Independent Auditor's Report

To the Administrative Committee of
The Sterno Group Companies, LLC 401(k) Profit Sharing and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The Sterno Group Companies, LLC 401(k) Profit Sharing and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of The Sterno Group Companies, LLC 401(k) Profit Sharing and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1997, as a defined contribution plan covering all employees of The Sterno Group Companies, LLC (the "Company" or "Sponsor") who are age 18 or older, excluding collectively bargained employees, non-resident aliens and residents of Puerto Rico. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Company is the Plan Sponsor and Plan Administrator. The Company is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Eligibility

Any employee who is eighteen (18) years of age is eligible to become a participant in the Plan on the first day of the Plan year coinciding with or the next following date he or she completes 1,000 hours of service. Eligibility conditions for nonelective contributions include one (1) year of service and 1,000 hours.

Employee Salary Reduction Election

A participant may elect to defer up to ninety-two percent (92%) of his or her eligible compensation each year instead of receiving that amount in cash. However, total deferred compensation may not exceed the limits set by Internal Revenue Code (“IRC”) Sections 401(k), 404, and 415. In addition, participants who are age fifty (50) or over before the close of the plan year are eligible to make catch-up contributions subject to the limitation imposed by the IRC.

Contributions

Automatic Deferrals
The Plan contains an automatic deferral provision. Newly eligible employees are automatically enrolled at an initial deferral rate of 2% of compensation. For participants with a deferral rate greater than zero, the automatic deferral percentage will increase by 1% per year up to a maximum of 5% of compensation. The employee may choose to opt out, select a different deferral rate or select different investment options at any time.

1. Description of Plan (continued)

Contributions (continued)

Elective Contributions
Participants may elect to make pre-tax and, where permitted, Roth salary deferral contributions to the Plan. The Plan Sponsor remits participant contributions to the Plan in accordance with the Plan provisions and applicable Department of Labor regulations. Participant contributions withheld from employees' compensation become Plan assets as of the earliest date on which such amounts can reasonably be segregated from the Plan Sponsor's general assets and are remitted to the Plan's trust as soon as administratively practicable.

Employer Safe Harbor Matching Contributions
The Company provides a safe harbor matching contribution equal to 100% of a participant's salary deferrals up to 3% of compensation, plus 50% of salary deferrals that exceed 3% but do not exceed 5% of compensation. All safe harbor matching contributions are 100% vested.

Discretionary Matching Contribution
The Company may make a discretionary matching contribution in an amount to be determined by the Company. The Employer may determine a separate discretionary matching contribution for participants working in different business units or locations. The discretionary matching contributions are not immediately fully vested and are subject to a six-year graded vesting schedule described below under Vesting section.

Rollover Contributions
The Plan may accept a rollover contribution on behalf of all participants as well as any employee, regardless of whether such employee has met the age and service requirements of the Plan.

Participant Accounts
Each participant's account is credited with the participant contribution and allocations of (a) the Company's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (continued)

Contributions (continued)

Vesting
Participants are immediately fully vested in their elective contributions plus actual earnings thereon. Vesting in the discretionary matching contribution portion of their accounts plus earnings thereon is based on years of continuous service. The vesting for the Company account is as follows:

Years of Service	Percentage
Under 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Forfeited Accounts
At December 31, 2025 and 2024, forfeited account balances were $4,543 and $1,446, respectively. During 2025, no forfeitures were used to offset employer contributions or reduce Plan expenses.

Distribution of Benefits

Upon Retirement
Distributions may be made to a participant who has not separated from service when he or she attains age fifty-nine and one-half (59 ½). Payment may be in the form of a lump-sum distribution or partial withdrawal.

Upon Termination of Employment
A participant may elect to have his or her account balance distributed as soon as administratively feasible following termination of employment. If the value of the vested account balance does not exceed $1,000, then a distribution will be made in cash. However, if the value of the vested account balance is more than $1,000 but less than $5,000, he or she may elect to receive distribution in cash or to roll over to an IRA or a qualified plan of his or her new employer.

Hardship Distributions
A participant may withdraw pre-tax deferrals, including any earnings, in the event of financial hardship, provided certain conditions are met. The minimum withdrawal amount is $500. Hardship distributions can only be made from the vested portion of the elective deferral, Roth contribution, matching contribution and profit-sharing contribution accounts.

1. Description of Plan (continued)

Distribution of Benefits (continued)

Upon Disability
A participants' account is distributable upon a participant's disability. Payment may be in the form of a lump-sum distribution or partial withdrawal.

Upon Death
Upon the death of a participant, a distribution of the vested account balance will be made to his or her designated beneficiary in a single lump-sum payment.

Administrative Fees

Distribution and loan fees are charged directly to the requesting participant's account. The Company absorbs the majority of all other administrative fees of the Plan. If expenses paid by the Plan are allocated to participants, expenses are either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct all of his or her accounts to a variety of investments. Participant's accounts are segregated for purposes of determining the earnings or losses on their investment options.

Notes Receivable from Participants

Participants may borrow from his or her account with a maximum loan amount not to exceed the lesser of (a) $50,000 reduced by the excess, if any, of the participant's highest outstanding balance of loans from the Plan during the one-year period or (b) one-half (½) of a participant's vested account balance. A participant may only have one (1) loan outstanding at any time. Principal and interest are repaid by payroll deductions from each regular paycheck. Loans are secured by the balance in the participant's account and bear an interest rate currently being charged on similar commercial loans by persons in the business of lending money.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefit Payments

Benefit payments to participants are recorded when paid.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Mutual Funds
Share Prices/Net Asset Values (NAVs) reported on the financial statements for NAV mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation (IDC).

3. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,003,000	$ -	$ -	$ 13,003,000
Total	$ 13,003,000	$ -	$ -	$ 13,003,000

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,856,307	$ -	$ -	$ 10,856,307
Total	$ 10,856,307	$ -	$ -	$ 10,856,307

4. Information Prepared and Certified by Qualified Institution

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America ("Empower"), a qualified institution, has certified the following investments and notes receivable information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025, and 2024.
- Investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investments and notes receivable from participants information included in the accompanying Schedule of Assets (Held at End of Year) as of December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Investments at Contract Value

The Plan invests in the Key Guaranteed Portfolio Fund (the "Fund"), a stable value investment option offered through a group annuity contract issued by Empower Annuity Insurance Company of America ("EAICA"). The Fund is a general account product managed by Empower Capital Management, LLC. Under the contract, principal and credited interest are guaranteed for eligible participant-initiated withdrawals and transfers, subject to the contract's terms and conditions and the claims-paying ability of EAICA. The investment is reported at contract value, which represents contributions made under the contract, plus credited interest, less participant withdrawals and other permitted amounts.

The Fund credits interest daily to the Plan's group contract account on a portfolio basis. The crediting rate may change or remain the same each quarter and applies to amounts invested in the Fund regardless of when the amounts were deposited. Participants generally may transfer their balances to other investment options offered under the Plan without restriction or penalty, subject to contractual provisions concerning competing investment options and excessive trading. Upon termination of the group annuity contract or the occurrence of certain plan sponsor-initiated events, amounts may be subject to a market value adjustment or delayed-payment provisions.

The Fund's contract value was $905,571 and $923,805 at December 31, 2025 and 2024, respectively. The Fund's published annualized net crediting rate was approximately 1.45% at December 31, 2025 and 1.45% at December 31, 2024. The published rates are base rates and exclude adjustments for asset size or underwriting criteria; therefore, the Plan's actual credited rate may differ.

6. Related-Party Transactions and Party in Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

During 2025, the Plan paid $24,445 of recordkeeping fees to Empower, and $40,988 of advisory fees to Creative Planning, LLC.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Tax Status

The IRS has determined and informed the Company by a letter dated November 14, 2022, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Company and Plan administrator believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2025 and 2024, to Form 5500:

	December 31,	
	2025	2024
Net assets available for benefits per the financial statements	$ 14,643,509	$ 12,464,033
Beginning balance of deemed loans	(44,544)	(56,985)
Current year activities for deemed loans	15,015	12,441
Net assets available for benefits per the Form 5500	$ 14,613,980	$ 12,419,489

10. Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of net change per the financial statements for the year ended December 31, 2025, to Form 5500:

	2025
Net change per the financial statements	$ 2,179,476
Current year activities for deemed loans	15,015
Net change to participants per Form 5500	$ 2,194,491

11. Date of Management's Review

The Plan has evaluated subsequent events through October 7, 2026, the date the financial statements were available to be issued.

Effective March 2, 2026, the Rimports, LLC 401(k) Plan was merged into the Plan. As a result of Rimports, LLC's acquisition of the Plan Sponsor, Rimports, LLC became the Plan Sponsor, and the Plan was subsequently renamed the Rimports, LLC 401(k) Plan. The acquisition did not result in significant changes to the Plan's provisions.
