INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Hanson Systems LLC, dba Eagle Technologies Group 401(k) Plan
Bridgman, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hanson Systems LLC, dba Eagle Technologies Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Hanson Systems LLC, dba Eagle Technologies Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Convergix West Michigan, LLC (the "Company" or "Employer") who have attained age 18 and completed either three months of service that equals at least 1,000 hours when multiplied by a fraction or one year of service with 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Participants are allowed to contribute up to 75% of their eligible compensation, as defined by the Plan, limited to the maximum amount established by the Internal Revenue Service ("IRS"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan allows elective catch-up contributions of amounts established by the IRS for those participants who have attained age 50 by the close of the Plan year. Effective January 1, 2025, the Plan was amended to permit the automatic enrollment of eligible employees hired after January 1, 2025 with a contribution of 6% of eligible compensation unless the employee affirmatively elects otherwise. The Company makes an annual matching contribution of 50% of the first 6% of compensation that employees contribute to the Plan. The Company may also make an annual discretionary profit-sharing contribution. Participants must be employed on the last day of the Plan year and complete at least 501 hours during the year to be eligible to receive a matching or profit-sharing contribution. Contributions are subject to certain limitations. The Company contributed $439,243 in matching contributions and $0 in profit-sharing contributions to the Plan for the year ended December 31, 2025.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of Employer contributions and Plan earnings (losses) and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions and Company contributions into various investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their contributions and employer match contributions plus actual earnings thereon upon entry into the Plan. Profit sharing contributions become 100% vested after three years of service.

Payment of Benefits: Upon termination of service, a participant (or their beneficiaries upon death of the participant) is eligible to receive an amount equal to the value of his or her account. Benefit amounts under $5,000 are automatically distributed to participants. In-service withdrawals are also permitted for active participants who have attained age 59½. In addition, participants may make "hardship withdrawals," as defined by the Plan.

Notes Receivable from Participants: Participants may borrow from their account a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account, bear interest at prevailing interest rates, and cannot exceed five years unless the loan is for the purchase or a principal residence. Principal and interest are paid through payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures: Forfeitures of account balance of terminated participants attributable to Company contributions are used first to pay administrative expenses of the Plan. Remaining forfeitures are then used to reduce Employer contributions. During the year ended December 31, 2025, forfeitures of $1,083 were used to reduce Employer contributions.

Administrative and Investment Management Expenses: Plan recordkeeping and trustee fees may be paid by the Plan and would be reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are paid by the participants. Investment management fees are charged to the Plan as a reduction of investment return and included in investment income reported by the Plan. All other expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of investments are reflected on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties for Investments: The Plan provides for various investment options. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefit Payments: Benefits are recorded when paid.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through October 12, 2026, the date the financial statements were available to be issued. See Note 9 for disclosure of subsequent events.

NOTE 3 - CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, the trustee of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trust: As a practical expedient, the fair value of participation units held in the stable value collective trust are based upon the net asset values per unit as reported in the audited financial statements of the fund provided by the fund manager. The collective trust fund provides for daily redemptions by the Plan at reported net asset value per share, with no advance notification requirement or redemption restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Investments measured at fair value as of December 31, 2025 on a recurring basis are summarized below:

	Total	Quoted Prices in Active Markets For Identical Assets (Level 1)
Mutual funds	$ 20,981,668	$ 20,981,668
Collective trust *	660,106	-
	$ 21,641,774	$ 20,981,668

Investments measured at fair value as of December 31, 2024 on a recurring basis are summarized below:

	Total	Quoted Prices in Active Markets For Identical Assets (Level 1)
Mutual funds	$ 20,325,296	$ 20,235,296
Collective trust *	1,380,275	-
	$ 21,615,571	$ 20,235,296

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company profit sharing contributions and earnings thereon.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others. Investment management fees paid by the Plan to investment managers, which are parties-in-interest, are reflected in the financial statements as a reduction of the return on the Plan's investments. Recordkeeping and trustee fees also qualify as parties-in-interest transactions. The Company provides certain accounting, recordkeeping and administrative services to the Plan for which it receives no compensation. Certain fees are paid by the Company for administration of the Plan. Notes receivable from participants are also considered party-in-interest transactions.

(Continued)

NOTE 7 - TAX STATUS

The Internal Revenue Service issued an opinion letter, most recently dated June 30, 2020, that stated the prototype plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31 to the net assets reported in the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 21,692,069	$ 21,737,968
Deemed distributions of notes receivable from participants	-	(3,218)
Receivable from MBA Tech, Inc. Retirement Savings Plan	11,090,618	-
Net assets per the Form 5500	$ 32,782,687	$ 21,734,750

The following is a reconciliation of net decrease in net assets available for benefits for the year ended December 31, 2025 per the financial statements to the net loss reported in the 2025 Form 5500:

Net decrease in net assets available for benefits per the financial statements	$ (45,899)
Deemed distributions of notes receivable from participants	3,218
Plan transfer from MBA Tech, Inc. Retirement Savings Plan	11,090,618
Net loss and plan transfers per Form 5500	$ 11,047,937

NOTE 9 – SUBSEQUENT EVENTS

Plan Name Change and Mergers: Effective January 1, 2026, the Plan was amended to change the name of the Plan to the Convergix Automation Solutions US 401(k) Plan. On the same date, the MBA Tech, Inc. Retirement Savings Plan and the JMP Solutions 401(k) Retirement Plan (collectively, the “Merging Plans”) were merged into the Plan. In connection with the mergers, the participant account balances, assets, liabilities, and related obligations of the Merging Plans were transferred to the Plan. Participants in the Merging Plans became participants in the Plan and became subject to the Plan’s provisions as of the effective date of the mergers. Total assets transferred from the Merging Plans were approximately $16,700,000 (unaudited).
