INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Aldea, Inc. 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Aldea, Inc. 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Aldea, Inc. 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Aldea, Inc. 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Aldea, Inc. 403(b) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Aldea, Inc. 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Aldea, Inc. 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Aldea, Inc. 403(b) Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by Aldea, Inc. (the "Organization", "Employer", or "Plan Sponsor") pursuant to Section 403(b) and related provisions of the Internal Revenue Code ("IRC"), was established effective January 1, 2009, and restated effective August 1, 2019. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination of employment or financial hardship. The Plan covers all eligible employees of the Organization upon employment, as defined by the Plan. It is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), and subsequent laws.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, related to participant loans and distributions. The Organization has until December 31, 2026, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan has until December 31, 2026, to amend the plan documents for the changes related to SECURE 2.0. Effective January 1, 2025, the Plan administratively adopted Section 109 of SECURE 2.0, which implemented a super catch-up contribution for participants ages 60 through 63, increasing the catchup contribution limit to the greater of $10,000 or 150% of the otherwise applicable indexed catchup contribution limit. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Organization is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Organization has delegated certain responsibilities for the operation and administration of the Plan. Custodial services are provided by American United Life Insurance Company ("AUL"), a OneAmerica Company and Mutual of America Life Insurance Company ("Mutual of America" or "MOA") (collectively, the "Custodians"). Recordkeeping services are provided by an affiliate of AUL and MOA. Certain administrative expenses of the Plan were paid directly by the Organization for the year ended December 31, 2025. Loan set-up and maintenance fees are paid by the individual participants receiving the loan. Investment fees, which may vary according to the individual investment funds selected, and certain other administrative expenses are paid out of the assets of the Plan.

1. DESCRIPTION OF THE PLAN (continued)

Plan administration (continued)

Effective January 2, 2025, Voya Financial Inc. announced the completion of its acquisition of the full-service retirement plan business of OneAmerica Financial, Inc. As part of the transaction, Voya Financial, Inc. purchased OneAmerica Retirement Services LLC and OneAmerica Investment Advisory Services.

Eligibility

Most employees of the Organization are eligible to participate in the Plan. Excluded employees include nonresident aliens and employees who are eligible to participate in another plan of the Employer such as a governmental 457(b) plan, 401(k) plan or another 403(b) plan. There are no age or service requirements that need to be satisfied in order to make elective deferral contributions. Eligible employees are automatically enrolled in the Plan with a pre-tax deferral of 2% of their eligible compensation, unless the participant makes a contrary election. After completing six months of service or 1,000 hours, as defined by the Plan, employees are eligible to receive discretionary Employer matching and non-elective contributions.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer contributions, (b) Plan earnings and charged with (c) plan losses and an allocation of plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant contributions

Participants may elect to contribute through payroll deductions amounts up to 100% of their annual compensation, as defined by the Plan, on a tax-deferred or an after-tax (Roth) basis, up to a maximum amount allowed by the IRC. Participants age 50 or over can also make additional catch-up contributions to the Plan up to a maximum amount allowed by the IRC. In addition, effective January 1, 2025, participants who attain ages 60 through 63 during the calendar year are eligible to make enhanced catch-up contributions in accordance with SECURE 2.0 and applicable IRC limits. Participants are also allowed to rollover contributions from other qualified employer-sponsored retirement plans. Participants direct the investment of all their contributions into various investment options offered by the Plan.

Employer contributions

The Organization may elect to contribute discretionary matching contributions and discretionary non-elective contributions to the Plan. For the Plan year ended December 31, 2025, the Organization elected to make discretionary matching contributions equal to 100% of each participant's contributions, up to 5% of eligible compensation. Employer matching contributions amounted to $280,060 for the Plan year ended December 31, 2025. There were no discretionary non-elective contributions elected or made during the Plan year ended December 31, 2025.

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their contributions, including rollovers, plus earnings thereon.

In the event of death, disability or attaining normal or early retirement age, participants are immediately vested in all Organization contributions. Prior to August 1, 2020, participant Employer matching and non-elective contributions were subject to a three-year cliff vesting schedule. Effective August 1, 2020, the five-year graded vesting schedule for the Employer discretionary non-elective and matching contributions is as follows:

Years of Service	Percentage
Less than 1	0 %
1	20 %
2	40 %
3	60 %
4	80 %
5	100 %

Notes receivable from participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms are generally five years or less but may exceed five years if the purpose of the loan is to purchase a principal residence. Principal and interest is paid ratably through semi-monthly payroll deductions. Interest rates on loans are based on the prevailing interest rates charged by persons in the business of lending money for loans under similar circumstances. Loans outstanding as of December 31, 2025, carried interest rates of 4.25%, with scheduled maturities through November 2030.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination of employment, financial hardship, disability or death, as defined by the Plan. Participant account balances less than or equal to $1,000 upon termination will be distributed in a lump-sum payment directly to the participant unless the participant makes an election to roll funds to an individual retirement account designated by the Plan administrator. If a participant's account balance is greater than $1,000 but less than or equal to $7,000, the balance is distributed immediately in a lump-sum payment to an individual retirement account unless a direct rollover into another qualified benefit plan is requested. If the account balance is over $7,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, a specified series of installments equal to the value of their vested account balance or postpone payment to a later date and remain in the Plan as described in the Plan document.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits (continued)

Upon attaining the age of 59 1/2 the participant may, while still employed by the Organization, request a withdrawal from their account balance. Qualified reservist distributions are permitted under limited circumstances as defined by the Plan. Participants with an immediate and heavy financial need may be eligible for a hardship withdrawal, subject to certain restrictions as described by the Plan documents.

Forfeitures

Unvested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Organization. A forfeiture occurs in the Plan year in which the participant either receives a distribution of their vested account or has five consecutive one-year breaks in service, as defined by the Plan. Forfeitures are retained in the Plan and used to reduce Employer contributions and to pay administrative expenses. As of December 31, 2025 and 2024, the total balance of unallocated forfeitures were $698 and $0, respectively. During the year ended December 31, 2025, $29,956 of forfeitures were used to reduce Employer discretionary matching contributions. There were no forfeitures used to pay administrative expenses during the year ended December 31, 2025.

Expenses

Certain administrative expenses of the Plan, including record-keeping and audit fees, were paid directly by the Organization for the year ended December 31, 2025. The Plan is not required to reimburse the Organization for such expenses paid by the Organization on its behalf. Investment fees, which may vary according to the individual investment options selected, are paid out of the assets of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Investment valuation and income recognition

The Plan's investments are reported at fair value and contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Organization, which is the pay date. Employer matching and non-elective contributions are recorded in the year they are earned. The Plan records receivables for Employer contributions, and contributions from participants, based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Plan.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document and upon the occurrence of a distributable event.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Expenses are recorded when incurred.

Subsequent events

The Plan has evaluated subsequent events through October 7, 2026, the date the financial statements were available for issuance. Effective January 1, 2026, pursuant to provisions of the SECURE 2.0 Act, participants eligible to make catch-up contributions whose prior-year wages from the Plan sponsor exceeded $150,000 are required to make catch-up contributions on a Roth basis. The Plan implemented the applicable SECURE 2.0 provisions effective January 1, 2026. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards require that fair value be determined based on the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

- Level 1: inputs are based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities, or

- Level 3: inputs are unobservable for the asset or liability.

3. FAIR VALUE MEASUREMENTS (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in methodology used at December 31, 2025 and 2024.

Pooled Separate accounts (AUL/MOA): Pooled separate accounts are accumulation units and calculate the contract owner's interest. Such units are valued daily to reflect the investment performance and the prorated daily deduction for expense charges. The number of units credited to a participant's account is determined by dividing the dollar amount of the transaction by the unit value the next time value is computed. Units are valued any day the New York Stock Exchange is open for business and may be accessed by plan sponsors and participants via the Custodian's websites. The pooled separate accounts have been presented as Level 2 investments within the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodology or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 8,908,946	$ -	$ 8,908,946

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 7,370,424	$ -	$ 7,370,424

4. INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The AUL Stable Value account is a fully benefit-responsive investment contract. Contributions to AUL under this contract are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, as reported to the Plan by AUL. AUL indicated that contract value approximates fair value for the investment contract at December 31, 2025 and 2024. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. There are no reserves against contract value for credit risk.

The Mutual of America General account (i.e. the Interest Accumulation Account) is a fully benefit-responsive investment contract. Contributions to MOA under this contract are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, as reported to the Plan by MOA. MOA indicated that contract value approximates fair value for the investment contract at December 31, 2025 and 2024. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. There are no reserves against contract value for credit risk.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable at this time.

The AUL contract does not permit the respective issuer to terminate the agreement prior to the scheduled maturity dates, and as long as the Plan holds assets with AUL, the Plan is required to keep the AUL Stable Value Account as an investment option in the Plan.

The MOA contract allows for withdrawals to be made at any time, and the interest rate credited to investments in the General Account is a current rate that is not dependent upon the length of time the assets are invested with MOA.

4. INVESTMENT CONTRACTS WITH INSURANCE COMPANIES (continued)

MOA is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0.15%. The current effective annual yield for interest credited to the interest accumulation account is 2.65%.

5. INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS (UNAUDITED)

The Plan administrator having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, was obtained by management and agreed to or derived from information certified by the Custodians, whom the Plan administrator has determined to be qualified institutions. Accordingly, the Custodians have certified to the completeness and accuracy of:

- Total investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024;
- Investment income, interest and dividends and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025;
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2025.

Accordingly, as requested by the plan administrator, the Plan's auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. After deducting all charges and expenses, the balances of all individual accounts will be adjusted and the remaining assets distributed.

7. TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt Plan under the IRC. The Plan has adopted a 403(b) volume submitter plan document that has received an opinion letter dated November 22, 2017, that indicated the Plan is designed in accordance with the applicable sections of the IRC, and is available for use by employers for the benefit of their employees. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and is tax-exempt.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to financial accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

The Plan includes in its investment fund options certain funds managed by AUL and MOA. AUL and MOA are the custodians as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions specifically exempted from the prohibited transaction rules of ERISA.

AUL utilizes an omnibus account with its bank to facilitate transactions for the plans it services and commingles funds in transit to or from the Plan and other plans. These omnibus account balances are invested in money market accounts and earn interest at money market rates for very short-term investments. AUL retains as compensation any earnings for the services provided to the Plan and its participants.

The Plan allows participants to borrow from their individual accounts subject to limitations specified in the Plan document. Participant loans are considered party-in-interest transactions under ERISA. Such loans are exempt from the prohibited transaction rules of ERISA and the Internal Revenue Code provided they are made in accordance with applicable regulations and the terms of the Plan.
