INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of

the Atwood Distributing 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Atwood Distributing 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Atwood Distributing 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Atwood Distributing 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Atwood Distributing 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Atwood Distributing 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Atwood Distributing 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

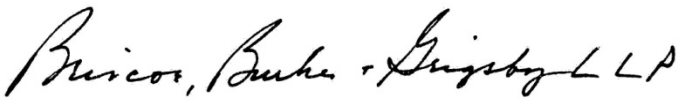

Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ATWOOD DISTRIBUTING 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the *Summary Plan Description* for a more complete description of the Plan's provisions, which is available from the plan administrator.

General - The Plan is a defined contribution plan in which eligible employees of Atwood Distributing, L.P. (the "Company") may participate. To participate, employees must be 18 years of age and have completed one year of service of at least 1,000 hours. Eligible employees enter the Plan on January 1 or July 1 coinciding with or next following the date they satisfy the eligibility requirements. Eligible employees may also roll over distributions from other qualified plans and certain IRAs into the Plan.

Contributions - The Company has decided, for the year ended December 31, 2025, to make a fully-vested Safe Harbor Matching Contribution to all eligible participants. The Company will match 100% of the salary deferrals up to 3%, plus 50% of salary deferrals in excess of 3% up to 5% of compensation. Additional amounts may be contributed at the discretion of the Company; no discretionary contribution was made for the year ended December 31, 2025. Participants direct the investment of their contributions as well as the Company's contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions currently at $7,500 for the 2025 Plan year.

Participant Accounts - Each participant's account is credited with the participant's contribution, the Company's contribution and plan earnings. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account. At December 31, 2025, 348 participants had an account balance in the Plan.

Vesting - Employees are immediately vested in the safe harbor matching contribution, their voluntary contributions plus their contributions' earnings.

Forfeited Accounts –All participant accounts are 100% vested; accordingly, forfeitures generally consist of residual amounts, such as excess or ineligible contributions returned to the Plan. At December 31, 2025 and 2024, the forfeiture account totaled $5,193 and $14,580, respectively. Under the Plan document, forfeitures may be used to pay reasonable Plan expenses or to reduce or supplement employer nonelective contributions. During 2025, forfeitures of $13,889 were used to fund employer contributions.

Participant Loans - Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. A participant may have one loan outstanding at a time. Loan terms range from 12 to 60 months for general purpose loans and 61 to 180 months for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a fixed interest rate equal to the prime rate published in the Wall Street Journal plus 1% at the time the loan is originated. At December 31, 2025, interest rates on outstanding loans ranged from 4.25% to 9.50%, and 67 participant loans were outstanding. Principal and interest are repaid through payroll deductions.

Participant Investment Account Options – Investment account options available include various funds. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

Plan Termination - Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Plan's financial statements are prepared under the accrual method of accounting. Employee contributions are recognized in the period the contributions are withheld. The employer's matching contributions are recognized in the same period that the related employee contributions are withheld.

Investment Valuation and Income Recognition – Investments held by the Plan, other than fully benefit-responsive investment contracts, are reported at fair value. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The accompanying statements of net assets available for benefits present the contract value of the investment in the group annuity contract. The accompanying statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Notes Receivable from Participants - Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Plan Tax Status - The Plan has adopted a pre-approved plan document sponsored by Great-West Trust Company, LLC, which received a favorable opinion letter from the Internal Revenue Service dated November 14, 2022, stating that the form of the plan document is acceptable under the applicable requirements of the Internal Revenue Code. The Plan has been amended since the date of the opinion letter. However, the Plan administrator and the Plan administrator's record keeper and trustee believe that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan files information returns in the United States.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and Uncertainties – Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the risks associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect participants' account balances and amounts reported in the statement of net assets available for Plan benefits.

Payment of Benefits - Upon termination of service, a participant with a vested account balance of $7,000 or less (excluding rollover contributions) will receive a lump-sum distribution; if the distribution exceeds $1,000 and the participant does not elect otherwise, it will be rolled over to an individual retirement account. Participants with balances exceeding $7,000 may elect to receive a lump-sum distribution as soon as administratively practical after termination or may defer distribution until required. While employed, participants may withdraw amounts upon attaining age 59½, upon demonstrating a qualifying financial hardship as defined by the Plan, and from rollover accounts at any time. Benefit payments to participants are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees charged on participant distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Reclassifications - Certain amounts in the prior year presentation have been reclassified to conform to the current year presentation. Fully benefit-responsive investment contracts reported at contract value are presented outside of the fair value hierarchy in Note 5 for both years presented. These reclassifications had no effect on total investments, total assets, or net assets available for benefits as previously reported.

3. PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are held in a general account investment contract issued by Empower Annuity Insurance Company of America, which also serves as the Plan's custodian and record keeper and is therefore a party-in-interest as defined by ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

Fees paid by the Plan to service providers for the year ended December 31, 2025 were as follows: Empower Annuity Insurance Company of America (record keeping and plan administration), $40,115; Argent Retirement Plan Advisors LLC (investment advisory), $35,881; and Empower Advisory Group, LLC (investment management), $9,826. These amounts total $85,822 and are reported as administrative expense in the statement of changes in net assets available for benefits. The Company provides certain administrative services at no cost to the Plan.

4. INFORMATION CERTIFIED BY EMPOWER

The Company has elected the method of compliance as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Empower, the insurance company, custodian and a party-in-interest

4. INFORMATION CERTIFIED BY EMPOWER (continued)

as defined by ERISA, as of December 31, 2025 and 2024 and for the year ended December 31, 2025, except for comparing such information certified by the insurance company and custodian to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2025	2024
Investments, at fair value:		
Mutual funds	$ 14,882,843	$ 13,578,467
Total investments, at fair value	14,882,843	13,578,467
Fixed annuities, at contract value	350,187	315,857
Total investments	$ 15,233,030	$ 13,894,324
Notes receivable from participants	$ 389,621	$ 495,880
Dividend income	$ 844,162	
Interest income	$ 6,849	
Interest on notes receivables from participants	$ 39,803	
Net appreciation in the fair value of investments	$ 1,386,011	

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

5. FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

> *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's investment in the Key Guaranteed Portfolio Fund is a fully benefit-responsive investment contract that is measured, presented, and disclosed at contract value rather than fair value. Accordingly, it is excluded from the fair value hierarchy above and is presented as a reconciling item to total investments. See Note 6.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	Fair Value Measurements as of December 31, 2025			
	Fair Value	**(Level 1)**	**(Level 2)**	**(Level 3)**
Registered investment companies	$ 14,882,843	$ 14,882,843	$ -	$ -

	Fair Value Measurements as of December 31, 2024			
	Fair Value	**(Level 1)**	**(Level 2)**	**(Level 3)**
Registered investment companies	$ 13,578,467	$ 13,578,467	$ -	$ -
Fixed annuities	-

Investments at contract value (Note 6)	315,857			
Total investments	**$ 13,894,324**			

6. FIXED ANNUITY CONTRACT

In 2016, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company of America (EAICA). EAICA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, determined by reference to the earnings of the underlying assets in the issuer's medium to long term portfolio compared to the minimum crediting rate stated in the contract and prevailing market conditions. The crediting rate is reviewed on a quarterly basis for resetting. The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. FIXED ANNUITY CONTRACT (continued)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

The contract has a minimum guaranteed crediting rate of 0.00%. The crediting rate was 1.45% and 1.41% as of December 31, 2025 and 2024, respectively, and the contract had an average yield of 1.45% and 1.41% for the years ended December 31, 2025 and 2024, respectively.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain differences exist between GAAP and ERISA reporting requirements, primarily related to the timing and recognition of employer contributions receivable. The following reconciles the net assets available for benefits and employer contributions per the financial statements to the amounts reported on the Form 5500 as of and for the years ended December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 15,622,651	$ 14,414,574
Employer contribution receivable	-	(24,370)
Net assets available for benefits per the Form 5500	$ 15,622,651	$ 14,390,204

Employer contributions receivable represent additional employer match amounts owed to participants as identified in the match verification process, which are accrued under GAAP but are not recognized on the Form 5500 until received by the Plan. The employer contribution receivable of $24,370 recorded at December 31, 2024 was funded during the year ended December 31, 2025, of which $13,889 was satisfied from forfeited nonvested accounts already held by the Plan.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (continued)

	2025
Employer contributions per the financial statements	$ 439,593
Add: contributions receivable at December 31, 2024	24,370
Less: contributions receivable at December 31, 2025	-
Employer contributions per the Form 5500	$ 463,963

8. SUBSEQUENT EVENTS

In accordance with FASB ASC 855, Subsequent Events, the Company has evaluated events or transactions occurring after December 31, 2025, the date of the Statement of Net Assets Available for Benefits, through October 9, 2026, the date the financial statements were available to be issued.

The Company has amended the Plan to permit participants to make Roth elective deferrals, effective September 1, 2026.
