INDEPENDENT AUDITORS' REPORT

Benefits and Retirement Plans Administrative Committee
TOBA, Inc. Profit Sharing Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of TOBA, Inc. Profit Sharing Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of TOBA, Inc. Profit Sharing Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of Financial Statements section–

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of TOBA, Inc. Profit Sharing Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TOBA, Inc. Profit Sharing Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of those financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TOBA, Inc. Profit Sharing Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TOBA, Inc. Profit Sharing Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion–

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

NOTE A – DESCRIPTION OF PLAN

The following description of TOBA, Inc. Profit Sharing Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all employees of TOBA, Inc. (the Company), except collective bargaining employees and leased employees, who have completed 60 days of service and are age 19 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally established as of January 1, 1996, and has been subsequently amended and restated effective February 18, 2022. The Plan's trustees are responsible for oversight of the Plan. They determine the appropriateness of the Plan's investment offerings and monitor investment performance.

2. Contributions

Each year, participants may contribute a percentage of pre-tax or after-tax (Roth) annual compensation, as defined in the Plan up to IRS limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Newly eligible employees are automatically enrolled in the Plan to make pre-tax contributions at a rate of three percent of eligible compensation. Employees may elect to opt out of automatic enrollment or change their contribution percentage at any time.

The Company may make discretionary matching or profit sharing contributions as determined by the Company's Board of Directors. For the years ended December 31, 2025 and 2024, respectively, the Company elected to make profit sharing contributions of $604,762 and $515,095, against which management applied $41,877 and $15,000 of the balance of forfeitures. This was allocated to employees based on eligible compensation for those who were still employed on the last day of the year, worked at least 1,000 hours during the Plan year, and completed 12 months of service. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

3. Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, account earnings, and may be charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant accounts are participant-directed, including any Company contributions.

NOTE A – DESCRIPTION OF PLAN – Continued

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100 percent vested after six years of service.

5. Payment of Benefits

Withdrawals are allowed in the event of termination, disability, death, retirement, or attainment of age 59.5. Depending on the event, the withdrawal may be subject to early withdrawal penalties imposed by the Internal Revenue Code (IRC). Payments are made in the form of a lump-sum distribution or a non-periodic distribution. In-service and hardship distributions are allowed if certain criteria are met.

6. Forfeited Accounts

Accounts forfeited by participants who terminate service prior to becoming fully vested may be used to pay Plan expenses or reduce the Company's matching contribution. For the years ended December 31, 2025 and 2024, participants forfeited $63,571 and $74,665. The Company utilized $66,538 and $62,531, respectively, in forfeitures to reduce the Company's contribution and to pay Plan expenses. Unallocated forfeited accounts totaled $39,529 and $36,691 at December 31, 2025 and 2024, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The financial statements of the Plan are prepared using the accrual method of accounting and in conformity with accounting principles generally accepted in the United States of America.

2. Administrative Expenses

Certain operating expenses of the Plan are deducted from participant accounts. The remaining expenses are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of those investments.

3. Income Tax Status

The Plan uses a pre-approved plan document sponsored by Delaware Charter Guarantee & Trust Company doing business as Principal Trust Company (Principal), which received an opinion letter from the IRS dated June 30, 2020, stating that the pre-approved plan adopted by the Plan, as then designed, satisfied the applicable provisions of the Internal Revenue Code.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

3. Income Tax Status – Continued

Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

4. Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

5. Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

6. Payments of Benefits

Benefits are recorded when paid.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statement of Net Assets Available for Benefits.

NOTE C – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions and terminate the Plan. In the event of termination or partial termination of the Plan, all amounts credited to a participant's account, including Company contributions, become fully vested. Their accounts shall be distributed to participants in accordance with the provisions of the Plan.

NOTE D – FINANCIAL INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from Delaware Charter Guarantee & Trust Company (doing business as Principal Trust Company), the Trustee that all information relating to the Plan's investments and related investment income is complete and accurate. Information as to the value of the investments in the trust fund managed by the Trustee, investment income, and all information in the supplemental schedule is presented in reliance solely upon those certifications.

NOTE E – FAIR VALUE MEASUREMENTS

The investments of the Plan are reported at fair value, except for the Plan's Fixed Income Guaranteed Option investment, as required by GAAP. The Plan categorizes its fair value measurements within the fair value hierarchy established by ASC 820, which gives the highest priority to quoted prices in active markets for identical assets (Level 1), and the lowest to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1: Valuations based on quoted prices in active markets for identical assets or liabilities accessible by the Plan as of the measurement date.

- Level 2: Valuations based on inputs—other than quoted prices included in Level 1—that are observable for the asset, either directly or indirectly.

- Level 3: Valuations based on unobservable inputs for the asset, reflecting the Plan's own

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E – FAIR VALUE MEASUREMENTS – Continued

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset values and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: are valued at net asset value based on the market value of its underlying investments, as reported by the investment manager of the fund. The net asset value is the basis for current transactions and the pooled separate accounts can be redeemed at net asset value as of the measurement date.

Collective Income Trusts: are valued at the net asset value of units of the collective income trust (CIT). The net asset value of the CIT is not publicly quoted but is available to current investors via the Sponsor or plan participants online account access.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Total
Mutual funds	$ 1,408,783	$ 1,408,783
Collective income trusts measured at net asset value		6,064,333
Total investments at fair value		$ 7,473,116

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Total
Mutual funds	$ 1,036,471	$ -	$ 1,036,471
Pooled separate accounts	-	44,098	44,098
Total per level	$ 1,036,471	$ 44,098	1,080,569
Collective income trusts measured at net asset value			4,658,193
Total investments at fair value			$ 5,738,762

The Collective Income Trust, which is measured at fair value using the net asset value per share (or its equivalent) as a practical expedient, has not been categorized in the fair value hierarchy. The CIT's assets are measured at fair value, except for the portion of the net assets of a CIT attributable

NOTE E – FAIR VALUE MEASUREMENTS – Continued

to fully benefit responsive investment contracts. Contract value is the value which participants would receive if they were to initiate permitted transactions under the terms of the underlying defined contribution plans. Participants can redeem the CITs at net asset value as of the measurement date on a daily basis and there are no unfunded commitments or liquidity or redemption restrictions as of December 31, 2025 and 2024, therefore, net asset value is used as a practical expedient.

NOTE F – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

Prior to November 26, 2025, the Plan maintained a group annuity contract (fixed interest account) with Principal. Principal maintained the contributions in a general account. The average yield for the years ended December 31, 2025 and 2024 as 1.58% and 1.55%, respectively. Principal is contractually obligated to repay the principal and the specified guaranteed interest rate to the Plan. Contract value represents contributions made under the contract, plus earnings less participant withdrawals. The contract value in the amount of $14,321 is presented on the face of the statement of net assets available for benefits as of December 31, 2024.

The Plan's ability to receive amounts due was dependent on Principal's ability to meet its financial obligations. Certain events limited the ability of the Plan to transact at contract value with Principal. Such events included the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions under ERISA. On November 26, 2024 the Plan initiated a termination of the contract with a twelve-month advance notice as per the agreement. On November 26, 2025 the account was fully liquidated with no surrender charges.

NOTE G – PARTIES IN INTEREST

Certain Plan investments are shares of mutual funds and common collective trust funds managed by Principal Trust Company. The Plan receives custodial and recordkeeper services from Principal Trust Company (the trustee) and therefore, these transactions qualify as party-in-interest transactions.

Also, several employees of the Company serve on the Administrative Committee and provide various services to the Plan (at no cost to the Plan) as follows:

1. A portion of the administrative functions of the Plan
2. Plan operations
3. Investment review

NOTE H – SUBSEQUENT EVENTS

In preparing these financial statements, the Plan management has evaluated events and transactions for potential recognition or disclosure through September 21, 2026, the date the financial statements were available to be issued. No events or transactions were noted to that date which require further disclosure.
