Independent Auditors' Report

To the Administrative Committee and Management
Wal-Rose, Inc. 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Wal-Rose, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying 2025 and 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Vanessa R. Talley, CPA

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2025 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025

Note 1 – Plan Description

The following description of Wal-Rose, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), provides only general information. The Plan was established in July 2018. Participants should refer to the Plan Agreement for a more complete description.

General

The Plan is a participant directed, defined contribution plan covering substantially all full-time Wal-Rose, Inc.'s. (the "Company" or "Employer") employees. Employees become eligible to participate in the Plan on the first day of each month of the Plan year immediately following completion of 3 consecutive months of eligible service and attaining the age of 21. Empower Trust Company, LLC. is the trustee and plan custodian. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan is administered by the Company. The Plan's assets were maintained by Empower (the "Custodian"). The Custodian has the responsibility to administer, manage and control the assets of the Trust that are held for the benefit of the Plan at Empower Trust Company, LLC. Contributions are held by the Custodian, who invests cash received, interest and dividend income, as directed by participants, and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Contributions

Plan participants may voluntarily contribute, on a pre-tax basis, up to 100% of their compensation to the Plan as allowed by the Internal Revenue Service. All investments are participant directed. The maximum allowable pre-tax voluntary contribution, as determined by the Internal Revenue Service, for the years 2025 and 2024 was $23,500 and $23,000, respectively. Participants age 50 and older were eligible to make additional catch-up contributions of up to $7,500 in 2025 and 2024. Participants who attained ages 60 through 63 during 2025 were eligible to make enhanced catch-up contributions of up to $11,250 in accordance with applicable Internal Revenue Code provisions.

Plan participants may also designate some or all their elective deferral as designated Roth contributions, which are not on a pre-tax basis. If certain requirements are met, future distributions of money held in a participant's designated Roth account, including earnings, will be tax free. The Plan provides for a discretionary employer matching contribution of up to 50% of employee elective deferrals up to 6% of compensation. No employer matching contributions were made during 2025.

Roth contributions are matched in the same manner as non-Roth contributions. Matching Roth contributions must be allocated to a pretax account. Participants may also contribute (rollover) amounts representing vested distributions from other qualified plans.

Note 1 – Plan Description – continued

Contributions – continued

Each year, the Company may make, at its discretion, a matching contribution to those participants employed on the last day of the Plan year that have completed at least 1,000 hours of service during the Plan year. During the year ended December 31, 2025, the Company did not match participants' contributions.

Participant Accounts

Each participant account is credited with the participant's contribution, their pro rata share of Company contributions, an allocation of Plan earnings (including market value adjustments on Plan investments) and administrative charges, if any. Allocations of earnings are based on account balances, as defined in the Plan agreement.

Vesting

All participants are immediately vested in their contributions and earnings thereon. Vesting in the Company's contribution to the participants' accounts is as follows:

Years of credited service	Percent vested
0-1 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

A participant who becomes totally disabled or dies while under the Company's employment, shall be 100% vested on such date.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account, or other acceptable collateral, and bear interest at a rate of prime plus 1%. The maximum note repayment period is five years unless the note is for the purchase of a primary residence in which case the repayment schedule may be for a term in excess of five years. Principal and interest payments with respect to the notes are credited solely to the account of the borrowing participant from which the note was made.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon terms of the Plan document. Loans are considered in default as of the end of the quarter subsequent to the quarter in which the payment was due.

Note 1 – Plan Description – continued

Forfeited Benefits

Forfeitures occur when a participant terminates employment and has not vested in a portion of the Company's contribution amount. Forfeitures may be applied to reduce future Employer contributions and Plan expenses. As of December 31, 2025 and 2024, forfeited non-vested and asset holding accounts totaled approximately $15,600 and $13,500, respectively. During the year ended December 31, 2025, the Company did not use forfeitures to reduce Plan expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account will become fully vested and non-forfeitable. All appropriate accounting provisions of the Plan will continue to apply until the accounts of all participants have been distributed.

Discretionary Profit-Sharing Plan

At the end of the Plan year, the Company, at the discretion of the Company's Board of Directors, may make profit-sharing contributions, as defined in the Plan document. Profit-sharing contributions are allocated to eligible participants based upon the percentage of the participant's qualified compensation to the total qualified compensation of all eligible participants. No discretionary contributions have been made by the Company since the Plan's inception.

Investment Options

Contributions to the Plan by both employees and the employer are allocated among the available investment funds in accordance with each participant's elections. The Plan offers participants a variety of investment options through several mutual fund companies. As of December 31, 2025, participants could direct their investments among a variety of investment options. Participants may change their investment elections daily through either a telephone-based access system or an online platform.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared in compliance with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA and the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Note 2 – Summary of Significant Accounting Policies – continued

Use of Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles and the DOL's Rules and Regulations for Reporting and Disclosure under ERISA requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and their changes and disclosure of contingent assets and liabilities as of the year then ended. Accordingly, actual results could differ from these estimates.

Valuation of Investments

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value as described in Note 3.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Expenses

All reasonable expenses of administration, but not limited to those involved in retaining necessary professional assistance, may be paid from the assets of the Plan. Alternatively, the Employer may, in its discretion, pay any or all of these expenses. If an Employer does not pay these expenses, then the expenses paid using the Plan's assets will generally be allocated among the accounts of all Participants in the Plan. These expenses will be allocated either proportionally based on the value of the account balances or as an equal dollar amount based on the number of Participants in the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rates, credit and overall volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Fair Value Measurements

The Financial Accounting Standards Board has established a framework for measuring fair value in Accounting Standards Codification (ASC) 820, Fair Value Measurement. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described in the succeeding page.

Note 2 – Summary of Significant Accounting Policies – continued

Fair Value Measurements – continued

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the Plan year ending December 31, 2025 and 2024.

Common/collective trusts: Valued at NAV provided by the custodian. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There were no unfunded commitments to purchase investments at December 31, 2025 and 2024. Participant-directed redemptions have no restrictions and are recorded at the end of every business day.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets Measured at Fair Value at 12/31/2025	Assets Measured at Fair Value at 12/31/2024
Common collective trusts investments	$ 1,225,007	$ 1,109,768
Investment at fair value	$ 1,225,007	$ 1,109,768

Investments measured using NAV as practical expedient are exempt from being presented in the fair value hierarchy.

Note 3 - Fully Benefit-Responsive Investment Contract

Fixed annuities: The Plan invests in a benefit-responsive investment contract through the EI Fixed Account - Series Class I. Contract value is the relevant measurement attribute for this investment because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The EI Fixed Account - Series Class I is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

The average yield earned by the fund was approximately **1.45%** for the year ended December 31, 2025 (**1.41%** for 2024). The actual average yield earned by the Plan on this investment contract was approximately **1.45%** for 2025 (**1.41%** for 2024).

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events are defined by the investment contract and may include circumstances affecting the Plan's ability to immediately and fully withdraw contract value for plan-initiated transactions. Management believes that the occurrence of any such events that would limit the Plan's ability to transact at contract value is not probable. Accordingly, the investment contract is reported at contract value in the accompanying statements of net assets available for benefits.

As of December 31, 2025 and 2024, the Plan held a benefit -responsive investment contract value of $153,568 and $141,482, respectively.

Note 4 – Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by the Custodian, a qualified institution. As of December 31, 2025 and 2024, and for the year ended December 31, 2025, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Custodian, except for comparing such information to the related information included in the financial statements, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 5 – Income Tax Status

The IRS has issued on the pre-approved plan documents and informed the Plan sponsor by a letter dated June 30, 2020, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Note 5 – Income Tax Status - continued

The Plan adopted the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification 740-10, *Accounting for Uncertainty in Income Taxes*. The Plan is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. A tax position includes an entity's status, and the decision not to file a tax return. The Plan has evaluated each of its tax positions and has determined that no provision or liability for income taxes is necessary.

The Plan files an income tax return in the U.S. federal jurisdiction.

Note 6 – Corrective Distribution Payable

At December 31, 2025 and 2024, there were payables of $11,366 and $6,480, respectively, recorded for amounts refundable by the Plan to certain participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

Note 7 – ERISA Bond Requirement

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the plan year or $500,000. At December 31, 2025 and 2024, the Plan's sponsor-maintained crime insurance policy with endorsement insuring agreement for coverage for employee theft and ERISA Fidelity up to $1,000,000.

Note 8 – Party-In-Interest

Several assets of the Plan are invested with and valued by the Custodian, which is considered a party-in-interest as a provider of administrative investment management and accounting services to the funds. These transactions are exempt from the prohibited transaction rules. Notes receivable from participants are also considered to be party-in-interest transactions because they are with Plan participants. Fees paid to parties-in-interest by the Plan for administrative expenses amounted to approximately $11,000 during the year ended December 31, 2025.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 9 – Subsequent Events

Effective June 1, 2026, the Plan changed its trustee and custodian from Empower to NestEggs Retirement Plan. Plan assets were transferred to the new custodian after year-end. Management determined that the change did not have a material impact on the Plan's financial statements for the year ended December 31, 2025.

Note 9 – Subsequent Events continued

Subsequent events have been evaluated through September 30, 2026, which is the date the financial statements were available to be issued.
