404, and 415. Participants may defer up to 100% of any bonus received by the participant for the plan year. However, highly compensated employees may only defer amounts determined annually that will pass the requisite discrimination testing. Employees who have attained the age of 50 before close of the year shall be eligible for catch-up contribution.

Employer Contributions:

a. *Matching 401(k):*
Effective January 1, 2022, the Company reinstated the Flexible Discretionary Matching Contributions.

b. *Profit Sharing Contribution:*
The employer shall have the right to make a discretionary contribution. The employer's contribution for the plan year shall be integrated with the Social Security Taxable Wage Base. Participants must be employed on the last day of the plan year and completed a year of service, defined by the Plan, in order to share in the profit sharing contribution. However, these requirements are waived if termination of employment (during the plan year) is due to retirement, disability, or death. Forfeitures of profit sharing contributions may be used to pay plan expenses and then will be used to reduce any employer contribution during the plan year following the plan year in which the forfeiture arose.

Investment Options - Upon enrollment in the Plan, a participant may direct contributions to his or her account in any of the Plans' investment options. A participant may change his or her options daily.

Benefit Payments - The Plan is designed to supplement retirement, death and disability benefits received under Social Security.

The retirement provisions of the Plan generally provide for in-service distributions from any participant's vested account at any time upon the occurrence of a participant's attainment of age 59 ½ or due to hardships as defined in the Plan. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participants' vested interest in his or her account, or installments.

Participant Rollovers - Participants eligible for a withdrawal from another eligible retirement plan or traditional IRA may roll over all or part of that amount to the Plan.

Participant Loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum that is equal to the lesser of:

a. $50,000 reduced by the excess, if any, of highest outstanding loans from the Plan during the one-year period ending on the day before the date of the new loan over your current outstanding balance of loans as of the date of the new loan.

b. 1/2 of vested interest in the Plan.

Loan transactions are treated as a transfer to (from) the investment fund (to) the Participant Notes Fund. Loan terms are generally a maximum of five years. However, if the loan is for the purchase of a primary residence the Administrator may permit a longer repayment term. The loans are secured by the balance in the participants' account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions. The maximum number of plan loans a participant can have outstanding is one.

Forfeitures - Forfeitures are first used to pay plan expenses and then are generally allocated in the succeeding plan year in the ratio which the compensation of each participant for the plan year bears to the total share in the contributions. At December 31, 2025 and 2024, unallocated forfeitures totaled $5,762 and $9,587, respectively.

Plan Expense Account - With the direction from the plan sponsor, Empower established a Plan Expense Account for the benefit of the plan. Periodic deposits of available revenues are made into this account. Empower then pays plan-authorized expenses from the Plan Expense Account on a one-time or recurring basis on behalf of the plan.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Termination of Employment - In general, if a participant terminated employment with the Company for any reason other than death or disability, they are entitled to their vested value of their account. Terminated participants with balances of less than $1,000 are required to withdraw from the Plan.

Tax Status - The Plan qualifies as a tax-exempt plan under the provisions of the Internal Revenue Code and Employee Retirement Income Security Act of 1974 (ERISA).

Amendments: The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore, believe that the Plan is qualified properly as tax exempt.

Effective March 20, 2025, the Plan was amended to change the name to Fox Cluss Glass Company, Inc. 401(k) Profit Sharing Plan.

Effective January 1, 2021, the Plan was amended to adopt a flexible formula for ADP and ACP corrective contributions.

Effective January 1, 2021, the Plan was amended to correct the ADP and ACP testing method that was inadvertently changed with the Cycle 3 restatement. The Employer has been administering the Plan pursuant to Section 41.

Effective March 1, 2021, the Plan was amended to waive the service requirement for any eligible employee on April 1, 2012, January 1, 2019, January 1, 2020 or March 1, 2021. Such eligible employees shall enter the Plan on such date.

Effective January 1, 2020, the Plan was amended to waive the service requirement for any eligible employee employed on April 1, 2012, January 1, 2019 or January 1, 2020. Such eligible employees shall enter the Plan on this date.

Effective February 1, 2019, Section 4.2(k)(2) of the Plan was amended to state that modifications to a salary deferral election shall only be permitted monthly, during election periods established by the administrator prior to the first day of each month.

Uncertain Tax positions: Plan management has considered the implications of Accounting Standards Codification Section 740 - income taxes relating to uncertainty in income tax positions. Plan management has determined that the Plan's tax exempt status is considered to be a sustainable tax position. Consequently, no accrual for uncertain tax positions has been recorded.

Fair Value Measurements - Accounting Standards Codification Section 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. FAIR VALUE MEASUREMENTS:

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: An attempt is made to receive share prices from more than one source, and before the share price is entered into the recordkeeping system, a systematic comparison is performed and any difference in quoted share prices for the same fund is resolved by contacting the fund house directly to ensure the correct share price is recorded. Variance reports are also reviewed showing percentage of share price changes from the prior day. The internal pricing analysis and management will review the overall movement of market indices and will apply judgment in determining whether any further research with fund houses will be pursued for share price variances from the prior day. Daily, after all research and validation has been performed, and variances have been resolved, share prices are closed and loaded to the recordkeeping system.

Fixed Annuities: Plan sponsors should evaluate the general financial condition of the issuer of the annuity contract that is owned by the plan sponsor as a component of validating whether the calculated contract value of the guaranteed contract is an accurate value. All of these inputs are generally considered obtainable/observable through the review of existing contracts and readily available financial information on the Web sites of the issuing financial institutions.

Common Collective Trust Funds: If available, an attempt is made to receive share prices from more than one source, and before the share price is entered into the recordkeeping system, a systematic comparison is performed and any difference in quoted share prices for the same fund is resolved by contacting the investment provider directly to ensure the correct share price is recorded. Variance reports are also reviewed showing percentage of share price changes from the prior day. The internal pricing analysis and management will review the overall movement of market indices and will apply judgment in determining whether any further research with investment providers will be pursed for share price variances from the prior day. Daily, after all research and validation has been performed, and variances have been resolved, share prices are closed and loaded to the recordkeeping system.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. RISKS AND UNCERTAINTIES:

The Plan provides for various investment options in any combination of mutual funds. Each of these funds may invest in a combination of stocks, bonds, fixed-income securities, mutual funds and other investment securities in accordance with the objective of the fund. Investment securities are exposed to various risks, such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits

8. SUBSEQUENT EVENTS:

Management has evaluated subsequent events through the date the financial statements were available to be issued.
