INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Genesis Energy, LLC Profit Sharing & Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Genesis Energy, LLC Profit Sharing & Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (collectively, the financial statements).

Plan management (Management), having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect Management's responsibility for the financial statements.

In preparing the financial statements, Management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal controls of the Plan. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Plan to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental information in the accompanying Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that is agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

McConnell Jones

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that is agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description of the Plan

The following description of the Genesis Energy, LLC Profit Sharing & Retirement Savings Plan (the Plan), as amended, is provided for general information purposes only. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan provisions.

General

The Plan is a defined contribution plan, established July 1, 1983, that covers all eligible employees of Genesis Energy, LLC (Genesis or the Company). Fidelity Management Trust Company (the Trustee or Fidelity) serves as the trustee to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan has been amended and restated throughout the years to comply with tax legislation. The Plan was restated on June 11, 2021, and most recently amended effective February 1, 2022, and the changes are reflected in the notes to the financial statements.

Eligibility

All full-time employees of Genesis are eligible to participate, effective immediately following their date of hire. Temporary employees, seasonal employees, leased employees and residents of Puerto Rico, are not eligible to participate in the Plan. Notwithstanding the exclusion, seasonal and temporary employees who have attained age 21 years and completed 1,000 hours of service are eligible to participate in the Plan. Employees can join the Plan within the stated guidelines but are not eligible to receive a Company Profit Sharing Contribution, as defined below, unless they are employed on the last day of the year.

Contributions

The sum of participant's deferral contributions plus the employer contribution is 75% of their annual compensation, as defined in the Plan, to a maximum of $23,500 in 2025 with an additional catch-up contribution of $7,500 permitted for participants age 50 and older, bringing their total deferral limit to $31,000. Participants are eligible to contribute on a pretax basis to a regular 401k account, on a post-tax basis to a Roth 401k account, or any combination of the two, up to plan maximums. The Company will match on a pre-tax basis 100% of the participant's contribution not to exceed 6% of the participant's eligible compensation (Company Matching Contribution). This Plan contains an automatic enrollment feature for newly eligible participants. Participants may stop or change contributions at any time.

In addition, at the Company's discretion, it may contribute an additional contribution amount, as determined by the Board of Directors (the Company Profit Sharing Contribution). The Company Profit Sharing Contribution for 2025 was $5,390,410.

The Plan allows for catch-up contributions to be made for participants over the age of 50 years according to the amounts allowable by the Internal Revenue Code (IRC). The Company does not match catch-up contributions. Participants may also contribute rollover amounts representing distributions from other eligible retirement plan (excluding defined benefit plans).

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company matching contribution, an allocation of the Company Profit Sharing Contribution, and an allocation of Plan earnings. The allocations are based on a ratio of the balance of that participant's investment in the fund to the sum of the balances of all participants' investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon enrollment in the Plan, a participant may direct employee and Company contributions to certain investment options available. Participants may allocate employee and Company contributions among options in multiples of 1%. Amounts earned for a participant's account are credited to such participant's current investment option.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the full value of the participant's interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Vesting

Participants are immediately vested in their Rollover Contributions, After-Tax Contributions, Qualified Nonelective Contributions, Deferral Contributions, Safe Harbor Matching Employer Contributions and any earnings thereon. Vesting in the Company Profit Sharing Contribution and the Nonelective Contributions portion of their accounts plus earnings thereon is based on years of continuous service as defined in the Plan document.

Forfeited Accounts

On December 31, 2025 and 2024, forfeited nonvested accounts totaled $3,381 and $2,772, respectively. These accounts will first be used to pay plan expenses and any remaining amounts will be used to reduce future employer contributions. In 2025, forfeitures of $76 and $245,594 were used to pay administrative expenses and reduce employer contributions, respectively.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 from their contributions, vested Company Matching Contributions, vested Company Profit Sharing Contributions, and rollover amounts up to the lesser of $50,000 reduced by the highest outstanding loan balance in the past 12 months or 50% of their eligible account balance. Notes receivable from participants terms range from one year to five years for general purpose loans or up to a maximum of 10 years for the purchase of a primary residence. Interest rates are fixed over the life of the loan and are based on prevailing market interest rates for loans which would be made under similar circumstances. Notes receivable from participants are collateralized by participant account balances, and repayments are made through payroll deductions. Interest rates on loans outstanding on December 31, 2025, ranged from 4.25% to 10.25%.

Expenses of the Plan

Expenses of the Plan are generally paid for by the Company, Trustee fund revenue credits or from Plan forfeitures. Administrative expenses of the Plan amounted to $141,932 which is reduced by the trustee fund revenue credit of $42,472. The net amount of $99,460 is presented in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue and to terminate the Plan at any time subject to the provisions of ERISA. If the Plan was terminated, all participants would be fully vested in the share of each fund allocated to their individual accounts based on the market value of the funds at the time the Plan is terminated.

SECURE Act and Plan Amendments

The Setting Every Community Up for Retirement Enhancement Act (SECURE Act) was enacted in December 2019 and became effective January 1, 2020. On December 29, 2022, the SECURE 2.0 Act was signed into law, which was built on the original SECURE Act's focus on expanding retirement plan coverage and participation. The Plan is being administered in accordance with applicable SECURE Act and SECURE 2.0 Act provisions and will be amended as required by applicable legislation and IRS guidance. The Plan may also opt to include certain voluntary provisions of the SECURE Act and the SECURE 2.0 Act in the future.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management (Management) to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments in the Plan are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability in an orderly transaction, between market participants at the measurement date. See Note 4 for discussion of the fair value measurement.

Purchases and sales of securities are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains and losses and the

unrealized appreciation or depreciation of those investments and are determined using the fair value as of the beginning of the year or the purchase price if acquired since that date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of Benefits

Benefits to participants are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk and uncertainty associated with certain investment securities and current market volatility, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Management's Review of Subsequent Events

In preparing the accompanying financial statements, Management has reviewed all known events that have occurred after December 31, 2025, and through October 9, 2026, the date the financial statements were available to be issued, for inclusion in the financial statements and footnotes.

Note 3: Investment Information (Certified by the Trustee)

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants, held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by Management and agreed to or derived from information certified as complete and accurate by Fidelity.

Note 4: Fair Value Measurement

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities

(Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2025 and 2024, respectively:

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed Brokerage Account: Investments held in the self-directed brokerage account consist of common stock, options, certificates of deposit, bonds and their values are determined by obtaining quoted prices on nationally recognized security exchanges.

Common/Collective Trust Fund: The Plan holds an investment in a common/collective trust fund, the Fidelity Managed Income Portfolio - Class 1 (MIP). The NAV of the MIP is based on the fair value of the underlying securities. The investment in the MIP is presented at fair value, which reflects the NAV of the fund and is not considered to have a readily determinable fair value. The NAV of the MIP is based on the fair value of the underlying securities plus the contract value of the fully benefit-responsive wrapper contract. The MIP's NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund. A participant's ownership of the MIP is represented by units. Units are

issued and redeemed daily at the MIP's constant NAV of $1.00 per unit. Although it is the policy of the MIP to use its best efforts to maintain a stable NAV of $1.00 per unit, there is no guarantee that the MIP will be able to maintain that value. The MIP allows for daily liquidity with no additional notice required for redemption.

Certain events impact the ability to transact at contract value, such as partial or complete termination of the Plan or its merger with another plan, plant closings, layoffs, bankruptcy, mergers, early retirement incentives, and certain transfers of assets from the fund. The Plan administrator believes such events that would limit the Plan participants' ability to transact at contract value with the MIP are not probable of occurring.

There are no unfunded commitments. The redemption frequency for participants would be daily with no notice period for participant-initiated transactions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, and those measured at NAV, a summary of the Plan investments measured at fair value on a recurring basis at December 31, 2025 and 2024:

	2025	2024
Level 1:		
Mutual funds	$ 184,322,753	$ 160,918,692
Self-directed brokerage accounts	9,858,437	8,640,470
Total Level 1 investments	194,181,190	169,559,162
Investments measured at NAV:		
Common/collective trust fund	4,294,867	4,584,728
Total investments at fair value	$ 198,476,057	$ 174,143,890

Note 5: Exempt Parties-In-Interest Transactions

Certain plan investments are managed by the Trustee. The Plan also holds notes receivable representing participant loans. Therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

Note 6: Federal Income Tax Status

The Plan adopted a pre-approved non-standardized 401(k) plan. The Plan has not obtained a determination letter from the Internal Revenue Service (IRS) as it relies on the IRS approval of the pre-approved plan being utilized. The IRS has determined and informed the pre-approved plan sponsor by an opinion letter dated June 30, 2020, that the pre-approved plan was designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan, as amended and restated, and its underlying trust have operated within the terms of the Plan and remain qualified under the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
