INDEPENDENT AUDITOR'S REPORT

Mr. Ron Hoyl
Rockpoint Group, L.L.C.
Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Rockpoint Group, L.L.C. 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rockpoint Group, L.L.C. 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (Mutual funds, Money Market Funds and Self-Directed brokerage accounts) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 and 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rockpoint Group, L.L.C. 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rockpoint Group, L.L.C. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rockpoint Group, L.L.C. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rockpoint Group, L.L.C. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)
Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA
The supplemental Schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan has operationally implemented all applicable provisions of the Setting Every Community Up for Retirement Enhancement ("SECURE") Act, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, and the SECURE 2.0 Act that were effective during 2025. IRS Notice 2024-02 extended the deadline for adopting certain required and discretionary amendments related to these Acts and related guidance to December 31, 2026. The Plan Sponsor intends to amend the Plan document by the applicable deadline and in accordance with IRS requirements.

General

Rockpoint Group, L.L.C. 401(k) Profit Sharing Plan and Trust was established on October 1, 2003. The Plan covers eligible employees of Rockpoint Group, L.L.C., and Rockhill Management LLC (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan excludes from participation, among others, employees covered by a collective bargaining agreement and employees who are nonresident aliens.

As of December 31, 2025, all investments of the Plan were and are held by Charles Schwab Trust Bank (the "Trustee"). The Trustee holds the Plan's assets in a single trust and invests the assets among several investment options designated by the participant.

Participant Eligibility

All individuals employed by the Company are eligible to participate in the Plan upon attaining age 21 and are eligible to enter the Plan on the first day of the following month. Part-time employees are not excluded from participation. The Plan applies the SECURE 2.0 long-term, part-time employee eligibility provisions; however, these provisions did not impact eligibility during 2025.

Contributions

The Plan permits participants to defer up to 100% of eligible compensation on a pre-tax basis under Section 401(k) of the Internal Revenue Code (the "Code") or on a Roth basis under Section 402A of the Code, subject to applicable statutory limitations. Participant contributions were limited to $23,500 and $23,000 for the years ended December 31, 2025 and 2024, respectively. Participants who attained age 50 by the end of the applicable year were eligible to make catch-up contributions of up to $7,500 in both 2025 and 2024. Effective January 1, 2025, pursuant to the SECURE 2.0 Act, participants who attained ages 60 through 63 by the end of 2025 were eligible to make enhanced catch-up contributions of up to $11,250 in lieu of the regular $7,500 catch-up contribution. Contributions are made through payroll deductions and may be changed or discontinued as of the beginning of any payroll period. The Plan also permits rollover contributions from other qualified plans and eligible annuity contracts.

Matching Contributions

The Company may make discretionary matching contributions to the Plan in order to match all or a portion of a participant's elective deferrals. The formula, the amount of the contribution, and the frequency of the contribution will be determined at the Company's discretion. Matching contributions may also be made with respect to any "catch-up contributions" made to the Plan. Certain participant classes must satisfy a three-month service eligibility condition prior to being eligible for the discretionary match.

1. DESCRIPTION OF PLAN (CONTINUED)

Safe Harbor Contributions
In order to satisfy certain testing requirements, the Company may make a safe harbor profit sharing contribution to the Plan that is equal to at least 3% of eligible compensation of each eligible participant for the allocation period. The Company may use this contribution to offset the allocation of any non-safe harbor profit sharing contribution that would otherwise be allocated to a participants account. Participants classified as highly compensated under ERISA rules are not eligible to receive an allocation.

Non-Safe Harbor Contributions
The Company may make a discretionary non-safe harbor contribution equal to a uniform percentage or dollar amount. Each year, the Company will determine the formula for the non-safe harbor contribution.

For the Plan years ended December 31, 2025 and 2024, the Company's safe harbor and non-safe harbor contributions amounted to $2,094,290 and $2,069,529, respectively. As of December 31, 2025 and 2024, the full amount of the Company's contributions were outstanding and are booked as receivables on the statements of net assets available for benefits. The Company did not make matching contributions for the years ended December 31, 2025 and 2024.

Vesting
Participants are 100% vested at all times in the value of their cumulative contributions, employer matching contributions, safe harbor contributions, non-safe harbor contributions, and earnings thereon.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (if any) and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. The expenses charged to the Plan may be charged pro rata to each participant in relation to the size of each participant's account balance or may be charged equally to each participant.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in a number of substantially equal installments (if elected by the beneficiary). For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes Receivable from Participants
Participants may borrow against their individual accounts under certain conditions. Participant loans range between a minimum of $1,000 and a maximum of the smaller of $50,000 or 50% of the employee's vested account balance. Participant loans carry an interest rate of prime plus 1% and must be repaid within five years or a period not to exceed fifteen years if such loan is to be used for the purchase of a participant's principal residence. Participants may only have one loan outstanding at any time.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - GAAP
The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with generally accepted accounting principles.

2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investments Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
A significant portion of the administrative expenses of the Plan are paid by the Company.

Use of Estimates in the Preparation of Financial Statements
The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires plan administrators to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, results could differ from those estimates.

3. FAIR VALUE MEASUREMENTS

ASC 820 establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable market-based inputs or unobservable inputs that are corroborated by market data. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

3. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The following is a description of the techniques and inputs used for each major class of assets measured at fair value:

Mutual Funds: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded and are classified within Level 1 of the valuation hierarchy.

Money Market Funds: Valued based on the funds' reported closing net asset value ("NAV") as of the last business day of the plan year. The money market funds held by the Plan are considered to be actively traded and are classified within Level 1 of the valuation hierarchy.

Self-Directed Brokerage Accounts: Accounts primarily consist of mutual funds and common stocks that are valued based on the closing price reported on the active market where the individual securities are traded and are classified within Level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2025 and 2024. As required by ASC 820, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2025			
	Total	Level 1	Level 2	Level 3
Mutual Funds	$ 64,475,051	$ 64,475,051	$ -	$ -

4. INCOME TAX STATUS

The Plan has received an IRS opinion letter dated September 21, 2020, stating that the Plan, in form, is acceptable under the applicable requirements of the Internal Revenue Code (the "Code"). The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. PARTY-IN-INTEREST TRANSACTION

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. From time to time, certain Plan investments are managed by Charles Schwab Trust Bank, the trustee of the Plan and therefore, these transactions qualify as party-in-interest transactions. No such investments were held as of December 31, 2025 and 2024. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. Total fees and commissions paid by the Plan for the investment management and plan administration services amounted to $15,917 and $11,697 for the year ended December 31, 2025 and 2024.

6. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits

6. RISK AND UNCERTAINTIES (CONTINUED)

The Plan is subject to risks associated with unforeseen or catastrophic events, including terrorist attacks, natural disasters, geopolitical conflicts, pandemics, and other public health emergencies. Such events could result in significant economic and financial market disruptions and adversely affect the value of the Plan's investments. The extent of the impact of such events on the Plan and financial results will depend on the future developments, including the duration and nature of event, and the related impact on consumer confidence and spending, all of which are highly uncertain.

7. PLAN TERMINATION

The Company intends to continue the Plan indefinitely; however, it may discontinue its contributions and terminate the Plan at any time subject to the provisions of ERISA. Upon termination of the Plan, all participants have a non-forfeitable right to the entire value of their accounts.

8. INFORMATION CERTIFIED BY TRUSTEE

The December 31, 2025 and 2024, statements of net assets available for benefits, the investment activities included on the statement of changes in net assets available for benefits for the year ended December 31, 2025, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Charles Schwab Trust Bank (the trustee of the Plan) in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments, cash, and notes receivable from participants as of December 31, 2025 and 2024, and the net appreciation in the fair value of investments, interest and dividends for the year ended December 31, 2025.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 9, 2026, which is the date the financial statements were available to be issued.
