INDEPENDENT AUDITORS' REPORT

To the Trustee of
Lee & Cates Glass, Inc.
Employee Savings & Protection Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Lee & Cates Glass, Inc. (the "Company") Employee Savings & Protection Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management to the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The 2025 supplemental schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan formed and adopted effective April 1, 1987. The Plan filed its Cycle 3 Defined Contribution Plan Restatement effective January 1, 2021, in accordance with IRS requirements to be filed no later than July 31, 2022. As this restatement was filed timely, the Plan was not subject to any penalties upon submission. In response, the IRS provided an updated opinion letter dated June 30, 2020, as evidence that the Plan's tax status was retained. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"").

Administration

The accounting records are maintained by the Company. The Plan's assets for the year were held and managed by John Hancock Life Insurance Company ("John Hancock"). Contributions are held by the Custodians, who invests cash received, interest and dividend income, as directed by the participant, and makes distributions to participants.

Participating Employers

The following employers have adopted the provisions of the Plan:

Lee & Cates Glass, Inc.
Flat Glass Distributors, LLC.

Contributions

Each year, participants may contribute a percentage of eligible compensation, as defined in the Plan documents, subject to limits imposed by Internal Revenue Service ("IRS"). The maximum participant deferral for December 31, 2025 and 2024 was $23,500 and $23,000, respectively. Participants who attained the age of 50 before the end of the plan year were eligible to make catch-up contributions, subject to IRS limitations of $7,500 for each of the years ended December 31, 2025 and 2024. For the year ended December 31, 2025, participants who attained ages 60 through 63 before the end of the plan year were eligible to make enhanced catch-up contributions, subject to an IRS limitation of $11,250. Participants may also contribute amounts representing rollover contributions from other qualified retirement plans.

Note 1 – Description of the Plan (continued)

For the years ended December 31, 2025 and 2024, the Company also provides flexible discretionary matching contributions equal to 35% of the first 8% of the participants' elective deferrals.

Participant Accounts

Each participant's account is credited with the participants' contributions, the Company's matching contributions, earnings, and allocations of administrative expenses. If the participants direct their investments in the Plan, their accounts are segregated for purposes of determining earnings or losses on their investments. If participants do not direct their investments, their accounts are invested in the default investment alternatives established by the Plan. Within the default investments, the participants' individual accounts will also be segregated for purposes of determining earnings and losses. Administrative expenses will be allocated ratably to all participant accounts based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan.

Vesting

Participants are immediately vested in their elective deferrals and rollover contributions. Vesting in the Company's matching contributions is based on the following schedule:

20% after two years of service
40% after three years of service
60% after four years of service
80% after five years of service
100% after six years of service

Participant Loans

Participants may borrow from their fund accounts a minimum loan amount of $500 up to a maximum loan amount equal to the lesser of $50,000 (reduced by the excess of the participant's highest outstanding balance of loans from the Plan during the one-year period ending on the day before the issuance of the new loan) or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate, which is commensurate with local prevailing rates as determined by the plan administrator.

Loan terms may not exceed five years, unless the loan is used for the purchase of a principal residence, in which case the plan administrator may permit a longer term. Principal and interest are paid ratably through payroll deductions.

Note 1 – Description of the Plan (continued)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued by unpaid interest. Interest income is recorded on the accrual basis. Loans are considered to be "in default" if any scheduled loan repayment is not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due. The Plan has the authority to take all reasonable actions, including filing a lawsuit or foreclosing on the security for the loan. A loan considered to be in default may also be deemed a taxable distribution from the Plan.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or any other reason, a participant may receive a lump sum distribution, with or without their consent, if their vested account balance does not exceed $5,000. For vested account balances in excess of $5,000, participants may elect to receive either a lump sum amount equal to the value their vested interest, or installments over a period not to exceed the assumed life expectance of the participant or their beneficiary.

The Plan also permits participants to take distributions prior to termination of employment if either: they have attained age 59 ½ or their distribution is source solely from employer contributions and the employee has been a participant in the Plan for at least 5 years.

Additionally, participants who have incurred a "hardship", as defined in the Plan, may take hardship distributions, which may be sourced from any of the participants' respective accounts.

Forfeited Accounts

Forfeitures may be used to pay administrative expenses of the Plan as well as reduce employer contributions into the Plan. As of December 31, 2025 and 2024 forfeited non-vested accounts totaled $3,635 and $6,664 respectively. During the years ended December 31, 2025 and 2024, no forfeitures were applied to Company paid Plan expenses.

Allowance for Notes Receivable from Participants

The Plan makes no provision for loan losses on Participant loans, as the loans are fully secured by the participants' accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting in accordance with U.S. GAAP.

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of changes in net assets during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value as described in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year, net of investment management fees.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Investment management expenses incurred by the Plan are netted against earnings prior to allocation to participant accounts. Transaction charges (for certain benefit payment transactions), short-term trading fees, and certain recordkeeping fees are paid by the Plan by reducing the balances of those participants initiating the transactions.

All reasonable administrative expenses may be paid out of the Plan assets unless paid by the Company.

Note 3 – Fair Value Measurements

The FASB has established a framework for measuring fair value in ASC 820, *Fair Value Measurement*. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 – Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reporting by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 16,906	$ 0	$ 0	$ 16,906
Mutual funds	7,558,058	0	0	7,558,058
Investments at fair value	$ 7,574,964	$ 0	$ 0	$ 7,574,964

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 11,117	$ 0	$ 0	$ 11,117
Mutual funds	6,325,512	0	0	6,325,512
Investments at fair value	$ 6,336,629	$ 0	$ 0	$ 6,336,629

Note 4 – Fully Benefit-Responsive Investment Contract

Fully benefit-responsive investment contracts, at contract value, on the statement of net assets consist of the following investments as of December 31;

Investment Name	2025	2024
John Hancock Stable Value Guaranteed Income Fund	$ 683,136	$ 635,065

As of December 31, 2025 and 2024, the Plan was invested in the fully benefit-responsive investment contracts listed above, provided through group annuity contracts issued by the Custodian.

Note 4 – Fully Benefit-Responsive Investment Contract (continued)

John Hancock Stable Value Guaranteed Income Fund – As of December 31, 2025 and 2024, the Plan was invested in a fully benefit-responsive investment contract, provided through a group annuity contract is by John Hancock (the "John Hancock Fund"). The crediting rate is declared on January 1st and July 1st of each year. However, if the weighted value of certain indices change by more than 2%, John Hancock may also reset the crediting rate on October 1st or April 1st. There is no stated minimum or maximum interest rate for the investment choices within the John Hancock Fund. John Hancock is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. All deposits within the fund are credited with the effective guaranteed interest rate on a daily basis with no set maturity. Investments in this fund are held in the John Hancock USA general account.

The Plan's ability to receive amounts due is dependent on the issuers' ability to meet its financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the Plan's ability to transact at contract value with the Custodians. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 5 – Nonparticipant-directed Investments

There are no net assets relating to non-participant-directed investments.

Note 6 – Information Certified by the Plan's Custodians

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024, net appreciation (depreciation) in fair value of investments, and interest & dividend income for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the Custodians, both of which are qualified

institutions. As of and for the years ended December 31, 2025 and 2024, the plan administrator has elected the method of annual reporting compliance by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

	2025	2024
Mutual funds	$ 7,558,058	$ 6,309,877
Fully benefit-responsive investment contract	683,136	635,065
Interest & dividends	6,339	6,919
Net appreciation (depreciation) in fair market value	$ 1,040,783	$ 762,625

Note 7 – Parties-In-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments and the related transactions were in investment funds managed by the Custodian; therefore, these investments and transactions qualify as party-in-interest transactions. Fees paid to parties-in-interest by the Plan for services amounted to $43,337 and $41,442 during the years ended December 31, 2025 and 2024.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 9 – Tax Status

The Plan has received a determination letter from the IRS dated June 30, 2020, that the prototype plan adopted by the Company, as then designed, was in accordance with section 401 of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9 – Tax Status (continued)

The plan administrator evaluated the Plan's tax positions and concluded that the Plan had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11 – Subsequent Events

The plan has evaluated subsequent events through October 13, 2026, the date on which the financial statements were available to be issued. No other material recognizable subsequent events were noted.
