INDEPENDENT AUDITOR'S REPORT

To the Trustees of
COE Distributing Cash Balance Pension Plan
Smock, Pennsylvania

Opinion

We have audited the accompanying financial statements of COE Distributing Cash Balance Pension Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statement of assets available for benefits as of December 31, 2025 (in liquidation), and the related statement of changes in assets available for benefits for the year then ended (in liquidation), and the statement of assets available for benefits as of December 31, 2024 (ongoing), and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits of the Plan as of December 31, 2025 (in liquidation) and 2024 (ongoing), and the changes in its assets available for benefits for the year ended December 31, 2025 (in liquidation), in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting for the Financial Statements

As described in Note 1 to the financial statements, the Trustees of the Plan approved a formal resolution to terminate the Plan in November 2024, and management determined liquidation to be imminent as of and for the year ended December 31, 2025. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2024 financial statements to the liquidation basis used in presenting the 2025 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting under ERISA.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the COE Distributing Cash Balance Pension Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan, which provides certain retirement and death benefits on a noncontributory basis to all eligible employees of COE Distributing, Inc. ("COE"). The Plan's trustees are responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During November 2024, the Trustees of the Plan adopted a formal resolution to terminate the Plan with an effective date of termination of January 31, 2025. An application for termination was filed with the Pension Benefit Guaranty Corporation ("PBGC") on March 13, 2025. After the Plan received no formal disapproval from the PBGC subsequent to sixty days after filing the application, liquidation became imminent and the Plan adopted liquidation basis of accounting as of and for the year ended December 31, 2025.

Eligibility

All employees of COE who are not leased employees, covered by a collective bargaining agreement, non-resident aliens, or independent contractors, are eligible to participate in the Plan. Eligible employees first commence participation in the Plan on the first entry date coincident with or immediately following the date upon which the employee completes one year of service, defined as a period of twelve consecutive months during which the employee is credited with not less than 1,000 hours of service. Entry dates for the Plan are each January 1, April 1, July1, and October 1.

Effective January 31, 2025, the Plan adopted an amendment to freeze participation and no new employees of COE were allowed participation in the Plan.

Contributions and calculation of benefits earned

For each plan year, COE will make contributions to the Plan on behalf of each active participant. The participant's cash balance account will be credited for that plan year with a contribution based on a specified percentage of eligible compensation. The percentage of eligible compensation in effect is 40% for COE's Chairman and CEO and 3% for all other participants. As part of the Plan's termination, participants were not allocated contributions during the year ended December 31, 2025.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Funding policy

The Plan's funding policy is for COE to contribute an amount on an annual basis that will meet or exceed the annual ERISA minimum funding requirement. For the year ended December 31, 2024, COE made contributions totaling $173,330, respectively. COE did not make any contributions to the Plan during the year ended December 31, 2025 due to the Plan's termination.

Participant notional accounts

An accounting of benefits is maintained for each Plan participant. Each participant's notional account is the sum of his or her allocated contributions, plus an annual interest credit. The participant's annual contribution and interest credit are credited to the participant's account on the last day of the plan year. The interest rate for the purposes of computing the participant's interest credit is 5% per annum.

The Plan invests in a money market fund with the intent of achieving a rate of return commensurate with the stated interest crediting policy, while preserving capital.

Vesting

An employee is fully vested in the Plan upon completion of three years of service, termination of employment due to death or disability, or attainment of normal retirement age, as defined. On the date of termination of the Plan, January 31, 2025, all participants became 100% vested in their accrued benefit.

Benefit payments

Participants are entitled to receive a benefit payable in the form of a life annuity, at normal retirement age that is the actuarial equivalent of the participant's notional account as of normal retirement age. Upon termination of employment or attainment of normal retirement age, vested participants can elect to receive their benefits as a single sum payment, life annuity, qualified joint and 100% survivor annuity, or qualified joint and 75% survivor annuity.

Upon the Plan's termination, the Plan allowed participant's to roll their benefits into the COE Distributing 401(k) Profit Sharing Plan, another qualified plan, or take a single sum payment. Missing participant benefits were remitted to the PBGC Missing Participant Program. As of December 31, 2025, one participant had not received their benefits as part of plan liquidation.

Administrative expenses

Distribution fees are paid directly by the Plan and are reflected in the Plan's financial statements as administrative expenses. All other expenses of the Plan are paid by COE.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Pension Protection Act

The Pension Protection Act of 2006, as amended by the Worker, Retiree, and Employer Recovery Act of 2008, imposes certain benefit restrictions for qualified defined benefit plans that do not meet certain funding thresholds. A plan's funded percentage is referred to as the Adjusted Funding Target Attainment Percentage ("AFTAP"). Prior to the Plan's effective date of termination, the Plan's AFTAP as of January 1, 2025 was 107.70%. Because the Plan's AFTAP equals or exceeds 80%, the Plan is not subject to any benefit restrictions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

As described in Note 1, the Plan's financial statements have been prepared on the liquidation basis of accounting in accordance with Financial Accounting Standards Board Accounting Standards Codification 205-30, *Presentation of Financial Statements – Liquidation Basis of Accounting*.

Under liquidation basis of accounting, assets are measured at the estimated amount of cash or other consideration the Plan expects to collect in settling or disposing of those assets and liabilities are measured at their estimated settlement amounts, including costs that the Plan expects to incur through the end of its liquidation. These estimated amounts are undiscounted and are recorded to the extent the Plan has a reasonable basis for estimation. Accordingly, management does not expect the liquidation values of assets and liabilities to deviate from those amounts reported at their net realizable values.

The adoption of the liquidation basis of accounting did not have a material effect on the carrying values of the Plan's assets as of the date of adoption. The Plan's statements of assets available for benefits is reported on the going-concern basis of accounting as of December 31, 2024.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts, including estimated liquidation values of assets and liabilities and changes herein, and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

The money market investment is valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-ended fund that is registered with the Securities and Exchange Commission. The fund is required to publish its daily net asset value ("NAV") and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition (continued)

Investment transactions are accounted for on the trade date (date the order to buy or sell is executed). Dividend income is recorded on the ex-dividend date.

Payment of benefits

Benefits are recorded when paid.

Risks and uncertainties

The Plan's investments are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the value of investment funds will occur in the near-term and such changes could materially affect the amounts reported in the statements of assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers the assumptions that market participants would use when pricing the asset or liability. Plan management determines the valuation policies utilizing information provided by the Plan's investment advisors.

The three levels of inputs that may be used to measure fair value are as follows:

Level I – Quoted prices are available in active markets for identical investments as of the reporting date. The types of investments reported as Level I include a money market fund.

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENT (continued)

Level II – Pricing inputs are other than quoted market prices included in Level I, however, are observable either directly or indirectly for the investment. The Plan does not hold any investments that are classified as Level II.

Level III – Pricing inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. The Plan does not hold any investments that are classified as Level III.

The asset or liability fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The money market fund is valued at $1 per unit based on the number of units held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The valuation of the Plan's investments by the above fair value hierarchy levels are as follows as of December 31:

	2025 (in liquidation)			
	Level I	Level II	Level III	Total
Money market fund	$ 94,455	$ --	$ --	$ 94,455

	2024 (ongoing)			
	Level I	Level II	Level III	Total
Money market fund	$ 2,581,787	$ --	$ --	$ 2,581,787

NOTE 4 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS IN LIQUIDATION

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service rendered by participants. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants and their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries. Benefits under the Plan are based on accumulated account balances as defined in the plan document.

Benefits payable under all circumstances such as retirement, death, and termination of employment are included to the extent they are attributable to participant service rendered to the valuation date.

The actuarial present value of accumulated plan benefits in liquidation is determined by an independent actuary. It is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits are as follows as of December 31, 2025:

	2025 (in liquidation)	2024 (ongoing)
Vested benefits		
Participants not currently receiving benefits		
Active	$ 14,863	$ 2,371,643
Inactive	--	246,103
	14,863	2,617,746
Nonvested benefits	--	38,780
Actuarial present value of accumulated plan benefits	$ 14,863	$ 2,656,526

Changes in accumulated plan benefits are as follows for the years ended December 31 (in liquidation):

	2025
Actuarial present value of accumulated plan benefits, beginning of year	$ 2,656,526
Increase (decrease) attributable to	
Benefits accumulated	65,959
Benefits paid	2,706,596
Other	(1,026)
Actuarial present value of accumulated plan benefits, end of year	$ 14,863

NOTE 4 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS IN LIQUIDATION (continued)

The significant actuarial assumptions used in determining accumulated plan benefits are as follows as of December 31:

	2025
Interest rate	5.00%
Normal retirement age (average)	Age 62
Mortality basis after normal retirement age	2025 Applicable Table

The foregoing assumptions were based on the presumption that the Plan would continue. Upon termination of the Plan, actuarial assumptions did not materially differ.

NOTE 5 - PLAN TERMINATION

Upon the termination of the Plan on January 31, 2025, the Plan opened an election window period allowing eligible participants who are not in pay status prior to the termination date, and who may elect the immediate commencement of retirement income under the income security formula, cash balance formula or prior Plan account either in a lump sum or certain other distribution forms provided for under the Plan. Eligible participants includes both a retirement eligible participant, beneficiary, surviving spouse and alternate payee. Any participant entitled to Plan benefits of $7,000 or less received a lump sum cash payout during the election window period.

NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are held and invested by the Trustees and, therefore, these transactions qualify as party-in-interest transactions. Certain employees of COE provide administrative services to the Plan. These employees do not receive any compensation from the Plan for their services.

NOTE 7 - INCOME TAX STATUS

The Plan obtained its latest determination letter on August 31, 2023. The Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 - INCOME TAX STATUS (continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by a taxing authority. The Plan administrator believes as of December 31, 2025 that there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. Plan management believes they are no longer subject to income tax examinations for periods prior to 2022.

NOTE 8 - SUBSEQUENT EVENTS

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through October 9, 2026, the date on which the financial statements were available to be issued.

In February 2026, after the Plan satisfied all obligations to participants, the excess assets remaining of $79,725 in the Plan were transferred to the COE Distributing 401(k) Profit Sharing Plan as a qualified replacement plan.

Schedule SB, line 22 - Description of Weighted Average Retirement Age

The age reported is the weighted average of the Normal Retirement Ages for all active employees as of the valuation date, rounded to the nearest whole age. For an active late retiree, the assumed retirement age may be later than the Plan's Normal Retirement Age. Each participant's rate of retirement is assumed to be 100% at his or her assumed retirement age.
