INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Cascade Corporation Savings and Investment Plan
Fairview, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Cascade Corporation Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2025 Financial Statements* section

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2025 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

The 2024 financial statements of Cascade Corporation Savings and Investment Plan were audited by Perkins & Company, P.C, whose shareholders and professional staff joined CliftonLarsonAllen LLP as of July 1, 2026, and has subsequently ceased operations. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 3, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Cascade Corporation Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan that was established by Cascade Corporation (the "Company") effective January 1, 1987, to provide a means for savings and investment by employees for retirement purposes. The Plan exists for the exclusive benefit of eligible employees and is intended to comply with Section 401 of the Internal Revenue Code ("IRC"), as amended, and related regulations. The Plan is administered by a committee (the "Committee") selected by the board of directors of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

Eligibility - Employees of the Company in the United States of America, who are not covered by a collective bargaining agreement or on the payroll of an entity other than the Company, are eligible to participate in the Plan. Employees of business units acquired after December 1, 2006, may participate to the extent the Committee determines. For purposes of eligibility for employer defined and matching contributions, a year of service (defined as the 12-month period ending on the employee's severance from service date) is required. A participant who neither elects to contribute nor affirmatively elects not to contribute will be automatically enrolled in the Plan at a contribution rate of 3%.

Contributions - Participants may contribute a percentage of their pretax annual compensation, as defined by the Plan and subject to certain annual individual deferral limitations under the IRC, under such rules and limits as the Committee may establish from time to time. Employee elective deferrals and the employer discretionary matching contributions are recorded in the year in which the employee contributions are withheld from compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, as defined. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of registered investment companies, a collective trust fund and a self-directed brokerage account as investment options for participants.

As an incentive for participants to save, the Company contributes a 50% match on the participant's first 8% of base compensation (excluding overtime and bonus or other incentive pay) contributed to the Plan as an elective deferral. Additionally, the Company contributes an amount equal to 4% of each eligible employee's base compensation (excluding overtime and bonus or other incentive pay) as a defined contribution amount, whether or not that eligible employee participates in the elective deferral portion of the Plan, provided that the employee is employed on the last day of the relevant calendar quarter.

Participants' Accounts - Each participant's account is credited with the participant's contribution, Company contributions and an allocation of Plan earnings and Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting - Participants are vested immediately in their own contributions, including earnings thereon. Once eligibility is satisfied, participants are fully vested in the employer's matching contributions, including the earnings thereon. A participant is fully vested in the employer's defined contribution after three years of service. Defined contribution accounts are also fully vested upon retirement and upon death while an employee is employed if such events occur prior to the three-year vesting requirement.

Notes Receivable from Participants - The Plan allows for discretionary loans to participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participant notes receivable are collateralized by the balance remaining in the participant's account, and note repayments are paid through payroll deductions. Note terms range from one to five years. Participants may arrange a note term of up to 10 years if the note is used to purchase a home which is the participant's principal residence. The interest rate for a participant note is fixed as of the loan issue date and is based on the U.S. Prime Rate plus 1%. For loans outstanding at December 31, 2025, interest rates ranged from 4.25% to 9.50%.

Payment of Benefits - Participant contributions and the vested portion of Company contributions, including earnings thereon, may be withdrawn for qualified birth or adoption, qualified reservist distributions, or a financial hardship as stipulated in the Plan provisions. Upon termination or retirement, all participant contributions and vested Company contributions, including earnings thereon, are distributed in a lump sum payment or installment payments upon request of the participant.

Forfeited Accounts - Forfeited balances of terminated participants' non-vested accounts are used to reinstate previously forfeited participant account balances, reduce plan administrative expenses, and/or reduce future employer contributions. For the years ended December 31, 2025 and 2024, $69,062 and $56,429 of forfeiture balances were used to reduce employer contributions, respectively. For the years ended December 31, 2025 and 2024, no forfeiture balances were used to pay plan expenses. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $66,728 and $94,834, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared under the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year, and management and operating expenses associated with the Plan's investments in registered investment companies and self-directed brokerage accounts.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participation loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments - Benefits are recorded when paid. Accordingly, benefits payable to persons that have elected to withdraw from the Plan but not yet paid have not been accrued. At December 31, 2025 and 2024, there were no amounts payable to participants.

Plan Expenses - Administrative and investment management expenses of the Plan are reflected in the net asset value of the individual mutual funds, collective trust fund and self-directed brokerage accounts. Therefore, plan administrative and investment management expenses are paid by the participants. Transactional charges such as loan and stock trading fees are paid by the particular participants involved. The Company has paid certain expenses incurred in the administration of the Plan such as legal, accounting and auditing costs.

Subsequent Events - The Plan's management has performed an evaluation of subsequent events through October 9, 2026, which is the date these financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

Basis of Fair Value Measurement

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in methodologies used at December 31, 2025 and 2024. The following is a description of valuation methodologies used for assets measured at fair value.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of collective trusts that are comprised primarily of fully benefit-responsive investment contracts. The NAV as reported by the investment managers, is used as a practical expedient. Units in the collective trust funds are not publicly traded, but rather, are redeemable only by the issuer. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal to ensure that securities liquidation will be carried out in an orderly business manner.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include percentage allowances for targeted layoffs, bankruptcy resulting in employee job loss, reorganizations, spin-offs, and plan terminations. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with the participants are probable of not occurring.

Self-directed brokerage accounts: Valued at the closing price quoted on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 194,544,434	$ -	$ -	$ 194,544,434
Self-directed brokerage accounts	8,837,203	-	-	8,837,203
Total assets in fair value hierarchy	203,381,637	-	-	203,381,637
Common trust funds measured at NAV (a)	-	-	-	17,422,991
Total investments at fair value	$ 203,381,637	$ -	$ -	$ 220,804,628

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 177,862,842	$ -	$ -	$ 177,862,842
Self-directed brokerage accounts	7,268,641	-	-	7,268,641
Total assets in fair value hierarchy	185,131,483	-	-	185,131,483
Common trust funds measured at NAV (a)	-	-	-	17,814,035
Total investments at fair value	$ 185,131,483	$ -	$ -	$ 202,945,518

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments in Entities That Use NAV

The following table summarized investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively.

	December 31, 2025 Fair Value	December 31, 2024 Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust fund – fixed income	$ 17,422,991	$ 17,814,035	Not Applicable	Daily	None

NOTE 4 – INFORMATION CERTIFIED BY TRUSTEE OF THE PLAN

The following information included in the Plan's financial statements and supplemental Schedule Assets (Held at End of Year) was derived and obtained from information supplied by the trustee of the Plan, Fidelity Management Trust Company as of and for the years ended December 31, 2025 and 2024 and furnished to the plan administrator. The plan administrator has obtained a certification from the trustee that such information is complete and accurate:

- Investments at fair value
- Notes receivable from participants
- Investment income
- Interest income on notes receivable from participants

NOTE 5 – TAX STATUS

The Plan document is a Non-Standardized Pre-Approved Defined Contribution Plan sponsored by FMR LLC. In an opinion letter dated June 30, 2020, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting standards generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however; there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company ("Fidelity") is the trustee of the Plan. Fidelity receives a portion of investment management fees for certain Plan investments, which range from 0.04% to 0.66% of the daily investment balances. Strategic Advisors, Inc. is an affiliate of the trustee; therefore, these transactions qualify as party-in-interest. Strategic Advisors, Inc. received investment advisor fees of $89,400 and $71,791 for the years ended December 31, 2025 and 2024, respectively.

NOTE 8 – CONCENTRATIONS, RISKS, AND UNCERTAINTIES

The Plan provides for investments that are exposed to various risks. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participants' account balances. There were three investments that individually represented more than 10% of the investments held as of December 31, 2025 and 2024, respectively. See the supplemental Schedule of Assets (Held at End of Year) for the complete listing of investments held as of that date.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Cascade Corporation Savings and Investment Plan
Fairview, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Cascade Corporation Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2025 Financial Statements* section

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2025 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

The 2024 financial statements of Cascade Corporation Savings and Investment Plan were audited by Perkins & Company, P.C, whose shareholders and professional staff joined CliftonLarsonAllen LLP as of July 1, 2026, and has subsequently ceased operations. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 3, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Cascade Corporation Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan that was established by Cascade Corporation (the "Company") effective January 1, 1987, to provide a means for savings and investment by employees for retirement purposes. The Plan exists for the exclusive benefit of eligible employees and is intended to comply with Section 401 of the Internal Revenue Code ("IRC"), as amended, and related regulations. The Plan is administered by a committee (the "Committee") selected by the board of directors of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

Eligibility - Employees of the Company in the United States of America, who are not covered by a collective bargaining agreement or on the payroll of an entity other than the Company, are eligible to participate in the Plan. Employees of business units acquired after December 1, 2006, may participate to the extent the Committee determines. For purposes of eligibility for employer defined and matching contributions, a year of service (defined as the 12-month period ending on the employee's severance from service date) is required. A participant who neither elects to contribute nor affirmatively elects not to contribute will be automatically enrolled in the Plan at a contribution rate of 3%.

Contributions - Participants may contribute a percentage of their pretax annual compensation, as defined by the Plan and subject to certain annual individual deferral limitations under the IRC, under such rules and limits as the Committee may establish from time to time. Employee elective deferrals and the employer discretionary matching contributions are recorded in the year in which the employee contributions are withheld from compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, as defined. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of registered investment companies, a collective trust fund and a self-directed brokerage account as investment options for participants.

As an incentive for participants to save, the Company contributes a 50% match on the participant's first 8% of base compensation (excluding overtime and bonus or other incentive pay) contributed to the Plan as an elective deferral. Additionally, the Company contributes an amount equal to 4% of each eligible employee's base compensation (excluding overtime and bonus or other incentive pay) as a defined contribution amount, whether or not that eligible employee participates in the elective deferral portion of the Plan, provided that the employee is employed on the last day of the relevant calendar quarter.

Participants' Accounts - Each participant's account is credited with the participant's contribution, Company contributions and an allocation of Plan earnings and Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting - Participants are vested immediately in their own contributions, including earnings thereon. Once eligibility is satisfied, participants are fully vested in the employer's matching contributions, including the earnings thereon. A participant is fully vested in the employer's defined contribution after three years of service. Defined contribution accounts are also fully vested upon retirement and upon death while an employee is employed if such events occur prior to the three-year vesting requirement.

Notes Receivable from Participants - The Plan allows for discretionary loans to participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participant notes receivable are collateralized by the balance remaining in the participant's account, and note repayments are paid through payroll deductions. Note terms range from one to five years. Participants may arrange a note term of up to 10 years if the note is used to purchase a home which is the participant's principal residence. The interest rate for a participant note is fixed as of the loan issue date and is based on the U.S. Prime Rate plus 1%. For loans outstanding at December 31, 2025, interest rates ranged from 4.25% to 9.50%.

Payment of Benefits - Participant contributions and the vested portion of Company contributions, including earnings thereon, may be withdrawn for qualified birth or adoption, qualified reservist distributions, or a financial hardship as stipulated in the Plan provisions. Upon termination or retirement, all participant contributions and vested Company contributions, including earnings thereon, are distributed in a lump sum payment or installment payments upon request of the participant.

Forfeited Accounts - Forfeited balances of terminated participants' non-vested accounts are used to reinstate previously forfeited participant account balances, reduce plan administrative expenses, and/or reduce future employer contributions. For the years ended December 31, 2025 and 2024, $69,062 and $56,429 of forfeiture balances were used to reduce employer contributions, respectively. For the years ended December 31, 2025 and 2024, no forfeiture balances were used to pay plan expenses. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $66,728 and $94,834, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared under the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year, and management and operating expenses associated with the Plan's investments in registered investment companies and self-directed brokerage accounts.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participation loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments - Benefits are recorded when paid. Accordingly, benefits payable to persons that have elected to withdraw from the Plan but not yet paid have not been accrued. At December 31, 2025 and 2024, there were no amounts payable to participants.

Plan Expenses - Administrative and investment management expenses of the Plan are reflected in the net asset value of the individual mutual funds, collective trust fund and self-directed brokerage accounts. Therefore, plan administrative and investment management expenses are paid by the participants. Transactional charges such as loan and stock trading fees are paid by the particular participants involved. The Company has paid certain expenses incurred in the administration of the Plan such as legal, accounting and auditing costs.

Subsequent Events - The Plan's management has performed an evaluation of subsequent events through October 9, 2026, which is the date these financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

Basis of Fair Value Measurement

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in methodologies used at December 31, 2025 and 2024. The following is a description of valuation methodologies used for assets measured at fair value.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of collective trusts that are comprised primarily of fully benefit-responsive investment contracts. The NAV as reported by the investment managers, is used as a practical expedient. Units in the collective trust funds are not publicly traded, but rather, are redeemable only by the issuer. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal to ensure that securities liquidation will be carried out in an orderly business manner.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include percentage allowances for targeted layoffs, bankruptcy resulting in employee job loss, reorganizations, spin-offs, and plan terminations. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with the participants are probable of not occurring.

Self-directed brokerage accounts: Valued at the closing price quoted on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 194,544,434	$ -	$ -	$ 194,544,434
Self-directed brokerage accounts	8,837,203	-	-	8,837,203
Total assets in fair value hierarchy	203,381,637	-	-	203,381,637
Common trust funds measured at NAV (a)	-	-	-	17,422,991
Total investments at fair value	$ 203,381,637	$ -	$ -	$ 220,804,628

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 177,862,842	$ -	$ -	$ 177,862,842
Self-directed brokerage accounts	7,268,641	-	-	7,268,641
Total assets in fair value hierarchy	185,131,483	-	-	185,131,483
Common trust funds measured at NAV (a)	-	-	-	17,814,035
Total investments at fair value	$ 185,131,483	$ -	$ -	$ 202,945,518

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments in Entities That Use NAV

The following table summarized investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively.

	December 31, 2025 Fair Value	December 31, 2024 Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust fund – fixed income	$ 17,422,991	$ 17,814,035	Not Applicable	Daily	None

NOTE 4 – INFORMATION CERTIFIED BY TRUSTEE OF THE PLAN

The following information included in the Plan's financial statements and supplemental Schedule Assets (Held at End of Year) was derived and obtained from information supplied by the trustee of the Plan, Fidelity Management Trust Company as of and for the years ended December 31, 2025 and 2024 and furnished to the plan administrator. The plan administrator has obtained a certification from the trustee that such information is complete and accurate:

- Investments at fair value
- Notes receivable from participants
- Investment income
- Interest income on notes receivable from participants

NOTE 5 – TAX STATUS

The Plan document is a Non-Standardized Pre-Approved Defined Contribution Plan sponsored by FMR LLC. In an opinion letter dated June 30, 2020, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting standards generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however; there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company ("Fidelity") is the trustee of the Plan. Fidelity receives a portion of investment management fees for certain Plan investments, which range from 0.04% to 0.66% of the daily investment balances. Strategic Advisors, Inc. is an affiliate of the trustee; therefore, these transactions qualify as party-in-interest. Strategic Advisors, Inc. received investment advisor fees of $89,400 and $71,791 for the years ended December 31, 2025 and 2024, respectively.

NOTE 8 – CONCENTRATIONS, RISKS, AND UNCERTAINTIES

The Plan provides for investments that are exposed to various risks. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participants' account balances. There were three investments that individually represented more than 10% of the investments held as of December 31, 2025 and 2024, respectively. See the supplemental Schedule of Assets (Held at End of Year) for the complete listing of investments held as of that date.
