INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of D.W. Tool, Inc.
D.W. Tool, Inc. Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of D.W. Tool, Inc. Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the year ended December 31, 2025 and the period from October 1, 2024 to December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025 and the period from October 1, 2024 to December 31, 2024 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

An independent member of UHY International

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2025 and 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 — DESCRIPTION OF PLAN

The following description of the D.W. Tool, Inc. Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of D.W. Tool, Inc. (the Company). Employees are eligible for participation after completing one year of employment and attaining age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Newport Group, Inc. (Newport) is the trustee of the Plan. Newport and Ascensus, LLC (Ascensus) became one organization under Ascensus in April 2025. As part of this transition, the retirement plan's recordkeeping was moved from Newport to the Ascensus recordkeeping platform. The Company has also appointed Buckingham Asset Management as an investment advisor.

Contributions

Participants may contribute up to 60% of annual eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan provides for safe harbor matching contributions at 100% of the first 3% and 50% of the following 2% of an employee's contribution.

The Plan provides for separate discretionary Company contributions (profit sharing) which are determined annually by the Company's Board of Directors. Profit sharing contributions are allocated to each participant based upon the ratio of the participant's compensation to the total compensation of eligible participants. Participants with one year of service and who are employed on the last day of the plan year are eligible to receive a profit sharing contribution. Profit sharing contributions were $50,000 for the year ended December 31, 2025 and were allocated to participant accounts in June 2026.

Contributions are subject to certain limitations. Participants may also transfer funds to the Plan from other qualified retirement plans.

Investment Options

Participants of the Plan elect investment accounts in which their contributions, as well as Company contributions, are invested. The investment account options comprise various degrees of risk and return.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company contributions, and investment earnings based on their selected investments. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their contributions and Company safe harbor matching contributions plus earnings thereon. Participants are also fully vested in their accounts transferred from other plans.

Vesting in the Company's profit sharing contribution portion of their accounts is based on years of service, as follows:

Years of Service	Vesting %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable From Participants

Participants may borrow from their accounts based on financial hardship and approval by the plan committee, but no more than $50,000 or 50% of the participant's vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2%, which is fixed for the duration of the loan. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service, death, disability or retirement, participants may elect to receive an amount equal to the value of the vested interest in their accounts in either a lump sum amount or in installments, depending on the size of the participant's account balance at the time of termination. Participants with a vested account balance of less than $7,000 must take a lump-sum distribution. The account of a participant with a vested account balance between $1,000 and $7,000 who does not request a distribution will be rolled to an individual retirement account in the participant's name.

The Company may authorize certain withdrawals from a participant's account in the event of proven financial hardship. Hardship withdrawals are allowed from all vested accounts and are subject to specific statutory and regulatory requirements.

In-service distributions are permitted from all vested accounts when a participant has attained age 59½.

Forfeited Accounts

Forfeitures may be used to reduce Company contributions or pay plan expenses. Forfeitures of $908 were used to reduce Company contributions during the year ended December 31, 2025. Forfeitures of $22,725 and $945 were used to reduce Company contributions and pay plan expenses for the period October 1, 2024 through December 31, 2024, respectively. Unallocated forfeitures were $10,581 and $1,511 at December 31, 2025 and 2024, respectively.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan were prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Contributions

Contributions from participants are recorded in the year in which the employee contributions are withheld from compensation. Contributions from the Company are recorded in the year in which the related participant's wages are paid.

Payment of Benefits

Benefits are recorded when paid.

Administration Expenses

Plan expenses primarily consist of investment advisory and recordkeeping fees. Fees related to the administration of notes receivable from participants and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation of fair value of investments. Expenses of maintaining the Plan may be paid directly by the Company at its discretion and are excluded from these financial statements.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Subsequent events were evaluated through October 9, 2026, which is the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

> *Mutual funds and money market funds*: valued at the daily closing price reported by the fund, which is the quoted net asset value (NAV) of shares.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,490,747	$ -	$ -	$ 3,490,747

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,051,987	$ -	$ -	$ 3,051,987

NOTE 4 — INFORMATION CERTIFIED BY TRUSTEE

Certain information related to investments and notes receivable from participants included in the accompanying financial statements and ERISA-required supplemental schedules was certified as complete and accurate by Ascensus, LLC, representative of Ascensus Trust Company and Newport Trust Company, LLC, as of December 31, 2025. Such certified information includes investment information and notes receivable from participants held as of December 31, 2025, as well as net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period from April 24, 2025 to December 31, 2025.

Information related to investments and notes receivable from participants held as of April 23, 2025 and December 31, 2024 was certified by Newport Trust Company, LLC. Such certified information includes investment information and notes receivable from participants held as of April 23, 2025 and December 31, 2024, as well as net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period from October 1, 2024 to December 31, 2024, and from January 1, 2025 to April 23, 2025.

NOTE 5 — PARTY-IN-INTEREST TRANSACTIONS

Total fees paid to service providers for administrative and advisory services were $44,330 and $10,742 for the year ended December 31, 2025 and for the period from October 1, 2024 to December 31, 2024, respectively. Certain fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as these are not direct payments by the Plan.

NOTE 6 — PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their company contributions.

NOTE 7 — TAX STATUS

The Company has adopted a pre-approved defined contribution plan, and therefore, can rely on the advisory letter issued by the Internal Revenue Service on June 30, 2020, which stated that the Plan is acceptable under Section 401 of the Internal Revenue Code. Management believes that the Plan is operating in compliance with all the terms provided in the nonstandardized plan agreement. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan is subject to examination by the IRS for the statutory period.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 — RECONCILIATION TO FORM 5500

The following is a reconciliation of net increase per the financial statements to the Form 5500 for the period from October 1, 2024 to December 31, 2024:

Net Decrease per Financial Statements	$ (33,104)
Employer contribution receivable at September 30, 2024	50,000
Net Increase per Form 5500	$ 16,896

NOTE 10 — SUBSEQUENT EVENTS

Effective January 1, 2026, the Plan was amended to allow participants to make Roth elective deferrals.
