Independent Auditor's Report

Trustees
Rogers Enterprises Incentive Savings Plan (REISP)
Matteson, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rogers Enterprises Incentive Savings Plan (REISP), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements of Rogers Enterprises Incentive Savings Plan (REISP) performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rogers Enterprises Incentive Savings Plan (REISP) and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of Rogers Enterprises Incentive Savings Plan (REISP) to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of Rogers Enterprises Incentive Savings Plan (REISP). Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of Rogers Enterprises Incentive Savings Plan (REISP) to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of Rogers Enterprises Incentive Savings Plan (REISP) (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Rogers Enterprises, Inc., and its subsidiaries (Company) who have completed one full year of service, as defined, and attained at least 18 years of age. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation. Effective January 1, 2022, January 1, 2024 and January 1, 2025, the Plan was amended and restated. Effective January 1, 2024, long-term part-time employees who have reached 21 years of age are eligible to make elective deferrals to the Plan, as defined in the plan document.

Company Contributions

Company 401(k) matching contributions are discretionary amounts determined by the Board of Directors of the Company. The Company made discretionary matching contributions of 40% of the first 5% of participant contributions for the years ended December 31, 2025 and 2024. Discretionary matching contributions totaled $188,738 and $170,256 for the years ended December 31, 2025 and 2024, respectively.

Participant Contributions

Each pay period, participants may elect to make 401(k) contributions in an amount equal to any whole percent of compensation, as defined in the Plan, not to exceed the maximum permitted by the Internal Revenue Service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Effective April 1, 2022, all employees who are eligible to make pretax contributions can also make Roth contributions. Effective July 1, 2022, new employees are automatically enrolled at a 1% pretax contribution rate unless the employee elects a higher or lower pretax contribution rate or declines participation in the Plan.

Participant Accounts

Each participants' account is credited with the participant's contribution, rollover contributions, and allocations of (a) the Company's matching or discretionary contributions and (b) plan earnings and charged with an allocation of administrative expenses. Company matching contributions are allocated to participant accounts based upon the amount of their elective salary deferrals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective salary deferrals, rollover allocations, and the related earnings thereon. Participants become vested in the Company contributions as follows:

Years of Service	Vesting Percentage
1	25%
2	50%
3	75%
4	100%

Payment of Benefits

Upon retirement, disability, death or termination of service prior to retirement, participants (or their beneficiaries) are eligible to be paid their account balances either in a lump-sum amount or in installments as provided for in the Plan.

Hardship withdrawals are subject to approval by the plan administrator. Participants may withdraw their employee pre-tax contributions plus earnings to satisfy immediate and heavy financial needs, as defined in the Plan.

Participant Notes Receivable

Participants may borrow from their investment accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Prior to January 1, 2022, participants could have an unlimited number of loans outstanding at any time. Effective January 1, 2022, participants may have five loans outstanding at one time. The rate of interest shall be the prevailing prime rate at the time the loan is made as published in *The Wall Street Journal*, plus 1%. Principal and interest are paid ratably through payroll deductions. The loan period may not exceed five years, unless the proceeds of the loan are used to purchase a primary residence, for which the repayment period may not exceed fifteen years. The loans bear interest from 4.25% to 9.50% at December 31, 2025.

Forfeited Accounts

All forfeitures will be used to pay plan administrative expenses or used to reduce Company contributions to the Plan. During 2025 and 2024, $2,324 and $7,503 of forfeitures were used to reduce plan expenses, respectively. During 2025 and 2024, $0 and $274 of forfeitures were used to reduce Company contributions, respectively. At December 31, 2025 and 2024, there were $70 and $6 of forfeitures available for future use, respectively.

Investment Options

Participants may direct the investment of all contributions in one or more of the various investment options offered by the Plan. The Plan currently offers various registered investment companies and a common or collective trust fund as investment options for participants. Automatic enrollment contributions are invested in the Fidelity Freedom funds.

Revenue Sharing

Effective January 1, 2019, the Plan entered into an agreement with Alerus Financial, N.A. (Alerus) under which Alerus receives revenue sharing from registered investment company or common or collective trust fund service providers, net of certain service fees. Such amounts referred to as "net revenue sharing" are allocated back to participants' accounts based upon the individual participant's average daily balance in the funds which generate the revenue sharing. During 2025 and 2024, net revenue sharing allocated back to participant's accounts totaled $15,809 and $14,067, respectively, and have been offset against administrative expenses on the statements of changes in net assets available for benefits.

Note 2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value.

Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan.

The common or collective trust fund is valued at the net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. The underlying investments are primarily invested in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bond funds and trusts. There are no participant redemption restrictions for these investments and participant redemptions are allowed daily. There were no unfunded commitments at December 31, 2025 and 2024.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses relating to the Plan are paid by the Company on behalf of the Plan. Such expenses include costs related to certain employees of the Company who perform administrative and trustee services for the Plan for which the Plan does not reimburse the Company. Investment management fees are included in the net appreciation in fair value of investments. Other administrative and transaction costs incurred by the Plan are recognized as incurred.

Note 3. Information Certified by the Custodian of the Plan

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Alerus Financial, N.A., a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Noninterest-bearing cash, investments, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024
- Investment income components and interest income from notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024
- Investment information and notes receivable from participants included in the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Fair Value Measurements

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted market prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The fair value of shares of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2025				
Registered investment companies (included in fair value hierarchy)	$ 16,624,252	$ 16,624,252	$ -	$ -
Investments measured at net asset value (A)	820,624	-	-	-
Total	$ 17,444,876	$ 16,624,252	$ -	$ -
December 31, 2024				
Registered investment companies (included in fair value hierarchy)	$ 14,793,127	$ 14,793,127	$ -	$ -
Investments measured at net asset value (A)	795,456	-	-	-
Total	$ 15,588,583	$ 14,793,127	$ -	$ -

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 5. Party-in-Interest Transactions

The Plan paid expenses, prior to the effect of revenue sharing, in the amounts of $106,550 and $100,296 during 2025 and 2024, respectively, for legal, accounting and other professional services rendered by parties-in-interest.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 7. Tax Status

The Plan operates under a non-standardized adoption agreement in connection with a prototype profit sharing plan and trust sponsored by Alerus Financial, N.A. This prototype plan document has been filed with the appropriate agency and the sponsor has obtained an opinion letter from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risk and Uncertainties

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 9. Subsequent Events

Subsequent events have been evaluated through October 9, 2026, which is the date the financial statements were available to be issued.
