Plan Administrator and Board of Directors
Morse Group, PLLC Employee 401(k) Trust

We have audited the financial statements of Morse Group, PLLC Employee 401(k) Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2025, and we have issued our report thereon dated October 9, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the custodians, which are banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplementary schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate certain matters to you in accordance with auditing standards generally accepted in the United States of America that are related to internal control and the audit. Those communications are as follows:

I Auditor’s Communication of Significant Matters with Those Charged with Governance

In addition, we have identified additional matters that are not required to be communicated but we believe are valuable for management.

II Matters for Management’s Consideration

We discussed these matters with various Plan personnel during the audit, including management. We would also be pleased to meet with you to discuss these matters at your convenience.

This information is intended solely for the use of the Plan Administrator, Board of Directors, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

Yeo & Yeo, P.C.

Troy, Michigan

Appendix I
Auditor's Communication of Significant Matters with Those Charged with Governance

Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated March 6, 2026. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. There were no significant estimates in the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Auditors are required to use professional judgment to identify areas of the audit that have a high risk of material misstatement and perform special audit consideration in those areas. Within our audit, we focused additional consideration in the following areas below:

- Management override of controls
- Improper revenue recognition

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements detected as a result of audit procedures that were more than trivial.

There were no known uncorrected misstatements that were more than trivial.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

Refer to Appendix II - Matters for Management's Consideration for the following reportable findings:

- Safe Harbor Contribution
- Plan Entry
- Participant Errors

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated as of the date of the audit report.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplementary schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplementary schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Appendix II
Matters for Management's Consideration

In planning and performing our audit of the financial statements of the Plan as of and for the year ended December 31, 2025, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

However, during our audit we became aware of matters for management's consideration that are opportunities for correcting noncompliance and strengthening internal controls. This letter does not affect our report dated October 9, 2026, on the financial statements of the Plan. Our comments and recommendations regarding those matters are:

Safe Harbor Contribution
During the audit, we noted incorrect safe harbor contributions for four participants in our sample, likely due to incorrect eligible compensation. We recommend that Plan management review the payroll and contribution calculation processes to ensure that safe harbor contributions are accurately based on eligible compensation as defined in the plan document. Safe harbor contributions should also be consistently applied in accordance with plan provisions. If current practices differ from the documented terms, management should consider amending the plan to reflect actual procedures and maintain compliance with regulatory requirements. Management should also consult with its service provider to determine and implement any necessary corrective action.

Plan Entry
During our audit, we noted that three employees were allowed to enter the Plan prior to meeting the eligibility requirements as outlined in the plan document. These early enrollments were not in accordance with the stated provisions regarding the service requirements for participation. We recommend that Plan management review and reinforce internal controls surrounding participant eligibility to ensure compliance with the plan document. If early entry is intended to be permitted going forward, management should consider amending the plan document to reflect current practices and avoid future inconsistencies.

Participant Errors
During our testing of participant contributions, we identified several exceptions that indicate weaknesses in controls over the administration of participant deferrals and the application of compensation for Plan purposes. Specifically, we noted:

- Overtime compensation was excluded from deferral withholding for one participant in our sample.
- Deferrals were not withheld from bonus compensation for 19 of 24 participants in our sample.
- Documentation supporting a participant's deferral election change could not be provided for one participant in our sample.

These exceptions suggest that payroll processes and Plan administration procedures may not be consistently applying the Plan's compensation and deferral provisions. As a result, participant contributions may not be calculated accurately, increasing the risk of operational noncompliance and the need for corrective action.

We recommend that management review the Plan's definition of compensation and ensure it is consistently applied within payroll and Plan administration processes. Management should also implement procedures to periodically reconcile compensation used for contribution calculations and maintain adequate documentation supporting participant election changes. In addition, management should work with its service provider to determine whether corrective action is necessary for any identified errors.
