Independent Auditor's Report

To the Administrative Committee of
the Gray & Osborne, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of *Gray & Osborne, Inc. 401(k) Profit Sharing Plan*, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of *Gray & Osborne, Inc. 401(k) Profit Sharing Plan's* financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of *Gray & Osborne, Inc. 401(k) Profit Sharing Plan* and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about *Gray & Osborne, Inc. 401(k) Profit Sharing Plan's* ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of *Gray & Osborne, Inc. 401(k) Profit Sharing Plan's* internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about *Gray & Osborne, Inc. 401(k) Profit Sharing Plan's* ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GRAY & OSBORNE, INC.
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2025 & 2024

Note 1 – Description of Plan

The following description of the *Gray & Osborne, Inc. 401(k) Profit Sharing Plan* provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General:

The plan is a defined contribution plan covering all non-union employees of *Gray & Osborne, Inc.* It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan contains participant directed investments.

Eligibility:

New full-time employees become eligible to participate in the plan after completion of a consecutive 3-month period. Full-time is considered 1,000 or more hours expected annually. Entry dates are the first day of the month on or after completion of the service requirements for salary deferral and December 31 for non-elective contributions.

Participant Contributions:

Eligible employees may elect to make 401(k) salary deferral contributions, up to 100% of gross compensation subject to Internal Revenue Code limitations.

Eligible employees may make rollover contributions to this plan from distributions from another qualified plan.

Company Contributions:

Profit sharing contributions - The Company may make profit-sharing contributions to be determined at the discretion of the Board of Directors. Profit sharing contributions were $1,200,000 and $1,200,000 for the years ended December 31, 2025 and 2024.

Participants' Accounts:

For each participant, separate accounts are maintained for 401(k) deferred compensation, employee rollover and profit-sharing contributions. Each participant's account is credited with the respective contributions and forfeitures if applicable, and earnings (losses) based on participant selected investment performance.

Note 1 – Description of Plan (Continued)

Vesting:

Participants are immediately 100% vested in their 401(k) salary deferral, rollover contributions and allocated earnings thereon. Vesting in the Company profit-sharing contribution is 100% after three years of credited service, upon death or disability.

Administration Costs:

Investment transactions costs are netted against investment proceeds. Certain transaction costs are paid from the account of the participant initiating the transaction, all other administration costs are paid by the employer.

Forfeitures:

Terminated participants' non-vested amounts may first be used to pay plan expenses and reduce future employer contributions. Any forfeitures left after paying plan expenses are reallocated. There were $8,255 and $8,887 in forfeitures for the years ended December 31, 2025 and 2024.

Investment Options:

Upon enrollment in the plan, a participant may direct contributions made on their behalf in any of Principal Financial Group's (Principal) investment options. Participants may change their contribution investment options semi-annually, and may transfer balances daily.

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account, and as of December 31, 2025, interest rates ranged from 8.50% to 9.50%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits:

On termination of service due to retirement, disability or death, a participant may elect to receive vested benefits in a single lump-sum distribution or in optional annuities according to plan limitations. For termination of service due to other reasons, a participant may receive vested benefits as a lump-sum distribution.

Note 1 – Description of Plan (Continued)

Income Tax Status:

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 2 – Significant Accounting Principles

Basis of accounting:

The financial statements are prepared on the accrual basis of accounting under accounting principles generally accepted in the United States of America. Contributions and realized investment earnings (losses) are recognized when earned, and expenses are recognized when resources are used and a liability is incurred. Unrealized changes in the market value of investments are recognized when the plan is valued at the end of any period.

Investments:

Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's board of trustees determines the Plan's valuation policies utilizing information provided by the investment advisors. For investments without a readily available quoted market price, Principal, the Plan's custodian, determines the fair value based on the investment's net asset value. The guaranteed interest accounts are not fully benefit responsive due to possible surrender charges when funds are withdrawn prior to their maturity, accordingly, they are recorded at fair value. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from investments is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Significant Accounting Principles (Continued)

Notes Receivable From Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make repayments on the note and the plan administrator considers the note receivable from the participant to be in default, the note balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits:

Benefits to participants are recorded when paid.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Recently Adopted Accounting Standards:

In June 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-13, Financial Instruments — Credit Losses (Topic 326) (with subsequent targeted amendments) which modifies the measurements of expected credit losses for certain financial instruments and financial assets, including contribution receivables. This guidance was effective for fiscal years beginning on or after December 15, 2022 and was adopted by the Plan on January 1, 2023 using the prospective method. Application of the standard did not require a cumulative-effect adjustment to net assets available for plan benefit as of the effective date and did not have a material impact on the financial statements.

Subsequent Events

The plan trustees are not aware of any subsequent events requiring disclosure or adjustments in the financial statements as of October 5, 2026, the date the financial statements were available to be issued.

Note 3 – Risks and Uncertainties

The Plan provides for investments in various investment options. Investments are exposed to risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment options, it is at least reasonably possible that changes in the values of investment options will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 4 – Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Level 1 - Unadjusted quoted prices in active markets for identical assets. These assets include investments in mutual funds. The fair value of mutual funds and the pooled separate accounts is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 - Significant other observable inputs, including quoted prices for similar securities, interest rates, credit risk, etc. that are determined for an asset, either directly or indirectly, based on independent market data. The plan did not have any level 2 assets.

Level 3 - Significant unobservable inputs for the asset or liability that reflect the plan's own assumptions which market participants would use in pricing the asset based on the best information available. These assets consist primarily of investment contracts with an insurance company. The fair value of the investment contracts is the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Note 4 – Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's fair value measurements at December 31, 2025 and 2024:

		Fair Value Measurements at Reporting Date Using:		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2025				
Collective investment trust	$ 14,402,219	$ 14,402,219	$ -0-	$ -0-

Mutual funds	17,492,245	17,492,245		
Investment contract with an insurance company	1,926,893	-0-	-0-	1,926,893
Investments at fair value	$ 55,301,227	$ 53,374,334	$ -0-	$ 1,926,893
December 31, 2024				
Pooled separate accounts	$ 37,781,300	$ 37,781,300	$ -0-	$ -0-
Mutual funds	13,000,602	13,000,602		
Investment contract with an insurance company	1,666,332	-0-	-0-	1,666,332
Investments at fair value	$ 52,448,234	$ 50,781,902	$ -0-	$ 1,666,332

Note 4 – Fair Value Measurements (Continued)

The following table sets forth a summary of changes in the fair value of the plan's investment contracts with an insurance company level 3 assets:

	2025	2024
Beginning balance	$ 1,666,332	$ 1,904,353
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	(1,450)	15,856
Interest credited	53,280	64,937
Purchases, sales, issuances and settlements (net)	208,731	(318,814)
Transfers	-0-	-0-
Ending balance	$ 1,926,893	$ 1,666,332

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024, are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025 and 2024, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Note 5 – Party-in-Interest Transactions

The Plan has a number of service providers. Such parties are parties-in-interest under ERISA. All transactions were exempt from the prohibited transaction rules of ERISA.

The Plan utilizes a third-party administrator and custodian, Principal Financial Group (Principal). Principal provides investment management and custodial services to the plan. Transactions with Principal qualify as party-in-interest transactions. Administrative fees of $148,976 and $146,014 were paid to Principal during the years ended December 31, 2025 and 2024. In addition, as of December 31, 2025 and 2024, the Plan held $37,808,982 and $39,447,632 in shares of pooled separate accounts and guaranteed interest contracts managed by Principal.

Note 6 – Information Certified by Plan Custodian

The following information in the financial statements and supplemental schedules was certified to be complete and accurate by Principal Life Insurance Company and Principal Trust Company, the custodians and trustees of the plan, within the meaning of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

Investment income included in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.

Note 7 – Plan Termination

Although the Company has not expressed intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.
