INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
TMI Enterprise, LLC 401(k) Profit Sharing Plan
Port Allen, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of TMI Enterprise, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of TMI Enterprise, LLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of TMI Enterprise, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TMI Enterprise, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TMI Enterprise, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TMI Enterprise, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the accompanying supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1) Description of plan

The following brief description of TMI Enterprise, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for more complete information.

(a) General

The Plan is a 401(k) defined contribution plan adopted January 1, 1996. It covers all eligible employees of TMI Enterprise, LLC; L&B Transport, LLC; Transporter Maintenance and Inspection, LLC; Trailer Management International, LLC; TMI Security, LLC; Krawdaddy's LA, LLC; Grand Paradise, LLC; Lucky Louie's Truck Stop, LLC; Super Lucky Louie's, LLC; Monicarlo Casino, LLC; Trans Matic, Inc.; and Breaux Bridge Gaming, LLC (collectively, the Company or Employer) who are at least 21 years of age and have one year of service as defined in the Plan articles, provided that they have worked at least 1,000 hours during the Plan year. The Plan excludes employees covered by collective bargaining agreements and non-resident aliens. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Participants may contribute an amount equal to a percentage of their compensation earned during the Plan year not to exceed the limits imposed by the Internal Revenue Code. Employees are 100% vested in their contributions. In 2025 and 2024, matching contributions are made by the Company equal to 100% of the elective deferral contributions of each employee, disregarding any elective deferral contribution in excess of 4% of the employee's compensation. The Company may also elect to make a discretionary contribution; however, there were no discretionary contributions for 2025 or 2024.

(c) Participant accounts

Each participant's account is credited with the participant's contribution and allocation of the Company contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Investment options

Upon enrollment in the Plan, a participant may direct employee and Employer contributions in a variety of investment options. Participants may change their investment allocations at any time via telephone, internet or written instructions.

(e) Payment of benefits

Upon termination of service, death, disability, or retirement, a participant will receive either a lump-sum amount or installments, equal to the value of the vested interest in the participant's account. Under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Balances under $1,000 may be paid out at the discretion of the Company.

(f) Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

1) Description of plan (continued)

(g) Forfeitures

Forfeitures of Employer matching contributions are used to reduce Employer contributions in the following year. There were $4,216 and $4,111 in forfeitures available at December 31, 2025 and 2024, respectively, to offset future Employer contributions. Employer contributions were reduced by $5,638 and $3,432 from forfeited non-vested accounts for December 31, 2025 and 2024, respectively.

2) Summary of accounting policies

(a) Basis of accounting

The accompanying financial statements have been prepared on an accrual basis of accounting.

(b) Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Payment of benefits

Benefits are recorded when paid. There were no amounts allocated to accounts of participants who have elected to withdraw from the plan but not yet paid as of December 31, 2025 and 2024.

(d) Estimates

The preparation of the Plan's financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

3) Investments

During the years ended December 31, 2025 and 2024, the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated in value by $929,399 and $736,992, respectively.

4) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

5) Plan administrative costs

The Plan allows certain administrative expenses to be paid from Plan assets unless otherwise paid by the Company. Administrative expenses recorded in the Plan represent custodian fees, audit fees, and other recordkeeping fees that are deducted from participants' accounts and paid directly to the trustee. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net investment appreciation (depreciation) from investments, as they are paid through revenue sharing, rather than a direct payment. Distribution fees are charged directly to the participants' accounts. These fees qualify as party-in-interest transactions.

6) Risk and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7) Federal income tax status

The Plan adopted a prototype plan document. The prototype plan received an opinion letter from the Internal Revenue Service dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the letter, including amendments made to comply with recent law changes. The Plan itself has not separately applied for a determination letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

United States generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to United States federal and state income tax examinations by tax authorities for a period of three years beyond the filing of those returns.

8) Related party transactions

Certain plan investments are held in pooled separate accounts offered and managed by Lincoln National Life Insurance Company, the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

9) Information prepared and certified by the trustee (unaudited)

Certain information in the accompanying financial statements and ERISA-required supplemental schedule, related to investments held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2025 and 2024, was obtained by the plan administrator and agreed to or derived from information certified as complete and accurate by Lincoln National Life Insurance Company, a qualified institution.

10) Fair value measurement

Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

10) Fair value measurement (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled separate accounts: Valued at net asset value, which is fair market value, as the assets are marked-to-market on a daily basis.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 6,897,477	$ -	$ 6,897,477
Total assets at fair value	$ -	$ 6,897,477	$ -	$ 6,897,477

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 6,597,576	$ -	$ 6,597,576
Total assets at fair value	$ -	$ 6,597,576	$ -	$ 6,597,576

11) Guaranteed investment contract

The Plan invests in a guaranteed investment contract ("GIC") through the Lincoln Director platform. The contract is maintained in Lincoln Financial's Guaranteed Account/Guaranteed Stable Value Account and is backed by the general account assets of the insurance company. Contract value represents contributions made under the contract, plus credited interest, less participant withdrawals and administrative charges.

The contract is intended to be fully benefit-responsive; therefore, contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Participants ordinarily may direct permitted transactions at contract value. Interest is credited daily at rates declared by the issuer, subject to a guaranteed minimum interest rate. The issuer establishes crediting rates periodically and guarantees such rates for a specified period.

The contract includes certain restrictions on transfers and withdrawals, including equity wash provisions and potential market value adjustments in limited circumstances such as transfers exceeding contractual limits or plan termination events. Management believes these provisions do not impair the contract's benefit-responsive status as of December 31, 2025. The contract's guarantees are dependent upon the claims-paying ability of the insurance company. Contract value which approximates fair value at December 31, 2025 and 2024 was $882,437 and $63,207, respectively. The average yield during 2025 and 2024 was 2.79% and 2.77%, respectively.

12) SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. While most of the significant provisions became effective in 2024 and thereafter, there was no material impact to the Plan’s financial statements in 2025 or 2024.

13) Subsequent events

Effective January 1, 2026, the Plan was amended to permit Roth elective deferral contributions, modify certain distribution provisions, and establish participant loan provisions. The amendment was adopted on September 9, 2025.

The Plan has evaluated subsequent events through the date of the independent auditor’s report, the date at which the financial statements were available to be issued. There were no other material subsequent events that required recognition or additional disclosures in these financial statements.
