Independent Auditor's Report

To the Trustees
St. Ambrose University
Defined Contribution Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the accompanying financial statements of St. Ambrose University Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of St. Ambrose University Defined Contributions Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103–8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103–5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Notes 2 and 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the Financial Statements

We do not express an opinion on the accompanying financial statements of the St. Ambrose University Defined Contribution Retirement Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion for the Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the Financial Statements

As described in note 10, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009–02, *Annual Reporting Requirements for 403(b) Plans.* The investment income and distributions related to such amounts have also been excluded in the accompanying statements of changes in net assets available for benefits. U.S. generally accepted accounting principles require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the

ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about St. Ambrose University Defined Contribution Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of St. Ambrose University Defined Contribution Retirement Plan's financial statements in accordance with U.S. generally accepted auditing standards and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion on the Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of St. Ambrose University Defined Contribution Retirement Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements.

Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Part IV, Line 4i –Schedule of Assets (Held at End of Year) and Form 5500, Schedule H, Part IV, Line 4j – Schedule of Reportable Transactions as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the Financial Statements section of our report, it is inappropriate to and we do not express an opinion on these supplemental schedules.

(1) Plan Description and Summary of Significant Accounting Policies

(a) Description of Plan

The following description of the St. Ambrose University Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The plan was amended in 2025 to allow employees of Mount Mercy University to participate in the Plan in connection with the merger of the sponsor and Mount Mercy University (see note 13).

General

The Plan is a defined contribution plan covering all permissible employees of St. Ambrose University (the Organization) as defined in accordance with the universal eligibility standards. Participation in the Plan is voluntary and employees can enroll in the Plan at any time. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions

Participants may contribute a percentage of eligible compensation in the form of pre–tax or after–tax contributions (subject to federal limitations) through a salary reduction. Participants who have attained age 50 before the end of the Plan year are eligible to make catch–up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (referred to as rollover contributions). The Plan includes an auto–enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate set at 3% of eligible compensation and automatic annual increases. Their contributions are automatically invested in a designated balanced fund determined by the Organization until changed by the participant. The Organization also matches 100% of employee contributions up to 7% of each participant's eligible compensation. To be eligible for the Organization's contribution, participants must complete 1,000 hours of service within a year.

Employee contributions and matching employer contributions are invested in one or more investment fund options offered by the Plan as directed by the individual participant. The Plan currently offers various investment options for participants as described in note 2.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Organization's contributions and (b) Plan earnings and charged with the participant's withdrawals and administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.

Forfeited balances of terminated participant's non–vested accounts are used to pay for the Plan's general administrative expenses and/or to reduce employer contributions. There were no forfeitures included in net assets available for benefits as of December 31, 2025 and 2024. Forfeitures used to reduce employer contributions and/or pay administration expenses amounted to $21,608 in 2025 and $34,357 in 2024.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(a) Description of Plan, continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Organization's contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100 percent vested after twenty–four months of credited service.

Payment of Benefits and Participant Loans

On termination of service due to death, disability or retirement, a participant (or participant's beneficiary in the event of death) may elect to receive as a distribution from his or her account the vested value of their account in installments, as a joint or survivor annuity or in a lump sum payment. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

The Plan provides that participants may borrow a minimum of $1,000 up to 50% of the total vested balance of their accounts up to a maximum of $50,000. The loans are subject to a maximum term of five years. The loans are secured by the balance in the participant's account and bear interest at variable interest rates as defined in the Plan document.

(b) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting. The Plan evaluated subsequent events through October 12, 2026, which is the date the financial statements were available to be issued.

Investment Valuation and Income Recognition

The Plan's investments are held by TIAA–CREF and Great West who allocate Plan assets to the individual accounts of each participant as directed by the participant.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit–responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit–responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's investments are stated at fair value, except for the fully benefit–responsive investment contract (TIAA Traditional Annuity Account) which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in a transaction between market participants at the measurement date. The investment contract (TIAA Traditional Account) is not fully benefit–responsive and is stated at fair value, as determined by TIAA–CREF. Contract value represents contributions made under the contract plus earnings at average contract rates ranging from 4.5% to 5.25%, less participant withdrawals and administrative expenses. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade–date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex–dividend date. The net appreciation in the fair value of investments includes realized and unrealized gains and losses in the fair value of investments held by the Plan.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(b) Summary of Significant Accounting Policies, continued

Contribution Recognition

The Plan recognizes employee and related employer matching contributions based on the period the employee contribution is withheld by the Organization from the employee's compensation.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

Certain expenses incurred in the general administration of the Plan are paid by the Organization and therefore, are not included in the statement of changes in net assets. Plan administration expenses related to participant loans and member requested services are deducted from the participant's account balance. The Plan received servicing rebate credits of $67,078 in 2025 and $62,065 in 2024 which have been reflected as a reduction in administrative expenses.

Payment of Benefits and Participant Loans

Benefit payments to participants are recorded when paid.

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is recorded as a benefit payment based on the terms of the Plan document.

(2) Certified Investments and Loans

The following information disclosed in the financial statements and supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA–CREF and Great West (custodians) as of and for the years ended December 31, 2025 and 2024.

The Plan's investment contract (TIAA Traditional Annuity Account) is a traditional fully benefit–responsive guaranteed investment contract with TIAA–CREF (TIAA) who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with TIAA. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin–offs of a subsidiary) that cause a significant withdrawal from the plan or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

(3) Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices in active markets of similar assets for assets in non–active markets and Level 3 inputs consist of other valuation techniques which have the lowest priority. The Plan uses appropriate valuation techniques based on the availability of inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There were no transfers between Levels or changes in the methods used to measure fair value at December 31, 2025 and 2024.

The fair values of the Plan's investments determined by TIAA–CREF and Great West are reported in the accompanying statement of net assets available for benefit as follows:

(3) Fair Value Measurements, continued

The fair values of the Plan's investments determined by TIAA–CREF and Great West are reported in the accompanying statement of net assets available for benefit as follows:

		Fair Value Measurements Using:		
	Fair Value	Level 1	Level 2	Level 3
December 31, 2025:				
Mutual funds	$ 110,265,797	110,265,797	-	-
Pooled separate accounts	752,831	-	752,831	-
Investment contract	21,382,970	-	-	21,382,970
Annuity contracts	58,136	-	58,136	-
	$ 132,459,734	110,265,797	810,967	21,382,970

		Fair Value Measurements Using:		
	Fair Value	Level 1	Level 2	Level 3
December 31, 2024:				
Mutual funds	$ 93,148,038	93,148,038	-	-
Pooled separate accounts	865,746	-	865,746	-
Investment contract	21,520,309	-	-	21,520,309
Annuity contracts	61,206	-	61,206	-
	$ 115,595,299	93,148,038	926,952	21,520,309

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end. These mutual funds are open–end mutual funds registered with the U.S. Securities and Exchange Commission. The net asset value of these mutual funds is published daily and transacted at that price; and therefore, are considered actively traded.

Level 2 Fair Value Measurements

The annuity contracts are maintained by Great West in which the underlying assets are fixed income securities issued by publicly traded funds.

The pooled separate accounts are maintained by TIAA–CREF in which the underlying assets of the pooled separate accounts are publicly traded open–end mutual funds registered with the U.S. Securities and Exchange Commission. The net asset value of these funds is determined daily and transacted at that price and therefore are considered actively traded. Thus, the fair value of substantially all mutual fund investments is based on the quoted market prices of the investments within the pooled separate accounts.

Level 3 Fair Value Measurements

The investment contract (TIAA Traditional Account) is not actively traded and significant other observable inputs are not available.

(3) Fair Value Measurements, continued

Level 3 Fair Value Measurements

Thus, the fair value of the investment contract is determined by TIAA–CREF by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit–worthiness of the issuer. Information related to Level 3 investments is as follows:

		2025	2024
Transfers in	$	6,351,149	2,164,319
Transfers out	$	(1,748,011)	(1,984,364)
Purchases	$	2,369,026	1,542,626
Sales	$	(2,445,270)	(4,254,265)

(4) Tax Status

The Plan is designed for tax–exempt organizations to satisfy the requirements for an arrangement described in Code Section 403(b). The Plan uses a prototype plan document sponsored by TIAA. TIAA received an opinion letter from the Internal Revenue Service ("IRS"), dated August 7, 2017, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC") under Section 403(b). The Plan itself has not received a determination letter from the IRS. However the Plan administrator and Plan management believe the Plan is currently designed and operating in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan evaluates the tax benefits of a tax position using the "more likely than not" threshold. As of December 31, 2025, management is not aware of any uncertain tax positions and related tax benefits which would be material to the Plan's financial statements. The Plan files annual information returns which for years subsequent to 2021 are subject to examination by taxing authorities.

(5) Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect the amounts reported in the financial statements.

(7) Pledged Assets

Participants may request loans directly from TIAA–CREF which are collateralized by the participant's account in the Plan. Those loans are not included in the statement of net assets. Outstanding loans owed to TIAA–CREF which are collateralized by participant accounts amounted to $–0– and $4,793 as of December 31, 2025 and 2024, respectively.

(8) Administrative Expenses

Plan administrative expenses related to participant loan administration, member requested services, withdrawal charges and personal retirement accounts are charged to participant accounts.

A summary of plan administrative expenses is as follows:

	2025	2024
Expenses charged to participant accounts	$ 100,212	91,717
Advisory and mangerial services	195,888	196,324
Plan servicing credit	(67,078)	(62,065)
Total administrative expenses	$ 229,022	225,976
Total plan administrative expenses as a percentage of average plan assets	0.17%	0.19%

The Plan joined the NAIA Multiple Employer Plan (MEP) group during November of 2022 to provide enhanced administrative and advisory services related to the management of the Plan's investments. The Plan retains its separate identification and related reporting responsibilities under the arrangements with the MEP. TIAA–CREF continues to hold the Plan's investments under the arrangements with MEP.

(9) Related Party and Party–in–Interest Transactions

The Plan investments include shares of mutual funds managed by TIAA–CREF. TIAA–CREF is the custodian as defined by the Plan, and therefore these transactions qualify as party–in–interest transactions. Fees paid by the Plan to TIAA–CREF for recordkeeping and custodial services amounted to $99,737 and $91,236 for the years ended December 31, 2025 and 2024, respectively.

(10) Excluded Assets

The Organization previously provided a tax deferred annuity plan (TDA Plan) to certain employees with investment options offered through a separate investment contract administered by TIAA–CREF. The TDA Plan was frozen December 31, 2008 and no further contributions were made subsequent to that date. The TDA Plan continues to be administered by TIAA–CREF. The accompanying financial statements do not include the assets of the TDA Plan amounting to approximately $1,297,000 and $1,238,000 at December 31, 2025 and 2024, respectively. Also, the statement of changes in net assets does not include any additions or deductions for the years ended December 31, 2025 and 2024 relating to the TDA Plan assets held by TIAA–CREF.

(11) Recent Developments

On December 29, 2022, the Consolidated Appropriations Act of 2023 was signed into law, which includes the package of retirement provisions referred to as "SECURE 2.0". These provisions continue the themes and reforms that began with the 2019 SECURE Act, focusing on getting more participants into the retirement system and finding ways for them to accumulate more assets. These changes have various effective dates starting in 2025 and forward. The Plan Sponsor is working with TIAA–CREF to determine that the Plan document is updated to comply with the provisions of the SECURE 2.0 Act.

(12) Economic Impacts

National and worldwide factors have led to significant volatility in financial markets and other economic impacts. These factors have affected, and may continue to affect, the value of the Plan's investments. The potential future economic impact of these conditions is difficult to assess or predict. The Plan sponsor is not able to estimate the full impact of these conditions on the Plan's financial statements.

(13) University Merger

During 2025, the Plan sponsor and Mount Mercy University merged with St. Ambrose University becoming the parent of the combined organization. The merger became effective June 3, 2025 and the participants of the Mount Mercy University 401(k) Plan had the option to either rollover their participant balance into the St. Ambrose Defined Contribution Plan or roll their account balance into a personal IRA account. If the participants did not make a decision by the merger effective date of June 3, 2025, then their balance in the Mount Mercy University 401(k) Plan would be automatically transferred into a personal IRA account. Approximately $8,210,000 of the current year's rollovers related to Mount Mercy University employees rolling over their prior plan account balance into the St. Ambrose University Plan.

All eligible employees of Mount Mercy University who were participating in the Mount Mercy University 401(k) Plan (including their years of service) became eligible to participate in the St. Ambrose University Defined Contribution Retirement Plan on the effective date of the merger.
